Section I. Quarterly Reporting Basics

a) Overview

This document provides information on using Treasury’s Portal to submit required Quarterly reports under the Emergency Rental Assistance (ERA1 and ERA2) programs. It is a supplement to the ERA Reporting Guidance v1.0 which contains all relevant information and guidance on reporting requirements.

Please see the ERA Reporting Guidance and Treasury’s ERA webpage for detailed guidance on submitting required Monthly reports or other special reports, and the latest guidance and updates on other programmatic and reporting topics.1

Each ERA Recipient is required to submit quarterly reports with current performance and financial information including background information about the ERA Project that is the subject of the report; participant (household, beneficiary) data; and financial information with details about obligations, expenditures, direct payments, and subawards.

b) What is Covered in this User Guide?

This User Guide contains detailed guidance and instructions for ERA Recipients in using Treasury’s Portal for submitting the required ERA quarterly reports. All Recipients must submit the required reports via Treasury’s Portal. No ERA reports should be submitted through the GrantSolutions system, which was used for recipient reporting under the Coronavirus Relief Fund.

c) Designated Staff for Key Roles in Managing ERA1 and ERA2 Reports

ERA Recipient organizations are required to designate staff or officials for the following three roles in managing reports for each of their ERA1 or ERA2 awards. Recipients must make the required designations prior to accessing Treasury’s Portal. Treasury will distribute information about required reporting to the designated individuals via email. The required roles are as follows:

- **Account Administrator** for the ERA1 or ERA2 award has the administrative role of maintaining the names and contact information of the designated individuals for ERA reporting. The Account Administrator is also responsible for working within your organization to determine its designees for the roles of Point of Contact for Reporting

---

1 [www.treasury.gov/era](http://www.treasury.gov/era)
and Authorized Representative for Reporting and providing their names and contact information via Treasury's Portal. Finally, the Account Administrator is responsible for making any changes or updates as needed over the award period. We recommend that the Account Administrator identify an individual to serve in his/her place in the event of staff changes.

- **Point of Contact for Reporting** is the primary contact for receiving official Treasury notifications about reporting on the ERA1 or ERA2 award, including alerts about upcoming reporting, requirements, and deadlines. The Point of Contact for Reporting is responsible for completing the ERA1 or ERA2 reports.

- **Authorized Representative for Reporting** is responsible for certifying and submitting official reports on behalf of the ERA1 or ERA2 award recipient. Treasury will accept reports or other official communications only when submitted by the Authorized Representative for Reporting. The Authorized Representative for Reporting is also responsible for communications with Treasury on such matters as extension requests and amendments of previously submitted reports. The official reports may include special reports, monthly reports, quarterly reports, interim reports, and final reports.

An individual may be designated for multiple roles. For example, the individual designated as the Point of Contact for Reporting may also be designated as the Authorized Representative for Reporting. In addition, the Recipient may designate one individual for all three roles.

Treasury distributed email notices to each ERA1 and ERA2 Recipient with guidance on the process for designating individuals for the three roles.

The designated individuals’ names and contact information will be pre-populated in the “Recipient Profile” portion of the Recipient’s ERA1 or ERA2 quarterly reports, and Recipients will be able to update the information, if necessary.

Each designated individual must register with ID.me for gaining access to Treasury’s portal. Please contact [EmergencyRentalAssistance@treasury.gov](mailto:EmergencyRentalAssistance@treasury.gov) for additional information on procedures for registering with ID.me.

d) **Questions?**

If you have any questions about the ERA program’s reporting requirements, please contact us by email via [EmergencyRentalAssistance@treasury.gov](mailto:EmergencyRentalAssistance@treasury.gov).

**Section II. Navigation and Logistics**

Key terms appear in **bold** and are explained in complete detail in the [Data Dictionary](#).

a) **Login into Landing Page and Portal Navigation**
Click on the Go to Quarterly Reports button (see Figure 1) to launch the required reports. Refer to the ERA Reporting Guidance for details about each type of required report for submittal.

Each listed quarterly report links to the required online forms for the specific report. Each report includes several modules. Selecting a report on the landing page will open the first module. See Figure 2 above for an example Quarterly Report Selection screen.

To begin completing a specific report, click on the link to the given report.

**Note:** Users will need to submit ERA1 and ERA2 data separately. Always be aware of a given report’s association with the ERA1 or ERA2 award.

The Navigation Bar (see Figure 3) which appears at the top of Treasury’s Portal screens allows you to navigate between modules. Each tab constitutes one module.

**Helpful Tips/Shortcuts for Submitting Data to the Treasury Portal**

Treasury’s Portal leads you through a series of online forms that, when completed, will fulfill your quarterly reporting obligations. While navigating through the portal and submitting required information users will have the option of manually entering data directly into the portal or providing information via a bulk upload file that includes all relevant information in a Treasury approved process and format.
The bulk file upload approach is encouraged for users with vast amounts of data to ease the administrative burden and minimize data entry errors. The manual data entry option is available to all users but may be more feasible for smaller programs with fewer data burdens.

1. **Bulk Upload File**

Recipients can use the bulk upload function for providing required information for seven separate modules listed here:

- Subrecipient Profile
- Subaward Reporting
- Subaward Expenditure Reporting => $30,000
- Subaward Expenditure Reporting < $30,000
- Subaward Expenditure Reporting < $30,000 to Individuals
- ERA Programmatic Reporting
- Participant Household Payment Data

When using the bulk upload, Recipients must provide the required information in specified formats and use Treasury approved templates for each respective bulk upload. Recipients may download each of the templates separately from within the relevant Portal module.

Recipients that choose to use the bulk upload functionality should navigate to each of the above-listed modules and download each bulk file upload template as an early step in planning for the required quarterly report.

Note that all State, Local and Territorial ERA1 and ERA2 Recipients are required to provide the Participant Household Payment Data File as part of each Quarterly report. All other Bulk Upload files will have manual entry options, while the Participant Household Payment Data File must use the bulk file upload capability.

Please see Appendix A – Bulk Upload Overview for complete guidance on using this important function.

Modules and submodules accepting bulk upload files are clearly marked in Treasury’s Portal and identified in later sections of this guide. The template for each upload file is available in the relevant module/submodule for download (see Figure 4).

![Demographics Bulk Upload Template](image)

*Figure 4 – Sample Bulk Upload Icon with Template Download Link*

When you click the upload button you will be directed to an upload screen (see Figure 5). You can either choose to add files or drag and drop files to initiate the bulk upload.

---

2 The module listed as, “Subaward Expenditure Reporting < $30,000 to Individuals” may include expenditures to subrecipients and individuals. Payments to individuals (i.e., households) are not subawards, but for purposes of the ERA reporting, recipients should report on payments to individuals in this module category.
Treasury’s Portal will reject the file if an incorrect template or file format other than .csv is used for upload (see Figure 4). Treasury’s Portal will display an error message on screen (see Figure 6) if the bulk data upload file contains errors. If you receive an error message, you will need to correct the errors in the bulk upload file and re-submit the corrected version.

2. Manual Data Entry

Manual data entry requires you to key in information as instructed on the screen. Manual inputs are described in detail below for each section of this user guide.

Note: * indicates a required field. You must enter information into the field before you can save or proceed to the next screen.

Your inputs will be subject to validation by Treasury’s Portal to ascertain that the data provided is consistent with expected format or description (e.g., entering “one hundred” instead of 100). If a given data entry fails a validation rule, the portal will display an error for you to address (see Figure 7).
After Treasury’s Portal validates the data entries for a given module or submodule, you may continue to the next module. The portal will not provide a notice that a field is validated – it provides the error notifications only when the validation fails.

You will not be able to submit manually entered data that does not satisfy the data validation rules.

3. **Wrap Text vs Clip Text**

Some data entry areas (lists) will have a dropdown menu where you can select from Wrap text or Clip text for easier viewing in Treasury’s Portal (see Figure 8).

![Figure 8 – Wrap vs. Clip Text](image)

4. **Narrative Boxes**

When filling out detailed narratives, you are encouraged to type the responses using a word processing system (such as Microsoft Word) to minimize grammatical errors, track word count, and concisely answer all required narrative details. You can then copy and paste the final narratives directly into the text boxes in Treasury’s Portal.

The text boxes (see Figure 9) can be expanded by clicking and dragging the icon in the bottom-right corner.

![Figure 9 – Manual Entry Text Box](image)

**Section III. Quarterly Report Selection**

The Quarterly Report Selection page lists the active reports that require completion during the current quarter. Treasury’s Portal landing page will list the reports by ERA1 and ERA2 Federal Award Identification number (FAIN) along with status marked “Draft.”

**Note:** Users will need to submit ERA1 and ERA2 data separately. Always be aware of a given report's association with ERA1 or ERA2.

a) To navigate to a specific report, click on *Provide Information* (see Figure 10) to enter data for the specific ERA Award.

![Figure 10 – Quarterly Report Selection](image)

b) This action will advance you to the *Recipient Profile* tab.
Section IV. Recipient Information

In this module, you will review and confirm information about your organization, its SAM.gov registration status and its executive compensation data. Refer to Module A of the ERA Reporting Guidance v1.0 for additional details about the module.

This module includes two segments: a) Recipient Profile and b) SAM.gov Registration and Executive Compensation.

a) Recipient Profile

1. Recipient Profile information will be pre-populated with information from the Recipient’s ERA application and other sources (see Figure 11). You will have the option to enter your Recipient DUNS (+4).

2. The screen will also display the names and contact information for individuals the Recipient has designated for key roles for ERA program reporting.

![Recipient Profile Table]

Figure 11 – Recipient Profile

3. Use the textbox (see Figure 12) to flag errors, notifying Treasury if any information is incorrect.

![Recipient Profile Discrepancies Entry]

Figure 12 – Recipient Profile Discrepancies Entry

b) SAM.gov Registration and Executive Compensation

1. Use the dropdown (see Figure 13) to confirm your entity’s SAM.gov status and Executive Compensation reporting eligibility questions.

Note: This information is required for Treasury to complete the FSRS.gov reporting on your behalf.
If you are registered in SAM.gov, select “Yes” from the picklist (see Figure 14) and move on to Step 7 below.

If you are not registered in SAM.gov, select “No” from the picklist. Two additional questions will populate the space below (see Figure 15).

If the recipient received 80% or more of its annual gross revenue from federal funds AND the recipient received $25 million or more of its annual gross revenue from federal funds, an additional question will appear (see Figure 16).

*Is the Recipient Registered in SAM.Gov?
---None---

*In the preceding fiscal year, did recipient receive 80% or more of its annual gross revenue from federal funds?
---None---

*In the preceding fiscal year, did recipient receive $25 million or more of its annual gross revenue from federal funds?
---None---

*Is the "total compensation" for the organization's five highest paid officers publicly listed or otherwise listed in SAM.gov?
---None---

Figure 13 – SAM.Gov Registration

2. If you are registered in SAM.gov, select “Yes” from the picklist (see Figure 14) and move on to Step 7 below.

Figure 14 – Registered in SAM.Gov

3. If you are not registered in SAM.gov, select “No” from the picklist. Two additional questions will populate the space below (see Figure 15).

Figure 15 – Not Registered in SAM.gov

4. If the recipient received 80% or more of its annual gross revenue from federal funds AND the recipient received $25 million or more of its annual gross revenue from federal funds, an additional question will appear (see Figure 16).

Figure 16 – Total Compensation Question
5. Select “Yes” if the total compensation for the organization’s five highest paid officers is publicly listed or otherwise listed in SAM.gov (see Figure 17) and move on to Step 7 below.

![Figure 17 – Total Compensation Publicly Listed](image)

6. Select “No” if the total compensation for the organization’s five highest paid officers is not publicly listed or otherwise listed in SAM.gov. Enter the name(s) of the officer(s) in the chart that will appear (see Figure 18) and the total compensation received by each. If fewer than five (5) officers exist, enter “N/A” in the empty field(s).

![Figure 18 – Total Compensation Not Publicly Listed](image)

7. Click the Save button to record progress.

8. Click the Next button to advance to the Project module.

Section V. Project Overview

In this module, you will provide a narrative overview of the ERA1 or ERA2 Project that is the subject of the report. Refer to Section III, Module B of the ERA Reporting Guidance v1.0 for additional information on this module.

This module includes two segments: a) Project Overview and b) Project List.

a) Project Overview

In this submodule, you will provide additional information about the subject ERA Project including information on the project’s goals and accomplishments.
At the top of the screen, you will see icons for Steps 1-5 in the submission process to help track your progress (see Figure 19).

**Figure 19 – Submission Step Tracker**

1. **Enter the following:**
   - **Unique Recipient Project ID.** Please enter a self-generated Project ID for the subject ERA1 or ERA2 Project. The Project ID may include numbers and letters. Please maintain the Project ID for future reference.
   - **Name of the ERA Project.** This information will be used to identify your ERA Project data. Next, enter the **ERA Project Website URL** (see Figure 20).

**Figure 20 – Project Overview**

2. **Indicate the Geographic Service Area** (see Figure 21) served by the project.

**Figure 21 – Geographic Service Area List**

- **If Targeted Communities** is selected, an additional text box will appear where you can provide the names of the Specific Cities/Counties (see Figure 22).

**Figure 22 – Geographic Service Area, Targeted Communities**
Indian Tribes, Tribally Designated Housing Entities (TDHEs), and the Department of Hawaiian Home Lands (DHHL) Recipients (referred to as “Trib, TDHE, and the DHHL Recipients”) are not required to submit Geographic Service Areas.

3. Utilize the System for Prioritizing Assistance text box to provide a narrative description on your system of prioritizing assistance to participant households of certain incomes (see Figure 23).

**Figure 23 – System for Prioritizing Assistance**

4. Utilize the Project Description text box (see Figure 24) to provide a narrative description on the project.

**Figure 24 – Project Description**

Note: This step is not required for your Q2 partial report due on August 6, 2021. See Addendum to the ERA Reporting Guidance published on 7/16/2021 (ERA Reporting Guidance v1.0).

5. Select “Yes” or “No” if your organization used any fact-based proxies when determining income eligibility (see Figure 25).

**Figure 25 – Use of Fact Based Proxies 1**

6. If fact based proxies were used, provide a narrative description of the proxies used and known procedures (see Figure 26).

**Figure 26 – Use of Fact Based Proxies 2**

Note: This step is not required for your Q2 partial report due on August 6, 2021. See Addendum to the ERA Reporting Guidance published on 7/16/2021 (ERA Reporting Guidance v1.0).
7. At the bottom of the page, click the Save Project icon to complete your project setup.

b) Project List

1. The Project List box (see Figure 27) will appear near the bottom of the screen. The list will display the name of your ERA Project as entered above (see Figure 27). Click on the ERA Project name to launch subaward reporting.

2. Use the pencil icon to edit information related to your project. Editable fields include ERA Project Website, Project Description, System for Prioritizing Assistance and Explanation for Use of Fact Based Proxies. Press the Save icon to save your edits.

3. Click the Next button to advance to the Demographics module.

Section VI. Subaward Reporting

In this module, you will provide information on all obligations, including all direct payments, subawards, and contracts made or awarded by the Recipient under the subject ERA Project. Please refer to Module E of the ERA Reporting Guidance v1.0 for additional clarification.

Note: This entire section is not required for your Q2 partial report due on August 6, 2021. See Addendum to the ERA Reporting Guidance published on 7/16/2021 (ERA Reporting Guidance v1.0).

Figure 28 – Submission Step Tracker 2

This section is divided into three segments: a) Create Subrecipient, b) Create Subaward and c) Create Expenditures.

a) Create Subrecipient

The Subrecipient Profile submodule documents the information about each Subrecipient that has received federal funding from the subject ERA Project.
The Subrecipient module allows users to enter data manually or leverage the bulk file upload capability. For bulk-upload instructions specific to this submodule, see Appendix A – Bulk Upload Overview. You can download the bulk file template for use in submitting the required data via bulk upload. When ready to submit the data, use the upload button (see Figure 29).

![Subrecipient Bulk Upload Icon](image)

**Figure 29 – Subrecipient Bulk Upload Icon**

**Note:** When using the bulk file upload capability, the Subrecipient bulk upload must be completed prior to beginning the data entry for the subaward module.

If you choose to individually enter records, follow the instructions below.

1. If this is a new Subrecipient record, click *Manually Create* (see Figure 30).

![Manually Create a Subrecipient](image)

**Figure 30 – Manually Create a Subrecipient**
2. If *Manually Create* is selected, enter the relevant Subrecipient information in each of the required fields (see Figures 31 and 32).

![Figure 31 – Manually Create a Subrecipient, Info 1](image)

![Figure 32 – Manually Create a Subrecipient, Info 2](image)

3. If the subrecipient is not registered in SAM.gov, select “No” from the picklist. Two additional questions will populate the space below (see Figure 33).

4. If the total compensation for the organization’s five highest paid officers is not publicly listed or otherwise listed in SAM.gov, enter the name of the officer and the total compensation received in the chart that appears (see Figure 33). If fewer than five (5) officers exist, enter “N/A” into the empty field(s).
5. At the bottom of the page, click the Create Subrecipient icon to complete the Subrecipient record and return to Subaward screen. Your new Subrecipient record is now associated with the Subaward.

b) Create Subawards

The Subaward Reporting submodule allows you to enter the required information regarding Subawards for all direct payments, subawards, and contracts made by your organization.

The Subawards module allows users to enter data manually or leverage the bulk file upload capability. For bulk-upload instructions specific to this submodule, see Appendix A – Bulk Upload Overview. You can download the bulk template using the provided link in Treasury’s Portal before using the upload button (see Figure 34).

**Create Subrecipient**

**Figure 34 – Bulk Upload Icons**

**Note:** Subaward bulk upload can only be completed after Subrecipient bulk upload is completed.

If you choose to individually enter records, follow the instructions below.
1. Enter the following fields pertaining to the Subawards: Subaward Number, Subaward Obligation, Subaward Date, Period of Performance Start, Period of Performance End, Place of Performance Address, City, State, Zip+4, Country, and Congressional District (see Figures 35 and 36).

2. Select the Subaward Type from the drop-down picklist. (see Figures 35).

Figure 35 – Subaward Reporting Submodule

Figure 36 – Subaward Reporting Submodule
3. After completing the subaward details, associate the Subaward with a specific Subrecipient. Click Create a Subrecipient to launch the Subrecipient Profile submodule (see Figure 30).
4. Enter the Subrecipient DUNS and select Search for Subrecipient. If a Subrecipient record already exists, connect it to your Subaward at this time. You will then be returned to the Subaward screen to finalize the Subaward.
5. Use the open textbox to provide a brief description on the Subaward’s underlying eligible use (see Figure 36).
6. Click Create Subaward to establish the Subaward record. Repeat Steps 1 through 5 to create additional Subaward records.

c) Create Expenditures

As part of the quarterly reporting requirement, you will need to provide information regarding all expenditures (including subawards) for the current quarter (see Figure 37).

Figure 37 – Expenditures Tab

The expenditures reporting is categorized into three groups: (1) Expenditures greater than or equal to $30,000, (2) Aggregated Expenditures less than $30,000 and (3) Aggregated Expenditures to individuals less than $30,000.

The Expenditures reporting module allows users to enter data manually or leverage the bulk file upload capability. For bulk-upload instructions specific to this submodule, see Appendix A – Bulk Upload Overview. You can download the bulk template using the provided link in the Treasury Portal before using the upload button (see Figure 38).

Figure 38 – Bulk Upload Icons

If you do not use the bulk upload function, follow the steps listed below (see Figure 39).

Aggregate Expenditures more than $30,000

Instructions

In the below section, you will need to provide details for each expenditure of program funds. You will need to associate each expenditure with a Subaward that was created in the previous step (5c). In addition, you will need to identify the relevant Expenditure Category, provide the amount of the expenditure(s) and relevant dates. In addition, grantees and creditors receiving federal program funds will also have to answer some additional Subaward-specific questions.

Figure 39 – Expenditures > $30,000
• **Expenditures greater than or equal to $30,000** (see Figure 40)

The default screen allows you to report Administrative Costs (Expenditure Categories) which are not associated with a subaward.

1. To report new expenditures under a specific subaward, use the search function under **Subaward ID** to associate the expenditure record and subaward.
   a. Use either the Portal-generated Subaward ID from the Subaward module or the Subaward Number generated by your organization.
2. Enter the **Expenditure Start Date**, **Expenditure End Date**, and **Expenditure Amount**.
3. Select the associated **Expenditure Category** from the drop-down picklist. There is a space to provide a narrative for Administrative Costs.
4. If Subaward Type is a grant, verify the Subrecipient’s compliance with the conditions of the grant through the drop-down picklist. If the Subrecipient is non-compliant, provide a brief explanation regarding non-compliance.

![Figure 40 – Data Entry for Expenditures > $30,000](image)

5. Click the **Create Expenditures** button to submit the record. Repeat Steps 1 through 4 to report additional expenditures. Proceed to the next segment once all expenditures are reported.

• **Aggregate Expenditures less than $30,000** (see Figure 41)

1. Enter the **Total Quarterly Expenditure Amount** and **Total Quarterly Obligation Amount**.
2. **Cumulative Expenditures**, and **Cumulative Obligations** are automatically calculated and are total sum fields of all uploaded or created expenditures.
3. Select the **Expenditure Category** and **Subaward Type** from the drop-down picklist.
4. Click the Create Expenditures button to submit the record. Repeat Steps 1 through 2 to report additional expenditures. Proceed to the next segment once all expenditures are reported.

- **Aggregate Expenditures to Individuals less than $30,000** (see Figure 42)
  1. Enter the Total Quarterly Expenditure Amount and Total Quarterly Obligation Amount.
  2. Cumulative Expenditures, and Cumulative Obligations are automatically calculated and are total sum fields of all uploaded or created expenditures.
  3. Select the Expenditure Category from the drop-down picklist. There is a space to provide a narrative for Administrative Costs.
Figure 42 – Data Entry for Individual Payments < $30,000

4. Click the Create Expenditures button to submit the record. Repeat Steps 1 through 2 to report additional expenditures.

5. Click the Go Back button to return to the Projects Page. Then click the Demographics tab on the navigation bar to advance to the next section.

Section VII. Performance Measures and Participant Demographic

In this module, you will provide detailed information on the status of the subject ERA1 or ERA2 Project using performance data and participant demographic information (see Figure 43). All fields will be manually entered. For each measure and data element listed, Recipients must report progress achieved over the reporting period. State, Local, and Territorial Recipients must also report certain data elements by race, ethnicity and gender of the primary applicant for assistance in the household. Please refer to Module C of the ERA Reporting Guidance v1.0 for additional clarification.
Click on the **Demographics** tab to enter the module.

You will have the ability to utilize a bulk-upload feature or individually enter records for Subrecipients. For bulk-upload instructions specific to this submodule, see **Appendix A – Bulk Upload Overview**. You can download the bulk template using the provided link in Treasury’s Portal before submitting using the upload button (see Figure 44).

**Figure 44 – Demographics Bulk Upload**

**Note:** Reporting on Participant Demographic information broken out by race, ethnicity and gender is not required for your Q2 partial report due on August 6, 2021. See Addendum to the ERA Guidance published on 7/16/2021 (ERA Reporting Guidance v1.0).

If you choose to manually provide Participant Demographic Information, please follow the instructions below.

1. Click **Provide Demographic Information** (see Figure 45) to report demographic information broken out by race, ethnicity and gender for all required fields.

![ERA Applicants](image)

**Figure 45 – Reporting on ERA Applicants**
2. Enter the applicable data in the number column (see Figures 46 and 47).
3. Click *Save Demographic Information* (see Figure 47) to submit demographic for that particular field.

The Demographics reporting tab is categorized into four groups: 1) ERA Applicants, 2) ERA Assistance Provided, 3) Participant Households at Certain Income Levels, and 4) Cumulative Award Activity Amount Approved (Obligated) and Amount Paid (Expended) since Inception Q1 through Q2 2021.
If you choose to manually enter records, follow the instructions below.

1. **Under the ERA Applicants section (see Figure 48), report data on ERA applications received and assistance provided in the reporting period.**
   
   **Note:** Tribe, TDHE, and the DHHL Recipients must report this entire element, with no requirement to report the information broken out by race, ethnicity, and gender of the primary applicants for assistance.

   ![Figure 48 – Reporting on ERA Applicants](image)

2. **Under the ERA Assistance Provided section, report data on unique households that received different types of ERA assistance (including Housing Stability Services) (see Figure 49).**
   
   **Note:** Tribe, TDHE, and the DHHL Recipients must report on each of the ERA Assistance Types listed. Tribes, TDHE, and the DHHL Recipients are not required to report the information broken out by race, ethnicity, and gender of the primary applicant for assistance.

   ![Figure 49 – Reporting on ERA Assistance Provided](image)

3. **Under the Participant Households at Certain Income Levels section, report data on households served based on income eligibility (see Figures 50 and 51).**
   
   **Note:** This section is not applicable for Tribe, TDHE, and the DHHL Recipients.
Under the Cumulative Award Activity Amount Approved (Obligated) and Amount Paid (Expended) section, report data on all amounts obligated and expended from inception (Q1) through current reporting period (Q2) (see Figure 52).
5. Click the Save button to record progress.

**Section VIII. Performance and Financial Report**

In this module, you will report on the overall performance and financials and will also submit participant household payments data for the current reporting period for the subject ERA Project (see Figure 53). Please refer to Module B, Module D and Module E of the ERA Reporting Guidance v1.0 for additional clarification.

**Note:** The Performance and Financial Report section is not required for your Q2 partial report due on August 6, 2021. See Addendum to the ERA Guidance published on 7/16/2021 ([ERA Reporting Guidance v1.0](#)).

This module is broken out into four segments: a) Performance Narrative; b) Narrative on Effective Practices; c) Federal Financial Reporting; and, d) Participant Household Payment Data.

**Figure 53 – Report Overview**

a) **Performance Narrative Submodule**

In this submodule, you will provide additional information on how the project performed against the outlined ERA goals and outcomes for the current reporting Quarter (see Figure 54).

1. Provide a narrative that discusses how the project performed relative to the goals outlined by the ERA program. Address all the listed relevant points.
Performance Narrative

Provide a performance narrative (1,200 characters or less) concerning the performance and accomplishments of the subject ERA Project in the current reporting quarter. The performance narrative should support the performance and demographic data submitted and must cover the following topics:

- Activities implemented and notable achievements over the calendar quarter;
- Activities planned for the next calendar quarter;
- Notable challenges and status of each challenge;
- Details on compliance/non-compliance issues and mitigation plans;
- Details on any compliance/non-compliance issues and mitigation plans;
- Requests for additional assistance or guidance from the Treasury; and
- Other information, as appropriate. Recipients do not need to repeat information provided in the Project Overview section.

b) Narrative on Effective Practices Submodule

In this submodule, you will provide additional information on the effective practices that were used by your organization.

1. Provide a brief explanation on the effective practices used when administering the ERA Project (see Figure 55).

Narrative on Effective Practices

Recipients may provide a brief narrative (1,000 characters or less) describing their effective practices for administering ERA programming to share with the broader ERA community.

d) **Participant Household Payment Data File**

1. Participant Household Payment Data does not contain a manual data entry option. End-users must use the bulk file upload capability to submit the required data. Under the Participant Household Payment Data section, click the *Upload Files* icon (see Figure 57) and attach the Participant Household Payment Data File (*.csv). The file can be downloaded by clicking the *Download Participant Household Payment Data* icon.  
   
   **Note:** Tribe, TDHE, and the DHHL Recipients are not required to submit Participant Household Payment Data Files.

**Section IX. Official Certification**

The Recipient’s designated Authorized Representative for Reporting will be required to e-sign the certification before final submission of the Quarterly Reports (see Figure 58).

a) Review and agree to the following statement:

![Form Submission Certification](image)
b) Click **Submit Form** button to agree to the statement. A window will pop up to ensure you are ready to submit. Click the **Submit** icon (see Figure 59).

Appendix A – Bulk Upload Overview

a) Purpose

The following segment provides overview on the bulk file upload process as well as the submission of the Participant Household Payment Data File. There are seven (7) unique bulk file upload templates as outlined below:

1. Subrecipient Profile
2. Subaward Reporting
3. Subaward Expenditure Reporting => $30,000
4. Subaward Expenditure Reporting < $30,000
5. Subaward Expenditure Reporting < $30,000 to Individuals
6. ERA Programmatic Reporting
7. Participant Household Payment Data File

b) Template Description

Each of the seven files has a specific template that describes how to build the upload file. Each Module in the web application provides a link to download the template. All templates have the same structure as described below:

Row 1: Template Version
Row 2: Template Name
Row 3: Instructions: Brief description of the template constraints.
Row 4: Field IDs: Column identifiers
Row 5: Field Label: Brief description of each Field or Column
Row 6: Required or Optional: This field specifies if the field is optional or required. When the column is required, and a recipient does not provide the required data, the system will not accept any record or allow the file to be uploaded.
Row 7: Field Help Text: Provides a description of the column. There are 2 types of fields, 1) an open value either text or numbers and 2) a predefined list of pick list values:
  - Open Value: Any text or number. Text for State name or Last Name or a Number that represents amounts. Most text types are free formats, the only expectation is for Dates, each column that represents a date describes the accepted format. For any number field, it is not required to add “,” to represent thousands or it is not required to add “$” to represent currency. Only add decimal “.” when needed.
  - Pick List: A Predefine list of values that is accepted by the system. When the column is a pick list, row 7 provides the list of options that the system accepts. Recipients should “copy and paste” the valid value for each record. If the recipient provides a value that is not in the predefined pick list, the system will not accept the file. Responses should not contain double quotes
Row 8: Data that Recipient submits. Row 8 is where recipients insert specific data to submit. The system accepts 1 or many rows.
The following is special guidance for each row or set of rows:

1. Do not change the content of rows 1 to 7
2. Rows 4 to 7 provide metadata of each data element or column of the information that Recipients will provide.
3. Start adding your data in row 8 column B.

The following is an example of a template:

 nltk

Figure 61 – Example Bulk Upload Template

The ERA Programmatic Reporting Module has a small modification where recipients can add data from E9 to V25.

c) Bulk Upload Process

The upload process includes the following steps:

1. Identify the reporting module to upload
2. Download the module template from the link provided in the web application section of the module.
3. Open the template in Excel
4. Save the template as CSV and change the name of the file as needed
5. Add your data starting with row 8th of the applicable template
6. When you finish adding your data repeat step 4
7. Upload the new file to the portal. The system will communicate if the upload was successful or failed.
8. Reuse the same file if the upload process fails. Reconcile the issues that the system indicated and repeat step 7 until all issues are corrected.

d) Bulk Upload Creation Steps

The collective bulk file upload process is contingent upon end-users following the below steps to ensure successful submission:
1. Set up a Project Record within the system
2. Load the Subrecipient Profile within the Project Record
3. Load the Subaward Reporting next (file references Sub Recipient and Project Record information)
4. Load the three Expenditures files (files reference Sub Award and Project Record information)
5. Load the ERA Programmatic Reporting File

**Note:** All information submitted through the bulk upload process must be submitted as a CSV file.

e) CSV Guidance
Refer to the following link for descriptions of the CSV format.

https://en.wikipedia.org/wiki/Comma-separated_values

f) Specific CSV characteristics

- The date format is: MM/DD/YYYY. Example:
  a. 06/22/2021
- All currency values are numeric. It is not required to add "," for thousand or millions.
- Currency values should not contain a "$" sign. The file will be rejected if a "$" is included in the data entry.

g) Upload Template Description
Each data element and/or column in the CSV files is described below:

- **Index No:** Reference number for the data element. For internal use only
- **Defined term:** Column Short description
- **Definition:** Column long description or definition
- **CSV Column Name:** The column header name that must be used in the CSV file
- **Required:** Indicates if the column is required or not required.
- **List Value:** The content of the column is from a list of predefined values. This is valid for some of the columns. The list is provided for all cases. Most of the cases is N/A which means that the type is ether String or Numeric
- **Data type:** Specify the data type of the column. The options are: Numeric, Text, Date and Pick List.
- **Max Length:** Indicates the maximum length in characters that is allowed for each column.

h) Subrecipient Profile
This module provides identifying information for each Subrecipient that received federal funding from this program. Where possible, you should provide the Subrecipient's DUNS number to pre-populate several segments of the record. In addition, you will also need to provide information about the Subrecipient's 2 CFR 170.330 Total Compensation in the report, if applicable.

i) **Subaward Reporting**

This module provides general information for each Subaward of federal funding provided under this program. The module includes detailed information on the amount, date, period and place of performance, and a brief description of the Subaward and its underlying eligible use. In addition, associate the Subaward with the relevant Project /FAIN and Subrecipient.

### j) Subaward Expenditure – Greater than $30,000

This module provides details for each expenditure of program funds. The module associates each expenditure with a Project, Subaward, and Subrecipient record created in Step 1a, 1b, and 1c. In addition, identify the relevant Expenditure Category, provide the amount of the expenditure(s) and relevant dates. In addition, recipients receiving ERA award funds are required to answer additional Subaward questions.

### Participant Household Payment Data File

In this Module, each State, Local and Territorial Recipient must submit a data file containing the household-level information described below for each ERA Financial Assistance payment made to or on behalf of each participant household during the reporting period. The Financial Assistance expenditure category includes payments made by Recipients and by all subrecipients and contractors for rent, rental arrears, utility/home energy costs, utility/home energy services arrears, and other housing services and eligible expenses.

#### CSV Format Details

The templates provide all information required to create the upload files. The following table highlights the data elements required for Participant Household Payment Data. The “Participant Household” address fields should include the physical address for each Project Participant Household (i.e. tenant) that received ERA Financial Assistance either directly or through a payment made to their landlord, utility/home energy provider, or other service provider.
