

Capital Projects Fund Award Fact Sheet

Hawaii

Treasury approves Hawaii's plan to invest \$115.5 million of CPF funding in broadband infrastructure projects that will provide high-quality internet to locations that lack access to adequate service.

Hawaii's Capital Projects Fund Program Overview

- **Program Summary:** \$115.5 million for Broadband Infrastructure (100% of CPF allocation)
- **Program Description:** Hawaii will implement two broadband infrastructure programs that aim to provide reliable internet access to households across the state. Hawaii will invest \$101.7 million of their CPF award to the Hawaii Subsea Middle Mile Program - a program designed to address the critical middle mile subsea cable infrastructure needed to ensure the islands of Hawaii have reliable, high speed internet access. Hawaii will additionally invest \$8 million towards the Hawaii Public Housing Authority (HPHA) Connections Program to upgrade HPHA facilities to provide residents with access to affordable, high-speed internet.
 - Both programs are designed to support internet service with speeds of 100/100 Mbps symmetrical or better to households and businesses upon project completion.
 - Internet service providers utilizing investments funded by CPF will be required to participate in the [FCC's Affordable Connectivity Program \(ACP\)](#) – a \$30 per month subsidy for low-income families.
- **Key State Contact:** The University of Hawaii through a subgrant administered by the Hawaii Department of Budget and Finance
