Income/Proxy Eligibility and Income Verification Requirements for Oklahoma HAF Program

PROGRAM ELIGIBILITY
OHFA will determine income eligibility for applicants with household incomes at or below the greater of 100% of the US Area Median Income (AMI) or 100% Area Median Income by county by household size.

For individuals who identify as socially disadvantaged, income eligibility will be based on applicants with household incomes at or below the greater of 100% of the US Area Median Income (AMI) or 150% Area Median by county by household size.

PROXY ELIGIBILITY
OHFA is using a fact-specific proxy to reduce documentation requirements. Applicant households with self-reported incomes of greater than or equal to 100% AMI for their county for a four-person household size will not be able to use the fact-specific proxy and will have to submit additional income documentation.

LEGEND
HH = Household
IV = Income Verification
AMI = Area Median Income
