## What Quantitative Data Has Informed the Participant's Planning?

Treasury will assess the extent to which a Participant has, in the course of its HAF planning process, relied on quantitative data, including from community-based organizations or organizations that serve potentially eligible homeowners.

In its HAF planning process, has the Participant obtained quantitative data from mortgage servicers, private data providers, government entities, community-based organizations, or other sources to inform its planning about how to target and best serve eligible homeowners with mortgage delinquencies, defaults, foreclosures?

**Yes**

If yes, please list and, briefly describe each source of quantitative data.

- o Data provided by Treasury. Treasury provided data, contributed by a number of federal agencies, including information on mortgage delinquencies and forbearances, breakdowns by demographic factors, and concentration among mortgage servicers. Some of the data provided by the Treasury came from datasets collected by the Federal Reserve Banks of Atlanta and Philadelphia. The Federal Reserve Bank of Atlanta mortgage calculations are based on Black Knight's McDash Flash daily mortgage performance data.**
- o American Community Survey (ACS). American Community Survey data, a product of the Census Bureau, was used to analyze income eligibility among homeowners based on federal income categories. Data used in the Needs Assessment are 5-year estimates (2019) from the Public Use Microdata Samples (PUMS) program. The data also allowed the analysis of income-eligible homeowners by county.**
- o Bureau of Labor Statistics. Bureau of Labor Statistics data were used to analyze unemployment rates by county.**
- o Mortgage Bankers Association (MBA). The Mortgage Bankers Association National Delinquency Survey (first quarter 2021) was used to analyze Missouri and US delinquency rates. The survey includes mortgage forbearances in the delinquency figures. Data include conventional, FHA, and VA mortgage delinquencies; USDA data are not included in the survey.**

In its HAF planning process, has the Participant obtained and reviewed quantitative data or studies regarding which demographic segments in its jurisdiction have historically experienced discrimination in the housing or housing finance market?

**Yes**

If yes, please list and, briefly describe each source of quantitative data.

**Discrimination Data Source: Analysis of Impediments to Fair Housing Choice for the State of Missouri, Public Comment Draft, April 2021. This analysis includes quantitative data specific to Missouri on the impact of discrimination in housing and housing finance markets. Housing finance discrimination is analyzed with American Community Survey (ACS) data and Home Mortgage Disclosure Act (HMDA) data obtained from the Consumer Finance Protection Bureau.**

In its HAF planning process, has the Participant obtained quantitative data from utility providers or entities charged with assessing and collecting property taxes or relied on quantitative data or studies to inform its planning about how to target and best serve eligible homeowners at risk of displacement due to utility arrearage or tax foreclosure?

**No**

In the following text box, please list any source not listed above of quantitative information, including sources of data on the performance of any of the Participant's previously implemented programs, that the Participant used to inform its HAF planning process, briefly describe how the data informed the Participant's planning.

Treasury will assess the extent to which a Participant's assessment of homeowner needs has been informed by and reflects input from organizations and individuals representing eligible homeowners, including any opportunities for public participation in the development of the Participant's plan. Treasury will pay particular attention to the extent of the Participant's engagement with populations that are the subject of statutory targeting requirements.

The draft of this plan was published in English on June 17, 2021 with public comments accepted through June 25, 2021 by e-mail. MHDC conducted outreach for participation through e-newsletter announcements, social media posts, and direct invitation to an established advisory committee with representation from mortgage servicers, entitlement communities, and housing counseling agencies.**

### **How Will the Participant Continue to Assess the Needs of Eligible Homeowners?**

Treasury anticipates that an ongoing process of assessing the needs of eligible homeowners will help address the needs of potentially eligible homeowners as economic conditions change over time.

**o Data covering mortgage delinquencies and foreclosures by conventional, FHA, VA, and USDA at the county level (as well as the summary level already provided) would be helpful in assessing homeowner needs over time.**

**o In addition, quarterly updates for data provided would be very helpful.**

# Program Design

---

## **What are the Program Design Elements Through Which the Participant Will Deliver HAF Assistance to Eligible Homeowners?**

A program design element is a specific activity or program, which is consistent with a qualified expense category, under which a Participant will disburse HAF funds in accordance with the HAF Plan. Please note that multiple program design elements may fit under a single qualified expense category; for example, a mortgage assistance program that has different terms for federally backed mortgages and manufactured-home mortgages may constitute two separate program design elements, for which case the Participant provides a separate term sheet or other description for each program design element.

HAF participants must have at least one program design element intended to reduce mortgage delinquency among targeted populations. Treasury encourages HAF participants to consider program design elements that address homeownership preservation for targeted populations in areas where there is a sustained trend of increasing property taxes or utility costs, including for households that do not have mortgages.

Please identify each qualified expense category in which the Participant will offer a program design element by checking the boxes below.

- mortgage payment assistance
- mortgage principal reduction, including with respect to a second mortgage provided by a nonprofit or government entity
- payment assistance for homeowner's utilities, including electric, gas, home energy, and water
- payment assistance for homeowner's insurance, flood insurance, and mortgage insurance
- payment assistance for delinquent property taxes to prevent homeowner tax foreclosures
- payment assistance for down payment assistance loans provided by nonprofit or government entities
- financial assistance to allow a homeowner to reinstate a mortgage or to pay other housing-related costs related to a period of forbearance, delinquency, or default
- facilitating mortgage interest rate reductions
- payment assistance for homeowner's internet service, including broadband internet access service, as defined in 47 CFR 8.1(b)
- payment assistance for homeowner's association fees or liens, condominium association fees, or common charges
- measures to prevent homeowner displacement, such as home repairs to maintain the habitability of a home or assistance to enable households to receive clear title to their properties

For each program design element that the Participant will offer, the Participant is required to upload a term sheet or other description, that, at a minimum, provides the following information regarding that program design element. Term sheets for all of Participant’s HAF programs may be uploaded together as one document.

Title	Upload Date
HAF Responses	12/3/2021 2:06 PM
HAF Needs Assessment 20210817	12/3/2021 2:06 PM
Additional Treasury Feedback 1.6.21	1/11/2022 3:08 PM
HAF Mortgage Reinstatement Term Sheet for Treasury	8/20/2021 12:30 PM

A HAF participant may elect to revise its HAF Plan over time to add or subtract program design elements. Does the Participant anticipate adding additional program design elements to this HAF Plan within one year of this submission?

No

Treasury has provided sample term sheets to assist HAF participants in developing their HAF plans. Participants may use these sample term sheets, in whole or in part, as part of their submission. To the extent the Participant intends to structure the program differently with respect to significant program terms described in the Sample Term Sheets, Treasury will, in the course of its review of the HAF Plan, request a justification for how the alternate approach will further the objectives of the HAF, including targeting and prioritization requirements. In the chart below, the HAF Participant may provide a justification for significant deviations from the terms described in the sample term sheets upon initial submittal. (optional for initial submission)

Program Design Element	Deviation from sample terms	Justification
Mortgage Reinstatement Program (Brief Description)	Removed: “HAF funds will be used only to supplement other loss mitigation options offered by the servicer under investor requirements or where, without HAF funds, the homeowner would not qualify for that loss mitigation option.”	The Missouri Housing Development Commission has received input from numerous servicers that this requirement will act as a barrier for many homeowners in need to access funding when they would otherwise qualify for assistance.

### Documentation of Homeowner Income

Homeowners are eligible to receive amounts allocated to a HAF participant under the HAF only if they have incomes equal to or less than 150% of the area median income or 100% of the median income for the United States, whichever is greater. In addition, not less than 60% of amounts made available to each HAF participant must be used for qualified expenses that assist homeowners having incomes equal to or less than 100% of the area median income or equal to or less than 100% of the median income for the United States, whichever is greater. The HAF guidance describes permissible ways for HAF participants to determine homeowner income.

Under the HAF guidance, one permissible approach for determining income is for (1) the household to provide a written attestation as to household income and (2) the HAF participant to use a reasonable fact-specific proxy for household income, such as reliance on data regarding average incomes in the household's geographic area. Will the Participant allow income to be determined in this way?

**No**

Under the HAF guidance, HAF participants may provide waivers or exceptions to this documentation requirement as reasonably necessary to accommodate extenuating circumstances, such as disabilities, practical challenges related to the pandemic, or a lack of technological access by homeowners; in these cases, the HAF participant is still responsible for making the required determination regarding household income and documenting that determination. Will the Participant allow applicants to request such waivers or exceptions?

**Yes**

### **Eligible Mortgage Types**

Please indicate which of the following mortgage types are eligible to be assisted under one or more of the Participant's program design elements.

- First Mortgages
- Reverse Mortgages (Home Equity Conversion Mortgages, Single-Purposes Reverse Mortgages, or Proprietary Reverse Mortgages)
- Contracts for Deed or Land Contract (if it is a credit transaction secured by a consensual security interest in a dwelling)
- Second Mortgages
- Loans Secured by Manufactured Housing (secured by real estate or dwelling)

If the Participant excludes any of the forgoing mortgage types from one or more program design elements, explain the exclusion.

- o Reverse mortgages: At this time, this mortgage type is under further advisement to potentially include in future iterations of this program design.**
- o Contracts for deed/land contracts: At this time, this mortgage type is under further advisement to potentially include in future iterations of this program design.**

### **How Will the Participant Target HAF Resources Consistent with Statutory Requirements?**

The Participant must describe how it will target HAF resources in accordance with the HAF guidance. Targeting strategies are affirmative efforts to inform, encourage the participation of, and facilitate access to resources for targeted households, including by offering multiple intake formats, engaging with nonprofit organizations (e.g., housing counselors or legal services organizations) to provide additional pathways into the program, and providing community outreach, partnerships with housing counseling agencies or legal aid organizations, or other educational services that are aligned with the HAF participant's program design, in a manner that is culturally and linguistically relevant to the targeted communities.

## Defining Socially Disadvantaged Individual

Please describe the process the Participant will use to determine whether a homeowner is a “socially disadvantaged individual” as defined in the HAF guidance.

**o MHDC will adhere to the U.S. Department of the Treasury’s definition of socially disadvantaged individuals. The only indicator MHDC will not include from Treasury’s definition is a “resident of a U.S. territory, Indian reservation, or Hawaiian Home Land” as it is not applicable in the state of Missouri.**

**o MHDC’s contracted software system has developed flagged responses to application questions to identify the 4 applicable indicators of impairment for the state of Missouri provided by the U.S. Department of the Treasury’s definition of socially disadvantaged individuals along with identification of race and ethnicity. Each of these individual indicators or datum can be tracked and reported on through this system.**

## Public Communications

Will the Participant engage in a public communications campaign to raise awareness among targeted populations about the availability of HAF resources, in media such as television, newspapers, online media, or social media?

**Yes**

If yes, please indicate whether the public communications campaign will include communications that primarily target the following populations:

- Homeowners earning less than 100% of area median income
- member of a group that has been subjected to racial or ethnic prejudice or cultural bias within American society;
- resident of a majority-minority Census tract; (3)
- resident of a U.S. territory, Indian reservation, or Hawaiian Home Land
- homeowners in persistent poverty counties;
- individual with limited English proficiency

Please indicate in which languages, in addition to English, public communications to targeted populations will be undertaken:

**Spanish**

## Outreach

Will the Participant engage in outreach through partnerships with organizations that focus primarily on serving homeowners earning incomes below 100% of area median income or socially disadvantaged individuals and that have the capacity to engage targeted communities in a culturally and linguistically relevant manner to encourage the submission of applications for HAF resources from targeted populations?

**Yes**

If yes, please indicate whether the community outreach efforts will include partnerships with organizations that primarily target the following populations:

- member of a group that has been subjected to racial or ethnic prejudice or cultural bias within American society;
- resident of a majority-minority Census tract; (3) individual with limited English proficiency;
- resident of a U.S. territory, Indian reservation, or Hawaiian Home Land;
- homeowners that reside in persistent poverty counties;
- individual with limited English proficiency.
