

Capital Projects Fund Award Fact Sheet

North Dakota

Treasury approves North Dakota's plan to invest \$45 million of CPF funding in broadband infrastructure projects that will provide high-speed internet to locations that lack access to adequate service.

North Dakota Capital Projects Fund Program Overview

- **Program Summary:** \$45 million for Broadband Infrastructure (40% of CPF allocation)
- **Locations to Be Served:** 3,965 (initial estimate)
- **Program Description:** Broadband North Dakota, a competitive grant program, is designed to address the needs of North Dakotans who currently lack access to reliable, affordable high-speed internet. The program aims to provide sustainable, future-proof connectivity to areas in the state lacking connectivity of at least 100/20 Mbps, including tribal lands.
 - The program is designed to provide internet service with speeds of 100/100 Mbps symmetrical to households and businesses upon project completion.
 - Each of the internet service providers funded by the program will participate in the FCC's [Affordable Connectivity Program \(ACP\)](#) – a \$30 per month subsidy for low-income families.
- **Key State Contact:** North Dakota Information Technology Department

*As reported by North Dakota, estimates show that investments made using the Capital Projects Fund will serve **40% of locations** still lacking high-speed internet access in the state.*
