**Attachments:** H6 Treas Quote 1843 (15 Jun) FL.PDF

Per your request I have asked FAA for a quote for the use of the G-IV for the Miami day trip on June 15. Times estimated and can be updated as needed. Total cost for the flight would be approx \$26,953.33.

Outbound flight: 2hrs 15 min  
Return: 2 hrs 10 min

While I understand that current availability of commercial flights do not accommodate scheduling needs, for your awareness, the cost per person on commercial air is approx: \$688 roundtrip.

#### TERMS & CONDITIONS

The quote above is the estimated total cost of using FAA Flight Program Operations (Hangar 6) aircraft and crew to accomplish your requested itinerary. The final cost may be impacted by actual weather, ATC routing, traffic delays, and other costs.

While your travel is very important to us, please understand that all emergency response travel requests, as well as some FAA and DOT travel requests, have priority over other travel. In the event a higher priority request impacts Hangar 6's ability to support your itinerary, you will be notified immediately to discuss options.

The requesting agency/organization is responsible for providing the information requested by Hangar 6 on a timely basis, so that we can conduct the flight in accordance with applicable federal directives.

The requesting agency/organization is also responsible for ensuring all travel on government aircraft is authorized in accordance with the agency/organization's travel directives.

I certify that I am authorized to request and schedule travel on government aircraft for my executive department/agency/organization.

Thank you for the quotes. As the trip develops, it seems that the manifest is also growing so the planes available through your fleet will not be able to accommodate this particular mission. Confirming we will not be utilizing this plane for the Ottawa visit on 6/9.

However, we are working on a day trip from DC to Miami, same day return, on June 15<sup>th</sup>. Again we are requesting the G-IV for this mission. Departure TBC the morning of the 15<sup>th</sup> and a return approx around 1300 on the 15<sup>th</sup>. Possible to confirm availability of a plane and provide a quote for this mission?

Thanks!

Hello (b) (6)

The attached quotes are the estimated total cost of using FAA Flight Program Operations aircraft (N1) and crew to accomplish your requested itineraries. Please note that the additional charge of \$500 for Miscellaneous Expenses has been added to more accurately estimate your total costs for this trip. These expenses may include airport fees (handling, parking, landing, ramp, etc.), lavatory services, communication costs, and fuel surcharges. Actual costs will be submitted upon trip completion per our agreement.

To hold the aircraft for this travel, please sign and return the quote at your earliest convenience.

Also, the addition of an official passenger between Ottawa and Toronto should not be a problem; however, we are further looking into the issue and will get back to you to confirm.

All,

Unfortunately, due to a new need for access to secured comms during this mission which cannot be accommodated on the available aircraft, we are going to have to pull this mission down and will have to utilize another means of transport. I appreciate everyone's effort to get this together quickly and look forward to working with you on future trips in support of the secretary. Please let me know if any additional action is needed on my end to cancel the plans.

Lori,

I had sent along the signed quote on Monday, but resending now in case it was missed. Let me know if you needed something else instead.

Question on the comms capabilities – up to what level are the secured comms able to accommodate? We may have a need for a call on the return leg.

#### TERMS & CONDITIONS

The quote above is the estimated total cost of using FAA Flight Program Operations (Hangar 6) aircraft and crew to accomplish your requested itinerary. The final cost may be impacted by actual weather, ATC routing, traffic delays, and other costs.

While your travel is very important to us, please understand that all emergency response travel requests, as well as some FAA and DOT travel requests, have priority over other travel. In the event a higher priority request impacts Hangar 6's ability to support your itinerary, you will be notified immediately to discuss options.

The requesting agency/organization is responsible for providing the information requested by Hangar 6 on a timely basis, so that we can conduct the flight in accordance with applicable federal directives.

The requesting agency/organization is also responsible for ensuring all travel on government aircraft is authorized in accordance with the agency/organization's travel directives.

I certify that I am authorized to request and schedule travel on government aircraft for my executive department/agency/organization.

# **MEMORANDUM OF UNDERSTANDING**

**between**

**DEPARTMENT OF THE TREASURY**

**And**

**DEPARTMENT OF TRANSPORTATION  
FEDERAL AVIATION ADMINISTRATION**

**For**

**AS-NEEDED AIR TRANSPORTATION**

October 1, 2014

## **ARTICLE 1. BACKGROUND**

The Federal Aviation Administration (FAA) can furnish directly or by contract, material, supplies, equipment, and services which another agency of the Federal Government, Department of Treasury (Treasury) requires, has funds available for, and has determined should be obtained from the FAA.

It has been determined that competition with the private sector for provision of such material, supplies, equipment, and services is minimal; the proposed activity will advance the FAA's mission; and the FAA has a unique capability that will be of benefit to the Treasury while helping to advance the FAA's mission.

## **ARTICLE 2. SCOPE**

The purpose of this MOU between the FAA and Treasury is for the FAA to provide air transportation for Treasury's requirements. Agency and public benefit is gained by providing transportation for Treasury on an as needed basis to the extent possible depending on aircraft and crew availability.

## **ARTICLE 3. LEGAL AUTHORITY**

This MOU is entered into under the authority of the Federal Aviation Act of 1958, 49 U.S.C. § 106{1} and 106(m}, and the Economy Act, 31 U.S.C. § 1535.

## **ARTICLE 4. SPECIFIC TASKS**

FAA will perform the following activities:

- A. Provide reimbursable, on-demand air transportation as available to Treasury.
- B. Provide a reservation summary including flight itinerary, cost estimate, and required information for signature by Treasury's authorized requestor.

Treasury will perform the following activities:

- A. Provide funding as estimated in Article 5.
- B. Provide the FAA with the proposed flight schedule, and applicable data required for the passenger and cargo manifest.
- C. Ensure all travel on Flight Inspection Services/Washington Flight Program aircraft is authorized in accordance with Treasury's travel directives.
- D. Ensure all manifested travelers have in their possession at the time of boarding a valid, government issued photo identification.
- E. Report the travel aboard WFP aircraft of Treasury's Senior Federal Officials, members of families of such officials, and any non-Federal travelers to the GSA and other agencies as required.

#### **ARTICLE 5. ESTIMATED COSTS**

Charges for flight hours will be computed at the rates prescribed for other Federal (non-FAA) users established in Order 2500.36N. The following rates include fuel and crew.

<b>AIRCRAFT</b>	<b>COST/HOUR</b>
GULFSTREAM GIV	\$5,644
CESSNA CE560XL	\$4,922

If a rental aircraft is used, charges will be based on the actual hourly rate plus fuel and crew costs, if appropriate. A trip by trip cost estimate will be provided upon request from Treasury. Cost estimates are expected to be the maximum cost associated with each trip but may be modified to recover the FAA's actual cost. Treasury agrees to reimburse the FAA for handling arrangements, communications, diplomatic/special permits, crew per diem when remaining overnight, or any other miscellaneous charges incurred for trips completed or cancelled.

Overtime is charged for crew duty days in excess of an 8 hour day at the rate of \$76.00/hr.

An administrative overhead will be assessed on each bill at the rate of 6%. This overhead represents the cost to the FAA of those indirect expenses, which are a part of the total cost of this operation. The overhead rate shall be adjusted automatically and without the necessity for formal modification of the MOU or agreement upon issuance of the revised rates in FAA Order 2500.35 as revised.

Description of Reimbursable Item	Estimated Cost
<b>LABOR</b>	
NA	\$0
Labor Subtotal	\$0
Labor Overhead (17%)	\$0
Total Labor	\$0
<b>NON-LABOR</b>	
Transportation	\$707,547.17
Non-Labor Overhead (6%)	\$42,452.83
Total Non-Labor	\$750,000.00
<b>TOTAL ESTIMATED COST</b>	<b>\$750,000.00</b>

**TOTAL ESTIMATED POTENTIAL VALUE OF THE FY2015-2019 AGREEMENT: \$750,000.00**

#### **ARTICLE 6. PERIOD OF PERFORMANCE**

The effective date of this MOU is October 1, 2014 and is estimated to be effective until Sept 20, 2019. The MOU is considered complete when the final invoice is provided to the Sponsor and a refund is sent or payment is received as provided for in Article 7, Section A of this MOU. Under no circumstances will this MOU extend five years beyond its effective date.

#### **ARTICLE 7. REIMBURSEMENT AND ACCOUNTING ARRANGEMENTS**

- A. Treasury will reimburse the FAA on a monthly basis upon receipt of billing for all actual costs allowable and allocable to this MOU.
- B. Upon receipt of the final invoice submitted by the FAA, Treasury will promptly pay any balance of allowable costs.
- C. The Accounting Division is identified by the FAA as the billing office for the MOU.

The mailing address is:

FAA Mike Monroney Aeronautical Center Attn :  
AMK-323, Reimbursable Project Team  
P.O. Box 25082  
Oklahoma City, OK 73125

The overnight mailing address is:  
FAA Mike Monroney Aeronautical Center  
Attn: AMK-323, Reimbursable Project Team  
6500 S. MacArthur Blvd.  
Oklahoma City, OK 73169  
Telephone: 405-954-4962

Treasury hereby identifies the office to which the FAA will render bills for the project costs incurred as:

U.S. Department of the Treasury  
Bureau of Public Debt  
Accounting Services Branch  
UNB Building 8<sup>th</sup> Floor  
200 3<sup>rd</sup> Street  
Parkersburg, WV 26106-1328  
Email:lntragov@fiscal.treasury.gov

- D. The FAA will collect payment via the Federal IPAC system within 30 days of the bill being issued. A summary of costs will be provided to Treasury for each billed issued.
- E. Payments for billings are due within 30 days of date of receipt of invoice.
- F. The FAA will be reimbursed actual costs associated with each trip. The cost estimates contained in Article 7 are expected to be the maximum cost associated with the Agreement, but may be modified to recover the FAA's actual cost. Treasury and FAA intend to execute an Interagency Agreement (IAA) obligating funds in this amount. Treasury shall have no obligation except as set forth in the IAA. If during the course of the IAA, actual costs are expected to exceed the estimated costs, the FAA will notify Treasury immediately. The FAA will also provide Treasury a modification to the IAA which includes the FAA's additional costs. Treasury will send a copy of the executed modification to the IAA to the FAA-Mike Monroney Aeronautical Center. In the event that a contractor performing work pursuant to the scope of this MOU brings a claim against the FAA and the FAA incurs additional costs as a result of the claim, Treasury agrees to reimburse the FAA for the additional costs incurred whether or not a final bill or a refund has been sent. For subsequent fiscal years, FAA will provide cost estimates, and Treasury and FAA intend to enter IAAs, which will establish Treasury's obligation with respect to each subsequent fiscal year.

#### **ARTICLE 8. CHANGES AND MODIFICATIONS**

Changes and/or modifications to this MOU will be formalized by an appropriate written modification that will outline in detail the exact nature of the change. Any modification to this MOU will be executed in writing and signed by the authorized representative of each party. The parties signing this MOU and any subsequent modification(s) represent that each has the authority to execute the same on behalf of their respective organizations. No oral statement by any person will be interpreted as modifying or otherwise affecting the terms of the MOU. Any party to this MOU may request that it be modified, whereupon the parties will consult to consider such modifications.

#### **ARTICLE 9. TERMINATION**

In addition to any other termination rights provided by this MOU, either party may terminate this MOU at any time prior to its expiration date, with or without cause, and

without incurring any liability or obligation to the terminated party other than payment of amounts due and owing and performance of obligations accrued, in each case on or prior to the termination date, by giving the other party at least thirty (30) days prior written notice of termination. Payment of amounts due and owing may include all costs reimbursable under this MOU and applicable IAAs, not previously paid, for the performance of this MOU before the effective date of the termination, the total cost of terminating and settling contracts entered into by the FAA for the purpose of this MOU and any other costs necessary to terminate this MOU. Upon receipt of a notice of termination, the receiving party will take immediate steps to stop the accrual of any additional obligations which might require payment. All funds due after termination will be netted against the advance payment and, as appropriate, a refund or bill will be issued.

#### **ARTICLE 10. DISPUTES**

Should disagreements arise on the interpretation of the provisions of this MOU or amendments and/or revisions thereto, that cannot be resolved at the operating level, the area(s) of disagreement shall be stated in writing by each party and presented to the other party for consideration. If agreement or interpretation is not reached within 30 days, the parties shall forward the written presentation of the disagreement to respective higher officials for appropriate resolution.

#### **ARTICLE 11. WARRANTIES**

The FAA makes no express or implied warranties as to any matter arising under this MOU, or as to the ownership, merchantability, or fitness for a particular purpose of any property, including any equipment, device, or software that may be provided under this MOU.

#### **ARTICLE 12. PROTECTION OF INFORMATION**

The parties agree that they will take appropriate measures to identify and protect proprietary, privileged, or otherwise confidential information that may come into their possession as a result of this MOU.

#### **ARTICLE 13. SECURITY**

In the event that the security office determines that the security requirements under FAA Order 1600.72A applies to work under this MOU, the FAA is responsible for ensuring that security requirements, including compliance with AMS clause 3.14-2, Contractor Personnel Suitability Requirements (January 2011) are met.

#### **ARTICLE 14. ENTIRE MOU**

This document is the entire MOU of the parties, who accept the terms of this MOU as shown by their signatures below. In the event the parties duly execute any modification to this MOU, the terms of such modification will supersede the terms of this MOU to the extent of any inconsistency. Each party acknowledges participation in the negotiations and drafting of this MOU and any modifications thereto, and, accordingly that this MOU will not be construed more stringently against one party than against the other. If this MOU is not executed by Treasury within 120 calendar days after the FAA transmits it to Treasury, the terms contained and set forth in this MOU shall be null and void.

All,

Unfortunately, due to a new need for access to secured comms during this mission which cannot be accommodated on the available aircraft, we are going to have to pull this mission down and will have to utilize another means of transport. I appreciate everyone's effort to get this together quickly and look forward to working with you on future trips in support of the secretary. Please let me know if any additional action is needed on my end to cancel the plans.

Thanks,

Good Morning (b) (6)

After running the performance requirements for the Citation operating at Ft. Knox Army Airfield (Godman Field - KFTK), (b) (7)(E) If you would like, we could plan the trip per your request with the possible back-up (b) (7)(E) option of having the party return to the Louisville Airport (KSDF) for the return flight to D.C.

The cost of the full trip, including the leg to Ft. Knox, would be approximately \$19,000 which includes the admin and miscellaneous fee. If the Ft. Knox leg is not used (b) (7)(E) the cost would drop about \$2,000. When Ms. Pink returns on Wednesday, 5 July, she will provide you with the written quote if desired.

Please advise how you would like to proceed.

Respectfully,  
Mike

Certainly. We will wait to hear back until you can run the numbers. I understand the request for Fort Knox might be unusual from the normal routes. We are still working numbers on our end and will factor in the 8 pax on the Citation. Thank you.

Lori,

Hope all is well. I am sending a request to see the availability for a same-day mission for an upcoming trip for us in August. The Secretary is looking to travel to Fort Knox on August 8<sup>th</sup>. We have already been in contact with folks at the base to discuss flight arrival/departure possibilities and they have given us the green light to move forward with soliciting an asset from your fleet. We would request the GIV to accommodate staff and security. We would fly in to Louisville, reposition the plane at Fort Knox and then depart from Fort Knox back to DC. Details as follows:

August 8<sup>th</sup> -

Depart DCA 930a

Arrive Louisville airport (SDF) 1100a

Reposition the plane down to Fort Knox Army Base any time between 1130a – 300p without Treasury passengers

Depart Fort Knox 500p

Arrive DCA 630p

Please let me know the availability of assets and if you could provide a cost estimate it would be most appreciated.

Thank you,

Apologies for the very delayed response. As you may have seen, the Senate is pushing back August recess and it is going to impact our visit. We are working to identify dates later in August for the same routing and will keep you posted. We will pull down the planned mission for the 8<sup>th</sup> at this time.

Question – I know the GIV was unavailable for the 8<sup>th</sup> due to maintenance. Is that asset available, by chance, later in the month? Closer to the last two weeks of August?

Bill,

Please find attached an updated memo reflecting Treasury's request for Secretary Mnuchin's upcoming trip to the U.K. and Germany March 15-18. We are requesting the mission be designated a White House mission and approved on a non-reimbursable basis. We are also requesting consideration for a swap in the type of aircraft assigned to this mission from the currently assigned C32-A to the smaller C40-B pending availability of assets in the fleet.

Please notify the group included here on this email upon a decision of this updated request.

Thanks,

Dear Bill, UST 000038

Following up on your email from Saturday, attached please find an updated MilAir request for Secretary Mnuchin. I

(b) (5) Please note though that until the trip is announced, we will not be able to submit the names of the traveling press (though we can make amendments as needed). Additionally, there are a few "title" placeholders that do not have names – this is because the nominees for those positions haven't been officially announced/named. If those positions are not filled before the trip, those placeholders would fall off; otherwise, we will update with the appropriate names and submit them through an amended request.

Please feel free to reach out if there are any follow-up questions/concerns. I have also looped in (b) (6) on this chain – she is our Director for Travel Policy and Operations and will also be able to help field follow-up questions.

Many thanks in advance.

**Re:** AMENDED Request for White House Mission Designation for Travel  
[Updated manifest for leg 4 to include press]

Request approval of the following proposed non-reimbursable White House Mission Designation:

1. Requesting Principal: Steven T. Mnuchin, Secretary of the Treasury
2. Purpose of the trip: Secretary Mnuchin will serve as the president's principal US representative at the G-20 Finance Ministers Meeting in Baden-Baden, Germany March 17-18, 2017. En route to Baden-Baden, he will make a stop in London to meet with Finance Minister Hammond and Central Bank Governor Carney. In Berlin, the Secretary will meet with German Finance Minister Wolfgang Schauble ahead of the G20 meetings the following day. Due to scheduling, logistics, and secure communication needs, the non-reimbursable use of military aircraft is requested. We further request that a swap crew be available, if needed, to eliminate layovers due to crew rest issues.

Special Considerations:

- Request for designation of travel as presidential White House mission
- Request aircraft be made available on a non-reimbursable basis for USG travelers.
- Preference is for an aircraft with secure communication capabilities to allow for the secretary and treasury delegation to conduct sensitive business during transit.
- Preference for a 24-hour crew duty day to avoid travel delays to accommodate required crew rest issues.

Bill,

We have chatted with Air Ops and they alerted us the only available aircraft that can support the mission is the C-37. I have updated the memo to reflect this change and our approving of that aircraft.

Also, due to the nature of the call during the return flight, we have removed all passengers not rated for the security clearance level of the call. Manifest accurately reflected.

Bill,

I have attached here the updated MilAir request for our trip to the Middle East in September. The request still preferences a secure comms aircraft, however, we do understand that at this time one is not available and that we are currently looking at the C-40C to support this mission.

Updates included here are itinerary based.

(b) (5)

### **§301-10.261 When may I use a Government aircraft for travel?**

You may use Government aircraft—

(a) For official travel only when—

(1) No scheduled commercial airline service is reasonably available (*i.e.*, able to meet your departure and/or arrival requirements within a 24-hour period, unless you demonstrate that extraordinary circumstances require a shorter period) to fulfill your agency's travel requirement; or

(2) The cost of using a Government aircraft is less than the cost of the city-pair fare for scheduled commercial airline service or the cost of the lowest available full coach fare if a city-pair fare is not available to you. The cost of non-productive or lost work time while in travel status and certain other costs should be considered when comparing the cost of using a Government aircraft in lieu of scheduled commercial airline service. Additional information on costs included in this cost comparison may be found in the "U.S. Government Aircraft Cost Accounting Guide," available from the General Services Administration, Office of Governmentwide Policy, MTA, 1800 F Street, N.W., Washington, DC 20405.

(b) For required-use travel only when you are required to use Government aircraft for bona fide communications (e.g., 24-hour secure communications) or security reasons (e.g., highly unusual circumstances that present a clear and present danger) or exceptional scheduling requirements (e.g., a national emergency or other compelling operational considerations). Required use travel may include travel for official, personal, or political purposes, but must be approved in accordance with §301-10.262(a) and §301-70.803(a).

Let me know if you need any additional information or need additional clarification.

I have pulled the records/requests for G20 FinMin swings from 2014-2016 (attached). I don't have the signed copies since those would have been archived with the former COS records, but I have the request and the confirmed mission cuts for each. I can personally confirm that we (Treas) has not had to pay for a MilAir mission since FY12.

Additionally, it is worth noting, the Secretary serves as the President's principal US representative at the Finance Ministers G-20 meetings.

### **§301-10.261 When may I use a Government aircraft for travel?**

You may use Government aircraft—

(a) For official travel only when—

(1) No scheduled commercial airline service is reasonably available (*i.e.*, able to meet your departure and/or arrival requirements within a 24-hour period, unless you demonstrate that extraordinary circumstances require a shorter period) to fulfill your agency's travel requirement; or

(2) The cost of using a Government aircraft is less than the cost of the city-pair fare for scheduled commercial airline service or the cost of the lowest available full coach fare if a city-pair fare is not available to you. The cost of non-productive or lost work time while in travel status and certain other costs should be considered when comparing the cost of using a Government aircraft in lieu of scheduled commercial airline service. Additional information on costs included in this cost comparison may be found in the "U.S. Government Aircraft Cost Accounting Guide," available from the General Services Administration, Office of Governmentwide Policy, MTA, 1800 F Street, N.W., Washington, DC 20405.

(b) For required-use travel only when you are required to use Government aircraft for bona fide communications (*e.g.*, 24-hour secure communications) or security reasons (*e.g.*, highly unusual circumstances that present a clear and present danger) or exceptional scheduling requirements (*e.g.*, a national emergency or other compelling operational considerations). Required use travel may include travel for official, personal, or political purposes, but must be approved in accordance with §301-10.262(a) and §301-70.803(a).

Let me know if you need any additional information or need additional clarification.

**Re:** **AMENDED** Request for White House Mission Designation for Travel  
[Amended to reflect final plane manifest with reduced PAX count. Mission is currently approved for use of C32-A. Treasury is requesting consideration for utilization of C40-B, if available.]

Request approval of the following proposed non-reimbursable White House Mission Designation:

1. Requesting Principal: Steven T. Mnuchin, Secretary of the Treasury
2. Purpose of the trip: Secretary Mnuchin will serve as the president's principal US representative at the G-20 Finance Ministers Meeting in Baden-Baden, Germany March 17-18, 2017. En route to Baden-Baden, he will make a stop in London to meet with Finance Minister Hammond and Central Bank Governor Carney. In Berlin, the Secretary will meet with German Finance Minister Wolfgang Schauble ahead of the G20 meetings the following day. Due to scheduling, logistics, and secure communication needs, the non-reimbursable use of military aircraft is requested. We further request that a swap crew be available, if needed, to eliminate layovers due to crew rest issues.

Special Considerations:

- Request for designation of travel as presidential White House mission
- Request aircraft be made available on a non-reimbursable basis for USG travelers.
- Preference is for an aircraft with secure communication capabilities to allow for the secretary and treasury delegation to conduct sensitive business during transit.
- Preference for a 24-hour crew duty day to avoid travel delays to accommodate required crew rest issues.

FYI, we were still on the distribution email for Sec State milair authorization below. Just flagging.

Additionally, we are needing to pull off the planned stop in Dubai as (b) (7)(E) and unable to meet. Do we need to submit new memo or can we update CVAM directly? Sat, Oct 28 would now be as follows:

10:00 am      Wheels up Tel Aviv, Israel  
10:40 am      Wheels down Amman, Jordan  
              90 min ground time  
12:20 pm      Wheels up Amman, Jordan

Special Considerations:

- Request is for an aircraft with secure communication capabilities and a 24-hour crew duty day/possible crew swap during travel to avoid travel delays to accommodate required crew rest issues.
- Request is for a C-40B due to operating cost per hour and reduced manifest.

**Re:** **Additional Supporting Background Information in Regard to Treasury's Recent White House Support Mission Designation Request for Reimbursable Travel**

In regard to the Department of the Treasury's recent request for White House Support Mission designation for the Secretary's upcoming trip to the Middle East, I would like to submit for your review and consideration additional supporting background information regarding past practice for Secretarial international travel and the available commercial options required to complete the delegation visit as currently scheduled.

**Trip Overview**

The Secretary is currently scheduled to visit Riyadh, Saudi Arabia; Tel Aviv/Jerusalem, Israel; Abu Dhabi, UAE; and Doha, Qatar, October 24-30. The Secretary, as the United States' signing official of the memorandum of understanding with Saudi Arabia to create the TFTC, is visiting Riyadh in follow-up to the President's visit earlier this year to meet with government officials (b) (5).

(b) (5) The Secretary intends to meet with Crown Prince Mohammed bin Salman and will be delivering a keynote address at the Saudi Future Investment Initiative, and hold bilateral meetings with Minister of Finance, Mohammed al-Jadaan; Monetarian Authority Governor, Ahmedal-Kholifey; Minister of Economy and Planning, Adel al-Faqieh; (b) (5); and the Managing Director of the Public Investment Fund, Yasser al-Rumayyan. The Secretary will also visit the U.S. Embassy to holding meetings with the Chargé D'affaires and additional embassy staff.

As Israel is the United States' closest ally in the region, the Secretary will visit Tel Aviv and Jerusalem to meet with senior Israeli and United States officials, including Prime Minister Netanyahu, (b) (5), and Finance Minister Kahlon. The Secretary will also participate in a business leaders' roundtable breakfast, wreath laying ceremony at Yad Vashem – The World Holocaust Remembrance Center and participate in Shabbat Dinner hosted by United States

Ambassador David Friedman. The Secretary will also visit the U.S. Embassy to hold meetings with additional embassy staff.

The Secretary will then travel to Abu Dhabi, UAE to hold a bilat with the Crown Prince of Abu Dhabi, Sheikh Mohammed bin Zayed; a breakfast meeting with the Managing Director of Abu Dhabi Investment Authority, Sheikh Hamed bin Zayed; [REDACTED]; Minister of State for Financial Affairs, H.E. Obaid al Tayer and Central Bank Governor, Mubarek al Mansoori. There is proposed a stop in Dubai in order to meet with the Vice President and Prime Minister of the UAE and Ruler of Dubai His Highness Sheikh Mohammed Bin Rashid Al Maktoum and a dinner with Dubai business leaders.

Following UAE, Secretary Mnuchin will proceed to Doha, Qatar to hold bilateral meetings with Emir, Sheikh Tamim Bin Hamad Al-Thani; Prime Minister, Sheikh Abdullah bin Nasser bin Khalifa al-Thani; Finance Minister Ali Serif al-Emadi and Chairman of the Qatar Investment Authority (QIA) Sheikh Abdullah bin Mohammed bin Saud al-Thani; [REDACTED]. As co-signors of the Memorandum of Understanding on Countering the Financing of Terrorism, it was important to include UAE and Qatar on the Secretary's itinerary for his first trip to the region.

### Historical Secretary Travel

Since August 2006, four Secretaries of the Treasury, including Secretary Mnuchin, have taken 101 international trips in support and furtherance of the White House's and the Department's missions and key policy priorities. Those 101 international trips were executed as follows:

Official	Years	# of International Trips	Commercial/Milair
Secretary Hank Paulson	2006-2009	24	2/22
Secretary Timothy Geithner	2009-2013	37	3/34
Secretary Jack Lew	2013-2017	36	2/34
Secretary Steven T. Mnuchin	2017-	4	0/4

As evidenced from the data above, almost all (approximately 95%) of the 101 international trips taken by the Secretary of the Treasury since August 2006 were executed by milair. All of those were approved by the White House due to scheduling, logistics, and secure communications requirements. Of the 7 previous international commercial flights outlined above, only 3 were planned as round-trip commercial travel:

- **Three** were scheduled as roundtrip commercial flights as the trips were to locations easily accessible by routine commercial non-stop flights (*Sec. Paulson to/from London, England – Nov 2006; Sec. Geithner to Tokyo, Japan and Singapore – Nov 2009; Sec. Geithner to/from Toronto, Canada – June 2010*)

- **Two** were originally confirmed for milair support, (b) (7)(E) [REDACTED], backup commercial options were used (Sec. Paulson to/from Hanoi, Vietnam -- Sept 2006; Sec. Lew from Sao Paulo, Brazil to Mexico City, Mexico -- Mar 2014)
- **Two** were return, one-way trips only following outbound flight aboard Air Force One to participate in meetings/events with the President (Sec. Geithner from London, England -- April 2009; Sec. Lew from Athens, Greece -- Nov 2016)

Additional details regarding all of the trips charted above are further detailed in Attachment 1: *Treasury Secretary Travel Tracker FY2006-current*.

### **Special Considerations**

As detailed in Attachment 2: *Commercial Travel Options Outline*, executing this scheduled trip via commercially available options would require approximately two additional days of travel, putting the Secretary out of the office and away from secure communications capabilities/facilities for extended periods of time. These flights would only be available aboard foreign carriers, such as, Turkish Airlines, Royal Jordanian Airlines, Etihad Airways, and Qatar Airways. Additionally, these commercial flights would all require substantial layovers in Paris, France; Istanbul, Turkey; Amman, Jordan; Muscat, Oman; and/or Kuwait City, Kuwait. (b) (5) [REDACTED]

[REDACTED]. We would also be required to cancel and/or change confirmed and proposed meeting times with several foreign government officials.

(b) (5) [REDACTED]

In consideration of the above information and the additional supporting information in the attachments, we request the White House approve the designation of the Secretary's upcoming trip to Riyadh, Saudi Arabia; Tel Aviv/Jerusalem, Israel; Abu Dhabi, UAE; and Doha, Qatar, October 24-30, as a White House Support Mission. Additionally, we request the mission be executed on a C-40 aircraft in order to accommodate a smaller manifest and to reduce the cost of the overall trip. It is our estimate (39 flight hours) that the C-40 vs C-32 reimbursable operating cost would be approximately \$212,550 (C-40B) vs \$623,766 (C-32) respectively.

All non-USG travelers, including press, will reimburse the Department of the Treasury, **\$6,073.23** (or \$6,138.03 if including additional stop in Dubai, UAE) each for their participation in this trip.

### **Press**

Treasury's Office of Public Affairs has invited, and confirmed, a traveling press corps that will include the following: Sam Fleming, Financial Times; Ian Talley, Wall Street Journal; Saleha

Moshin, Bloomberg; Mike McKee, Bloomberg TV; Michelle Caruso-Cabrera, CNBC; and Alan Rappeport, New York Times to cover the Secretary's first visit to the region. (b) (5)

### **Spouse Participation**

As recently discussed, Louise Linton will join the Secretary for this trip abroad. In each country, Louise will host coffees or luncheons for embassy spouses as a thank you to their continued service. She will attend the Secretary's keynote address in Saudi Arabia. In Israel, Louise, accompanied by Tammy Deborah Sand, Ambassador Friedman's spouse, plans to visit a children's cancer ward at a local hospital or the Shalva Children's Center for Jewish and Arab-Israeli kids with special needs, participate in the wreath-laying ceremony at Yad Vashem, and Shabbat Dinner at the Ambassador's residence.
