SECTION D – CONTRACT ATTACHMENTS

Attachment No. 1 – Statement of Objectives
Attachment No. 2 – Supplemental Agreement
Department of Treasury
Office of General Counsel (Banking & Finance)
Legal Advisory Services

Statement of Objectives (SOO)
C.1 BACKGROUND

The spread of the coronavirus has disrupted activity throughout the United States and caused significant volatility in financial markets. In furtherance of its mission to ensure the safety and soundness of the U.S. financial system, the Treasury is considering the immediate implementation of a new federal financial assistance program for air carriers to respond to the economic risks.

This action is authorized pursuant to the President’s declaration regarding a national emergency concerning the novel coronavirus disease (COVID-19) under section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. 5121-5207 (the “Stafford Act”). As a result of this emergency declaration, the flexibilities identified in FAR 18.202, “Defense or recovery from certain events,” are available for use in supporting response efforts to COVID-19. These flexibilities include increases to the micro-purchase threshold, the simplified acquisition threshold, and the threshold for using simplified procedures for certain commercial items.

C.2 SCOPE OF WORK

Treasury seeks a contractor to provide legal expertise and advice in structuring and documenting transactions for loans and loan guarantees under section 4003 of the CARES Act. In particular, these services would pertain to transactions with (1) businesses critical to maintaining national security and (2) ticket agents (as defined in 49 USC 40102). Transactions may involve a portfolio of assets that Treasury will acquire, invest in, or guarantee. Such assets may include secured or unsecured debt obligations, asset-backed securities, equity interests, or warrants, among others. Treasury seeks advice regarding the form, structure, and terms and conditions to be included in the transaction documentation. All such documentation must comply with applicable laws and regulations, including applicable Treasury regulations, and best practices.

The contractor may be tasked with providing expert advice and guidance with respect to loans, equity investments, and other direct or indirect investments; developing legal documentation with respect to loans, equity investments, and other direct or indirect investments; negotiating relevant transactions; and performing related legal services within the general contract scope.

Treasury’s policy goals for the program are to (1) provide stability and prevent further disruption to the financial markets and financial system, (2) ensure the availability of credit and liquidity, and (3) protect the interests of taxpayers. The specific strategies may change over time but will be consistent with these policy goals. To the extent practicable, the program will be managed to limit the potential for losses.

Treasury may publicly publish the transaction documentation before or after consummation of the transactions.

Specific services may include, but not be limited to:
• Advising on transaction structuring, including for various types of financial interests and
guarantees, and drafting transaction documents.

• Advising on compliance requirements for the program, including internal controls.

• Developing documentation. Preparing drafts of all transaction documentation.

• Responding to comments on the draft transaction documentation, including from
Treasury, counterparties, other federal agencies, or members of the public.

• Helping identify conflicts of interest and providing advice on transparency, conflict
mitigation, and disclosure.

• Assisting with the preparation of reports to oversight bodies.

• Providing other related legal advisory services identified by Treasury.

• Providing for all necessary information technology to support the services above.

Services must begin immediately upon selection and contract execution.

The contractor shall not perform any inherently governmental functions (e.g., approving or
making decisions) associated with the requirement. In all activities where the Contractor may
represent its government customer positions, the contractor shall make it clear that he or she is
not a government employee.

C.3 GENERAL

On-site services in Washington, D.C. may be required. The government may require the
contractor to conduct local travel supporting meetings within the DC/VA/MD area. Such travel
is considered local and will not be separately reimbursed under the contract.

Circumstances may require the Contractor to provide services outside normal duty hours.

The firm will be required to complete deliverables in the form of written reports, program
documents, options papers, face-to-face presentations, verbal recommendations, and
implementation of approved recommendations, as directed by Treasury.

The firm will be required to provide transition services at the conclusion of the performance
period and cooperate in good faith with Treasury to ensure an orderly transfer of knowledge,
functions, records, and data to any successor.
SUPPLEMENTAL AGREEMENT

This supplemental agreement ("Supplemental Agreement") supplements and is part and parcel of that certain Firm Fixed-Price Level of Effort (FFP LOE) Type contract for legal advisory services dated May 1, 2020 (the "Contract") between the United States of America and Davis Polk & Wardwell LLP and its associated entities (the "Contractor"), with the United States Department of the Treasury as the Contractor’s client (the "Client"). The parties acknowledge that the Contract, including this Supplemental Agreement, is a contract for the acquisition of commercial items within the meaning of the definition at Federal Acquisition Regulation 2.101. In particular, they are "services of a type offered and sold competitively in substantial quantities in the commercial marketplace." This Supplemental Agreement provides the terms and conditions under which the Contractor customarily provides legal services of this nature in the commercial marketplace.

Scope of Legal Services

The Contractor will act as special counsel to the Client in connection with the matters set forth in the Contract, which for the avoidance of doubt will consist of legal services related to the portion of the Client’s financial assistance program authorized by Section 4003(b)(1) (ticket agents) and (3) of the Coronavirus Economic Stabilization Act of 2020.

The parties agree that the Contractor is not providing information and communication technology (ICT) items. The requirements related to Section 508 of the Rehabilitation Act and implementing regulations, including Department of Treasury regulations and the Internal Revenue Service Acquisition Policy are limited to providing all reports in one or more of the following approved formats: Adobe, Word, Excel, and PowerPoint.

Identification of the Client

The Contractor has been engaged to undertake the representation of the Client and only the Client. The Contractor has not been retained to represent, and does not have an attorney-client relationship with: (i) any officer, director, employee or agent of the Client; (ii) the Internal Revenue Service, the Financial Crimes Enforcement Network, the Office of Foreign Assets Control or the Office of the Comptroller of the Currency; (iii) any department, agency or subdivision of the United States of America other than the Client; or (iv) the United States of America. As a consequence and as provided below, the Contractor may, during the representation of the Client, continue or take on representations of other clients which are adverse to any such individuals or entities (the "Client Affiliates").

Fee and Billing Matters

The Contractor’s fees for legal services for this engagement will be a fixed fee of $650,000 for the level of effort described in section B.2 of the Contract.
Conflicts and Consents

The Contractor is not aware of any other representations by the Contractor that preclude the Contractor from undertaking this engagement or adversely affect the Contractor’s ability to complete it. The Client is not aware of any information to the contrary.

The Contractor also represents and in the future will represent a large number of other clients in a wide variety of legal matters. Some such clients may have interests that are contrary to the Client’s interests. It is possible that, during the time the Contractor is working for the Client, an existing or future client may seek to engage the Contractor in connection with an actual or potential transaction or pending or potential litigation or other dispute resolution proceeding in which such client’s interests are or potentially may become adverse to the Client’s interests.

The Client agrees that, in matters that are not substantially related to those in which the Contractor has been or may in the future be engaged by the Client, that is, in circumstances in which any of the Client’s confidential data or information, as normally would have been obtained by the Contractor in its representation of the Client, would not be material to any matter adverse to the Client that the Contractor might accept from another client, the Contractor may represent current or future clients in general or on specific matters where the interests of the parties are different from, inconsistent with, or adverse to, the Client’s interests, including, without limitation, in negotiations, acquisitions, dispositions and other transactions, litigation, alternative dispute resolution and administrative proceedings, and other legal matters (“Adverse Representations”). The Client consents to, and waives any objection with respect to, such Adverse Representations, and agrees that it will not assert that the Contractor’s representation of the Client in this or any other matter or the Contractor’s possession of confidential information obtained from the Client, provides a basis for disqualifying the Contractor from representing another party in an Adverse Representation or otherwise constitutes a breach of any obligation or duty that the Contractor may owe to the Client.

In addition, recognizing that the Contractor also represents other clients who are expected to be eligible to obtain loans, equity investments or other forms of financing or support available under the program as described in Attachment No. 1 hereto (the “Program” and any such financing or support, “Program Financing”), the Client agrees that the Contractor may advise other clients in connection with the terms and conditions, compliance requirements and other aspects of applying for and securing Program Financing only with the Client’s further express consent and may not act for any other client in negotiations where the Contractor is representing the Client; provided, however, that (1) any attorney who has advised the Client in connection with a specific facility or other distinct component of the Program will not advise another client in connection with obtaining Program Financing under the same facility or component of the Program and (2) the Contractor implements customary internal restrictions and other procedures reasonably designed to prevent the sharing or use of confidential data or information obtained by the
Contractor in its representation of the Client with attorneys or other individuals engaged in advising another client in connection with any Program Financing as permitted by this sentence.

Similarly, with respect to this matter, the Client consents to the Contractor's representation despite the fact that one or more counterparties or other adverse parties in this matter are or may become clients of the Contractor on matters that are not substantially related to the Contractor's work for the Client. The Contractor confirms that the Contractor will not disclose or use any confidential information that the Contractor has obtained from the Client without its prior consent and will not otherwise use or disclose any such confidential information in connection with any Adverse Representation.

This consent is intended solely to address restrictions that might otherwise be imposed on the Contractor by applicable rules of professional conduct. It does not waive any requirements established by the Federal Acquisition Regulation, including those set forth in FAR Subpart 9.5. If the Contractor becomes aware of facts that may indicate the existence of an organizational conflict of interest as defined in FAR section 2.101, it shall immediately disclose those facts to the Contracting Officer. Any such disclosure shall be made in a manner consistent with the contractor's professional obligations to its other clients.

This waiver is effective only if the Contractor concludes in the Contractor's professional judgment it is consistent with the requirements of the applicable Rules of Professional Conduct. In performing its analysis, the Contractor will also consider factors including (a) the nature of any conflict; (b) the Contractor's ability to ensure that the confidences and secrets of all involved clients will be preserved; and (c) the Contractor's relationship with each client. In examining its ability to ensure that the confidences and secrets of all involved clients will be preserved, the Contractor will as appropriate establish an ethical screen or use different teams of lawyers for the Client and the party adverse to the Client in the transaction.

Further, the Client agrees that the Contractor may continue or accept new representations, including negotiations, acquisitions, dispositions and other transactions, litigation, alternative dispute resolution and administrative proceedings, that are adverse to Client Affiliates as discussed above at the end of the section “Identification of the Client.”

In addition, the Contractor may consult at the Contractor's own expense with lawyers at the Contractor or elsewhere with respect to the Contractor's own ethical and professional obligations with respect to the Contractor's representation of the Client. The Client consents to such consultations, waives any conflict of interest relating thereto, and agrees that such consultations are protected by the Contractor's own attorney-client privilege.
This modification hereby:
1. Extends the period of performance by six weeks. B.3. is replaced to read: "The period of performance shall be from May 1, 2020 through July 24, 2020."
2. Replaces "TOTAL for 6 WEEK PERIOD" in B.4. table with "TOTAL".

All other terms and conditions remain unchanged.

Excised as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as hereunto changed, remains unchanged and in full force and effect.

SECTION C – CONTRACT CLAUSES

1. 1052.212-4 CONTRACT TERMS AND CONDITIONS-COMMERCIAL ITEMS (ALTERNATE II ) (DEVIATION 2016-00001) (APRIL 2018)

Substitute paragraphs (s) and (u) of FAR clause 52.212-4; and additionally add subparagraph (e)(2) and paragraph (w) to FAR clause 52.212-4.

*****

(e) Definitions.

(2) As used in this clause, "Commercial supplier agreements" means terms and conditions customarily offered to the public by vendors of supplies or services that meet the definition of commercial item set forth in FAR 2.101 and intended to create a binding legal obligation on the end user. Commercial Supplier agreements (CSA) are particularly common in information technology acquisitions, including acquisitions of commercial computer software and commercial technical data, but they may apply to any supply or service. The term applies -

(i) Regardless of the format or style of the document. For example, a CSA may be styled as standard terms of sale or lease, Terms of Service (TOS), End User License Agreement (EULA), or another similar legal instrument or agreement, and may be presented as part of an offer or quotation responding to a solicitation;

(ii) Regardless of the media or delivery mechanism used. For example, a CSA may be presented as one or more paper documents or may appear on a computer or other
electronic device screen during a purchase, software installation, other product delivery, registration for a service, or another transaction.

*****

(s) **Order of precedence.** Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order:

1. The schedule of supplies/services.
2. The Assignments, Disputes, Payments, Invoice, Other Compliances, Compliance with Laws Unique to Government Contracts, Unauthorized Obligations, and Commercial Supplier Agreements-Unenforceable Clauses paragraphs of this clause,
3. The clause at 52.212-5.
4. Addenda to this solicitation or contract, including any license agreements for computer software.
5. Solicitation provisions if this is a solicitation.
6. Other paragraphs of this clause.
7. The Standard Form 1449.
8. Other documents, exhibits, and attachments.
9. The specification.

*****

(u) **Unauthorized Obligations**

1. Except as stated in paragraph (u)(2) of this clause, when any supply or service acquired under this contract is subject to any CSA, that includes any language, provision, or clause requiring the Government to indemnify the Contractor or any person or entity for damages, costs, fees, or any other loss or liability that would create an Anti-Deficiency Act violation (31 U.S.C. 1341), the following shall govern:
   (i) Any such language, provision, or clause is unenforceable against the Government.
   (ii) Neither the Government nor any Government authorized end user shall be deemed to have agreed to such clause by virtue of it appearing in the CSA. If the CSA is invoked through an "I agree" click box or other comparable mechanism (e.g., "click-wrap" or "browse-wrap" agreements), execution does not bind the Government or any Government authorized end user to such clause.
   (iii) Any such language, provision, or clause is deemed to be stricken from the CSA.
2. Paragraph (u)(1) of this clause does not apply to indemnification by the Government that is expressly authorized by statute and specifically authorized under applicable agency regulations and procedures.

*****

(w) **Commercial supplier agreements - unenforceable clauses.** When any supply or service acquired under this contract is subject to a CSA, the following language shall be deemed incorporated into the CSA. As used herein, "this agreement" means the CSA:

1. Notwithstanding any other provision of this agreement, when the end user is an agency or instrumentality of the Government, the following shall apply:
   (i) **Applicability.** This agreement is a part of a contract between the commercial supplier and the Government for the acquisition of the supply or service that necessitates a license (including all contracts, task orders, and delivery orders under FAR part 12).
(ii) **End user.** This agreement shall bind the Government as end user but shall not operate to bind a Government employee or person acting on behalf of the Government in his or her personal capacity.

(iii) **Law and disputes.** This agreement is governed by Federal law.

   (A) Any language purporting to subject the Government to the laws of a U.S. state, U.S. territory, district, or municipality, or a foreign nation, except where Federal law expressly provides for the application of such laws, is hereby deleted.

   (B) Any language requiring dispute resolution in a specific forum or venue that is different from that prescribed by applicable Federal law is hereby deleted.

   (C) Any language prescribing a different time period for bringing an action than that prescribed by applicable Federal law in relation to a dispute is hereby deleted.

(iv) **Continued performance.** The supplier or licensor shall not unilaterally revoke, terminate or suspend any rights granted to the Government except as allowed by this contract. If the supplier or licensor believes the Government to be in breach of the agreement, it shall pursue its rights under the Contract Disputes Act or other applicable Federal statute while continuing performance as set forth in paragraph (d) of this clause.

(v) **Arbitration; equitable or injunctive relief.** In the event of a claim or dispute arising under or relating to this agreement, a binding arbitration shall not be used unless specifically authorized by agency guidance, and equitable or injunctive relief, including the award of attorney fees, costs or interest, may be awarded against the Government only when explicitly provided by statute (e.g., Prompt Payment Act or Equal Access to Justice Act).

(vi) **Updating terms.**

   (A) After award, the contractor may unilaterally revise terms if they are not material. A material change is defined as:

   1. Terms that change Government rights or obligations;
   2. Terms that increase Government prices;
   3. Terms that decrease overall level of service; or
   4. Terms that limit any other Government right addressed elsewhere in this contract.

   (B) For revisions that will materially change the terms of the contract, the revised commercial supplier agreement must be incorporated into the contract using a bilateral modification.

   (C) Any agreement terms or conditions unilaterally revised subsequent to award that are inconsistent with any material term or provision of this contract shall not be enforceable against the Government, and the Government shall not be deemed to have consented to them.

(vii) **No automatic renewals.** If any license or service tied to periodic payment is provided under this agreement (e.g., annual software maintenance or annual lease term), such license or service shall not renew automatically upon expiration of its current term without prior express consent by an authorized Government representative approval.
(viii) **Indemnification.** Any clause of this agreement requiring the commercial supplier or licensor to defend or indemnify the end user is hereby amended to provide that the U.S. Department of Justice has the sole right to represent the United States in any such action, in accordance with 28 U.S.C.516.

(ix) **Audits.** Any clause of this agreement permitting the commercial supplier or licensor to audit the end user's compliance with this agreement is hereby amended as follows:

(A) Discrepancies found in an audit may result in a charge by the commercial supplier or licensor to the Government. Any resulting invoice must comply with the proper invoicing requirements specified in the underlying Government contract or order.

(B) This charge, if disputed by the Government, will be resolved through paragraph (d) of this clause; no payment obligation shall arise on the part of the Government until the conclusion of the dispute process.

(C) Any audit requested by the commercial supplier or licensor will be performed at the commercial supplier’s or licensor’s expense, without reimbursement by the Government and must be performed within the parameters of the Government’s security procedures.

(D) The Contractor must notify the Contracting Officer of any audit request.

(x) **Taxes or surcharges.** Any taxes or surcharges which the commercial supplier or licensor seeks to pass along to the Government as end user will be governed by the terms of the underlying Government contract and, in any event, must be submitted to the Contracting Officer for a determination of applicability prior to invoicing unless specifically agreed to otherwise in the underlying contract.

(xi) **Non-assignment.** This agreement may not be assigned, nor may any rights or obligations thereunder be delegated, without the Government's prior approval, except as expressly permitted under paragraph (b) of this clause.

(xii) **Confidential information.** If this agreement includes a confidentiality clause, such clause is hereby amended to state that neither the agreement nor the contract price, as applicable, shall be deemed "confidential information." Issues regarding release of "unit pricing" will be resolved consistent with the Freedom of Information Act. Notwithstanding anything in this agreement to the contrary, the Government may retain any confidential information as required by law, regulation or its internal document retention procedures for legal, regulatory or compliance purposes; provided, however, that all such retained confidential information will continue to be subject to the confidentiality obligations of this agreement.

(2) If any language, provision, or clause of this agreement conflicts or is inconsistent with the preceding paragraph (w)(1) of this clause, the language, provisions, or clause of paragraph (w)(1) of this clause shall prevail to the extent of such inconsistency.

(End of clause)

2. **FAR 52.212-5 - CONTRACT TERMS AND CONDITIONS REQUIRED TO IMPLEMENT STATUTES OR EXECUTIVE ORDERS—COMMERCIAL ITEMS (NOV 2020)**

SUPPLEMENTAL AGREEMENT

This supplemental agreement ("Supplemental Agreement") supplements and is part and parcel of Time-and-Materials Type contract 2032H321C00010 (the "Contract") for legal advisory services between the United States of America and Davis Polk & Wardwell LLP and its associated entities (the "Contractor"), with the United States Department of the Treasury as the Contractor's client (the "Client"). The parties acknowledge that the Contract, including this Supplemental Agreement, is a contract for the acquisition of commercial items within the meaning of the definition at Federal Acquisition Regulation 2.101. In particular, they are "services of a type offered and sold competitively in substantial quantities in the commercial marketplace." This Supplemental Agreement provides the terms and conditions under which the Contractor customarily provides legal services of this nature in the commercial marketplace.

Scope of Legal Services

The Contractor will act as special counsel to the Client in connection with the matters set forth in the Contract, which for the avoidance of doubt will consist of legal services related to the portion of the Client's financial assistance program authorized by Section 4003(b)(1) (small and medium-size passenger air carriers and ticket agents) and (3) of the Coronavirus Economic Stabilization Act of 2020.

The parties agree that the Contractor is not providing information and communication technology (ICT) items. The requirements related to Section 508 of the Rehabilitation Act and implementing regulations, including Department of Treasury regulations and the Internal Revenue Service Acquisition Policy are limited to providing all reports in one or more of the following approved formats: Adobe, Word, Excel, and PowerPoint.

Identification of the Client

The Contractor has been engaged to undertake the representation of the Client and only the Client. The Contractor has not been retained to represent, and does not have an attorney-client relationship with: (i) any officer, director, employee or agent of the Client; (ii) the Internal Revenue Service, the Financial Crimes Enforcement Network, the Office of Foreign Assets Control or the Office of the Comptroller of the Currency; (iii) any department, agency or subdivision of the United States of America other than the Client; or (iv) the United States of America. As a consequence and as provided below, the Contractor may, during the representation of the Client, continue or take on representations of other clients which are adverse to any such individuals or entities (the "Client Affiliates").

Fee and Billing Matters

The Contractor's fees for legal services for this engagement will be for an amount based on time and materials at the rates set forth on Attachment No. 1 up to a ceiling price of $10,500,000.00 as set forth in section B.2 of the Contract.
Conflicts and Consents

The Contractor is not aware of any other representations by the Contractor that preclude the Contractor from undertaking this engagement or adversely affect the Contractor's ability to complete it. The Client is not aware of any information to the contrary.

The Contractor also represents and in the future will represent a large number of other clients in a wide variety of legal matters. Some such clients may have interests that are contrary to the Client's interests. It is possible that, during the time the Contractor is working for the Client, an existing or future client may seek to engage the Contractor in connection with an actual or potential transaction or pending or potential litigation or other dispute resolution proceeding in which such client's interests are or potentially may become adverse to the Client's interests.

The Client agrees that, in matters that are not substantially related to those in which the Contractor has been or may in the future be engaged by the Client, that is, in circumstances in which any of the Client's confidential data or information, as normally would have been obtained by the Contractor in its representation of the Client, would not be material to any matter adverse to the Client that the Contractor might accept from another client, the Contractor may represent current or future clients in general or on specific matters where the interests of the parties are different from, inconsistent with, or adverse to, the Client's interests, including, without limitation, in negotiations, acquisitions, dispositions and other transactions, litigation, alternative dispute resolution and administrative proceedings, and other legal matters ("Adverse Representations"). The Client consents to, and waives any objection with respect to, such Adverse Representations, and agrees that it will not assert that the Contractor's representation of the Client in this or any other matter or the Contractor's possession of confidential information obtained from the Client, provides a basis for disqualifying the Contractor from representing another party in an Adverse Representation or otherwise constitutes a breach of any obligation or duty that the Contractor may owe to the Client.

In addition, recognizing that the Contractor also represents other clients who are expected to be eligible to obtain loans, equity investments or other forms of financing or support available under the program as described above under “Scope of Legal Services” (the "Program" and any such financing or support, "Program Financing"), the Client agrees that the Contractor may advise other clients in connection with the terms and conditions, compliance requirements and other aspects of applying for and securing Program Financing only with the Client's further express consent and may not act for any other client in negotiations where the Contractor is representing the Client; provided, however, that (1) any attorney who has advised the Client in connection with a specific facility or other distinct component of the Program will not advise another client in connection with obtaining Program Financing under the same facility or component of the Program and (2) the Contractor implements customary internal restrictions and other procedures reasonably designed to prevent the sharing or use of confidential data or information obtained by the Contractor in its representation of the Client with attorneys or other individuals engaged in advising another client in connection with any Program Financing as permitted by this sentence.

Similarly, with respect to this matter, the Client consents to the Contractor's representation despite the fact that one or more counterparties or other adverse parties in this matter are or
may become clients of the Contractor on matters that are not substantially related to the Contractor's work for the Client. The Contractor confirms that the Contractor will not disclose or use any confidential information that the Contractor has obtained from the Client without its prior consent and will not otherwise use or disclose any such confidential information in connection with any Adverse Representation.

This consent is intended solely to address restrictions that might otherwise be imposed on the Contractor by applicable rules of professional conduct. It does not waive any requirements established by the Federal Acquisition Regulation, including those set forth in FAR Subpart 9.5. If the Contractor becomes aware of facts that may indicate the existence of an organizational conflict of interest as defined in FAR section 2.101, it shall immediately disclose those facts to the Contracting Officer. Any such disclosure shall be made in a manner consistent with the contractor's professional obligations to its other clients.

This waiver is effective only if the Contractor concludes in the Contractor's professional judgment it is consistent with the requirements of the applicable Rules of Professional Conduct. In performing its analysis, the Contractor will also consider factors including (a) the nature of any conflict; (b) the Contractor's ability to ensure that the confidences and secrets of all involved clients will be preserved; and (c) the Contractor's relationship with each client. In examining its ability to ensure that the confidences and secrets of all involved clients will be preserved, the Contractor will as appropriate establish an ethical screen or use different teams of lawyers for the Client and the party adverse to the Client in the transaction.

Further, the Client agrees that the Contractor may continue or accept new representations, including negotiations, acquisitions, dispositions and other transactions, litigation, alternative dispute resolution and administrative proceedings, that are adverse to Client Affiliates as discussed above at the end of the section "Identification of the Client."

In addition, the Contractor may consult at the Contractor's own expense with lawyers at the Contractor or elsewhere with respect to the Contractor's own ethical and professional obligations with respect to the Contractor's representation of the Client. The Client consents to such consultations, waives any conflict of interest relating thereto, and agrees that such consultations are protected by the Contractor's own attorney-client privilege.

Termination/Completion of Contract

Notwithstanding any other provision in the Contract, performance of the Contract by all of the parties shall be deemed to have been completed, the term and life of the Contract shall be deemed to have ended and the Contract shall be deemed to have been terminated upon payment by Treasury to the Contractor for the Contractor’s work required by Section B.5.
