SERVICE SCHEDULE B-1

SAVEMYHOMEAZ Principal Reduction Assistance Summary Guidelines

1. Program Overview	<p>Principal Reduction Assistance is being administered by the Arizona Department of Housing (“ADOH”) on behalf of the Arizona Home Foreclosure Prevention Funding Corporation (“AHFPFC”). Assistance under this component is provided to homeowners who have suffered an eligible hardship to reduce the outstanding principal balances of qualifying properties.</p> <p>Efforts under this component include monetary assistance for: (a) principal reduction of a borrower’s primary mortgage accomplished exclusively through either an interest rate reduction and/or term extension to achieve a permanent modification, or a reamortization of the remaining unpaid principal balance (“recast”) to achieve a lower monthly payment (“Modification or Reamortization PRA”); (b) principal reduction of a borrower’s primary mortgage contingent upon eligibility for a Home Affordable Refinance Program (“HARP”) mortgage refinance or other substantively similar mortgage refinance (“HARP PRA”); (c) reduction or elimination of an amount up to or equal to the existing non-interest-bearing forbearance that was the outcome of a prior loan modification (“Forbearance Elimination”); or (d) principal reduction of primary mortgages in significant negative equity positions for “non-delinquent” borrowers to an amount as close to 100% loan-to-value (“LTV”) ratio as the amount of per-household assistance will permit to reduce the risk of potential default by such borrowers (“Negative Equity Reduction”).</p> <p>A borrower’s primary mortgage lender may agree to make a matching reduction to the principal balance of the primary loan.</p>
2. Program Goals	<p>The goal of the Principal Reduction Assistance component is to help homeowners avoid foreclosure by reducing the principal balance of their primary mortgage to either (a) facilitate a permanent loan modification or recast that achieves an affordable monthly mortgage payment or (b) reduces a borrower’s negative equity position to an amount as close to 100% LTV ratio as the amount of per-household assistance will permit.</p>

<p>3. Target Population/Areas</p>	<p>The targeted populations are households whose income does not exceed 150% of Area Median Income (“AMI”).</p> <p>It is projected that component assistance will be provided to targeted areas according to the following breakdown of counties. These projections are based on population, delinquent loans and pending foreclosures in these areas.</p> <p style="text-align: center;">Maricopa County: 79% of component funds Pima County: 9% of component funds Pinal County: 9% of component funds All other areas: 3% of component funds</p>
<p>4. Program Allocation (Excluding Administrative Expenses)</p>	<p>\$119,818,609</p>
<p>5. Borrower Eligibility Criteria</p>	<p><u>General Eligibility Criteria Applicable to All Types of Principal Reduction Assistance:</u></p> <ul style="list-style-type: none"> • Property must be borrower’s primary residence. • Income less than 150% of AMI. • Depending on the agreement with the servicer, eligibility will be determined through an application process and application evaluation by ADOH along with either approved counselors or the servicer. • Requests for Mortgage Assistance with hardship and Dodd Frank Certification. <p><u>Additional Eligibility Criteria Applicable to Each Structure of Principal Reduction:</u></p> <p>(a) In the case of Modification or Reamortization PRA (i.e. principal reduction of a borrower’s primary mortgage accomplished exclusively through either an interest rate reduction and/or term extension to achieve a permanent modification, or a reamortization of the remaining unpaid principal balance (“recast”) to achieve a lower monthly payment:</p> <ul style="list-style-type: none"> • <i>Eligible financial hardships</i>: includes reduced income due to such hardships as underemployment, medical condition, divorce or death, as set forth in the program guidelines. • <i>Post-assistance affordability</i>: a monthly mortgage payment that does not exceed either (1) 31% of the borrower’s gross monthly income; or (2) 40% of the borrower’s gross monthly income for borrowers who

	<p>have demonstrated an ability to make the modified mortgage payment for a 3-month period (“Expanded Affordability”).</p> <p>(b) In the case of HARP PRA (i.e. principal reduction of a borrower’s primary mortgage contingent upon eligibility for a HARP mortgage refinance or other substantively similar mortgage refinance):</p> <ul style="list-style-type: none"> • <i>Post-assistance affordability</i>: determined by the lender’s approval of the HARP or other substantively similar mortgage refinance <p>(c) In the case of Forbearance Elimination PRA (i.e. reduction or elimination of an amount up to the existing non-interest-bearing forbearance that was the outcome of a prior loan modification):</p> <ul style="list-style-type: none"> • <i>Eligible financial hardship</i>: Borrower has an eligible forbearance. Eligible forbearances include a non-interest bearing forbearance that is the outcome of a prior loan modification, such as any forbearance structured through the Home Affordable Modification Program (“HAMP”) or other substantially similar loan modification. • <i>Pre-assistance affordability</i>: <ul style="list-style-type: none"> ○ borrower must be in good standing with the modification ○ monthly mortgage payment must not exceed either (1) 31% of the borrower’s gross monthly income; or (2) 40% of the borrower’s gross monthly income for Expanded Affordability <p>(d) In the case of Negative Equity Reduction PRA (i.e. principal reduction of primary mortgages in significant negative equity positions for “non-delinquent” borrowers to an amount as close to 100% LTV ratio as the amount of per-household assistance will permit to reduce the risk of potential default by such borrowers):</p> <ul style="list-style-type: none"> • <i>Eligible financial hardship</i>: <ul style="list-style-type: none"> ○ “Severe Negative Equity” defined as: (1) a negative equity position in which LTV is 120% or more or (2) a negative equity position in which 10% or more of unpaid principal balance (“UPB”) constitutes negative equity so long as such negative equity amount is at least \$20,000 ○ borrower must not have liquid assets in excess of the total amount of assistance provided under this component (as defined in

	<p>the program guidelines)</p> <ul style="list-style-type: none"> • <i>Pre-assistance affordability:</i> <ul style="list-style-type: none"> ○ borrower must be “non-delinquent” or made “non-delinquent” at the time of assistance ○ monthly mortgage payment must not exceed either (1) 31% of the borrower’s gross monthly income; or (2) 40% of the borrower’s gross monthly income for Expanded Affordability
6. Property/Loan Eligibility Criteria	<ul style="list-style-type: none"> • Property must be owner-occupied. • UPB of the mortgage(s) must be no greater than \$500,000 (including interest-bearing unpaid principal balance(s) and any existing non-interest-bearing forbearance balance(s)). • Depending on the agreement with the servicer, servicer may not be required to approve a homeowner’s participation in the component if a trustee’s sale is scheduled to take place within seven days or less from date the servicer is notified of borrower eligibility. • Severe Negative Equity. • Property must be a single-family dwelling (1 to 4 units).
7. Program Exclusions	<ul style="list-style-type: none"> • Current unpaid principal balance(s) exceeds 150% of the homeowner’s purchase price. • Total assistance of \$10,000 or less. • The principal reduction contribution exceeds \$100,000 (the maximum household assistance). • The principal reduction contribution exceeds the amount necessary to bring the outstanding mortgage balance to 100% of the property’s fair market value: except as applied to 5(a). • Properties with an outstanding UPB of the mortgage(s) that is greater than \$500,000 (including interest-bearing unpaid principal balance(s) and any existing non-interest-bearing forbearance balance(s)).
8. Structure of Assistance	<p>Depending on the agreement with the servicer, the structure of assistance may be provided in one of the following ways:</p> <ul style="list-style-type: none"> • In the case of Modification or Reamortization PRA, principal reduction assistance may be structured as a one-time up-front, forgivable loan in the amount of the assistance provided to eligible borrowers. Promissory notes evidencing these loans in favor of AHFPFC will be placed on the property as a junior lien. A forgiveness clause will extinguish the loan in the following manner: (a) the loan amount representing the amount necessary to bring the homeowner’s

	<p>LTV down to 100% will be forgiven at the end of five (5) years, and (b) the remainder of the loan amount representing the amount of the loan that brought the homeowner's LTV below 100% will be forgiven at the end of thirty (30) years, provided the borrower has satisfied all terms of the loan. The terms of these loans will be zero-interest, zero-payment for the duration of the loan. The loan will be considered satisfied upon expiration of the respective term and AHFPFC will release the lien connected with the note. These loans will be utilized to reduce a portion of the principal on the first mortgage loan, the amount of which may be matched by the primary lender/servicer. All or part of the loan funds will be repaid to AHFPFC in the event that the home increases in equity and a sale or a refinance yields excess equity proceeds (net of transaction expenses) to the borrower sufficient to repay all or a portion of the loan funds.</p> <ul style="list-style-type: none"> • In the case of HARP PRA, principal reduction assistance is structured as a one-time up-front installment evidenced by a promissory note with a five-year term. Assistance is contingent upon eligibility for a HARP or other substantively similar mortgage refinance. • In the case of Forbearance Elimination PRA and Negative Equity PRA, principal reduction assistance may be structured as a one-time up-front, forgivable loan in the amount of the assistance provided to eligible borrowers. Promissory notes evidencing these loans will be for a term of five (5) years in favor of AHFPFC and placed on the property as a junior lien. A forgiveness clause will extinguish the loan amount at the end of five (5) years, provided the borrower has satisfied all terms of the loan. The terms of these loans will be zero-interest, zero-payment for the duration of the loan. All or part of the loan funds will be repaid to AHFPFC in the event that the home increases in equity and a sale or a refinance yields excess equity proceeds (net of transaction expenses) to the borrower sufficient to repay all or a portion of the loan funds. • Any proceeds that are returned to the component will be reutilized to assist additional homeowners. All remaining funds, including those that were recycled into the

	SAVEOURHOMEAZ program, will be returned to Treasury on or before December 31, 2017.
9. Per Household Assistance	<ul style="list-style-type: none"> • \$100,000 is the maximum amount of assistance. • \$60,000 is the estimated median amount of assistance. • The principal reduction contribution must be no greater than \$100,000 (the maximum household assistance). • The principal reduction contribution must be no greater than the amount necessary to bring the outstanding mortgage balance to an amount as close to a 100% LTV ratio as the amount of per-household assistance will permit, except as applied to 5(a). • Borrowers will not always receive the maximum amount of assistance.
10. Duration of Assistance	Assistance will be available to households on a one-time-only basis.
11. Estimated Number of Participating Households	It is anticipated that the Principal Reduction Assistance component will assist a minimum of 1,849 households in avoiding foreclosures.
12. Program Inception/Duration	<ul style="list-style-type: none"> • This component began in September 2010 and it is projected that assistance will be expended by December 31, 2017. • All funds still available on December 31, 2017 will be returned to Treasury.
13. Program Interactions with Other Programs (e.g. other HFA programs)	Borrowers may participate in other components, as long as the borrower meets the eligibility criteria of each component and combined total assistance received from all of the components does not exceed the lesser of: (a) the maximum household assistance of \$100,000 or (b) the amount necessary to bring the outstanding mortgage balance to an amount as close to a 100% LTV ratio as the amount of per-household assistance will permit except as applied to 5(a).
14. Program Interactions with HAMP	ADOH's program may interact with aspects of the Making Home Affordable Program ("MHA") as ADOH tries to leverage the resources provided by the MHA programs to expand the pool of borrowers who are eligible for HAMP or other MHA options. In some cases, the assistance the ADOH provides under HHF can supplement and extend assistance provided through MHA. To maximize the effectiveness of our foreclosure mitigation efforts, servicers should use reasonable efforts to ensure that Troubled Asset Relief Program funds are used efficiently and that HHF programs complement MHA programs.

15. Program Leverage with Other Financial Resources	In order to leverage the funds, ADOH will attempt to have the lender/servicer match any principal reduction provided through the Principal Reduction Assistance component.

3. Target Population/Areas	<p>The targeted populations are households whose income does not exceed 150% of Area Median Income (“AMI”).</p> <p>It is projected that component assistance will be provided to targeted areas according to the following breakdown of counties. The terms of the loan are zero-interest, zero-payment for the duration of the loan. The assistance loan will be considered satisfied upon expiration of five-year term and the Arizona Department of Housing ("ADOH") will release the second lien connected with the note. These loans will be utilized to reduce a portion of the principal on the existing second mortgage and the remaining balance will be extinguished by the lender/servicer, if the assistance is less than the outstanding principal balance due. In some cases, the assistance the ADOH provides under HHF can supplement and extend assistance provided through MHA. To maximize the effectiveness of our foreclosure mitigation efforts, servicers should use reasonable efforts to ensure that TARP funds are used efficiently and that HHF programs complement MHA programs.
