

Critical Technologies Pilot Program Declarations*

2018-2020

Year	Number of Declarations	Completed Action	Unable to Complete Action	Request for CFIUS Notice	Unilateral Agency Notice	Declarations Rejected**	Declarations Withdrawn
2018	20	2	12	5	0	0	1
2019	94	35	32	26	0	0	1
2020	10	6	1	3	0	0	0

*CFIUS began accepting declarations starting on November 10, 2018, with the commencement of the critical technologies pilot program. The critical technologies pilot program concluded on February 12, 2020. This table includes an update to the data provided in the CFIUS Annual Report for 2018; in particular, the number of declarations for which CFIUS was unable to complete action has been updated to 12.

**Declarations can be rejected by the Committee if the parties do not satisfy the requirements in the regulations or if, during the course of CFIUS review, there is a material change to the transaction or information comes to light that contradicts material information provided in the declaration by the parties.
