

Capital Projects Fund Award Fact Sheet

Texas

Treasury approves Texas' plan to invest \$363.8 million of CPF funding in broadband infrastructure projects that will provide high-quality internet to locations that lack access to adequate service.

Texas Capital Projects Fund Program Overview

- **Program Summary:** \$363.8 million for Broadband Infrastructure (73% of CPF allocation)
- **Locations to Be Served:** 152,000 (estimated)
- **Program Description:** The Bringing Online Opportunities to Texans (BOOT) Program is a competitive grant program designed to fund last mile broadband infrastructure projects in areas throughout the state. The BOOT Program will prioritize projects that serve historically socio-economically disadvantaged areas and offer affordable service options and digital literacy support.
 - The program is designed to provide internet service with speeds of 100/100 Mbps symmetrical to households and businesses upon project completion.
 - Each of the internet service providers funded by the program will participate in the FCC's [Affordable Connectivity Program \(ACP\)](#) – a \$30 per month subsidy for low-income families.
- **Key State Contact:** The Texas Broadband Development Office (BDO)

As reported by Texas, estimates show that investments made using the Capital Projects Fund will serve ~5% of locations still lacking high-speed internet access in the state.
