

**Southwest Ohio Regional Council of Carpenters Pension Plan
Checklist Item #11**

Does the application include the required illustration utilizing stochastic projections. (This illustration is not required if the plan is not required to appoint a retiree representative under § 432(e)(9)(B)(v)(I) and stochastic projections were not used in making the required determination)? See Section 4.02(2).

The Southwest Ohio Regional Council of Carpenters Pension Plan has less than 10,000 participants and is not the type of Plan described in Section 432(e)(9)(B)(v)(I). As a result, the Plan is not required to appoint a retiree representative. Stochastic projections were not required to make the determination; therefore, the application filed on behalf of the Plan does not include any stochastic projections.
