

Capital Projects Fund Award Fact Sheet

Indiana

Treasury approves Indiana's plan to invest \$201 million of CPF funding in broadband infrastructure projects that will provide high-speed internet to locations that lack access to adequate service.

Indiana Capital Projects Fund Program Overview

- **Program Summary:** \$201 million for Broadband Infrastructure (100% of CPF program allocation)
- **Locations to Be Served:** 55,349 (estimated)
- **Program Description:** Indiana's Next Level Connections Broadband Grant Program (NLC) is a competitive grant program designed to provide funding to extend broadband infrastructure and service to areas and locations currently lacking access to at least 25/3 Mbps.
 - The program is designed to provide internet service with speeds of 100/100 Mbps symmetrical to households and businesses upon project completion.
 - Each of the internet service providers funded by the program will participate in the FCC's [Affordable Connectivity Program \(ACP\)](#) – a \$30 per month subsidy for low-income families.
- **Key State Contact:** Indiana Broadband Office; Office of Community and Rural Affairs

As reported by Indiana, estimates show that investments made using the Capital Projects Fund will serve ~8% of locations still lacking high-speed internet access in the state.

Treasury previously approved CPF funding for NLC on August 30, 2022. On September 11, 2024, Treasury approved Indiana's request to modify the funding from \$199M to \$201M. This fact sheet reflects these changes.
