[1]The filing and dependency statuses are defined as follows: Nonfilers are included as returns and are categorized by the filing status that they would use if they filed. "All" are all nondependent returns. "MFJ w/child" are nondependent returns filed as married filing jointly with a dependent under the age of 25. "MFJ w/o child" are nondependent returns filed as married filing jointly without a dependent under the age of 25.  "HH w/child" are returns filed as head of household with a dependent under the age of 25. "Single w/o child" are returns filed as single without a dependent. All other filings statuses are not shown separately but are included in the total.

[2] Race and Hispanic Ethnicity categories are: White (not Hispanic), Hispanic (any race), Black (not Hispanic) and Asian (not Hispanic). Other races and ethnicities are not shown separately.
