

Capital Projects Fund Award Fact Sheet

Kentucky

Treasury approves Kentucky's plan to invest \$182.8 million of CPF funding in broadband infrastructure projects that will provide high-quality internet to locations that lack access to adequate service.

Kentucky Capital Projects Fund Program Overview

- **Program Summary:** \$182.8 million for Broadband Infrastructure (100% of CPF allocation)
- **Locations to Be Served:** 45,000 (estimated)
- **Program Description:** The Kentucky Broadband Deployment Fund (BDF) is a competitive grant program designed to provide affordable, reliable broadband service to locations that currently have no internet service, followed by areas that currently lack access to internet at speeds of 25/3 Mbps. The program aims to enable funding to reach rural areas of the Commonwealth that are hardest to serve.
 - The program is designed to provide internet service with speeds of 100/100 Mbps symmetrical to households and businesses upon project completion.
 - Each of the internet service providers funded by the program will participate in the FCC's [Affordable Connectivity Program \(ACP\)](#) – a \$30 per month subsidy for low-income families.
- **Key State Contact:** The Kentucky Office of Broadband Deployment (KOBD)

As reported by Kentucky, estimates show that investments made using the Capital Projects Fund will serve ~16% of locations still lacking high-speed internet access in the state.
