

Guidance on Filing the 2022 Annual Report of Blocked Property

The Office of Foreign Assets Control (OFAC) has compiled the following list of helpful tips for preparing the Annual Report of Blocked Property (ARBP). The ARBP is a comprehensive list of blocked property, and the filing requirement applies only to persons holding blocked property as of June 30 of a given year.

How to file the 2022 ARBP

- **For OFAC Reporting System (ORS) participants**, please file the completed ARBP through ORS by clicking on “Submit ARBP” located under ARBP Management.
 - If an ARBP submission is returned by OFAC due to missing or incomplete information, please refer to the instructions in the “Return Reason” field in ORS, amend the report accordingly, and resubmit the ARBP under the original ARBP ID in ORS.

- **For non-ORS participants**, please email the completed ARBP to OFACreport@treasury.gov with a clearly labeled subject line (e.g., *XYZ Company's 2022 ARBP*).

General Guidance

- [31 C.F.R. § 501.603\(b\)\(2\)\(i\)](#) requires persons holding blocked property as of June 30 of the current year to file the ARBP no later than September 30.
- ARBP filers are required to use the spreadsheet template “[Annual Report of Blocked Property Form](#)” (TDF 90-22.50). Previous versions of the ARBP form are no longer approved by the Office of Management and Budget and will not be accepted. However, requests to submit the information required pursuant to § 501.603(b)(2) in an alternate format will be considered by OFAC on a case-by-case basis.
- [31 C.F.R. § 501.603\(b\)\(2\)\(iii\)](#) requires ARBP filers who maintain blocked funds in omnibus accounts to provide a disaggregated list showing each blocked asset record contained within these accounts. Please list each discrete block in separate rows within Part B of the ARBP form.
- The term “blocked property” only applies to property that is blocked pursuant to OFAC authorities.
- The ARBP should only include information in the two spreadsheet tabs included in the ARBP form: Part A and Part B.

Do **not** include the following in the ARBP:

- Property that has been unblocked by general or specific license is not blocked property and should not be reported to OFAC in the ARBP.
- Property that has been unblocked because the blocked person originally associated with the property was no longer blocked before July 1, 2022.
- Property that has been unblocked as a result of a sanctions program being terminated (e.g., 31 C.F.R. part 537 (Burma), 31 C.F.R. part 543 (Côte d'Ivoire)) and is not currently blocked under any active sanctions program administered by OFAC.

- Restricted “Iranian accounts,” as defined in OFAC’s regulations, should not be reported to OFAC on the ARBP unless they are otherwise blocked. For additional information regarding Iranian accounts, please see 31 C.F.R. §§ [560.320](#), [560.427\(b\)](#), [560.517](#), and [Frequently Asked Question #37](#).

Tips for completing Part A - U.S. Person Holding Blocked Property

- Please ensure that sections 1, 2, and 3 of Part A are completed, and follow the instructions listed at the bottom of the first page of Part A on how to complete Part B. Do not include report information under the section labeled “Instructions for the Part B tab.”
- In Part A, Section (1), enter the name and address of the person holding the blocked property. Examples may include the name of a financial institution or a manufacturing company.
- In Part A, Section (2), provide the name and contact information of the individual empowered by the holding institution to file the ARBP.
- In Part A, Section (3), ensure that the total quantity of blocked property records reported equals the total quantity of blocked assets listed in Part B. In the example below, Part A, Section (3) lists the total quantity as “4,” which means that there should be four rows in Part B, each representing one blocked asset.

Part A, Section (3)	Part B	
<p>(3) Enter the total quantity of accounts or items reported in the Part B tab:</p> <div style="border: 1px solid black; padding: 5px; display: inline-block; text-align: center;">4</div>	A	B
	Date of Blocking	Value (USD)
	1 1/6/2020	\$ 78.95
	2 2/6/2020	\$ 1,567.54
	3 4/15/2020	\$ 20,346.10
	4 6/10/2020	\$ 18.97

Tips for completing Part B - Property Reported

Please review the section titled *Instructions for the Part B tab*, located in Part A of Form TDF 90–22.50 for instructions on completing Part B of the form. Below is additional information regarding certain data columns in Part B.

- **Date of Blocking** - Please enter the date of blocking in the following format: MM/DD/YYYY (e.g., 02/15/2022)
- **Value (USD)**
 - The actual, or if unknown, the estimated value of the property in U.S. Dollars as of June 30, 2022.
 - Transactions or property blocked in foreign currencies must be reported in U.S. Dollars with the foreign currency amount and notional exchange rate in the column titled *Additional Description of the Property*.
 - If the blocked property represents an outstanding loan, a credit card receivable, securities, real property, tangible, or other property with a negative balance, the amount blocked should be reported as \$0.00 (zero) with the balance owed on the blocked asset noted in the column titled *Additional Description of the Property*.

- For blocked securities or stocks, please list the quantity of shares in the column titled *Additional Description of the Property*.

- **Legal Authority or Authorities**

Identify the Part of Title 31 of the Code of Federal Regulations under which each asset is blocked, and the program tag(s) or regulation(s) associated with the blocked person. For a list of acceptable tags associated with active sanctions programs, please refer to OFAC’s [Program Tag Definitions page](#). Please note that the term “SDN” is generic and cannot be used to identify the legal authority for blocking property.

- If an asset is blocked under multiple authorities, please list each program tag in one cell under the column titled *Legal Authority or Authorities*, separated by a semicolon. For example, if the sanctions target associated with the blocked asset is tagged with the sanctions programs IFSR, IRAN, SDGT, please enter “IFSR; IRAN; SDGT.”

If the sanctions target is not evident, please include a narrative description of the interest(s) of the target(s) in the transaction. For example, if the property was blocked due to a nexus with a government blocked under OFAC authorities, please reference the relevant government (e.g., “Government of Iran,” “Government of Syria,” “Government of North Korea,” “Government of Cuba”).

Additionally, please do not manipulate the content or order of the columns in Part B (e.g., amending the name the column titles, adding additional tabs). OFAC may return initial ARBP filings if the content or format does not comply with these standards.
