

**Southwest Ohio Regional Council of Carpenters Pension Plan
Checklist Item #10**

Does the application include a demonstration that the proposed suspension is reasonably estimated to achieve the level necessary to avoid insolvency for the extended period, including illustrations regarding the plan's solvency ratio and available resources? Section 4.01(1).

The demonstration that the proposed suspension is reasonably estimated to achieve the level necessary to avoid insolvency for the extended period, including illustrations regarding the Plan's solvency ratio and available resources is set forth in Exhibit IV of the Supplemental Actuarial Information document attached as Document 7.1.
