

Capital Projects Fund Award Fact Sheet

Georgia

Treasury approves Georgia's plan to invest \$246.1 million of CPF funding in broadband infrastructure projects that will provide high-quality internet to locations that lack access to adequate service.

Georgia Capital Projects Fund Program Overview

- **Program Summary:** \$246.1 million for Broadband Infrastructure (95% of CPF allocation)

- **Locations to Be Served:** 70,000 (estimated)

- **Program Description:** The Georgia Capital Projects Fund grant program is a competitive grant program that is designed to fund broadband infrastructure projects that provide service to areas identified by the state to currently lack access to reliable broadband that can meet or exceed 25/3 Mbps, and that adopt practices that support both efficient broadband expansion and community engagement.

- The program is designed to provide internet service with speeds of 100/100 Mbps symmetrical to households and businesses upon project completion.

- Each of the internet service providers funded will participate in the FCC's [Affordable Connectivity Program \(ACP\)](#) – a \$30 per month subsidy for low-income families.

- **Key State Contact:** Georgia Office of Planning and Budget

*As reported by Georgia, estimates show that investments made using the Capital Projects Fund will serve **15% of locations** still lacking high-speed internet access in the state.*
