Section I. Reporting Basics

a) Overview

This document provides information on using Treasury's Portal to submit the required Homeowner Assistance Fund (HAF) Annual Report. It supplements the [HAF Guidance on Participant Compliance and Reporting Responsibilities](#) containing relevant information on reporting requirements.

Additionally, you should visit Treasury's [HAF home page](#) for the latest guidance and updates on Programmatic and reporting topics.

HAF Participants are required to submit Annual reports with descriptions and figures related to their community engagement and outreach activities, performance goals, targeting plan, and coordination efforts during the reporting period.

HAF Participants are required to submit Annual reports with information on the progress of their HAF program(s), including background information, outreach expenditures, performance on goals laid out in the HAF Participant Plan, and coordination efforts with community-based organizations, housing agencies, and servicers.

b) What is Covered in this User Guide?

This User Guide contains detailed guidance and instructions for HAF Participants in using Treasury's Portal for submitting the HAF Annual Report. All Participants must submit the required Annual Report via Treasury's Portal. This guide is not comprehensive and is meant to be used as a functional reference and in conjunction with the documents mentioned above.

This User Guide provides detailed instructions to help recipients enter and submit information related to the following HAF activities:

- Community Engagement & Outreach
- Performance Goals
- Methods for Targeting
- Best Practices & Coordination

c) Designating Staff for Key HAF Reporting Roles

HAF Participants must designate staff or officials for one or more of the following three roles to complete reports for their HAF award. Participants must make the required designations before accessing Treasury's Portal. The required roles are as follows:

- **Account Administrator** for the HAF award has the administrative role of maintaining the names and contact information of the designated individuals for HAF reporting. The Account Administrator is also responsible for working within your organization to determine its

designees for the roles of Point of Contact for Reporting and Authorized Representative for Reporting and providing their names and contact information via Treasury's Portal. Finally, the Account Administrator is responsible for making any changes or updates to the user roles as needed over the award period. We recommend that the Account Administrator identify an individual to serve in their place in the event of staff changes. The Account Administrator can certify and submit official reports on behalf of the HAF Participant.

- **Point of Contact for Reporting** is the primary contact for receiving official Treasury notifications about reporting on the HAF award, including alerts about upcoming reporting, requirements, and deadlines. The Point of Contact for Reporting is responsible for completing the HAF reports but is not able to certify and submit official reports on behalf of the HAF Participant unless designated to one of the other two reporting roles.
- **Authorized Representative for Reporting** or ARR is responsible for certifying and submitting official reports on behalf of the HAF Participant. Treasury will accept reports or other official communications when submitted by the Authorized Representative for Reporting. The Authorized Representative for Reporting is also responsible for communications with the Treasury on extension requests and amendments of previously submitted reports. The official reports may include special reports, Quarterly or Annual reports, and final reports.

Some essential items to note:

- Each designated individual must register with ID.me or Login.gov to access Treasury's Portal.
- Users who have previously registered through ID.me may continue to access Treasury's Portal through that method. This [link](#) includes further instructions.
- If you have not previously registered with ID.me, you should register through Login.gov following this [link](#). The following links provide additional information:
 - <https://login.gov/create-an-account/>
 - <https://login.gov/help/get-started/create-your-account/>
- An individual may be designated for multiple roles. For example, the individual designated as the Point of Contact for Reporting may also be designated as the Authorized Representative for Reporting.
- The recipient may designate one individual for all three roles.
- Multiple individuals can be designated for each role.
- An organization may make changes and updates to the list of designated individuals whenever needed. An Account Administrator must process these changes.

Refer to [Appendix A](#) for guidance on designating individuals for the three roles.

Please contact HAF@treasury.gov for additional information on procedures for registering with ID.me or Login.gov.

d) Questions?

If you have any questions about the HAF Program's reporting requirements, please contact us by email via HAF@treasury.gov.

b) Helpful Tips/Shortcuts for Submitting Data to Treasury’s Portal

Treasury’s Portal leads you through a series of online forms that, when completed, will fulfill your reporting obligations. While navigating through Treasury’s Portal and submitting required information for the Annual Report, users will need to enter data directly into Treasury’s Portal manually.

1. Manual Data Entry

Manual data entry requires you to provide inputs as instructed on the screen. Manual inputs are described in detail below for each User Guide section.

Your inputs will be subject to validation by Treasury’s Portal to ensure that the data provided is consistent with the expected format or description (e.g., entering “one hundred” instead of 100). If a given data entry fails a validation rule, Treasury’s Portal will display an error for you to address.

You will not be able to submit data that has been entered if it does not satisfy the validation rules.

2. Narrative Boxes

Tip: When filling out detailed narratives, you are encouraged to type out responses in a word processing application (such as Microsoft Word) to minimize grammatical errors, track word count, and concisely answer all required narrative details. You can copy and paste the final written narratives directly into the Treasury Portal text boxes.

3. Corrections and Resubmissions

Once information is entered into Treasury's Portal, the information will be accepted by Treasury's Portal as a record if there are no data validation errors. After a report has been certified and submitted in the system by an Account Administrator (AA) or Authorized Representative for Reporting (ARR), it can still be corrected or edited in the Portal by selecting the "unsubmit" button next to submitted report if it is still before the reporting deadline. If a Participant reopens a submitted report for revisions, they must complete revisions, recertify, and resubmit the report before the reporting deadline. Participants will not be able to reopen and revise an Annual Report if it is after the reporting deadline. Participants may also save a draft report without submitting and continue working on the report prior to the deadline by selecting the edit icon button next to the draft report.

Section III. Annual Report

Upon opening an Annual Report, you will land on an instructions page. Please read the instructions as they are essential to understand before completing the subsequent screens. After reading the instructions, please select "Next" at the bottom of the page or use the Navigation Bar on the left of Treasury's Portal to move to the next screen.

b) Participant Information

You will review and confirm information on your organization and use the text box to note any discrepancies in the information displayed on this screen. Participant Information will be pre-populated from your HAF Application file.

1. Review Participant Information prepopulated from your HAF Application and note any information that needs to be updated in the text box (see Figure 6).
