

BLANKET PURCHASE AGREEMENT
GSA FEDERAL SUPPLY SCHEDULE

In the spirit of the Federal Acquisition Streamlining Act, the Department of the Treasury and Ernst & Young, LLP enter into this Blanket Purchase Agreement (BPA) to further reduce the administrative costs of acquiring repetitive services from the General Services Administration (GSA) Federal Supply Schedule (FSS), Financial and Business Solutions (FABS) Contract GS-23F-8152H.

Federal Supply Schedule BPAs eliminate contracting and open market costs such as: the search for sources; the development of technical documents and solicitations; and the evaluation of bids and offers. Contractor Team Arrangements are permitted with Federal Supply Schedule contractors in accordance with Federal Acquisition Regulation (FAR) Subpart 9.6 and are encouraged.

This BPA will further decrease costs, reduce paperwork and save time by eliminating the need for repetitive, individual purchases from the Schedule contract. The end result is to create a purchasing mechanism for the Government that works better and costs less.

(a) Among other situations, a Contractor may be deemed to have a conflict of interest if the Contractor or any related entity (1) has a personal, business, or financial interest or relationship that could adversely affect the Contractor's or any related entity's ability to perform the Contract or to represent the best interests of the Treasury Department; (2) is or represents a party in litigation with the Treasury Department; (3) is, seeks to be, or represents a participant in the Troubled Asset Relief Program as defined in the Emergency Economic Stabilization Act of 2008; or (4) engages in any other activity that would cause a reasonable person to question the integrity or objectivity of the Contractor or related entity. For purposes of this clause, a "related entity" is any proposed or actual subcontractor or consultant; the Contractor's management officials and proposed or actual key personnel; and any individual, entity, or affiliate that controls or is controlled by or is under common control with the Contractor.

(b) The Contractor warrants that, to the best of the Contractor's knowledge and belief, there are no relevant facts or circumstances which could give rise to any potential conflict of interest as defined above, or that the Contractor has disclosed all relevant information concerning any past, present or planned interests bearing on whether it (through itself or any related entity(ies)) may have a potential conflict of interest.

(c) The Contractor warrants that all related entities have been informed of their obligation to report any potential or actual conflicts of interest as defined above.

(d) The Contractor is responsible for notifying the Treasury Department of any actual or potential conflict of interest that arises after award of the Contract. The Contractor agrees that if an actual or potential conflict of interest (through itself or any related entity(ies)) arises or is discovered after award of the Contract, the Contractor shall make a full disclosure in writing to the Contracting Officer within five (5) days after learning of the actual or potential conflict. This disclosure shall include a description of actions which the Contractor has taken or proposes to take, after consultation with the Contracting Officer, to avoid, mitigate, or neutralize the actual or potential conflict of interest.

(e) The Contracting Officer may impose appropriate constraints to avoid, mitigate or neutralize any actual or potential conflict of interest. The Contracting Officer may terminate this Contract for convenience, in whole or in part, if he or she deems such terminations necessary to avoid a conflict of interest. If the Contractor was aware of a potential conflict of interest prior to award or discovered an actual or potential conflict after award and did not timely disclose or misrepresented relevant information to the Contracting Officer, the Government may terminate the Contract for default, recommend suspension or debarment of the Contractor from Government contracting, or pursue such other remedies as may be permitted by law or by this Contract. The Government may terminate the Contract for default if the Contractor fails to implement and follow any

appropriate constraints imposed by the Contracting Officer to avoid, mitigate, or neutralize any actual or potential conflict of interest.

(f) Throughout the term of the Contract, Contractor shall warrant annually, in writing to the Contracting Officer, that (i) no conflicts or potential conflicts of interest exist (through itself or any related entity(ies)), or that they have been disclosed or mitigated (ii) all related entities have been informed of their obligation to report any potential or actual conflicts of interest, and (iii) Contractor understands agrees to its continuing obligation to search for and to report any actual or potential conflicts of interest. Such annual warranty shall cover the one-year period from the date of Contract award, and all subsequent certifications shall cover successive annual periods thereafter, until expiration or termination of the Contract. The certification must be received by the Contracting Officer no later than forty-five (45) days after the close of the certification period covered.

(g) The contractor shall include this clause in all subcontracts, consultant agreements, and in lower tier subcontracts unless a waiver is requested from, and granted by, the Contracting Officer.

(h) The Treasury Department intends, pursuant to section 108 of the Emergency Economic Stabilization Act of 2008, to issue additional regulations or guidelines concerning conflicts of interest. If such regulations or guidelines differ from or expand upon the conflict of interest provisions included in this Contract, the Contractor agrees to negotiate in good faith the inclusion of the different or additional provisions. If agreement between the parties cannot be reached, the Government may terminate this contract for convenience. Nothing in this paragraph, however, shall limit the Treasury Department's rights under the Changes clause of this Contract.

NON-DISCLOSURE

(a) The Contractor recognizes that, in performing this Contract, the Contractor may obtain access to non-public information that is confidential or proprietary in nature. Except as permitted by the Contract, the Contractor agrees that it, its employees, its subcontractors, consultants, and its subcontract or consultant employees will not disclose to any third party, or otherwise use, any information it obtains or prepares in the course of performance of this agreement for any purpose other than to perform work under the Contract without first receiving written permission from the Contracting Officer. The Contractor shall secure information received from or prepared or gathered for the Treasury Department under this Contract in a secure location with access limited to only those personnel with a "need to know."

(b) The Contractor agrees to obtain confidentiality agreements from all of its employees working on requirements under this Contract. Such agreements shall contain provisions

which stipulate that each employee agrees that the employee will not disclose, either in whole or in part, to any person or entity other than the Treasury Department and the Contractor, any information or data provided by the Government or obtained by the Contractor under this contract without first obtaining the written permission of the Contracting Officer. Such agreements shall be effective for the life of the contract and for a period of five (5) years after completion of the contract.

(c) All information gathered by the contractor including but not limited to reports, research and electronic files shall become the property of the Treasury Department. Notwithstanding any other provision of this Contract, neither the Contractor nor any consultant or subcontractor shall make any claim of copyright nor any other ownership interest in any of the information gathered under this Contract for the Treasury Department. The Contractor shall ensure that all information gathered or prepared by the Contractor including but not limited to reports, research and electronic files are not released to any third parties without prior written authorization from the Contracting Officer.

(d) Upon expiration or termination of the Contractor's engagement, all documents and records covered by this clause will be disposed of in accordance with the Contracting Officer's instructions. The Contractor's duty with respect to the covered information shall survive the expiration or termination of this Contract.

(e) If an unauthorized disclosure occurs, the Government may terminate the Contract, for default or convenience, or pursue such other remedies as may be permitted by law or by this Contract.

(f) The Contractor agrees to insert, in any subcontract or consultant agreement placed under the contract, provisions which shall conform substantially to the language of this clause, unless otherwise authorized by the Contracting Officer.
