

Capital Projects Fund Award Fact Sheet

Indiana

Treasury approves Indiana's plan to invest \$187 million of CPF funding in broadband infrastructure projects that will provide high-speed internet to locations that lack access to adequate service.

Indiana Capital Projects Fund Program Overview

- **Program Summary:** \$187 million for Broadband Infrastructure (92% of CPF allocation)
- **Locations to Be Served:** 50,349 (estimated)
- **Program Description:** Indiana's Next Level Connections Broadband Grant Program (NLC) is a competitive grant program designed to provide funding to extend broadband infrastructure and service to areas and locations currently lacking access to at least 25/3 Mbps. Indiana developed NLC to incentivize the provision of service to school buildings, rural health clinics, and households with students.
 - The program is designed to provide internet service with speeds of 100/100 Mbps symmetrical to households and businesses upon project completion.
 - Each of the internet service providers funded by the program will participate in the FCC's [Affordable Connectivity Program \(ACP\)](#) – a \$30 per month subsidy for low-income families.
- **Key State Contact:** Indiana Broadband Office; Office of Community and Rural Affairs

*As reported by Indiana, estimates show that investments made using the Capital Projects Fund will serve **7.4% of locations** still lacking high-speed internet access in the state.*
