The U.S. Department of the Treasury agreed to make a loan of up to $574 million to Frontier Airlines, Inc. (the Company), a wholly owned subsidiary of Frontier Airlines Holdings, Inc., and one of the largest domestic airlines in the United States. The Company had approximately 5,000 U.S. employees in March 2020 and carried more than 21 million passengers in 2019.

Treasury made the loan pursuant to section 4003(b)(1) of the Coronavirus Air, Relief, and Economic Security (CARES) Act. The loan is secured by the Company’s Frontier Miles loyalty program. The loan has an interest rate equal to LIBOR plus 2.5% and matures on September 26, 2025. The Company elected to draw $150 million at close and may draw the remaining loan funds in multiple draws through May 28, 2021. The loan proceeds will be used to provide liquidity to continue the Company’s operations. The transaction agreement includes covenants by the Company to comply with certain restrictions on employee compensation, stock repurchases, dividends, and reductions in employment levels, as required by the CARES Act. Treasury will receive warrants to purchase common stock equal to 10% of the total loan amount drawn.
