U.S. DEPARTMENT OF THE TREASURY

Coronavirus Capital Projects Fund

Grant Plan Preparation and Best Practices

February 2022
About This Webinar

The U.S. Department of the Treasury is providing this webinar and other resources for informational purposes.

The descriptions provided in this document are non-exhaustive, do not describe all terms and conditions associated with the use of Coronavirus Capital Projects Fund (Capital Projects Fund), and do not describe all of the eligible and ineligible uses that may apply to this funding.

Any Capital Projects Fund funding received will be subject to the terms and conditions of the agreement entered into by Treasury and the respective recipients, as is outlined by the guidance.

SECTION 2: Overview
SECTION 3: Use of Funds -- Recap
SECTION 4: Completing Grant & Program Plans
SECTION 5: Payment Requests
SECTION 6: Q&A
SECTION 1: Welcoming Remarks
Capital Projects Fund Overview

Statutory Language: “$10,000,000,000...for making payments to States, territories, and Tribal governments to carry out critical capital projects directly enabling work, education, and health monitoring, including remote options, in response to the public health emergency with respect to the Coronavirus Disease (COVID-19)”

The Capital Projects Fund aims to:

• Directly support recovery from the COVID-19 public health emergency by strengthening and improving infrastructure necessary for participation in work, education, and health monitoring that will last beyond the pandemic.

• Enable investments in capital assets designed to address inequities in access to critical services.

• Contribute to the Administration’s goal to provide every American with the modern infrastructure necessary to access critical services, including a high-quality and affordable broadband internet connection.
The CPF team is now reviewing and approving proposed uses of funds from all eligible applicants

**Completed Milestones**

- **Guidance Published**

- **Applications Submitted by States and Territories**
  - 100% of states, territories, and freely associated states met submission deadline to participate in program.

- **Tribal Application Portal Opened**
  - 10 applications approved to-date.

- **Funds Available**
  - Grant Agreements sent to states and territories.

**Upcoming Milestones**

- **On Rolling Basis, Reviewing and Approving Grant and Program Plans**: State and territory plans currently under review; continuing review of Tribal applications.

- **Receiving Tribal Applications**: all applications must be received by June 1, 2022.

- **Receiving Grant and Program Plans**: Three state plans already submitted; all state, territory, and freely associated state plans must be received by September 24, 2022.
SECTION 3: Use of Funds - Recap
Use of Funds

The Capital Projects Fund authorizes funding for projects that meet the following criteria:

1. Invest in capital assets designed to directly enable work, education, and health monitoring.

2. Be designed to address a critical need that resulted from or was made apparent or exacerbated by the COVID-19 public health emergency.

3. Be designed to address a critical need of the community to be served by it.

A key priority of the program is investments in broadband infrastructure and digital connectivity, but recipients have flexibility in selecting how they would like to deploy Capital Projects Fund grant funding to address critical needs identified within their communities.
Use of Funds

Program Funds need to focus on key requirements and encouragements:

• Investments in broadband infrastructure and digital connectivity devices – getting people connected!

• Future-proof: Design build standards for broadband infrastructure programs MUST be 100:100 Mbps symmetrical unless impracticable; Fiber is encouraged.
  – If impracticable then build 100:20 Mbps scalable to 100:100 symmetrical..

• Affordability: Subrecipients MUST participate in ACP.
  – Subrecipients providing broadband services should provide a low-cost option so that families in need can afford the service.

• A menu of options: encourage prioritization of broadband networks owned, operated by or affiliated with local governments, non-profits, and co-operatives.

• Community consultation, engagement and feedback – include information and/or data on how the funds will address critical needs of the communities to be served.

All Grant Plans and Program Plans must be submitted no later than September 24, 2022.
SECTION 4: Grant Plan & Program Plans
Grant Plan Overview

States, territories, and freely associated states must complete a Grant Plan.

• A **Grant Plan** provides an overview of the anticipated use(s) for funds and the amount per category.

• Grant Plans require the following:
  – Executive summary
  – Allocation Table
  – Program Plan(s)

• Funds will be made available on a rolling basis as Grant Plans and Program Plans approved.

• Recipients are permitted to submit additional documents to respond to questions.

• CPF Recipients are responsible for ensuring **all identification numbers provided are active** throughout the entire CPF grant performance period

• Treasury reserves the right to publicly share information from a Recipient’s CPF Grant Application, Grant Plan, and Program Plan(s).

All Grant Plans and Program Plans must be submitted no later than September 24, 2022.

Welcome to the U.S. Department of the Treasury’s (Treasury) submission portal for the Coronavirus Capital Projects Fund (CPF) Grant Plan. This portal is only for States, territories and freely associated states. Recipients must submit Grant Plans by September 24, 2022, providing information on the Recipient’s intended uses of CPF funds. Treasury may publicly share information contained in the Grant Plan.

Recipients should refer to the “Guidance for the Coronavirus Capital Projects Fund for States, Territories and Freely Associated States” (Guidance) when completing a Grant Plan. Defined terms used in this portal that are not defined in it shall have the meanings ascribed to them in the Guidance.

The Grant Plan is organized in the following categories:

- Executive Summary
- Allocation Table
- Program Plan(s)
  - Program Questionnaire
  - Program Summary
  - Program Budget
  - Pre-Award Cost Annex (As Applicable)

Each Program Plan is intended to provide more detailed information on a particular type of Capital Project(s) the Recipient intends to undertake and constitutes an Eligible Applicant’s request for funding for those types of Capital Projects. For example, as part of a Grant Plan to fund broadband deployment throughout the State a Recipient may submit a Program Plan that will provide detailed information about its deployment plan for some of the counties in the State. Later, it could file another Program Plan detailing its deployment plan for other counties in the State. Or the State could submit a Program Plan to fund a digital connectivity technologies program.

Recipients may submit additional Program Plans on a rolling basis so that Recipients can seek funding for a particular type of Capital Project (or Projects) when the Recipient is ready. All Program Plans must be submitted by September 24, 2022. Treasury will review and approve each Program Plan separately and will provide access to funds for each Program Plan when approved. For example, a Recipient with two Program Plans may submit, receive Treasury approval, and have access to funds for one Program Plan in December 2021, and then submit, receive Treasury approval, and have access to funds for the second Program Plan in March 2022.

For further clarification and examples for questions asked below, please review the FAQ document on the Capital Projects Fund website. Terms carry the meaning defined in the CPF guidance.
Executive Summary

Provide an Executive Summary not to exceed two pages. At a minimum, the Executive Summary should include a paragraph for each of the following:

- A brief description of the objectives(s) intended to be achieved with the CPF grant funds, and the Programs expected to be funded. This may be used by Treasury to publicly describe the grant.
- A narrative explaining the Recipient’s rationale for allocating funds as proposed with its Allocation Table, and how the specific Programs were identified in pursuit of the stated policy purpose(s).
- A description of the Recipient’s approach for identifying critical needs and the communities to be served by the capital assets, addressing the following questions:
  - What processes did you undertake and factors did you consider in identifying critical needs?
  - How has community engagement and public participation informed the Recipient’s approach for spending CPF grant funds and planning for implementation and operation of capital assets?
  - How was equity considered in the selection of programs and the distribution of funds?

Treasury will consider any additional relevant information that the Recipient wishes to submit.

Treasury may refer any allegations of fraud, waste, or abuse in connection with CPF to the Treasury Inspector General.
CPF Grant Plan Best Practices
Executive Summary

The Executive Summary:

- Should be uploaded as a PDF (if possible)
- Should not exceed two pages in length
- Should include a paragraph for each of the following:
  - The objective(s)
  - Narrative explaining a recipient’s Allocation Table
  - Description of how the recipient identified communities of critical need, addressing the following questions:
    - What process(es) did you undertake, and factors did you consider in identifying critical needs?
    - How has community engagement and public participation informed the Recipient’s approach to investing CPF grant funds?
    - How was equity considered in the selection of programs and the distribution of funds?
## CPF Program Note on Cost Categorization

 SECTION 1 - User Instructions

After completing this form, please click the Check for Errors and Submit Program Plan button to submit the form to the Treasury for review.

Recipients will have an opportunity to revise and resubmit portions of their Program Plan(s) that Treasury determines do not meet the criteria set out in the Capital Projects Fund guidance or that require additional information for approval. Treasury staff may reach out to the recipient’s designated point of contact with any questions or clarifications as they review the submitted plans.

For further clarification, please review the Frequently Asked Questions document on the Capital Projects Fund website. Terms carry the meaning defined in the CPF guidance.
SECTION 2 - Allocation Table

As described in the CPE guidance, recipients may use grant funds for one or more types of eligible projects, which are listed by use type in the table below. Select only one eligible use type for each Program Plan that is submitted. For example, a recipient using funds for both Broadband Infrastructure and Multi-Purpose Community Facilities will submit one Program Plan for each eligible use type.

Each Program Plan must align with one of the following eligible use types, though a recipient may submit more than one Program Plan per eligible use type. For example, a recipient using the funds for two different programs related to Broadband Infrastructure will submit two separate Program Plans.

Each Program should be included in the Allocation Table. The Allocation Table will be automatically generated and/or updated with the information provided on this tab (Tab 2 - Allocation Table) whenever Program Plans are created and/or modified; the prompts below will allow data to be entered that will generate and/or update the Allocation Table. Treasury may share the Allocation Table with the public by, for example, posting it on its website.

Recipients are required to submit additional details for each Program which will be collected on the next tab (Tab 3 - Use Code Files).

Grant Amount: $240,000.00

SECTION 3 - Use Code Files

The following templates for each use type must be completed as part of the Program Plan submission. Each Use Code file includes a Program Plan questionnaire, a Program Narrative template, and a Program Budget template. The Use Code selected on the previous page (Tab 2 - Allocation Table) corresponds with the template that needs to be completed and uploaded before submitting the Program Plan. Please download the relevant Use Code file listed below, complete the file, and then upload it using the files upload section on this tab (Tab 3 - Use Code Files). Individual project-level details are not expected or necessary in the Program Plans.

Use Code selected in Tab 2:
