

**Interim Report State & Local Recipients - Costs Incurred by Spend Category through June 30**

*Data as of August 12, 2020 – Revised August 24, 2020*

The Department of the Treasury Office of Inspector General (OIG) is responsible for monitoring and oversight of the receipt, disbursement, and use of Coronavirus Relief Fund payments. On July 2, 2020, OIG notified each prime recipient of an [Interim Report](#) requirement for reporting costs incurred during the period March 1 through June 30, 2020.

Treasury CRF Guidance (updated June 30, 2020) clarified that that for a cost to be considered to have been incurred, performance or delivery must occur during the covered period but payment of funds need not be made during that time (though it is generally expected that this will take place within 90 days of a cost being incurred).

For this interim report, prime State and Local Government recipients reported total costs incurred by ten broad categories displayed in the following table. Data includes the distribution of payments allocated to States and Local governments. ‘Total Costs Incurred by Broad Spend Category’ as well as the sum ‘Total Costs Incurred’ is a direct reflection of the self-reported recipient submissions and does not include analysis of supporting documentation or qualitative data that accompanied the spreadsheet form provided. Additionally, this data was not verified or audited by Treasury. ‘Percent Spent’ displays the ‘Total Costs Incurred’ divided by the ‘Payment Amount.’

The amounts obligated by recipients may be larger than the ‘Total Costs Incurred.’ Obligation activity will be collected in the Department of the Treasury OIG’s GrantSolutions reporting portal for prime recipients and reported by the Pandemic Response Accountability Committee (PRAC) in early October. The data will available on the PRAC’s website at <https://pandemic.oversight.gov>.

All dollar figures are rounded to the nearest whole dollar and percentages to one decimal point. Details may not sum to totals due to rounding.
