

AMERICAN RESCUE PLAN ACT

Pulaski County have expended all ARPA funds as of December 31, 2024. The ARPA monies were used to make a difference in the community that were affected by Covid-19. Food insecurities, PPE, child protective services, and mental health services.

Local organizations are contacted and contracted with to help address the food insecurity problem caused by the pandemic.

To address homelessness, a “chronically unhoused” village is progressing to assist in providing a safe, affordable community to live.

PPE was provide to employees and the public to help lessen the spread of the virus.

Local organizations are contacted and contracted with to help with the mental stresses of teachers and students during the pandemic. Also, women and children were assisted/helped that had been effected by the increase in domestic violence that occurred during the pandemic.

Community parks were upgraded to become all-inclusive so that everyone can participate in outdoor activities.

Low income communities are a focus with the expense of this program.
