**Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act (RESTORE Act)**  
**Operational Self-Assessment (OSA)**

OMB Approval No. 1505-0250

On July 6, 2012, the President signed the Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act (RESTORE Act) into law. The Act establishes a Trust Fund in the Treasury of the United States, known as the Gulf Coast Restoration Trust Fund. Under the terms described in the Act, amounts in the Trust Fund will be available for programs, projects, and activities that restore and protect the environment and economy of the Gulf Coast region.

The Act gives Treasury several roles in administering the Trust Fund. For the Direct Component and Centers of Excellence Research Grants Programs, Treasury is responsible for determining eligibility and monitoring compliance with other requirements in the RESTORE Act and federal laws and policies applying to grants.

As part of the requirements under the RESTORE Act Guidance, you must complete the attached operational self-assessment (OSA). The OSA focuses on operational internal control areas and will be used, in part, to assist Treasury in determining an appropriate compliance monitoring protocol. The OSA is not intended to provide guidance regarding compliance or audit requirements, but simply as a data gathering tool.

Please email your completed responses to [RESTOREAct@treasury.gov](mailto:RESTOREAct@treasury.gov).
