CARTEL DE JALISCO NUEVA GENERACION (CJNG)
Mexican cartel engaged in the trafficking of fentanyl, heroin, methamphetamine, and cocaine to the United States;
Designated April 8, 2015

The Pacific coast state of Colima has one of Mexico's highest per capita homicide rates, driven in part by CJNG's drug trafficking activities.

The port of Manzanillo is Mexico's busiest seaport and a critical entry point for drugs and precursor chemicals, including those used to synthesize fentanyl.

These Puerto Vallarta-based CJNG members orchestrate assassinations of rivals and politicians using high-powered weaponry.
