Section I. Reporting Basics

a) Overview

This document provides information on using Treasury's Portal to submit the required Homeowner Assistance Fund (HAF) Quarterly Report. It supplements the [HAF Guidance on Participant Compliance and Reporting Responsibilities](#) containing relevant information on reporting requirements.

Additionally, you should visit Treasury's [HAF home page](#) for the latest guidance and updates on Programmatic and reporting topics.

HAF participants are required to submit quarterly reports with current performance and financial information, including background information about applications approved, applications received, Homeowners assisted, and financial information with details about obligations and expenditures.

b) What is Covered in this User Guide?

This User Guide contains detailed guidance and instructions for HAF participants in using Treasury's Portal for submitting the HAF Quarterly Report. HAF participants must submit required Quarterly Reports via Treasury's Portal. This guide is not comprehensive and is meant to be used as a functional reference and in conjunction with the documents mentioned above.

This User Guide provides detailed instructions to help recipients enter and submit the following:

- Budget data
- Programmatic data
- Expenditure data
- Compliance information

c) Definitions

Award Date means the date the HAF participant signed the HAF Financial Assistance Agreement.

Expended means any HAF assistance that a HAF participant or Subrecipient has spent. Please note cumulative Expenditures cannot exceed cumulative Obligations.

Homeowner means an individual who applied and/or receives funds from the HAF participant or Subrecipient to pay for a singular qualified expense (i.e., if a Homeowner receives HAF assistance for more than one qualified expense category, they are counted for more than one qualified expense category).

In some places, Guidance requires that you provide the number of unique Homeowners. Unique Homeowners are only counted one time even if they applied and or/received funding for more than one qualified expense category.

HAF Assistance means any assistance provided by the HAF Program, whether through funds received by the HAF Program for qualified expenses or through services made available by the HAF program.

Monetary HAF Assistance means HAF assistance in the form of money provided to Homeowners or on behalf of Homeowners to financial institutions, utility providers, and taxing authorities or other third-party payees under a HAF Program. Homeowners that received both Monetary and Non-monetary Assistance should be counted once as having received Monetary HAF Assistance.

Non-monetary HAF Assistance means HAF assistance in any form other than money provided to Homeowners under a HAF Program (e.g., housing counseling or referral to legal services, etc.). Only Homeowners that received Non-monetary HAF Assistance and no Monetary HAF Assistance are to be counted as having received Non-Monetary HAF Assistance.

Obligated means an order placed for property and services, contracts and subawards, and similar transactions requiring payment. (See [2 CFR § 200.1](#).) Obligated funds **include** funds that have been **Expended**.

Examples of Obligated funds include:

- HAF funds that have been committed, pledged, or otherwise promised, in writing, to a specific individual or entity as part of a HAF Program
- HAF funds that have been set aside to cover obligations arising from loan guarantees; HAF funds that have been committed, pledged, or otherwise promised, in writing, as part of a transaction
- HAF funds that have been committed, pledged, or otherwise promised, in writing, for allowable administrative expenses (e.g., an executed contract for services).
- HAF funds expended to provide assistance to a Homeowner for one or more qualified expense category.

d) Designating Staff for Key Roles in Managing HAF Reports User Designations

HAF participants must designate staff or officials for the following three roles in managing reports for their HAF award. Participants must make the required designations before accessing Treasury's Portal. The required roles are as follows:

- **Account Administrator** for the HAF award maintains the names and contact information of the designated individuals for HAF reporting. The Account Administrator is also responsible for working within your organization to determine its designees for the roles of Point of Contact for Reporting and Authorized Representative for Reporting and providing their names and contact information via Treasury's Portal. Finally, the Account Administrator is responsible for making any changes or updates to the user roles as needed over the award period. We recommend that the Account Administrator identify an individual to serve in their place in the event of staff changes. The Account Administrator may also certify and submit official reports on behalf of the HAF participant.

- **Point of Contact for Reporting** is the primary contact for receiving official Treasury notifications about reporting on the HAF award, including alerts about upcoming reporting, requirements, and deadlines. The Point of Contact for Reporting is responsible for completing HAF reports but does not have the ability to certify and submit official reports on behalf of the HAF participant.
- **Authorized Representative for Reporting** or ARR is the primary individual responsible for certifying and submitting official reports on behalf of the HAF participant. Treasury will accept reports or other official communications only when submitted by the Authorized Representative for Reporting or the Account Administrator. The Authorized Representative for Reporting is also responsible for communications with the Treasury on extension requests and amendments of previously submitted reports. The official reports may include special reports, Quarterly or Annual reports, and final reports.

Essential items to note:

- Each individual designated to one of the three roles above must register with ID.me or Login.gov to access Treasury's Portal.
- Users who have previously registered through ID.me may continue to access Treasury's Portal through that method. This [link](#) includes further instructions.
- If you have not previously registered with ID.me, you should register through Login.gov following this [link](#). The following links provide additional information:
 - <https://login.gov/create-an-account/>
 - <https://login.gov/help/get-started/create-your-account/>
- An individual may be designated for multiple roles. For example, the individual designated as the Point of Contact for Reporting may also be designated as the Authorized Representative for Reporting.
- The recipient organization may designate one individual for all three roles.
- The recipient organization may designate multiple individuals for each role.
- The recipient organization may make changes and updates to the list of designated individuals whenever needed. The Account Administrator must process these changes.

Refer to [Appendix A](#) for guidance on designating individuals for the three roles.

The designated individuals' names and contact information will be pre-populated in the "Recipient Profile" portion of the participant's HAF reports, and recipients will update the information, if necessary.

Please contact HAF@treasury.gov for additional information on procedures for registering with ID.me or Login.gov.

e) Questions?

If you have any questions about the HAF Program's reporting requirements, please contact us by email via HAF@treasury.gov.

Section II. Navigation and Logistics

a) Login to Landing Page and Portal Navigation

After logging into Treasury’s Portal, the landing page (see Figure 1) will appear. The landing page will display brief introductions related to reporting for the State and Local Fiscal Recovery Funds (SLFRF) Program, Emergency Rental Assistance (ERA) Programs, Capital Projects Fund (CPF) Program, and Homeowner Assistance Fund (HAF) Program.

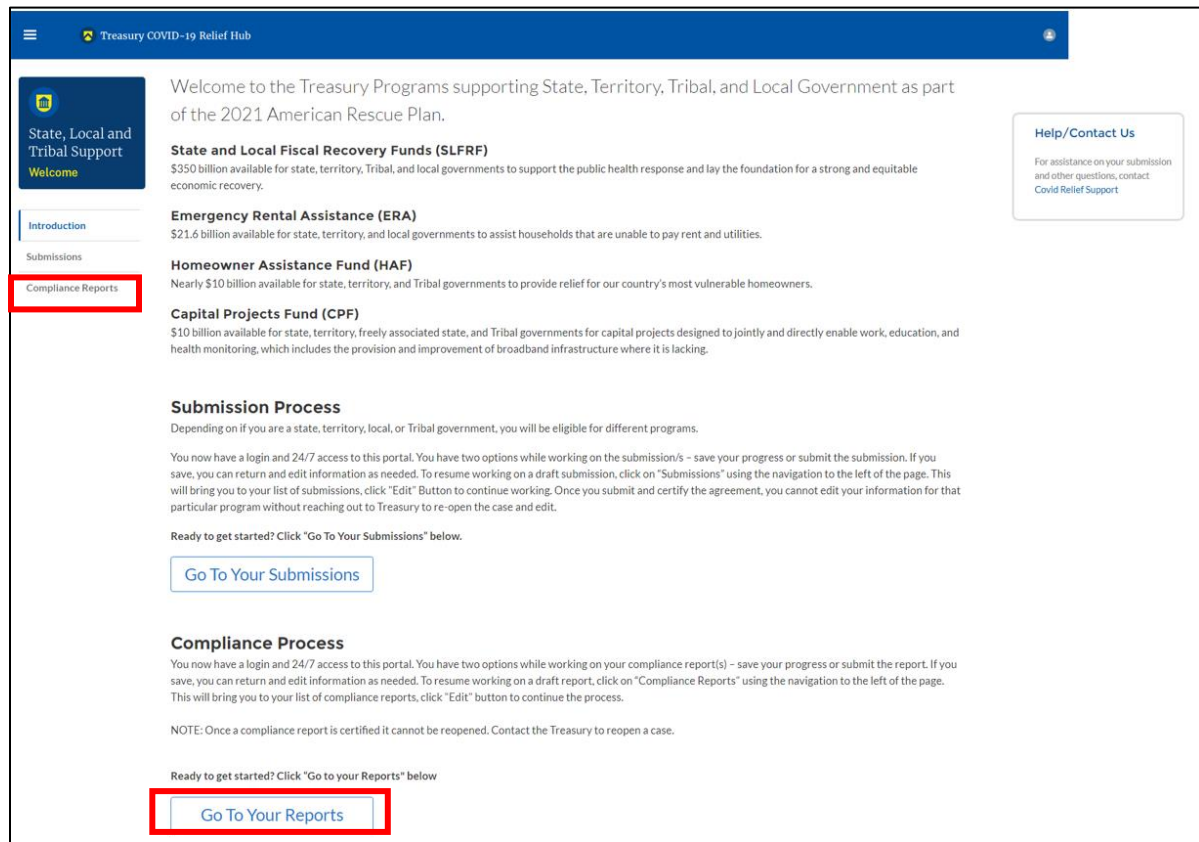

Figure 1 Portal Landing Page

Please select “Compliance Reports” on the left side panel of the Portal landing page or “Go to Your Reports” on the bottom of the Portal landing page to be taken to the My Compliance Reports landing page (Figure 2 below). The Compliance Reports page displays all compliance reports by Program that have been created and are in draft or submitted status.

Figure 2 My Compliance Reports Landing Page

In the HAF Compliance Reports section, please locate the quarterly report with Report Period = “Award Date – “Current Reporting Period End Date””. For the third quarter of 2022 reporting period, for example, the Report Period will show “Award Date – September 30, 2022”. Note beginning in Q2 2022 Treasury changed report generation from being user created as shown in Figure 3 to being system generated.

Figure 3 Q1 2022 HAF Compliance Report Generation Screen

To begin your Quarterly Report, select the “pencil” button under the “Edit” column shown above in Figure 2, which will take you into the report to enter information about your HAF award activities for the designated reporting period.

The Navigation Bar shown in Figure 4 on the left of Treasury’s Portal will allow you to move between Quarterly Report screens.

Helpful Tips/Shortcuts for Submitting Data to Treasury’s Portal

Treasury’s Portal leads you through a series of online forms that, when completed, will fulfill your reporting obligations. While navigating through Treasury’s Portal and submitting required information for the Quarterly Report, users will need to enter data directly into Treasury’s Portal manually.

1. Manual Data Entry

Manual data entry requires you to provide inputs as instructed on the screen. Manual inputs are described in detail below for each User Guide section.

Your inputs will be subject to validation by Treasury’s Portal to ensure that the data provided is consistent with the expected format or description (e.g., entering “one hundred” instead of 100). If a given data entry fails a validation rule, Treasury’s Portal will display an error for you to address.

You will not be able to submit manually entered data that does not satisfy the data validation rules.

2. Narrative Boxes

Tip: When filling out detailed narratives, you are encouraged to type out responses in a word processing application (such as Microsoft Word) to minimize grammatical errors, track word count, and concisely answer all required narrative details. You can copy and paste the final written narratives directly into Treasury's Portal text boxes.

3. Corrections and Resubmissions

Once information is entered into Treasury's Portal, the information will be accepted by Treasury's Portal as a record if there are no data validation errors.

Once your report is complete has passed all data validation checks, your quarterly report is ready for certification and submission by an Account Administrator (AA) or Authorized Representative for Reporting (ARR). After submission, if it is still before the filing deadline, a report can be "unsubmitted" and corrected or edited in the Portal by selecting the edit icon button next to the drafted or submitted report (see Figure 5). Once edits have been completed, an Account Administrator (AA) or Authorized Representative for Reporting (ARR) will need to recertify and resubmit the Quarterly Report.

f) Disaggregated Application Data¹²

In this section, you will be asked to provide disaggregate data by various categories such as race, gender, ethnicity, area median income, and reason for denial (see Figures 15-17).

Disaggregated application data can be entered manually on this page or uploaded directly using the template discussed in [section e](#). Be sure to save your work as you go by using the “Save” button.

All Columns of each Table require cumulative counts of applications.

Obligations and Expenditures reported in the Disaggregated Application Data table must be consistent with data entered previously in Budget Reporting and Programmatic Information sections. If applicants selected multiple categories, they should be counted in multiple rows. The segment totals for Obligations and Expenditures (row labeled Totals) must be greater than or equal to the related aggregate figures entered in the Budget Reporting and Programmatic Information sections (shown in the row labeled Programmatic Totals). System will generate a warning if Obligations and Expenditures Totals are less than the figures entered under Budget Reporting and Programmatic Information.

¹¹ Please be sure to save your completed template as "Comma Separated Values" (.csv) before uploading.

¹² Tribal governments and the Department of Hawaiian Homelands will not be required to fill out this screen.

g) Disaggregated Assistance Data¹³

In this section, you will be asked to provide disaggregate assistance data by various categories such as race, gender, ethnicity, area median income, targeting, and mortgages (see Figure 18).

Disaggregated data can be entered manually on this page or uploaded directly from the template file provided to you. Be sure to save your work as you go by using the “Save” button.

Note that Columns 1, 2, and 3 of each Table in the following section require cumulative counts of homeowners that received Monetary Assistance (Homeowners), Non-Monetary Assistance, and SDIs broken out by the categories listed above. Homeowners receiving both Monetary and Non-Monetary Assistance should be reported in both Columns 1 and 2. Columns 4 and 5 require cumulative fund Obligation and Expenditure amounts, refer to the Definitions [section](#) for clarification on the distinction between the two terms.

You have been provided with the option to bulk upload your disaggregated data using an Excel Template for ease of reporting. Please refer to [section e](#) above for more information on the bulk upload process. You may also upload partial datasets and manually edit the missing entries using the screen displayed in Figures 18-21 above.

h) Geographic Data¹⁴

On this screen, you must provide Geographic Data by zip code. Data import functionality can only accommodate 400 records at a time, so if you have more than 400 zip codes to report, you must use multiple data files, each with 400 zip codes or less, and repeat the upload, validate, and import process for each data file. *This information must be provided via Data File Import*, as pictured in Figure 22 and 23 below.

Direct Monetary Assistance to homeowners tied to specific Zip Codes and Non-monetary assistance to homeowners associated with a specific zip code should be reported here. HAF Obligations and Expenditures associated with disbursements to housing counselors and legal service providers are conversely not tied to specific Zip Codes and should not be reported here.

Three questions are on the Geographic Data tab. As shown in Figure 22, the fields request the number of homeowners that received Non-Monetary HAF assistance but cannot be associated with a specific zip code and cumulative obligations and cumulative expenditures associated with these homeowners.

The sum of Obligations and Expenditures reported in the zip code file and in the three questions an assistance to homeowners that cannot be associated to a specific zip code should be sum to Total Obligations and Expenditures for HAF assistance reported in the Budget Reporting and Programmatic Information sections.

¹⁴ Tribal governments and the Department of the Hawaiian Home Lands will not be required to complete this screen.

Geographic Data

HAF Obligations and Expenditures associated with direct assistance to homeowners are tied to specific Zip Codes. HAF Obligations and Expenditures associated with disbursements to housing counselors and legal service providers are conversely not tied to specific Zip Codes. Additionally, in some cases non-monetary assistance to homeowners may not be associated with a specific zip code.

In the first section below, prepare and upload geographically-associated data aggregated by Zip Code. In the second section, Geographic Exceptions, enter data that is not associated with specific Zip Codes. The sum of Obligations and Expenditures in the two sections should be equal to the total Obligations and Expenditures for HAF assistance.

Section B: Questions and Answers

Who is authorized to designate the Account Administrator, the Point of Contact for Reporting, and the Authorized Representative for Reporting for my organization's HAF's award?

- Treasury requests that each HAF participant follow its own decision-making procedures in making the three designations for each award.

What is the deadline for making the designation?

- Treasury requests that users of Treasury's Portal make the three designations as soon as possible to enable your organization to submit its Annual Performance Report.

What are the responsibilities for each of the three designated roles?

- **Account Administrator** for the HAF award has the administrative role of maintaining the names and contact information of the designated individuals for HAF reporting. The Account Administrator is also responsible for working within your organization to determine its designees for the roles of Point of Contact for Reporting and Authorized Representative for Reporting and providing their names and contact information via Treasury's Portal. The Account Administrator can also view and submit reports. Finally, the Account Administrator is responsible for making any changes or updates as needed over the award period. We recommend that the Account Administrator identify an individual to serve in their place in the event of staff changes.
- **Point of Contact for Reporting** is the primary contact for receiving official Treasury notifications about reporting on the HAF award, including alerts about upcoming reporting, requirements, and deadlines. The Point of Contact for Reporting is responsible for completing the HAF reports but cannot certify and submit these reports.
- **Authorized Representative for Reporting** is responsible for certifying and submitting official reports on behalf of the HAF award recipient. Treasury will accept reports or other official communications only when submitted by the Authorized Representative for Reporting. The Authorized Representative for Reporting is also responsible for communications with Treasury on extension requests and amendments of previously submitted reports. The official reports may include special reports, monthly reports, quarterly reports, and final reports.

May my organization designate one individual for multiple roles?

- Yes, an individual may be designated for multiple roles. For example, the individual designated as the Account Administrator can also be designated as the Authorized Representative for Reporting or Point of Contact for Reporting. It is also acceptable for an organization to designate one individual for all three roles; however, it should also adhere to any applicable personnel checks and balances rules.

May my organization designate more than one individual per role?

- Yes, you may designate more than one person per role but are encouraged to limit the number of users assigned to each role.

May my organization change the designations from time to time?

- Yes, an organization may make changes and updates to the list of designated individuals whenever needed.

Must each of the designated individuals register for using Treasury's Portal?

- Yes, each individual designated for any of the roles must register with ID.me or Login.gov before being given access to Treasury's Portal. Please contact us at the email address below for more information and guidance on registering with ID.me or Login.gov. If you are already registered with ID.me, you do not have to register to Login.gov to access your reports.

Additional Questions or Additional Assistance?

- If you have additional questions about accessing or using Treasury's Portal to provide the designees' names and contact information, please email us at HAF@treasury.gov.
