

# Capital Projects Fund Award Fact Sheet

## South Carolina

*Treasury approves South Carolina's plan to invest \$185.8 million of CPF funding in broadband infrastructure projects that will provide high-quality internet to locations that lack access to adequate service.*

### South Carolina Capital Projects Fund Program Overview

- **Program Summary:** \$185.8 million for Broadband Infrastructure (100% of CPF allocation)
- **Locations to Be Served:** 31,650 (estimated)
- **Program Description:** The Next, Next Greatest Thing | Main Street, South Carolina (MAIN ST) grant program is a competitive last-mile broadband grant program designed to provide affordable, reliable broadband service to rural areas that currently have no internet service. Within those eligible areas, the MAIN ST program prioritizes projects that will deliver broadband to rural town centers and the surrounding residential areas.
  - The program is designed to provide internet service with speeds of 100/100 Mbps symmetrical to households and businesses upon project completion.
  - Each of the internet service providers funded by the program will participate in the FCC's [Affordable Connectivity Program \(ACP\)](#) – a \$30 per month subsidy for low-income families.
- **Key State Contact:** The SC Broadband Office (SCBBO)

*As reported by South Carolina, estimates show that investments made using the Capital Projects Fund will serve ~23% of locations still lacking high-speed internet access in the state.*
