MATCHING PROGRAMS FOR CALENDAR YEAR 2018

During calendar year 2018, the Board reviewed and approved eight matching agreements and all were re-established for 18 months. The Board did not disapprove any of the proposed agreements and all requested extensions were granted. No violations of any of the Department's matching agreements were alleged or identified.

On April 26, 2017, at the Annual Treasury Data Integrity Board Meeting, the Board was informed of the new Inspector General (IG) exemption. The Inspector General Empowerment Act of 2016 includes an Inspector General (IG) exemption to the Computer Matching and Privacy Protection Act of 1988 (CMPPA). This exemption excuses IGs from obtaining formal matching agreements before matching data with other agencies and entities to identify fraud and waste. As a result, Treasury will not discuss any computer matching agreements in which the Treasury Office of the Inspector General (OIG), Treasury Inspector General for Tax Administration (TIGTA), or the Special Inspector General for the Troubled Asset Relief Program (SIGTARP) are participants.
