for
CUSTODIAN AND INFRASTRUCTURE SERVICES
for
PROGRAMS
under the
CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT

This Financial Agency Agreement (FAA) is entered into as of April 14, 2020 (Effective Date), by and between the U.S. Department of the Treasury (Treasury), and The Bank of New York Mellon (Financial Agent).

Recitals

Pursuant to Section 4003(g) of the Coronavirus Aid, Relief, and Economic Security Act (the Act), the Treasury is authorized to designate financial agents of the United States to perform all reasonable duties in a fiduciary capacity the Secretary of the Treasury determines necessary to respond to the coronavirus.

The Treasury has determined that it is in the interests of the United States to designate the Financial Agent to provide custodian services, as described herein, for securities and financial instruments related to passenger air carriers, cargo air carriers, aviation support firms, and businesses necessary for maintaining national security pursuant to Section 4003 (and related sections) and Section 4112 (and related sections) of the Act.

In furtherance of its statutory role in managing public funds and executing other financial authorities, the Treasury designates qualified Financial Institutions as depositaries and financial agents of the United States to provide specified services in a fiduciary capacity.

The Treasury has determined that it is in the interests of the United States to designate the Financial Agent to perform the custodian services described herein.

The Financial Agent desires to serve as a financial agent of the United States under the terms and conditions contained herein.

Accordingly, in consideration of the representations, warranties, and mutual agreements set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Treasury and the Financial Agent agree as follows.

1. Designation and authorization

Pursuant to the authority of the Secretary of the Treasury under Section 4003(g) of the Act, the Treasury hereby designates and authorizes the Financial Agent to act as a financial agent of the United States under the terms and conditions of this FAA to perform certain services as more fully described in Exhibit A. The Financial Agent understands and acknowledges that the scope

and provision of agent services for this designation are distinct from, and in no way overlap with, the scope and provision of agent services for other financial agency designations, and that compliance with and compensation under this FAA must be administered separately from other financial agency agreements between the Financial Agent and the Treasury.

2. Term

A. The initial term of this FAA is for 1 year from the Effective Date and shall expire on April 14, 2021, unless terminated earlier by the Treasury pursuant to the provisions hereof.

B. The Treasury shall have the right and option to extend the term of this FAA beyond the initial expiration date for a total of 5 consecutive one-year extensions. The Treasury may exercise any such extension option by giving written notice to the Financial Agent at least 60 calendar days prior to the end of the then-current term. In the event the Treasury exercises any such extension options, this FAA shall continue in full force and effect during the stated extension period.

C. The Financial Agent acknowledges that the services provided under this FAA are vital to the Federal Government and must continue without interruption during any transition period if the Treasury decides to use a different entity to perform such services in the future, if the Treasury decides to perform such services itself, or if termination requires an orderly shutdown of services. To provide for such a transition, the Treasury shall have the right to extend the term of this FAA beyond any expiration date for a period not to exceed 1 year. The Treasury may exercise such option by giving written notice of such extension to the Financial Agent prior to the end of the then-current term. The Treasury will use reasonable efforts to provide such written notice at least 30 calendar days prior to the end of the then-current term. The Treasury may reduce the number or extent of services to be provided by the Financial Agent during any such transition period. In such event, the Treasury agrees that it will work diligently to transfer or shut down the services performed hereunder as soon as reasonably possible.

D. The Financial Agent agrees to cooperate with the Treasury and/or any successor custodians and infrastructure providers and to provide such services as are necessary to ensure an effective and orderly transfer or shutdown of services, functions, records, and data during any transition period described in the preceding paragraph. If the Treasury appoints any successor custodians and infrastructure providers, the Financial Agent shall deliver to such successors, duly endorsed and in the form for transfer, all securities, loan or other documents, funds, and other assets then held by it pursuant to this FAA. If no successor is appointed, the Financial Agent shall, in like manner, upon receipt of instructions from the Treasury, deliver to the Treasury such securities, loan documents, funds, and other assets.

3. Services to be provided by Financial Agent

A. The Financial Agent shall perform the services required under this FAA, as more fully described in Exhibits A and C, in accordance with the highest practices and professional standards of care, with a degree of attention used in a well-managed operation and no less than that which the Financial Agent exercises for itself and others receiving comparable services. The

Financial Agent shall use qualified individuals with suitable training, education, experience and skills to perform the services.

B. The Financial Agent shall ensure that all employees of the Financial Agent and its affiliates or contractors providing services under this FAA are United States citizens performing their work in the United States and the operation and maintenance of all systems and databases used in providing services under this FAA are in the United States, unless specifically authorized by the Treasury in writing. On a quarterly basis, the Financial Agent shall certify to the Treasury that the Financial Agent is in compliance with the Treasury-approved employment eligibility requirements, in the form set forth in Exhibit G.

C. The Treasury may, in its sole discretion, modify, add to, or reduce the specific services required under the general scope of this FAA by providing written notice to the Financial Agent. If any such modification, addition or reduction causes an increase or decrease in the cost of, or the time required for, performance of any service required by this FAA, the Treasury and the Financial Agent will negotiate an equitable adjustment in the price of the service or other terms of performance.

D. The Treasury may periodically issue instructions through bulletins, letters, or other communications, consistent with this FAA, which will further describe or clarify the scope of the duties and services of the Financial Agent under this FAA. To the extent that any such instructions are inconsistent with the terms of this FAA, or would constitute a material change in the terms or scope of services under this FAA, the terms of this FAA shall govern unless otherwise specified by the Treasury.

E. The Financial Agent shall keep the Treasury informed of changes in technology and business methods that might allow the Financial Agent to perform its services under this FAA in a more efficient or cost effective manner.

4. Compensation

A. The Treasury shall compensate the Financial Agent for services in accordance with Exhibit B, as amended from time to time.

B. The Treasury does not guarantee any set quantity of assignments or transactions, minimum volume of assets or business, or level of compensation to the Financial Agent and shall not adjust compensation on the basis that volumes or quantities did not meet the Financial Agent's expectations.

C. The Financial Agent shall maintain complete and accurate records of and supporting documentation for the amounts billable to the Treasury, and payments made by the Treasury. Such records and documentation shall be produced and maintained separately from any similar records related to other financial agency agreements between the Financial Agent and the Treasury. The Financial Agent shall follow generally accepted accounting principles when recording or reporting any such administrative accounting of the services provided under this FAA. The Financial Agent agrees to provide the Treasury with documentation and other

information with respect to any amounts billed to the Treasury as may be reasonably requested by the Treasury.

D. The Treasury may deduct from any amount to be paid to the Financial Agent any amount that the Financial Agent is obligated to reimburse or pay to the Treasury.

E. Except as set forth in Exhibit B, the Financial Agent shall perform all of the services and obligations required to be performed, pursuant to this FAA, at its sole expense.

5. Financial Agent's fiduciary duty

The Financial Agent acknowledges and agrees that it owes a fiduciary duty of loyalty and fair dealing to the United States when acting as a financial agent of the United States. The Financial Agent agrees to act at all times in the best interests of the United States when carrying out its responsibilities under this FAA and in all matters connected with this agency relationship. The Financial Agent acknowledges and agrees that its fiduciary duties under this FAA include, but are not limited to, the following:

- to perform its obligations with care, competence, and diligence;
- to construe the terms of this FAA and any related instructions from the Treasury in a reasonable manner to serve the purposes and interests of the United States;
- to use any Sensitive Information (as defined in Section 6B) the United States received or developed in connection with this FAA solely for the purposes of fulfilling its duties to the Treasury and not for its own commercial purposes or for those of a third party;
- to comply with all conflict of interest, non-disclosure, and information barrier obligations and restrictions, and all conflict of interest mitigation measures, fully and in good faith, as set forth in this FAA; and
- to act only within the scope of its actual authority and to comply with all lawful instructions or directions received from the Treasury.

6. Nonpublic and Sensitive Information

A. The Financial Agent shall take appropriate measures to ensure the confidentiality of Nonpublic Information and to prevent its inappropriate use, and shall document these measures in sufficient detail to demonstrate compliance. Nonpublic Information is defined as any information that the Treasury provides to the Financial Agent pursuant to this FAA, or that the Financial Agent obtains or develops pursuant to this FAA, until the Treasury determines the information is otherwise and informs the Financial Agent of such determination in writing, or until the information becomes part of the body of public information from a source other than the Financial Agent. Nonpublic Information includes, but is not limited to, information about the Treasury, business, economic, and policy plans, prospective transactions, financial and asset information, trade secrets, information subject to the Privacy Act, personally identifiable

information (PII), and Sensitive Information. This definition includes trade secret or other information protected by the Trade Secrets Act and may include other information designated by the Treasury or as defined by other Federal Government sources not mentioned above.

B. Sensitive Information is defined as any information received in connection with the FAA for which the loss, misuse, unauthorized access to, or modification of such information could adversely affect the national interest or the conduct of Federal programs, or the privacy of individuals that they are entitled to under the Privacy Act.

C. PII means any information received in connection with the FAA about an individual, including, but not limited to, education, financial transactions, medical history, and criminal or employment history and information, which can be used to distinguish or trace an individual's identity, such as their name, social security number, date and place of birth, mother's maiden name, biometric records, etc., including any other personal information which is linked or linkable to an individual. This definition includes information for which the loss, misuse, modification of, or unauthorized access to such information could adversely affect the privacy that individuals are entitled to under the Privacy Act.

D. The Financial Agent shall use Nonpublic Information, as defined herein, solely for the purposes of fulfilling its duties under this FAA and not for its own commercial purposes or for those of a third party. The Financial Agent may disclose such Nonpublic Information only to those employees of the Treasury or the Financial Agent or its affiliates or contractors, who have a legitimate need to know the information to assist in the proper performance of services required by this FAA, consistent with the conflict of interest mitigation and information barrier measures identified in Exhibit F. The Financial Agent shall require any affiliate or contractor that provides services under this FAA to agree in writing to confidentiality obligations substantially the same as those in this FAA.

E. The measures required by this Section to protect Nonpublic Information shall include, but are not limited to, (i) security measures to prevent unauthorized access to facilities and storage containers where Nonpublic Information is stored, (ii) security measures to detect and prevent unauthorized access to computer equipment and data storage devices that store or transmit Nonpublic Information, in accordance with Section 9, (iii) training to ensure that persons receiving Nonpublic Information know their obligations to maintain its confidentiality and to use it solely for purposes contemplated by this FAA, and (iv) programs designed to ensure compliance with Federal securities laws, including laws relating to insider trading.

F. The Treasury may periodically issue other policy statements or guidance to clarify the Financial Agent's obligations regarding Nonpublic Information. If the Financial Agent has any questions on the designation or proper handling of Nonpublic Information, it shall immediately seek clarification from the Treasury whose decision shall be binding upon the Financial Agent.

G. The Financial Agent's agreement with respect to Nonpublic Information is a continuing one that shall survive the termination or expiration of this FAA. However, the Financial Agent shall not be required to protect Nonpublic Information that is lawfully disclosed independent of the Financial Agent and is in the public domain.

H. The Financial Agent shall strictly enforce the terms of confidentiality agreements it has with its employees, affiliates, and contractors that provide services under this FAA. In addition, the Financial Agent shall ensure that each employee of the Financial Agent and all affiliate and contractor personnel to whom Nonpublic Information is or may be disclosed review and sign a Non-Disclosure Agreement containing substantially the provisions and obligations in Exhibit E.

I. Notwithstanding the requirements of this Section, the Financial Agent may disclose Nonpublic Information if required pursuant to a lawful court order or valid subpoena, or if required by a federal regulatory or supervisory authority, or if required by a body duly charged with oversight of relevant programs, including but not limited to the Government Accountability Office, the Special Inspector General for Pandemic Recovery, the Treasury Office of the Inspector General, and the Congressional Oversight Commission, after giving prior notice to the Treasury to the extent legally permissible and, if not then legally permissible, as soon as it becomes legally permissible to do so.

7. Breaches of Nonpublic Information

A. The Financial Agent shall immediately notify the Treasury of any discovered or suspected breaches of Nonpublic Information that may occur while handling Treasury data, whether paper or electronic, including unauthorized access, use, disclosure, or loss of Nonpublic Information. Such immediate notification should occur whether before or after regular business hours or on a weekend or holiday and should not be delayed as the Financial Agent researches or confirms the particular details on an incident or suspected incident.

B. In response to a reported breach of Nonpublic Information, the Treasury may request the Financial Agent conduct an investigation and report detailed findings as to the cause and impact of the breach as well as the remediation taken. As determined by the Treasury after reviewing any investigation conducted by the Financial Agent, the Financial Agent may be liable and may be required to reimburse the Federal Government or any affected individual for any costs, expenses, or damages which result from the fraud, theft, willful misuse or negligence of the Financial Agent or its employees, affiliates, or contractors with respect to the handling and maintenance of Nonpublic Information.

C. The Financial Agent must ensure that all of its employees and affiliate and contractor personnel covered by this Section receive the proper education and guidance.

8. Privacy Act

The Treasury may determine that, in connection with the services provided under this FAA, the Financial Agent has obtained or developed a system of records as defined under the Privacy Act of 1974, 5 U.S.C. § 552a. For purposes of the Privacy Act, when a Government agency delegates the development, operation, or maintenance of a system of records on individuals to accomplish an agency function, the person that operates the system is bound by the Privacy Act as if such person were an employee of the agency. Violations of the Privacy Act may involve the imposition of criminal penalties. If the Treasury makes such a determination, it shall so

notify the Financial Agent. After receiving such notice, the Financial Agent shall promptly provide training to all of its officers, employees, affiliates, and contractors with access to such system of records on the duties and responsibilities imposed on them by the Privacy Act and by applicable regulations and guidance, including the potential penalties for wrongful disclosure.

9. Information technology security

A. The Financial Agent shall develop, maintain, enforce, and at least annually review for effectiveness, information technology security measures designed to ensure the (i) availability, (ii) access controls, and (iii) integrity of any systems, databases, or data stores containing or processing Nonpublic Information.

B. The availability measures shall be designed to ensure such systems, databases, or data stores are available for operation and use to support the services required under this FAA. The access control measures shall be designed to ensure such systems, databases, or data stores are protected against unauthorized access and use. The integrity measures shall be designed to ensure that systems processes and storage and retrieval of Nonpublic Information in databases or data stores are complete, accurate, and protected against unauthorized modification.

C. Within ninety days of the Effective Date of this FAA, and on June 1 of each year thereafter that this FAA is in effect, the Financial Agent shall submit to the Treasury for review and approval the specific information technology security measures set out in the Information Technology Security Certification, attached hereto as Exhibit H.

10. Personnel security

A. The Treasury will rely on the Financial Agent's personnel security screening standards. The Financial Agent shall ensure that all employees and affiliate or contractor personnel who have access to Nonpublic Information in connection with this FAA have appropriate personnel security background checks.

B. Upon request, the Financial Agent shall provide the Treasury with a listing of all such background investigative requirements (e.g., FBI fingerprint check, police check, credit check, verification of lawful permanent resident status, etc.). The Treasury may request additional personnel security checks.

C. Consistent with Section 3B, all Financial Agent employees and contractor personnel who have access to Nonpublic Information must be United States citizens performing their work in the United States, unless specifically authorized by the Treasury in writing.

11. Conflict of interest mitigation and information barriers

A. Consistent with Exhibit F, the Financial Agent and its affiliates and contractors that provide services under this FAA shall adequately segregate personnel or employ suitably robust internal controls designed to ensure that the Financial Agent's personnel and those of its affiliates and contractors performing services under this FAA do not divulge Nonpublic Information regarding

the Treasury's programs and portfolios to other personnel involved with the Financial Agent's or its affiliate's or contractor's activities, including but not limited to trading, brokerage, sales, or asset management activities, that may conflict with its duties owed to the Treasury. No Nonpublic Information related to the management of the Treasury's programs or portfolios shall be revealed to such other personnel, except as required by law, or as required for internal senior management or legal purposes consistent with the Financial Agent's duties owed to the Treasury.

B. As part of its obligation to comply with the conflicts of interest requirements of this FAA, the Financial Agent shall implement the conflicts of interest mitigation and information barrier measures set forth in Exhibit F throughout the term of this FAA and during any Cooling Off Period (as may be defined in Exhibit F of this FAA) for provisions in Exhibit F expressly subject to the Cooling Off Period.

12. Employee codes of conduct and ethics

The Financial Agent must establish policies and procedures reasonably designed to assist all individuals performing services under this FAA to comply with applicable laws and regulations, and to comply with requirements for the disclosure and the avoidance, mitigation, or neutralization of any actual or potential personal conflicts of interest, consistent with the provisions of Exhibit F. The Financial Agent must have in place policies and procedures establishing a Code of Conduct and a Code of Ethics.

13. Representations and warranties

The Financial Agent represents and warrants to the Treasury the following, the truth and accuracy of which are a continuing obligation of the Financial Agent:

- A. The Financial Agent is an institution established and regulated under the laws of the United States or any state, territory, or possession of the United States and having significant operations in the United States.
- B. The Financial Agent has full corporate power and authority to enter into, execute, and deliver this FAA and to perform its obligations hereunder.
- C. The Financial Agent has obtained or made all governmental approvals or registrations required under law to authorize performance of its obligations under this FAA. The Financial Agent is not aware of any legal or financial impediments to performing its obligations under this FAA that it has not disclosed in writing to the Treasury.
- D. The Financial Agent is not delinquent on any Federal tax obligation or any other debt owed to the United States or collected by the United States for the benefit of others.
- E. The Financial Agent is not on any Federal excluded parties, debarment, or suspension lists.
- F. The Financial Agent is not subject to any pending or current legal, regulatory, or enforcement actions that could impair the Financial Agent's ability to provide any services under this

FAA, or that could in any way pose a reputational risk to the Treasury or the Financial Agent.

- G. The Financial Agent has or shall promptly obtain all required licenses, bonding, facilities, equipment, and trained personnel to perform its obligations under this FAA.
- H. The Financial Agent owns or is licensed to use software programs and data processing hardware that are necessary for it to perform its obligations under this FAA, and to the best of its knowledge such software programs and data processing hardware do not infringe upon or constitute an infringement on or misappropriation of any valid United States patent, copyright, trademark, trade secret or other proprietary rights of any third party.
- I. The Financial Agent agrees to comply with conflicts of interest provisions that may be imposed by this FAA. In addition, the Financial Agent covenants to disclose all actual or potential organizational conflicts of interest, including conflicts with the interests of any corporate parents, affiliates, and subsidiaries, and of any contractors providing services under this FAA, and to avoid, mitigate, or neutralize to the extent feasible and to the Treasury's satisfaction any personal or organizational conflicts of interest that may be identified by the Treasury or the Financial Agent, consistent with the conflicts mitigation measures set forth in Exhibit F.
- J. If doing other business with the Treasury or another Federal agency, the Financial Agent is not in any kind of probationary status, and is addressing and resolving any identified deficiencies in performance.
- K. The Financial Agent covenants to disclose to the Special Inspector General for Pandemic Recovery or Treasury Office of the Inspector General, as applicable, any credible evidence in connection with the designation, services, or closeout of this FAA, that a management official, employee, affiliate, or contractor of the Financial Agent has committed (a) a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in Title 18 of the United States Code, or (b) a violation of the civil False Claims Act (31 U.S.C. §§ 3729-3733). Prior to the appointment of a Special Inspector General for Pandemic Recovery, the Financial Agent covenants to make the disclosures specified in this paragraph to the Treasury Office of the Inspector General.
- L. The Financial Agent covenants to disclose any other facts or information that the Treasury should reasonably expect to know about the Financial Agent and its affiliates and contractors to help protect the reputational interests of the Treasury and the Financial Agent.

The Financial Agent shall sign an annual certification and deliver it to the Treasury on June 1 of each year this FAA is in effect, in the form set forth in Exhibit D. Furthermore, the Financial Agent shall immediately notify the Treasury if any representation or warranty made by the Financial Agent herein is or becomes materially false, incorrect, or incomplete, as set forth in Section 19 (Notice to the Treasury).

14. Use of affiliates and contractors

A. In accordance with Section 3B, the Treasury authorizes the Financial Agent to use its corporate affiliates, including but not limited to The Bank of New York Mellon Trust Company, N.A., BNY Mellon, N.A., BNY Mellon Trust of Delaware, Colson Services Corp., BNY Trust Company of Canada, BNY Mellon Technology Private Limited, Eagle Investment Systems LLC, and BNY Mellon International Operations (India) Private Ltd, and Pershing, LLC (the Named Affiliates) to perform services under this FAA provided that the Financial Agent shall be fully accountable for any acts or omissions of an affiliate, as if such acts or omissions were its own, provided that such use is in accordance with Section 3B. The Financial Agent shall use only its own employees and employees of corporate affiliates to perform services under this FAA, unless the Financial Agent obtains the prior written consent of the Treasury to use contractors to perform such services. The Treasury may approve or reject any contractor in its sole discretion. The Treasury shall have the right to impose requirements for any such contractor including, without limitation, requirements relating to the location of the contractor's offices, the citizenship of the contractor's employees, and the contractor's physical and data security systems.

B. The Financial Agent must execute any agreement with a contractor in its own name and not on behalf of the United States or the Treasury, and any such contractor does not become a subcontractor, agent, or subagent of the Treasury. The Treasury shall not be deemed a party to any arrangement or agreement the Financial Agent may enter into with another entity to perform any services under this FAA. The Treasury will not be liable for any payment to any entity other than the Financial Agent.

C. The Financial Agent is responsible for the supervision and management of any affiliate or contractor that assists in the performance of services under this FAA. The Financial Agent shall remove and replace any affiliate or contractor that fails to perform. The Financial Agent shall ensure that all of its affiliates and contractors comply with the terms and provisions of this FAA. The Financial Agent shall be responsible for the acts or omissions of its affiliates and contractors as if the acts or omissions were by the Financial Agent.

15. Reviews and audits

The Treasury, the Special Inspector General for Pandemic Recovery, the Treasury Office of the Inspector General, the Government Accountability Office, the Congressional Oversight Commission, and other entities as authorized by the Treasury shall have the right during normal business hours to conduct announced and unannounced onsite and offsite physical, personnel and information technology testing, security reviews, and audits of the Financial Agent, and to examine all books and records related to the services provided and compensation received under this FAA. The Financial Agent shall be responsible for implementing corrective actions associated with such testing, reviews, or audits as directed by the Treasury.

16. Internal control program

A. The Financial Agent shall develop, enforce, and at least annually review for effectiveness, an

internal control program designed to ensure effective delivery of the services under this FAA as set forth in Exhibit A. The internal control program must include documentation of the control objectives for major activities, the associated control techniques, and mechanisms for testing and validating the controls.

B. In conjunction with the internal control program, the Financial Agent shall provide the Treasury with an annual service auditor's report based on standards issued by the Auditing Standards Board of the American Institute of Certified Public Accountants ("AICPA") or, at the sole discretion of the Treasury, the results of alternative auditing procedures covering the services provided by the Financial Agent to the Treasury.

17. Intellectual property rights

A. For purposes of this Section, the following definitions apply:

"Business Methods" means any ideas, concepts, designs, practices, and business methods created by the Financial Agent or its affiliates or contractors, jointly or independently, at any time, expressly for the purpose of providing the services under this FAA.

"Data" means any recorded information, regardless of form or the media on which it may be recorded, regarding any of the services described in this FAA.

"Federal Government" means any Federal Government department, agency, bureau, corporation or instrumentality, or any Federal Reserve Bank.

"Unlimited Rights" means perpetual rights to, without limitation, use, copy, maintain, modify, enhance, disclose, reproduce, prepare derivative works, and distribute, in any manner and for any purpose and to permit others to do so.

B. For use within the Federal Government, the Treasury shall have exclusive Unlimited Rights to Business Methods and may use them for any purpose within the Federal Government's authority. For use outside the Federal government, the Treasury shall have non-exclusive Unlimited Rights to the Business Methods and may use them for any purpose within the Treasury's authority.

C. Except as otherwise provided herein or prohibited by law, the Treasury shall have non-exclusive Unlimited Rights to all data produced or developed, or obtained without third party restriction, by the Financial Agent or its affiliates or contractors for the purpose of providing services under this FAA. If requested, such data shall be made available to the Treasury in industry standard useable format.

D. In accordance with 28 U.S.C. § 1498, the Treasury hereby authorizes and consents to all use, manufacture, and production of any invention, product or work described in and covered by a United States patent or copyright by the Financial Agent or any affiliate or contractor of the Financial Agent in the performance of this FAA.

18. Liability of Financial Agent

A. If any act or omission by the Financial Agent or an affiliate or contractor of the Financial Agent results in a delay in processing or transferring funds to the Treasury, or in delivering transaction information that prevents the Treasury from making use of funds, the Financial Agent is liable and shall reimburse the Treasury for the time value amount of such loss. The Treasury may reconsider any liability claim against the Financial Agent if the Treasury, in its sole discretion, determines that any delay arose out of causes beyond the control and without the fault or negligence of the Financial Agent.

B. Except as otherwise provided in this Section, the Financial Agent will not be liable to the Treasury for (i) any action taken or omitted in what the Financial Agent believes in good faith to be the proper performance of its duties; (ii) acts or omissions of a broker, a clearing agency which acts as securities depository, or an entity providing a book-entry system for the central handling of securities; (iii) errors by the Treasury in data or instructions provided to the Financial Agent; (iv) any action taken or omitted by its reliance on the receipt of electronic transmissions with the proper security codes or passwords that the Financial Agent reasonably believes to be from the Treasury; (v) any property received by the Treasury and not delivered to the Financial Agent; (vi) any untimely exercise of any tender, exchange or other right or power in connection with securities or other Treasury property held by it, unless (a) it is in actual or effective possession of such securities or property and (b) it receives proper instructions with regard to the exercise of any such right or power, and both (a) and (b) occur at least three business days prior to Financial Agent's deadline date to exercise such right or power; (vii) the title, validity or genuineness, including good deliverable form, of any property or evidence of title thereto received by it or delivered by it pursuant to this FAA; (viii) events beyond the control of the Financial Agent and which cannot be avoided or mitigated by the exercise of expected diligence, care, and contingency planning; and (ix) asset or securities valuations provided by pricing services or contractors, or through software products, with the Treasury hereby acknowledging that such valuations are not verified by the Financial Agent and may be based on calculated amounts rather than actual market transactions and the variance between such calculated amounts and actual market values may or may not be material.

C. The Financial Agent is liable and shall reimburse the Treasury for any monetary loss or costs which result from the fraud, theft, embezzlement, willful misconduct, bad faith, or negligence of the Financial Agent or its affiliates or contractors, or from the Financial Agent's or its affiliate's or contractor's breach of a fiduciary duty.

D. The Financial Agent may be liable for costs, expenses, or damages associated with a breach of Nonpublic Information, as set forth in Section 7.

E. If the Treasury reasonably believes that the Financial Agent is in breach of this FAA, an investigation of the Financial Agent's actions by the Treasury or another entity may be required. If ultimately found to be in breach, the Financial Agent shall be liable for the reasonable costs and expenses of any such investigation to the extent that such costs and expenses are reasonably documented.

19. Notice to the Treasury

The Financial Agent shall promptly notify the Treasury if (i) the Financial Agent becomes aware of any loss, damage, investigation, action, proceeding, or claim related to its performance under this FAA that may have a material adverse effect on the Treasury or the United States or that may damage the public's trust in the operations of the Treasury; (ii) the Financial Agent breaches any material obligation or condition of this FAA; (iii) the Financial Agent is in default under this FAA; or (iv) any representation or warranty made by the Financial Agent herein ceases to be true.

20. Defaults

The following, as solely determined by the Treasury, constitute events of default by the Financial Agent under this FAA:

- A. The Financial Agent fails to perform or comply with any covenant or any of its material obligations under this FAA.
- B. The Financial Agent or any of its employees, affiliates, or contractors commits a negligent, willful, or reckless act in connection with services or activities under this FAA.
- C. The Financial Agent breaches a fiduciary duty to the United States with respect to its responsibilities under this FAA.
- D. Any representation or warranty made herein by the Financial Agent is or becomes materially false, incorrect, or incomplete.
- E. The Financial Agent is or becomes delinquent on any Federal tax obligation or any other debt owed to the United States Government or collected by the United States for the benefit of others.
- F. The Financial Agent becomes insolvent or a receiver, liquidator, trustee, conservator, or other custodian is appointed for the Financial Agent.
- G. The Financial Agent is in default under any other agreement between the Financial Agent and the Treasury or any bureau of the Treasury.
- H. The Financial Agent fails to provide the required notice to the Treasury under Section 19.

21. Remedies for default

The Treasury may take any, all, or none of the following actions in the event of a default by the Financial Agent under this FAA:

- A. The Treasury may terminate this FAA and cease its performance hereunder effective immediately or following a transition period as described in Section 2C. If this FAA is terminated, the designation and authorization of the Financial Agent for purposes of providing

the services under this FAA are automatically revoked.

B. The Treasury may reduce the scope of services under this FAA and cease a portion of its performance hereunder. If the scope of this FAA is reduced, the authorization of the Financial Agent for purposes of providing the discontinued services under this FAA is automatically revoked.

C. The Treasury may revoke the Financial Agent's designation as a financial agent for the United States, encompassing this FAA and any other financial agency agreements with the Treasury, which shall be deemed terminated as of the effective date of such revocation.

D. The Treasury may declare any other agreement between the Financial Agent and the Treasury to be in default.

E. The Treasury in its sole discretion may put the Financial Agent on probation for failing to perform satisfactorily a service (or services) delineated in this FAA. Probation means that the Treasury will withhold some or all of the Financial Agent's compensation until in the Treasury's determination the Financial Agent has cured the non-performance issues. The Treasury reserves the right to consider other measures in addition to withholding the compensation if the Financial Agent is put on probation, including but not limited to, preclusion from additional work under the existing agreement and ineligibility to be designated for other work under a new agreement. The payment of compensation may also be adjusted consistent with Section 18 (Liability of Financial Agent).

F. The Treasury may consider information or history regarding any default hereunder when making any decisions regarding future use of the Financial Agent for performance of financial agent services.

G. The Treasury may take any other action available at law or in equity.

22. Actions in the interest of the United States

Notwithstanding any other provision of this FAA, when the Treasury in its sole discretion determines that such actions are necessary to protect the interests of the United States Government, the Treasury may reduce the authorized scope of work under this FAA, terminate this FAA, or revoke the Financial Agent's status as a financial agent of the United States even in the absence of an event of default by the Financial Agent under this FAA.

23. Disputes

The Treasury and the Financial Agent agree that it is in their mutual interest to resolve disputes by agreement. If a dispute arises under this FAA, the parties will make all reasonable efforts to resolve the dispute by mutual agreement. If a dispute cannot be resolved informally by mutual agreement at the lowest possible level, the dispute shall be referred up the respective chain of command of each party in an attempt to resolve the matter. This referral will be done in an expeditious manner. The Financial Agent shall continue diligent performance of the services

required by this FAA pending resolution of any dispute. The Treasury and the Financial Agent reserve the right to pursue other legal or equitable rights they may have concerning any dispute. CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT

The Financial Agency Agreement (“FAA”) with an effective date of April 14, 2020, and most recently amended as of July 8, 2020, by and between the U.S. Department of the Treasury (“Treasury”), and The Bank of New York Mellon (“Financial Agent”), is further amended as follows effective September 21, 2020.

Pursuant to Exhibit B, Section 1. D. of the FAA, the Treasury and the Financial Agent have jointly evaluated the costs and resources required for other infrastructure services in support of programs and activities established pursuant to Division A, Title IV, Subtitle A, Section 4003 of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act, and are hereby amending Exhibit A, Section 12, by adding the following to the end thereof:

G. Roles and Responsibilities for Secured Loans Issued under Section 4003 of the CARES Act

i. Financial Agent as Administrative Agent and Collateral Agent. The Financial Agent shall provide infrastructure services, as described herein, as Administrative Agent and Collateral Agent (collectively, “Agents”) of Treasury for loans made to passenger air carriers and eligible businesses, cargo air carriers, and national security businesses pursuant to Section 4003 of the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act under separate Loan and Guarantee Agreements and other loan and security documents (together the “Loan Documents”) entered into by and between Treasury, the Financial Agent, and the Borrowers (the entry into each separate set of Loan Documents, a “Loan Transaction”). The Agents shall take such actions on Treasury’s behalf and exercise such powers as are delegated to each Agent by the Loan Documents, together with such actions and powers as are reasonably incidental thereto, in accordance with the terms and conditions of the FAA and its exhibits. Capitalized terms not defined in the FAA or its exhibits shall have the meanings ascribed to them in the relevant Loan Document.

ii. Collateral Agent. The Collateral Agent shall (i) acquire, hold and enforce any and all Liens on Collateral granted by any of the Credit Parties to secure any of the Obligations; and (ii) execute any and all documents (including releases) with respect to the Collateral and

In connection with an assignment of Loans by Treasury, the Financial Agent as Treasury's Administrative Agent and Collateral Agent shall be discharged from its obligations under the FAA with respect to such assigned Loans.

iv. Non-Reliance on Agents. Treasury has, independently and without reliance upon either Agent, made its own credit analysis and decision to enter into the Loan and Guarantee Agreements. Treasury will, independently and without reliance upon either Agent, continue to make its own decisions in taking or not taking action under or based upon the Loan and Guarantee Agreements, or any related agreement or any document furnished thereunder.

v. Additional Provisions. Neither Agent shall have any duties or obligations except those expressly set forth in the FAA and its exhibits and the Loan Documents. Without limiting the generality of the foregoing:

(a) Neither Agent shall have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated by the FAA and its exhibits and by the Loan Documents that the Agents are required to exercise as directed in writing by Treasury.

EXHIBIT F

CONFLICTS OF INTEREST MITIGATION

The following explains certain conflicts of interest mitigation controls the Financial Agent shall implement under the Financial Agency Agreement (“FAA”) for itself, its corporate affiliates named in Section 14 of the FAA (“Named Affiliates”), and contractors (excluding third-party external auditors and accountants) approved in writing by the Treasury (“Contractors”). The conflicts of interest mitigation controls are based on the Financial Agent’s role under the FAA, including the services set forth in Exhibit A of the FAA. To the extent the FAA, including Exhibit A, is amended, this Exhibit F shall be reviewed to ensure that it appropriately identifies and mitigates conflicts of interest. For the purpose of this Exhibit F, a recipient of a loan or a payroll assistance payment under Sections 4003 and 4112 of the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) or a recipient of capital investment under the Emergency Capital Investment Program (“ECIP”) pursuant to Section 104A of the Community Development Banking and Financial Institutions Act (“CDBFI Act”) for which securities and other financial instruments are delivered to the Financial Agent by the Treasury shall be considered an “Assigned Entity.”

Conflicts of Interest

The following have been identified as potential conflicts of interest associated with the Financial Agent providing services under the FAA to the Treasury in support of programs under the CARES Act and ECIP:

1. The Financial Agent may provide advice or other business services to institutional clients that own securities or other financial instruments issued by an Assigned Entity. In addition, the Financial Agent may maintain direct or indirect proprietary interests in securities or obligations issued by an Assigned Entity. Because the Financial Agent may have knowledge of material Nonpublic Information regarding the Treasury’s planning, long-term strategy, trading objectives, and portfolio holdings for an Assigned Entity, there exists a potential conflict of interest between the Financial Agent’s duty to the Treasury and its duty to its other clients.
2. Individuals employed by or associated with the Financial Agent may own, on behalf of their personal accounts, securities issued by, or another financial interest in, an Assigned Entity. Because these individuals may have knowledge of the Treasury’s plans and access to material Nonpublic Information regarding the terms and conditions for loans or payroll assistance payments, capital investments, and any associated financial instruments for an Assigned Entity, there exists a potential conflict of interest between their duty to represent the interests of the Treasury and their desire to represent their own interests that could impair the individuals’ objectivity.

Conflicts of Interest Mitigation

The Financial Agent owes a fiduciary duty to the United States as set forth in Section 5 of the FAA. The Financial Agent shall maintain and enforce corporate-wide policies and procedures addressing potential conflicts of interest regarding its work under the FAA, which for the purpose of this Exhibit F are collectively referred to as “Conflicts of Interest Mitigation Controls.” The Conflicts of Interest Mitigation Controls shall apply to the Financial Agent and

its Named Affiliates, and also to Contractors unless a separate conflicts of interest mitigation plan has been submitted by the Financial Agent and agreed to by the Treasury, (hereafter, collectively, “Financial Agent”). To address the conflicts of interest identified above, the Financial Agent agrees to implement the following Conflicts of Interest Mitigation Controls.

Conflict of Interest #1: An Assigned Entity is a Client of the Financial Agent

To address concerns that the Financial Agent could improperly use material Nonpublic Information to unduly favor itself, its affiliates, or its clients, the Financial Agent agrees, in addition to complying with all other applicable laws and regulations, to maintain procedures that ensure that the Financial Agent does not improperly use any knowledge of material Nonpublic Information obtained or developed pursuant to the FAA for the advantage of itself or of other clients. The Financial Agent agrees to implement information barriers sufficient to prevent the misuse or unauthorized dissemination of material Nonpublic Information. The components of such information barriers are set forth in the following section, titled “Additional Conflicts of Interest Mitigation Controls.”

Conflict of Interest #2: Personal Conflicts of Interest

To address concerns about the objectivity of individuals performing services for the Treasury who may own, on behalf of personal accounts, securities issued by an Assigned Entity, the Financial Agent agrees that all personnel responsible for providing services under the FAA shall be subject to the Financial Agent’s code(s) of conduct, personal securities trading policy(ies), (collectively, “Code of Conduct”). Requirements for such Code of Conduct are set forth in the following section, titled “Additional Conflicts of Interest Mitigation Controls.”

Additional Conflicts of Interest Mitigation Controls

Restrictions Regarding Material Nonpublic Information. While providing services under the FAA, some individuals within the Financial Agent may have access to material Nonpublic Information, such as knowledge of the Treasury’s plans regarding the terms and conditions for loans or payroll assistance payments, capital investments, any associated financial instruments, and any trades or trading strategies (effected or proposed to be effected). Information is “material” if there is a substantial likelihood that a reasonable investor would consider it important in deciding whether to buy, sell, or hold securities/financial instruments; and a substantial likelihood it would have been viewed by a reasonable investor as having significantly altered the “total mix” of information available (*e.g.*, if the disclosure of the information would positively or negatively affect the market price of a security or obligation). Individuals in possession of material Nonpublic Information obtained or developed pursuant to the FAA shall not act, or cause others to act, on such information, except in performance of the FAA.

Identification and Control of Restricted Persons. When an individual is in possession of material Nonpublic Information obtained or developed pursuant to the FAA, the individual shall be considered a “Restricted Person” hereunder. The Financial Agent’s compliance office shall maintain a list of all Restricted Persons, including each individual’s name, title, business group, date they became Restricted Persons, and date of removal from the Restricted Person list. While in possession of material Nonpublic Information, Restricted Persons shall be considered behind

the “ethical wall,” and are subject to the transaction restrictions specified below.

Use of Securities Watch List. When an individual associated with the Financial Agent is in possession of material Nonpublic Information obtained or developed pursuant to the FAA regarding a publicly-traded Assigned Entity, the securities of the Assigned Entity shall be placed on the Financial Agent’s “Securities Watch List” and be subject to enhanced compliance review as specified in the Financial Agent’s personal securities trading policy. Key individuals and Restricted Persons in possession of the material Nonpublic Information shall be prohibited from transacting in such securities, except in performance of the FAA. The Financial Agent’s compliance office shall employ regular monitoring to determine compliance with the Financial Agent’s insider trading policy. In the event the compliance office identifies non-compliant transactions it will take appropriate corrective action. A Key Individual is an individual who participates personally and substantially, through, for example, decision, approval, disapproval, recommendation, or the rendering of advice, in the negotiation or performance of, or monitoring for compliance under, the FAA. The term “personally and substantially” shall have the same meaning and interpretation ascribed to it in 5 C.F.R. § 2635.402(b)(4).

Use of Restricted Securities List. When the Financial Agent, in the course of performing services under the FAA, obtains or develops material Nonpublic Information related to the Treasury in the securities of the Assigned Entities (entities that have issued or the Financial Agent has knowledge will issue equity securities, debt obligations or warrants under the Treasury programs, where such securities, obligations or warrants are still outstanding), the securities shall be placed on the Financial Agent’s Treasury Restricted List. When such securities are on the Treasury Restricted List, the Financial Agent’s Legal and Compliance Departments shall pre-clear proposed proprietary transactions, unless such transactions are non-discretionary customer-driven transactions. The Financial Agent’s Legal and Compliance Departments shall consider the likelihood of any potential or suspected breaches of the Financial Agent’s information barriers with respect to any material Nonpublic Information in deciding whether to allow the proposed trade to be executed

Personal Trading Restrictions. During the term of the FAA, transacting in the securities of an Assigned Entity is prohibited for Key Individuals and their “Related Persons,” as defined in this section, unless an investment is exempt from prior notification under the Financial Agent’s existing policies. Related Persons include the employee’s immediate family¹ by blood, marriage, adoption or otherwise, who share the same household. Related parties also include partnership interests where the employee is a general partner and has influence over investment decisions, trusts where the employee exercises investment control and has a pecuniary interest, and corporations in which the employee is a controlling shareholder. The Financial Agent’s compliance office shall ensure that all reasonable steps to prohibit such investment activities are taken, including by enforcement of the Financial Agent’s Code of Conduct.

Information Barrier Policies. Nonpublic Information related to the services under the FAA shall be shared only on a need-to-know basis. The Financial Agent shall maintain information barrier policies and controls that are designed to restrict the dissemination, availability, and sharing of

¹ “Immediate family” includes employee’s spouse, domestic partner, children (including stepchildren, foster children, sons-in-law and daughters-in-law), grandchildren, parents (including step-parents, mothers-in-law and fathers-in-law), grandparents, and siblings (including brothers-in-law, sisters-in-law and stepbrothers and stepsisters).

Nonpublic Information, including but not limited to material Nonpublic Information. Consistent with Section 11 of the FAA, “Conflicts of Interest Mitigation and Information Barriers,” the Financial Agent shall enforce, maintain, and monitor existing information barrier policies within the firm and with its affiliates to prevent the dissemination, availability and sharing of Nonpublic Information, including but not limited to material Nonpublic Information.

Controls over IT and Paper Files Related to Nonpublic Information. The Financial Agent’s management, performance, and accounting systems shall restrict Nonpublic Information access only to those individuals who have a need to know such information. Paper files that include Nonpublic Information will also be appropriately segregated and controlled so as to avoid inappropriate access by unauthorized individuals. Any information technology systems, record systems, and storage systems and devices used by the Financial Agent in the performance of services under the FAA that may contain Nonpublic Information shall have appropriate administrative, technological, and/or physical security controls to help ensure that access to such information is limited to those individuals who have a need to know such information.

Separation of Custodial and Infrastructure Services from Asset Management Functions. The Financial Agent shall enforce an ethical wall between its infrastructure services units and its asset management units. The ethical wall shall consist of the following physical, policy, and procedural controls:

- Separate systems – Infrastructure services units shall maintain access controls to information technology systems used by the Financial Agent’s asset management division in order to safeguard material Nonpublic Information of the Treasury.
- Code of Conduct – Financial Agent employees shall sign an annual certification which mandates the non-disclosure of customer information.
- Physical Separation - Business units including persons assigned to service the CARES or ECIP programs must be adequately segregated from business units involved in activities that might conflict with those duties owed to the Treasury (*i.e.*, such as asset management or corporate treasury functions) in accordance with the BNY Mellon’s existing information barriers, including no sharing of filing space. Individuals who are performing services under this FAA shall adhere to the Financial Agent’s clear desk standard, as required.

Code of Conduct. The Financial Agent shall maintain a Code of Conduct that sets out principles designed to guide employees in the course of their business activities. All employees of the Financial Agent shall be required to annually acknowledge that they are familiar with and abide by the Code of Conduct. At a minimum, the Code of Conduct must provide for the following:

- The Code of Conduct must require all employees to hold as strictly confidential client information, to include all Nonpublic Information obtained or developed pursuant to this FAA, and to know and comply with all company policies, procedures, laws, and regulations that are applicable to their job duties.
- The Code of Conduct must establish rules requiring a Key Individual to disclose any material assets held for investment by the Key Individual.

- Unless an investment is exempt from prior notification under the Financial Agent's existing policies, the Code of Conduct must require that any investments by such Key Individuals must be pre-cleared by the Financial Agent's compliance office and be subject to appropriate trading restrictions.
- The Code of Conduct must include minimum requirements for pre-clearance of certain personal securities transactions and regular reporting of security holdings and personal securities transaction activity.

Training. All Key Individuals associated with the Financial Agent performing services under the FAA shall be required to receive compliance training prior to performing services under the FAA (except for Key Individuals initially appointed under the FAA shall receive training prior to the effective date of this exhibit) and annually thereafter, that shall advise each individual of their obligations and requirements under the FAA including its exhibits.

Monitoring / Compliance. The Financial Agent shall monitor the Financial Agent's conflicts of interest mitigation plans and controls set forth in this Exhibit F. The Financial Agent shall document such internal oversight and, upon request of the Treasury, provide a report on the effectiveness of the Financial Agent's mitigation controls in ensuring compliance with all requirements of the FAA.

Incident Reporting. Anyone performing services under the FAA shall be required to promptly report any breaches or violations of the conflicts of interest mitigation controls or other requirements of the FAA to the Financial Agent's compliance office. A description of the incident shall be documented in an incident report and promptly provided to the Treasury.

Prohibition on Acceptance and Solicitation of Gifts. The Financial Agent shall ensure that no employee of the Financial Agent that performs work under the FAA violates the Financial Agent's gifts and entertainment policy. The Financial Agent shall notify and obtain the Treasury's consent prior to amending such policy.

Limitations on Communications with Employees of the Treasury. During the term of the FAA, the Financial Agent shall not directly or indirectly make any offer or promise of future employment or business opportunity to, or engage directly or indirectly in any discussion of future employment or business opportunity with, any Treasury employee with personal or direct responsibilities related to the FAA. The Financial Agent shall not offer, give, or promise to offer or give, directly or indirectly, any money, gratuity, or other thing of value to any employee of the Treasury, except as permitted by Government-Wide Ethics Rules, 5 C.F.R. Part 2635. The Financial Agent shall not solicit or obtain from any Treasury employee, directly or indirectly, any information that is not public and was prepared for use by the Treasury for the purpose of evaluating a bid, proposal, or offer to enter into any service agreement or procurement contract.

Certifications. The Financial Agent, on behalf of itself, Named Affiliates, and Contractors performing work under the FAA, shall certify in writing that to the best of its knowledge and belief, as of the effective date of this conflicts of interest mitigation plan, and semiannually thereafter.

- It has no organizational conflicts of interest except to the extent already described in this Exhibit F, or explain in detail the extent to which it cannot so certify and describe the actions it has taken and plans to take to mitigate these conflicts;
- All Key Individuals performing services under the FAA have no personal conflicts of interest, or are subject to a mitigation or waiver plan approved by the Treasury; and
- All Key Individuals providing services under the FAA have certified to the Financial Agent's compliance office that he or she will comply with the requirements of the FAA not to share Nonpublic Information (as that term is defined in Section 6 of the FAA) with any unauthorized person or entity. The Financial Agent shall obtain this certification in the form of a Non-Disclosure Agreement (containing substantially the provisions and obligations set forth in Exhibit F of the FAA) before a Key Individual performs work under the agreement.

Subsequent Notification. Subsequent to the certification required in the immediately preceding section, the Financial Agent has a continuing obligation to search for and to report any other potential organizational or personal conflicts of interest. The Financial Agent shall notify the Treasury in writing as soon as practicable, and in no instance later than five (5) business days, after learning of any conflicts of interest that arise during the term of the FAA. The disclosure shall describe the steps the Financial Agent has taken or proposes to take to mitigate the potential conflict or request a waiver from the Treasury.

Reviews. The Treasury, on its own behalf or through an entity contracted by the Treasury, may conduct an ad hoc review of the compliance of the Financial Agent with all conflicts of interest and confidentiality obligations and responsibilities set forth in the FAA. Additional reviews may be conducted by oversight bodies with explicit authority over the CARES Act and CDBFI Act including, as applicable, the Special Inspector General for Pandemic Recovery, the Congressional Oversight Commission, the U.S. Government Accountability Office, and the Department of the Treasury Office of Inspector General. The Financial Agent shall cooperate fully with the Treasury or its designated representative and provide it with any and all such information (in whatever form) requested to perform such a review.

Changes to Conflicts of Interest Mitigation Controls. The Financial Agent and the Treasury agree that the Treasury's investment objectives, trade operations, and policies, as well as the Financial Agent's business, are likely to evolve over the term of the FAA. The Treasury will provide the Financial Agent with advance notice of any Treasury program changes that would impact the requirements of the Financial Agent, including those hereunder, in order to provide the Financial Agent with sufficient time to adequately address such impacts. The Financial Agent shall inform the Treasury and negotiate in good faith all proposed material changes to the Conflicts of Interest Mitigation Controls prior to their adoption and the Treasury retains the option of disapproving any proposed material change, in which case the Financial Agent agrees not to change such control. The Financial Agent and the Treasury agree to negotiate and resolve any such proposed changes in good faith and as quickly as reasonably possible. In addition, the Financial Agent shall promptly notify the Treasury of any changes to the Code of Conduct.

below, provided that the Treasury has approved in writing such counsel and their scope of engagement pursuant to Section 14 of the FAA.
