

Capital Projects Fund Award Fact Sheet

Montana

Treasury approves Montana’s plan to invest \$119.9 million of CPF funding in broadband infrastructure projects that will provide high-quality internet to locations that lack access to adequate service.

Montana’s Capital Projects Fund Program Overview

- **Program Summary:** \$119.9 million for Broadband Infrastructure (100% of CPF allocation)
- **Locations to Be Served:** 61,100 (estimated)
- **Program Description:** The ConnectMT program is a competitive broadband grant program designed to fund broadband infrastructure projects in areas that currently lack access to reliable internet. ConnectMT prioritizes last mile fiber-to-the-home projects that will provide residents with affordable, high-speed internet.
 - The program is designed to provide internet service with speeds of 100/100 Mbps upon project completion.
 - Each of the internet service providers funded by the program will participate in the FCC’s [Affordable Connectivity Program \(ACP\)](#) – a \$30 per month subsidy for low-income families.
- **Key State Contact:** The Montana Department of Administration (DOA)

As reported by Montana, estimates show that investments made using the Capital Projects Fund will serve ~47% of locations still lacking high-speed internet access in the state.
