## What Quantitative Data Has Informed the Participant's Planning?

Treasury will assess the extent to which a Participant has, in the course of its HAF planning process, relied on quantitative data, including from community-based organizations or organizations that serve potentially eligible homeowners.

In its HAF planning process, has the Participant obtained quantitative data from mortgage servicers, private data providers, government entities, community-based organizations, or other sources to inform its planning about how to target and best serve eligible homeowners with mortgage delinquencies, defaults, foreclosures?

**Yes**

If yes, please list and, briefly describe each source of quantitative data.

**The Division of Housing (DOH) was provided data by the Treasury, contributed by a number of federal agencies which included information on mortgage delinquencies and forbearances, breakdowns by demographic factors, and concentration among mortgage servicers. DOH also used data from:**

**Home Mortgage Disclosure Act (HMDA) – statewide data on loan originations by type, race/ethnicity, and area median income.**

**American Community Survey 5-year estimates – data on homeowner demographics disaggregated by race/ethnicity, area median income, and geography.**

**Colorado Housing and Finance Authority (CHFA) – loan-level data from CHFA mortgage portfolio providing information on mortgage delinquency and forbearance. This dataset provided information disaggregated by loan type, race, area median income, and county delinquency.**

**Mortgage Analytics and Performance Dashboard (MAPD) – accessed by the Federal Reserve Bank of Atlanta via Black Knight, LLC, constructed statewide estimates from daily mortgage performance data (available with a two-day lag) on mortgage delinquencies and forbearances. This data did not cover all loans in Colorado.**

**Mortgage Bankers Association, State Mortgage Market Profiles – statewide data on delinquency by loan type and severity.**

In its HAF planning process, has the Participant obtained and reviewed quantitative data or studies regarding which demographic segments in its jurisdiction have historically experienced discrimination in the housing or housing finance market?

**Yes**

If yes, please list and, briefly describe each source of quantitative data.

**2015-2019 State of Colorado Analysis of Impediments to Fair Housing Choice. This most recent AI found that Black/African American and Hispanic residents faced much higher rates of home loan denials when compared to their white counterparts, even when taking income into account. A 2008 report on Discriminatory Predatory Lending in Colorado prepared for the Colorado Civil Rights Division. The report found that Black/African American and Hispanic residents**

were twice as likely to get subprime loans than white or Asian residents during active lending periods prior to the Great Recession—even after adjusting for income levels (a proxy for creditworthiness in that study). In Denver, Census tracts with high minority populations were much more likely to have subprime loan activity than low minority populations. Areas in Denver with a high proportion of linguistically isolated households also had high levels of subprime loan activity.

**Home Mortgage Disclosure Act (HMDA) – statewide data on loan originations by type, race/ethnicity, and area median income.**

**Colorado Housing and Finance Authority (CHFA) – loan-level data from CHFA mortgage portfolio providing information on mortgage delinquency and forbearance. This dataset provided information disaggregated by loan type, race, area median income, and county delinquency.**

In its HAF planning process, has the Participant obtained quantitative data from utility providers or entities charged with assessing and collecting property taxes or relied on quantitative data or studies to inform its planning about how to target and best serve eligible homeowners at risk of displacement due to utility arrearage or tax foreclosure?

**Yes**

If yes, please list and, briefly describe each source of quantitative data.

**No data from utility providers or entities charged with assessing and collecting property taxes on homeowners with payments in arrears was readily available statewide. Colorado is a relatively low property tax state that allows exemptions for property taxes for low income owners. The state also has a successful and active energy assistance program. To determine if homeowners are at risk of displacement due to utility arrearage or tax foreclosure, stakeholders were consulted in focus groups and in a survey. In focus groups, stakeholders in rural resort areas identified high homeowner fees as being a challenge to maintain during the pandemic. The stakeholder survey found that the greatest financial challenges facing households after paying the mortgage was paying off past due utilities.**

In the following text box, please list any source not listed above of quantitative information, including sources of data on the performance of any of the Participant’s previously implemented programs, that the Participant used to inform its HAF planning process, briefly describe how the data informed the Participant’s planning.

**While the Division of Housing did not utilize data from previously implemented programs, a survey targeting homeowners and stakeholders was developed to help inform the HAF planning process. Nearly 350 homeowners and stakeholders were asked questions about their housing challenges and needs due to COVID-19, how the HAF funds should be utilized to address those challenges and needs, and what barriers might exist that would prevent eligible homeowners from applying for funds, among others. In addition to the data analysis, the survey findings reinforced the need to approach the development of the HAF plan through an equity lens, paying particular attention to the disproportionate impact experienced by homeowners of color and their housing financial challenges.**

**Additionally, two reports served as a guide to applying an equity lens to the creation of this plan. Citations of those reports are below.**

**Burd-Sharps, Sarah and Rasch, Rebecca, 2015. Impact of the US Housing Crisis on the Racial Wealth Gap Across Generations New York: Social Science Research Council.**

**Choi, Jung Hyun, Alanna McCargo, Michael Neal, Laurie Goodman, and Caitlin Young. 2019. Explaining the Black-White Homeownership Gap: A Closer Look at Disparities across Local Markets. Washington, DC: Urban Institute.**

Did the Participant communicate with mortgage servicers regarding the development of its program design?

**Yes**

Did the Participant communicate with other HAF participants regarding the development of its program design?

**Yes**

### **How Has Community Engagement and Public Participation Informed the Participant's Planning?**

Treasury will assess the extent to which a Participant's assessment of homeowner needs has been informed by and reflects input from organizations and individuals representing eligible homeowners, including any opportunities for public participation in the development of the Participant's plan. Treasury will pay particular attention to the extent of the Participant's engagement with populations that are the subject of statutory targeting requirements.

Has the Participant requested and received input on its HAF planning process from providers of housing counseling services or providers of legal assistance to homeowners facing foreclosure or displacement?

**Yes**

### **Provider information**

If yes, please list such providers, including the providers' address and website. Please indicate by checking the appropriate box below if the provider's primary purpose is to serve low- and moderate-income households or to address the impacts of housing discrimination on one or more demographic groups in the Participant's jurisdiction.

Has the Participant consulted with localities or tribal governments (cities, counties, or rural communities) in its jurisdiction regarding the needs of eligible homeowners in its jurisdiction?

**Yes**

Has the Participant provided an opportunity for public input regarding its HAF Plan through public hearings or published materials?

**Yes**

If yes, please indicate whether a proposed or draft plan was published, please describe where details about the comment solicitation were posted, for how long, in what languages, and whether any efforts were made to make the posting accessible to persons with disabilities or individuals without reliable internet access.

**This HAF Plan was informed by three virtual public hearings (with phone access) held June 30, July 1 and July 8 regarding development of Colorado’s HAF plan. The Draft Plan was published on August 2, 2021, and public comments were accepted through August 11, 2021 by e-mail. The draft plan was only published in English but the survey to help inform the development of the plan was also available in Spanish. Numerous community-based organizations and housing**

counseling agencies were informed of the draft plan so that they could inform the communities they serve.

## **How Will the Participant Continue to Assess the Needs of Eligible Homeowners?**

Treasury anticipates that an ongoing process of assessing the needs of eligible homeowners will help address the needs of potentially eligible homeowners as economic conditions change over time.

Does the Participant plan to update its assessment of community needs within the next year to determine whether its HAF program design should be updated to address changing needs of potentially eligible homeowners?

**Yes**

What additional data would be helpful to the Participant as it seeks to assess homeowner needs over time?

**Monitoring delinquency loan data from CHFA would help DOH assess the efficacy of the current approach to disbursing HAF funds. A comprehensive dataset on utility delinquencies and HOA fee delinquencies would also be beneficial. Academic studies on the efficacy of programs funded through the HAF and best practices from other states would also be valuable.**

# Program Design

---

## **What are the Program Design Elements Through Which the Participant Will Deliver HAF Assistance to Eligible Homeowners?**

A program design element is a specific activity or program, which is consistent with a qualified expense category, under which a Participant will disburse HAF funds in accordance with the HAF Plan. Please note that multiple program design elements may fit under a single qualified expense category; for example, a mortgage assistance program that has different terms for federally backed mortgages and manufactured-home mortgages may constitute two separate program design elements, for which case the Participant provides a separate term sheet or other description for each program design element.

HAF participants must have at least one program design element intended to reduce mortgage delinquency among targeted populations. Treasury encourages HAF participants to consider program design elements that address homeownership preservation for targeted populations in areas where there is a sustained trend of increasing property taxes or utility costs, including for households that do not have mortgages.

Please identify each qualified expense category in which the Participant will offer a program design element by checking the boxes below.

- mortgage payment assistance
- mortgage principal reduction, including with respect to a second mortgage provided by a nonprofit or government entity
- payment assistance for homeowner's utilities, including electric, gas, home energy, and water
- payment assistance for homeowner's insurance, flood insurance, and mortgage insurance
- payment assistance for delinquent property taxes to prevent homeowner tax foreclosures
- payment assistance for down payment assistance loans provided by nonprofit or government entities
- financial assistance to allow a homeowner to reinstate a mortgage or to pay other housing-related costs related to a period of forbearance, delinquency, or default
- facilitating mortgage interest rate reductions
- payment assistance for homeowner's internet service, including broadband internet access service, as defined in 47 CFR 8.1(b)
- payment assistance for homeowner's association fees or liens, condominium association fees, or common charges
- measures to prevent homeowner displacement, such as home repairs to maintain the habitability of a home or assistance to enable households to receive clear title to their properties

For each program design element that the Participant will offer, the Participant is required to upload a term sheet or other description, that, at a minimum, provides the following information regarding that program design element. Term sheets for all of Participant’s HAF programs may be uploaded together as one document.

Title	Upload Date
HAF term sheets	12/30/2021 10:58 AM
CO Responses to HAF 0081 feedback 2-15-22	2/15/2022 6:09 PM

A HAF participant may elect to revise its HAF Plan over time to add or subtract program design elements. Does the Participant anticipate adding additional program design elements to this HAF Plan within one year of this submission?

**Yes**

Treasury has provided sample term sheets to assist HAF participants in developing their HAF plans. Participants may use these sample term sheets, in whole or in part, as part of their submission. To the extent the Participant intends to structure the program differently with respect to significant program terms described in the Sample Term Sheets, Treasury will, in the course of its review of the HAF Plan, request a justification for how the alternate approach will further the objectives of the HAF, including targeting and prioritization requirements. In the chart below, the HAF Participant may provide a justification for significant deviations from the terms described in the sample term sheets upon initial submittal. (optional for initial submission)

Program Design Element	Deviation from sample terms	Justification
N/A	N/A	N/A

### Documentation of Homeowner Income

Homeowners are eligible to receive amounts allocated to a HAF participant under the HAF only if they have incomes equal to or less than 150% of the area median income or 100% of the median income for the United States, whichever is greater. In addition, not less than 60% of amounts made available to each HAF participant must be used for qualified expenses that assist homeowners having incomes equal to or less than 100% of the area median income or equal to or less than 100% of the median income for the United States, whichever is greater. The HAF guidance describes permissible ways for HAF participants to determine homeowner income.

Under the HAF guidance, one permissible approach for determining income is for (1) the household to provide a written attestation as to household income and (2) the HAF participant to use a reasonable fact-specific proxy for household income, such as reliance on data regarding average incomes in the household’s geographic area. Will the Participant allow income to be determined in this way?

**Yes**

If yes, please describe the fact-specific proxy or proxies to be used for the income determination.

**In addition to written attestation, DOH will use census tract AMIs for certain counties/areas in the state as fact-specific proxies that will be used to make income determinations.**

Under the HAF guidance, HAF participants may provide waivers or exceptions to this documentation requirement as reasonably necessary to accommodate extenuating circumstances, such as disabilities, practical challenges related to the pandemic, or a lack of technological access by homeowners; in these cases, the HAF participant is still responsible for making the required determination regarding household income and documenting that determination. Will the Participant allow applicants to request such waivers or exceptions?

Yes

## Eligible Mortgage Types

Please indicate which of the following mortgage types are eligible to be assisted under one or more of the Participant's program design elements.

- First Mortgages
- Reverse Mortgages (Home Equity Conversion Mortgages, Single-Purposes Reverse Mortgages, or Proprietary Reverse Mortgages)
- Contracts for Deed or Land Contract (if it is a credit transaction secured by a consensual security interest in a dwelling)
- Second Mortgages
- Loans Secured by Manufactured Housing (secured by real estate or dwelling)

If the Participant excludes any of the forgoing mortgage types from one or more program design elements, explain the exclusion.

None excluded

## How Will the Participant Target HAF Resources Consistent with Statutory Requirements?

The Participant must describe how it will target HAF resources in accordance with the HAF guidance. Targeting strategies are affirmative efforts to inform, encourage the participation of, and facilitate access to resources for targeted households, including by offering multiple intake formats, engaging with nonprofit organizations (e.g., housing counselors or legal services organizations) to provide additional pathways into the program, and providing community outreach, partnerships with housing counseling agencies or legal aid organizations, or other educational services that are aligned with the HAF participant's program design, in a manner that is culturally and linguistically relevant to the targeted communities.

## Defining Socially Disadvantaged Individual

Please describe the process the Participant will use to determine whether a homeowner is a "socially disadvantaged individual" as defined in the HAF guidance.

**The definition of "socially disadvantaged individual" provided in the HAF guidance articulates that the impairment facing the individual must stem from circumstances beyond their control. Indicators of impairment under this definition include: being a member of a group that has been subjected to racial or ethnic prejudice or cultural bias within American society; resident of a**

majority-minority Census tract; individual with limited English proficiency; resident of a U.S. territory, Indian reservation, or Hawaiian Home Land; or individuals who live in a persistent poverty county, meaning any county that has had 20% or more of its population living in poverty over the past 30 years as measured by the three most recent decennial censuses.

The Division of Housing will utilize the indicators of impairment as defined under in the HAF guidance via the application process to determine whether an applicant qualifies as a socially disadvantaged individual.

## Public Communications

Will the Participant engage in a public communications campaign to raise awareness among targeted populations about the availability of HAF resources, in media such as television, newspapers, online media, or social media?

**Yes**

If yes, please indicate whether the public communications campaign will include communications that primarily target the following populations:

- Homeowners earning less than 100% of area median income
- member of a group that has been subjected to racial or ethnic prejudice or cultural bias within American society;
- resident of a majority-minority Census tract; (3)
- resident of a U.S. territory, Indian reservation, or Hawaiian Home Land
- homeowners in persistent poverty counties;
- individual with limited English proficiency

Please indicate in which languages, in addition to English, public communications to targeted populations will be undertaken:

**Spanish; Other**

Please list any other languages.

**DOH will provide outreach materials in Spanish, as well as other languages if it is determined that there is sufficient demand.**

## Outreach

Will the Participant engage in outreach through partnerships with organizations that focus primarily on serving homeowners earning incomes below 100% of area median income or socially disadvantaged individuals and that have the capacity to engage targeted communities in a culturally and linguistically relevant manner to encourage the submission of applications for HAF resources from targeted populations?

**Yes**

If yes, please indicate whether the community outreach efforts will include partnerships with organizations that primarily target the following populations:

- member of a group that has been subjected to racial or ethnic prejudice or cultural bias within American society;
- resident of a majority-minority Census tract; (3) individual with limited English proficiency;
- resident of a U.S. territory, Indian reservation, or Hawaiian Home Land;
- homeowners that reside in persistent poverty counties;
- individual with limited English proficiency.

Please list any other languages.

**DOH will provide outreach materials in Spanish, as well as other languages if it is determined that there is sufficient demand.**

### Housing Counseling and Legal Services

Will the Participant facilitate access for eligible households to housing counseling or legal services?

**Yes**

If yes, please identify below the providers of housing counseling or legal services that have indicated to the Participant that they are willing and able to support homeowners receiving assistance under the Participant’s HAF programs.

<b>Provider Name</b> <b>Provider Address</b> <b>Provider Website</b>	<b>Provider Primarily Serves LMI Households</b>	<b>Provider Addresses Impact of Housing Discrimination</b>

## Targeting specific groups of homeowners

Will the Participant conduct outreach specifically tailored to target potentially eligible households that:

- have mortgages or mortgage assistance contracts held or backed by the Participant?
- have mortgages backed by any of the following agencies: Federal Housing Administration; Department of Veterans Affairs; U.S. Department of Agriculture?
- have privately held mortgages?

## **What Efforts will be Made to Address Barriers to HAF Program Participation for Potentially Eligible Homeowners, Including Those with Limited English Proficiency or Who are Disabled?**

Targeted outreach may be needed to reach homeowners who are likely to experience barriers to access, including persons with limited English proficiency and those with disabilities.

Indicate all of the languages, in addition to English, in which the Participant's HAF application and other program documents will be made available.

**Spanish; Other**

Please list any other languages.

**Case management partners will have multilingual assistance staff**

Will the Participant's HAF applications and other program documents be provided in forms that are accessible to persons with disabilities?

**Yes**

## Performance Goals

Treasury will consider the goals and benchmarks the Participant proposes to use to measure the effectiveness of its programs, including whether those goals address the homeowner needs identified by the Participant, the extent to which the goals are disaggregated by key homeowner characteristics as appropriate for the jurisdiction, and whether they include a goal focused on reducing mortgage delinquency.

Please describe Participant’s goals and benchmarks for each of its programs with the following program design elements.

<b>Program Design Element</b>	<b>Metric of Success</b>	<b>Goal</b>
Mortgage Payment Assistance	Number of homeowner displacements avoided due to HAF funds	2,918 households served
Mortgage Reinstatement	Amount of HAF funding that reduced mortgage loan delinquency	1,750 households served
Facilitate Mortgage Interest Rate Reduction	Number of down payment assistance loan paid off Total dollar amount of down payment assistance loans paid off	700 households served
Payment Assistance for Homeowners Utilities	Number of households with utility-related delinquencies paid off	5,600 households served
Payment Assistance for Down Payment Assist. Loans	Number of households with down payment assistance loans or subordinate liens paid off	700
Payment Assistance for Homeowner’s Internet Service	Number of households with internet-related delinquencies paid off	2,500 households served
Payment Assistance for Homeowner’s Insurance	Number of households with insurance-related delinquencies paid off	1,750 households served
Payment Assistance for HOA fees or liens	Number of HOA or condo-related delinquencies paid off	2,000 households served

# Readiness

## **Staffing, Systems and Contractors**

Treasury seeks information regarding the Participant's organizational capacity to implement its HAF Plan.

Does the Participant anticipate needing to hire additional staff to implement this HAF Plan?

**Yes**

Does the Participant anticipate significant information technology system upgrades to implement this HAF Plan?

**Yes**

Does the Participant have policies or procedures that govern the implementation of each HAF program design element described in this HAF Plan?

**Yes**

Will the Participant use HAF funds to assist eligible households through a program that was operational before the Participant first received HAF funds?

**Yes**

If yes, has the documentation for that pre-existing program been adapted to HAF requirements (please answer yes if the pre-existing program already complied with HAF program requirements)?

**Yes**

Will the Participant use any third-party contractor or partner to conduct program administration (such as reviewing applications, determining eligibility, processing payments, conducting reporting, and reviewing compliance) for some or all of the Participant's HAF programs?

**Yes**

If yes, has the Participant entered into all necessary arrangements with all of the third-party contractors or partners that will conduct program administration?

**Yes**

## **Use of Initial Payment**

If the Participant has already received any HAF funds from Treasury, provide the following information about the use of such funds as of June 30, 2021.

What amount of the HAF funds that the Participant has received been disbursed to eligible homeowners?

**\$0.00**

Has the Participant begun accepting applications from homeowners for any HAF-funded programs?

**No**

How much of the HAF funds that the Participant has received been obligated?

**\$0.00**

Provide a brief description of how the Participant has used the HAF funds it has received.

**Colorado opened a Pilot program on 11/1/2021. The program is called Emergency Mortgage Assistance Program (EMAP). EMAP is focused on mortgage payment assistance directly to mortgage loan servicers. There are 4 nonprofit partners doing the case reviews and we are utilizing a software system similar to the system used for ERAP. 3 of the 4 nonprofit partners have HUD certified housing counselors on staff so we will utilize those services as well.**

# Budget

## **Budgeting of HAF Funds by Program Design Element**

Specify the amounts of HAF funds that the Participant proposes to allocate to each of the following program design elements, if offered:

Measure	Amount
