What Quantitative Data Has Informed the Participant’s Planning?

Treasury will assess the extent to which a Participant has, in the course of its HAF planning process, relied on quantitative data, including from community-based organizations or organizations that serve potentially eligible homeowners.

In its HAF planning process, has the Participant obtained quantitative data from mortgage servicers, private data providers, government entities, community-based organizations, or other sources to inform its planning about how to target and best serve eligible homeowners with mortgage delinquencies, defaults, foreclosures?

Yes

If yes, please list and, briefly describe each source of quantitative data.

Data provided by Treasury – Treasury provided data, contributed by a number of federal agencies, including information on mortgage delinquencies and forbearances, breakdowns by demographic factors, and concentration among mortgage servicers.

Data from Mortgage Servicing - OHFA has obtained a schedule of delinquent mortgages from OHFA's master servicer.

In its HAF planning process, has the Participant obtained and reviewed quantitative data or studies regarding which demographic segments in its jurisdiction have historically experienced discrimination in the housing or housing finance market?

Yes

If yes, please list and, briefly describe each source of quantitative data.

Oklahoma Department of Commerce Analysis of Impediments to Fair Housing Choice prepared in support of Oklahoma's Five-year state consolidated plan April 1, 2019 through March 30, 2023.

In its HAF planning process, has the Participant obtained quantitative data from utility providers or entities charged with assessing and collecting property taxes or relied on quantitative data or studies to inform its planning about how to target and best serve eligible homeowners at risk of displacement due to utility arrearage or tax foreclosure?

No

In the following text box, please list any source not listed above of quantitative information, including sources of data on the performance of any of the Participant’s previously implemented programs, that the Participant used to inform its HAF planning process, briefly describe how the data informed the Participant’s planning.

N/A
Did the Participant communicate with mortgage servicers regarding the development of its program design?

Yes

Did the Participant communicate with other HAF participants regarding the development of its program design?

Yes

**How Has Community Engagement and Public Participation Informed the Participant’s Planning?**

Treasury will assess the extent to which a Participant’s assessment of homeowner needs has been informed by and reflects input from organizations and individuals representing eligible homeowners, including any opportunities for public participation in the development of the Participant’s plan. Treasury will pay particular attention to the extent of the Participant’s engagement with populations that are the subject of statutory targeting requirements.

Has the Participant requested and received input on its HAF planning process from providers of housing counseling services or providers of legal assistance to homeowners facing foreclosure or displacement?

Yes

**Provider information**

If yes, please list such providers, including the providers’ address and website. Please indicate by checking the appropriate box below if the provider’s primary purpose is to serve low- and moderate-income households or to address the impacts of housing discrimination on one or more demographic groups in the Participant’s jurisdiction.

Has the Participant consulted with localities or tribal governments (cities, counties, or rural communities) in its jurisdiction regarding the needs of eligible homeowners in its jurisdiction?

Yes

Has the Participant provided an opportunity for public input regarding its HAF Plan through public hearings or published materials?

Yes

If yes, please indicate whether a proposed or draft plan was published, please describe where details about the comment solicitation were posted, for how long, in what languages, and whether any efforts were made to make the posting accessible to persons with disabilities or individuals without reliable internet access.

The draft HAF plan was published on June 14th, 2021 and public comments were accepted via email through June 23rd. The draft HAF plan was discussed at an in-person public input session held June 24 regarding emergency housing needs. The draft plan was published on the OHFA website which is available in English, Spanish, Vietnamese, Chinese, Filipino, German, Japanese and Thai. The entire OHFA email database, including numerous community-based organizations were informed of this publication so they could inform the communities they serve.

**How Will the Participant Continue to Assess the Needs of Eligible Homeowners?**

Treasury anticipates that an ongoing process of assessing the needs of eligible homeowners will help address the needs of potentially eligible homeowners as economic conditions change over time.

Does the Participant plan to update its assessment of community needs within the next year to determine whether its HAF program design should be updated to address changing needs of potentially eligible homeowners?
Yes

What additional data would be helpful to the Participant as it seeks to assess homeowner needs over time?

- **Monthly data from servicers;**
- **Continued updates from Treasury and other federal agencies, including information on mortgage delinquencies and forbearance, breakdowns by demographic factors and concentration among mortgage servicers;**
Program Design

What are the Program Design Elements Through Which the Participant Will Deliver HAF Assistance to Eligible Homeowners?

A program design element is a specific activity or program, which is consistent with a qualified expense category, under which a Participant will disburse HAF funds in accordance with the HAF Plan. Please note that multiple program design elements may fit under a single qualified expense category; for example, a mortgage assistance program that has different terms for federally backed mortgages and manufactured-home mortgages may constitute two separate program design elements, for which case the Participant provides a separate term sheet or other description for each program design element.

HAF participants must have at least one program design element intended to reduce mortgage delinquency among targeted populations. Treasury encourages HAF participants to consider program design elements that address homeownership preservation for targeted populations in areas where there is a sustained trend of increasing property taxes or utility costs, including for households that do not have mortgages.

Please identify each qualified expense category in which the Participant will offer a program design element by checking the boxes below.

- ✔ mortgage payment assistance
- ☐ mortgage principal reduction, including with respect to a second mortgage provided by a nonprofit or government entity
- ☐ payment assistance for homeowner’s utilities, including electric, gas, home energy, and water
- ✔ payment assistance for homeowner’s insurance, flood insurance, and mortgage insurance
- ✔ payment assistance for delinquent property taxes to prevent homeowner tax foreclosures
- ✔ payment assistance for down payment assistance loans provided by nonprofit or government entities
- ✔ financial assistance to allow a homeowner to reinstate a mortgage or to pay other housing-related costs related to a period of forbearance, delinquency, or default
- ☐ facilitating mortgage interest rate reductions
- ☐ payment assistance for homeowner’s internet service, including broadband internet access service, as defined in 47 CFR 8.1(b)
- ✔ payment assistance for homeowner’s association fees or liens, condominium association fees, or common charges
- ☐ measures to prevent homeowner displacement, such as home repairs to maintain the habitability of a home or assistance to enable households to receive clear title to their properties
For each program design element that the Participant will offer, the Participant is required to upload a term sheet or other description, that, at a minimum, provides the following information regarding that program design element. Term sheets for all of Participant’s HAF programs may be uploaded together as one document.

A HAF participant may elect to revise its HAF Plan over time to add or subtract program design elements. Does the Participant anticipate adding additional program design elements to this HAF Plan within one year of this submission?

Yes

Treasury has provided sample term sheets to assist HAF participants in developing their HAF plans. Participants may use these sample term sheets, in whole or in part, as part of their submission. To the extent the Participant intends to structure the program differently with respect to significant program terms described in the Sample Term Sheets, Treasury will, in the course of its review of the HAF Plan, request a justification for how the alternate approach will further the objectives of the HAF, including targeting and prioritization requirements. In the chart below, the HAF Participant may provide a justification for significant deviations from the terms described in the sample term sheets upon initial submittal. Documentation of Homeowner Income

Homeowners are eligible to receive amounts allocated to a HAF participant under the HAF only if they have incomes equal to or less than 150% of the area median income or 100% of the median income for the United States, whichever is greater. In addition, not less than 60% of amounts made available to each HAF participant must be used for qualified expenses that assist homeowners having incomes equal to or less than 100% of the area median income or equal to or less than 100% of the median income for the United States, whichever is greater. The HAF guidance describes permissible ways for HAF participants to determine homeowner income.

Under the HAF guidance, one permissible approach for determining income is for (1) the household to provide a written attestation as to household income and (2) the HAF participant to use a reasonable fact-specific proxy for household income, such as reliance on data regarding average incomes in the household’s geographic area. Will the Participant allow income to be determined in this way?

Yes

If yes, please describe the fact-specific proxy or proxies to be used for the income determination.

Program Income Eligibility
Oklahoma Housing Finance Agency will determine income eligibility for the program based on applicants with household incomes at or below the greater of 100% of the US Area Median Income (AMI) or by county by household size.
For individuals who identify as socially disadvantaged, OHFA will determine income eligibility for the program based on applicants with household incomes at or below the greater of 100% of the US Area Median Income (AMI) or 150% Area Median by county by household size.

Fact-Specific proxy Eligibility for Income Verification
Oklahoma Housing Finance Agency is using a fact-specific proxy to reduce documentation requirements to remove barriers and expedite payments on behalf of Oklahoma homeowners. Applicant households with self-reported incomes of greater than or equal to 100% Area Median Income (AMI) for their county for a four-person household size will not be able to use the fact-specific proxy and will have to submit additional income documentation.

Under the HAF guidance, HAF participants may provide waivers or exceptions to this documentation requirement as reasonably necessary to accommodate extenuating circumstances, such as disabilities, practical challenges related to the pandemic, or a lack of technological access by homeowners; in these cases, the HAF participant is still responsible for making the required determination regarding household income and documenting that determination. Will the Participant allow applicants to request such waivers or exceptions?

Yes

Eligible Mortgage Types

Please indicate which of the following mortgage types are eligible to be assisted under one or more of the Participant’s program design elements.

- [x] First Mortgages
- [x] Reverse Mortgages (Home Equity Conversion Mortgages, Single-Purposes Reverse Mortgages, or Proprietary Reverse Mortgages)
Contracts for Deed or Land Contract (if it is a credit transaction secured by a consensual security interest in a dwelling)

- Second Mortgages

- Loans Secured by Manufactured Housing (secured by real estate or dwelling)

If the Participant excludes any of the foregoing mortgage types from one or more program design elements, explain the exclusion.

Reverse mortgages have no monthly payment to make other than possibly real estate taxes, property insurance, and HOA dues which would be eligible under the OHFA Non-escrowed delinquent property taxes, insurance premiums, HOA, and condominium fees program.

Contracts for Deeds would not be conforming loans and could present much higher opportunities for program fraud and abuse through related party transactions.

**How Will the Participant Target HAF Resources Consistent with Statutory Requirements?**

The Participant must describe how it will target HAF resources in accordance with the HAF guidance. Targeting strategies are affirmative efforts to inform, encourage the participation of, and facilitate access to resources for targeted households, including by offering multiple intake formats, engaging with nonprofit organizations (e.g., housing counselors or legal services organizations) to provide additional pathways into the program, and providing community outreach, partnerships with housing counseling agencies or legal aid organizations, or other educational services that are aligned with the HAF participant’s program design, in a manner that is culturally and linguistically relevant to the targeted communities.

**Defining Socially Disadvantaged Individual**

Please describe the process the Participant will use to determine whether a homeowner is a “socially disadvantaged individual” as defined in the HAF guidance.

OHFA will rely on applicant self-certification for determining whether a homeowner is socially disadvantaged as defined in the HAF guidance in order to not place additional roadblocks.

**Public Communications**

Will the Participant engage in a public communications campaign to raise awareness among targeted populations about the availability of HAF resources, in media such as television, newspapers, online media, or social media?

Yes

If yes, please indicate whether the public communications campaign will include communications that primarily target the following populations:

- Homeowners earning less than 100% of area median income

- member of a group that has been subjected to racial or ethnic prejudice or cultural bias within American society;
 Residents of a majority-minority Census tract; (3)
 Residents of a U.S. territory, Indian reservation, or Hawaiian Home Land
 Homeowners in persistent poverty counties;
 Individuals with limited English proficiency

Please indicate in which languages, in addition to English, public communications to targeted populations will be undertaken:

Spanish; Vietnamese

Outreach

Will the Participant engage in outreach through partnerships with organizations that focus primarily on serving homeowners earning incomes below 100% of area median income or socially disadvantaged individuals and that have the capacity to engage targeted communities in a culturally and linguistically relevant manner to encourage the submission of applications for HAF resources from targeted populations?

Yes

If yes, please indicate whether the community outreach efforts will include partnerships with organizations that primarily target the following populations:

- Member of a group that has been subjected to racial or ethnic prejudice or cultural bias within American society;
- Resident of a majority-minority Census tract; (3) individual with limited English proficiency;
- Resident of a U.S. territory, Indian reservation, or Hawaiian Home Land;
- Homeowners that reside in persistent poverty counties;
- Individual with limited English proficiency.

Housing Counseling and Legal Services

Will the Participant facilitate access for eligible households to housing counseling or legal services?

Yes

If yes, please identify below the providers of housing counseling or legal services that have indicated to the Participant that they are willing and able to support homeowners receiving assistance under the Participant’s HAF programs.
### Targeting specific groups of homeowners

Will the Participant conduct outreach specifically tailored to target potentially eligible households that:

- ✔ have mortgages or mortgage assistance contracts held or backed by the Participant?
- ✔ have mortgages backed by any of the following agencies: Federal Housing Administration; Department of Veterans Affairs; U.S. Department of Agriculture?
- ✔ have privately held mortgages?

**What Efforts will be Made to Address Barriers to HAF Program Participation for Potentially Eligible Homeowners, Including Those with Limited English Proficiency or Who are Disabled?**

Targeted outreach may be needed to reach homeowners who are likely to experience barriers to access, including persons with limited English proficiency and those with disabilities.

Indicate all of the languages, in addition to English, in which the Participant’s HAF application and other program documents will be made available.

- Spanish; Vietnamese

Will the Participant’s HAF applications and other program documents be provided in forms that are accessible to persons with disabilities?

- Yes
Performance Goals

Treasury will consider the goals and benchmarks the Participant proposes to use to measure the effectiveness of its programs, including whether those goals address the homeowner needs identified by the Participant, the extent to which the goals are disaggregated by key homeowner characteristics as appropriate for the jurisdiction, and whether they include a goal focused on reducing mortgage delinquency.

Please describe Participant’s goals and benchmarks for each of its programs with the following program design elements.

**Staffing, Systems and Contractors**

Treasury seeks information regarding the Participant’s organizational capacity to implement its HAF Plan.

Does the Participant anticipate needing to hire additional staff to implement this HAF Plan?

Yes

Does the Participant anticipate significant information technology system upgrades to implement this HAF Plan?

Yes

Does the Participant have policies or procedures that govern the implementation of each HAF program design element described in this HAF Plan?

No

If no, is a policy and procedure in development for each HAF program design element described in this HAF Plan?

Yes

Will the Participant use HAF funds to assist eligible households through a program that was operational before the Participant first received HAF funds?

No

Will the Participant use any third-party contractor or partner to conduct program administration (such as reviewing applications, determining eligibility, processing payments, conducting reporting, and reviewing compliance) for some or all of the Participant’s HAF programs?

No

**Use of Initial Payment**

If the Participant has already received any HAF funds from Treasury, provide the following information about the use of such funds as of June 30, 2021.

What amount of the HAF funds that the Participant has received been disbursed to eligible homeowners?

$0.00

Has the Participant begun accepting applications from homeowners for any HAF-funded programs?
No

How much of the HAF funds that the Participant has received been obligated?

$0.00

Provide a brief description of how the Participant has used the HAF funds it has received.

OHFA has received zero funds as of 9/29/21.
