

# Capital Projects Fund Award Fact Sheet

## Connecticut

*Treasury approves Connecticut's plan to invest \$40.8 million of CPF funding in broadband infrastructure projects that will provide high-speed internet to locations that lack access to adequate service.*

### Connecticut Capital Projects Fund Program Overview

- **Program Summary:** \$40.8 million for Broadband Infrastructure (29% of CPF allocation)
- **Locations to Be Served:** 10,000 (estimated)
- **Program Description:** The Connecticut Broadband Infrastructure Program, a competitive grant program, will fund broadband infrastructure designed to deliver service that supports the statewide goal of universal access to affordable, resilient, and reliable internet access. The program focuses on low-income and multi-family home and business and areas lacking reliable high-speed internet connections.
  - The program is designed to provide internet service with speeds of 100/100 Mbps symmetrical to households and businesses upon project completion.
  - Each of the internet service providers funded by the program will participate in the FCC's [Affordable Connectivity Program \(ACP\)](#) – a \$30 per month subsidy for low-income families.
- **Key State Contact:** Connecticut Department of Energy and Environmental Protection, Bureau of Energy and Technology Policy

*As reported by Connecticut, estimates show that investments made using the Capital Projects Fund will serve **6% of locations** still lacking high-speed internet access in the state.*
