Re: Local 5 Business Opportunities

Subject: Baltimore and Vicinity Construction Market

Dear Frank:

In response to our recent discussions concerning project opportunities in the greater Baltimore area, we are pleased to report that the upcoming workload for the remainder of 2017 on through 2019 is significant over the past years. For your information, I am President of the Iron Workers Employers Association of Washington, D.C. and have compiled the following information of Union work opportunities through discussions with Union employers and representatives of the Ironworkers Union Local No. 5. The following projects are included among the many that are underway, or being planned. The projects listed are either ongoing or plan to start within the next two years. Other projects could be noted, however listing projects beyond two or three years is not practical, or reliable, given the nature of this industry.

<u>Project</u>	<u>Start Date</u>	<u>Projected Man Hours</u>
Johns Hopkins Hospital \$200 million expansion	6/1/19	70,000
Under Armour International Headqtrs. @ Port Covington	5/15/18	80,000
Conowingo Dam 10 Year Contract Man hours per year	10/1/17	10,000 per year
Chesapeake Bay Bridge Maintenance - 2-year program	3/1/18	40,000 per year

These projects are in addition to the normal flow of projects, some large and many small, that the Local 16 (now Local 5) members typically work on in the greater Baltimore area each year.

Yours truly,
Iron Workers Employers Association of Washington, D.C.
