Making Home Affordable (MHA)

Program Update¹

The Consolidated Appropriations Act, 2016, signed into law on December 18, 2015, provided that the MHA Program would terminate on December 31, 2016, except with respect to certain loan modification applications made before such date. As set forth in program guidelines, MHA servicers were required to design policies and procedures to reasonably ensure that all MHA transactions were completed by December 1, 2017. Treasury has de-obligated from MHA over time, lowering Treasury's obligation to \$22.90 billion. Treasury made a final de-obligation of \$642 million as of May 31, 2023.

As of May 31, 2023, \$22.26 billion of MHA funds have been disbursed.

The HAMP Program is now closed and no future activity is anticipated. Final HAMP Activity as of the Program End is detailed below.

In total, more than 2.9 million homeowner assistance actions have taken place under MHA programs. These include permanent first and second lien mortgage modifications, completed short sales and deeds-in-lieu of foreclosure, and unemployment forbearance plans.

Hardest Hit Fund (HHF)

HHF allocated \$9.6 billion to nineteen jurisdictions. Of that amount, \$9.503 billion was ultimately drawn down by participating Housing Finance Agencies (HFAs). This is inclusive of Administrative and Program costs by participating HFAs on activities including mortgage payment, reinstatement assistance, principal reduction, down payment assistance, blight elimination and administrative expenditures. A total of \$329 million was ultimately returned to Treasury in accordance with the terms and conditions of their HFA Participation Agreements. HHF received final repayments from the remaining six jurisdictions on March 31, 2022 and the program is now closed. No additional activity is anticipated.

Program Update

When Congress created TARP, it authorized up to \$700 billion for the programs. That authority was later reduced to \$475 billion. To date, a total of \$443 billion has been disbursed under TARP. As of June 30, 2023, cumulative collections under TARP, together with Treasury's additional proceeds from the sale of non-TARP shares of AIG,¹ total \$442.7 billion. Treasury's disbursements exceed its cumulative collections by \$0.8 billion.² Treasury estimates that the combined overall cost of TARP will be approximately \$32.1 billion. These estimates do not include Treasury's additional proceeds from its non-TARP AIG shares. For a monthly snapshot of the amount of funds obligated, the amount disbursed, repayments, income received and any losses by program, please visit the Monthly TARP Update at: http://www.treasury.gov/initiatives/financial-stability/reports/Pages/daily-tarp-reports.aspx.³

² Treasury is continuing to disburse funds related to its housing programs, and continuing to recoup its outstanding investments.

Estimated lifetime cost figures for investment programs and FHA-Refinance are as of September 30, 2022. Figures include interest on reestimates. Lifetime cost information for Making Home Affordable and Hardest Hit Fund reflect cost estimates based on actual and projected volume as of September 30, 2022.

⁵ The law creating the Small Business Lending Fund (SBLF) provided that banks could refinance securities issued under the CPP and CDCI programs with securities issued under the SBLF. A total of 137 CPP banks refinanced under the SBLF resulting in repayments of \$2.21 billion in CPP investments.

⁶ Estimated lifetime cost for AGP includes \$276 million for the termination fee Bank of America paid Treasury-OFS for the value received from the announcement of the negotiations on the guarantee and share losses on a pool of assets.

⁷ \$411.72 is the actual amount disbursed under the various TARP investment programs as opposed to obligations totaling \$412.08. This is because 28 CPP banks converted from the CPP program to the CDCI program and those conversions, totaling \$363.3 million, are not reflected as new disbursements.

In December, 2015, Congress passed the Consolidated Appropriations Act, 2016, which gave the Secretary of the Treasury the authority to commit up to \$2 billion in additional TARP funds to current Hardest-Hit Fund (HHF) program participants. The additional \$2 billion was obligated by Treasury as of June 2016 and is included in the total amount obligated for HHF. Beginning in January 2020, State HFAs began closing down and completing their final repayments to Treasury in accordance with the terms and conditions of the HFA Participation Agreement. As of March 31, 2022, \$328.9 million has been returned to Treasury.

⁹ In September 2017 the letter of credit was reduced from \$100 million to \$27 million. The figures in this line also include \$18 million obligated for administrative expenses associated with the letter of credit.

As discussed in note 10 to the Monthly TARP Update, Treasury's investment in AIG common shares consisted of shares acquired in exchange for preferred stock purchased with TARP funds (TARP shares) and shares received from the trust created by the FRBNY for the benefit of Treasury as a result of its loan to AIG (non-TARP shares). Treasury managed the TARP shares and non-TARP shares together, and disposed of them pro-rata in proportion to its holdings. Only the TARP shares are included under "Other Programs—AIG" and the lifetime cost estimate shows a loss based on Treasury's cost basis in the TARP shares alone. However, a gain is shown for the non-TARP shares on the line entitled "Additional AIG Common Shares Held by Treasury" because Treasury's cost basis in such shares was deemed to be zero. When the TARP shares and non-TARP shares are considered together, Treasury's cost on a cash basis was \$28.73 per share. TARP estimates include financing costs (borrowing) from the time of initial investment through the close of the program.

¹ This report is sourced from the Monthly Servicer Survey of select servicers participating in MHA under a Servicer Participation Agreement. All data in this report reflects what is provided by servicers participating in the survey and is not separately validated by Treasury. Servicers regularly perform evaluation and refinement of reporting, which can lead to updating of Program-to-Date results. Due to the MHA Program Modification Effective Date Cut-off of December 1, 2017, the December 2017 version of this report is the last issued and includes data collected from servicers through December 31, 2017. Requests received that were not processed as of December 2017 may be attributable to a variety of reasons, including failure to submit a complete mortgage modification request. Borrowers whose requests were not processed may have been offered a Streamline HAMP Modification.

² "Requests Received" is the total number of mortgage modification requests received, as reported by servicers. Cumulative Requests Received include all mortgage modification requests received since implementation of Supplemental Directive 10-02, effective June 1, 2010, and any requests that were approved for a trial modification prior to implementation of such guidance. As noted in Footnote 1 above, some servicers may include all mortgage modification requests received, whereas they previously included only requests that met basic HAMP eligibility criteria. As of January 2017, servicers were no longer required to provide monthly requests received volumes. Due to the December 30, 2016 HAMP application deadline, servicers will not report any requests received after that date and therefore, the monthly Requests Received column has been removed from the report. Servicers continue to evaluate and decision requests which were submitted by the application deadline.

^{3 &}quot;Requests Processed" is the sum of Requests Approved and Requests Denied, defined below.

[&]quot;Requests Approved" is the total number of complete mortgage modification requests approved for a trial modification under HAMP and trial offers sent to the borrowers, as reported by servicers. Note that all Requests Approved do not become Active Trials because some borrowers do not accept the trial or fail to make the first trial payment.

⁵ "Requests Denied" is the total number of mortgage modification requests not approved for a trial modification under HAMP and the decision communicated to the borrower by the servicer in accordance with program guidance, as reported by servicers. Cumulative Requests Denied include all mortgage modification requests denied and communicated to the borrower by the servicer since implementation of Supplemental Directive 10-02, effective June 1, 2010; servicers do not report Requests Denied prior to then as relevant data is incomplete. Figures include HAMP mortgage modification requests denied due to insufficient documentation, failure to meet basic eligibility criteria, and/or other reasons.

⁶ Formerly OneWest Bank.

⁷ Formerly GreenTree Servicing LLC.

⁸ Includes both PNC Bank, NA and PNC Mortgage, formerly National City Bank.

¹ Includes servicers that are no longer actively participating in the survey process or those whose Servicer Participation Agreement has been terminated. These servicers no longer submit a survey, and their results only
