

DEPARTMENT OF THE TREASURY
WASHINGTON, D.C.

The Department of the Treasury's FY 2025 Conference Spending Report

In FY 2025, the Treasury Department continued initiatives to oversee conference spending and to ensure that appropriate policies, procedures, and controls were in place to that end. The Department's bureaus continue to follow the Treasury-wide Directive that consolidates and streamlines the conference approval and reporting process and establishes consistent policy for all conference-related activities. The Assistant Secretary for Management, Deputy Secretary, and Secretary have reviewed all conference-related spending as appropriate per policy, and all bureaus have followed established internal policies to ensure that all conference-related activity adhered to appropriate guidelines.

Treasury Department policy allows expenses for conferences only if they are necessary to carry out Treasury's mission and are consistent with specific approval guidelines. In FY 2025, the Treasury Department sponsored meetings and training events to promote economic stability and growth, to strengthen and protect the integrity of the financial system, and to manage the U.S. government's finances.

In accordance with OMB Memorandum M-17-08, attached is detail on the Treasury-sponsored conferences in FY 2025 where the net expenses to the Department exceeded \$100,000. This report does not cover conferences sponsored by the Treasury Office of the Inspector General, the Treasury Inspector General for Tax Administration, or the Office of the Comptroller of the Currency.

Special Agent Basic Training	Special Agent candidates are required to attend a comprehensive training program at the Federal Law Enforcement Training Center (FLETC) in Glynco, Georgia. Training begins with Pre-Basic, which is an orientation program sponsored by the National Criminal Investigation Training Academy. Students then attend a 12-week Criminal Investigation Training Program (CITP) covering basic federal criminal investigation techniques, including federal criminal law, courtroom procedures, enforcement operations, interviewing and firearms training. These techniques are common to all federal law enforcement agents. After CITP is completed, candidates continue on to IRS-CI Special Agent Investigative Techniques (SAIT) training, which is a 14-week specialized training course. The training includes instruction in tax law, criminal tax fraud, money laundering and a variety of financial fraud schemes. They are also introduced to agency-specific undercover operations, electronic surveillance techniques, forensic sciences, court procedures, interviewing techniques and trial preparation and testifying. Training emphasizes the development of both technical and behavioral skills. It incorporates a highly interactive methodology of course delivery coupled with a high expectation of trainee interaction throughout the program. It is designed to provide new agents with the opportunity to progressively learn and practice more complex tasks required to perform on the job. Face-to-face interaction is required to ensure understanding and achieve knowledge transfer.	Glynco, GA	4/10/2024	10/4/2024	31	\$235,082.81

Special Agent Basic Training	Special Agent candidates are required to attend a comprehensive training program at the Federal Law Enforcement Training Center (FLETC) in Glynn, Georgia. Training begins with pre-basic, which is an orientation program sponsored by the National Criminal Investigation Training Academy. Students then attend a 12-week Criminal Investigation Training Program (CITP) covering basic federal criminal investigation techniques, including federal criminal law, courtroom procedures, enforcement operations, interviewing and firearms training. These techniques are common to all federal law enforcement agents. After CITP is completed, candidates continue on to IRS-CI Special Agent Investigative Techniques (SAIT) training, which is a 14-week specialized training course. The training includes instruction in tax law, criminal tax fraud, money laundering and a variety of financial fraud schemes. They are also introduced to agency-specific undercover operations, electronic surveillance techniques, forensic sciences, court procedures, interviewing techniques and trial preparation and testifying. Training emphasizes the development of both technical and behavioral skills. It incorporates a highly interactive methodology of course delivery coupled with a high expectation of trainee interaction throughout the program. It is designed to provide new agents with the opportunity to progressively learn and practice more complex tasks required to perform on the job. Face-to-face interaction is required to ensure understanding and achieve knowledge transfer.	Glynn, GA	2/12/2025	8/13/2025	57	\$326,621.70
