Appendix	Minutes of the Financial Stability Oversight Board Meetings during the Quarterly Period	13

I. INTRODUCTION

This quarterly report of the Financial Stability Oversight Board (“Oversight Board”), issued pursuant to section 104(g) of the Emergency Economic Stabilization Act of 2008 (“EESA”), covers the period from January 1, 2021 to March 31, 2021 (the “quarterly period”).

The Oversight Board was established by section 104 of the EESA to help oversee the Troubled Asset Relief Program (“TARP”) and other emergency authorities and facilities granted to the Secretary of the Treasury (“Secretary”) under the EESA. The Oversight Board is composed of the Secretary, the Chairman of the Board of Governors of the Federal Reserve System (“Federal Reserve Board”), the Director of the Federal Housing Finance Agency (“FHFA”), the Chairman of the Securities and Exchange Commission (“SEC”), and the Secretary of the Department of Housing and Urban Development (“HUD”). In accordance with the bylaws of the Oversight Board, each Member has designated an official of the same agency to serve as that Member’s Representative on the Oversight Board (“Representative”).¹

Through Oversight Board meetings and other activities, the Oversight Board reviews and monitors the development, implementation, and effect of the policies and programs established under TARP to restore liquidity and stability to the U.S. financial system.

The Oversight Board met three times during the quarterly period, on January 21, February 25, and March 25, 2021. As reflected in the minutes of the Oversight Board’s meetings,² the Oversight Board regularly receives presentations and briefings from Treasury officials during these meetings to assist the Oversight Board in monitoring the actions taken by the Treasury Department under TARP and the Administration’s Financial Stability Plan.

¹ The respective Members named the following Representatives: Mr. Andreas Lehnert, Division Director, Federal Reserve Board; Mr. Joshua Frost, Deputy Assistant Secretary for Financial Markets, Department of the Treasury; Mr. Kurt Usowski, Deputy Assistant Secretary, Office of Economic Affairs, Department of Housing and Urban Development; Ms. Amanda Fischer, Senior Counselor, Securities and Exchange Commission; and Mr. Christopher Curtis, Principal Deputy General Counsel, Federal Housing Finance Agency.

² Approved minutes of the Oversight Board’s meetings are available at: <https://home.treasury.gov/data/troubled-assets-relief-program/about-tarp/minutes-reports>.

II. THE EFFECTS AND COSTS OF EESA PROGRAMS

Housing Programs

As discussed further below, TARP housing-sector programs through the Hardest Hit Fund (“HHF”) will continue to provide assistance to mortgage borrowers. On December 30, 2016, in accordance with the Consolidated Appropriations Act, 2016 (“the Act”), the Making Home Affordable (“MHA”) Program closed to new applications. MHA servicers were required to evaluate applications submitted before the deadline and offer Home Affordable Modification Program (“HAMP”) trial modifications to eligible applicants in accordance with program guidelines. All MHA transactions were required to be completed by December 1, 2017.

The Act also amended EESA as it relates to the HHF. The Act gave the Secretary until December 31, 2017 to commit up to \$2 billion in additional TARP funds to current HHF program participants. On February 19, 2016, Treasury announced that it would exercise its authority to obligate up to \$2 billion in additional TARP funds to the HHF, as authorized by the Act. Treasury allocated the funds among participating housing finance agencies (HFAs) in two phases of \$1 billion each and extended the date by which states would be required to finalize any decisions with respect to underwriting homeowner assistance or blight elimination projects to December 31, 2020. On April 24, 2020, Treasury further extended the date to June 30, 2021.

With the passage of time and maturation of TARP housing-sector programs, and years of successful performance by households under their respective housing assistance actions, the focus of Oversight Board analysis of housing-sector program effects naturally must evolve. Because MHA has closed to new applications, the volume of new MHA borrower assistance actions no longer serves as a useful indicator for its assessment of program effects. Similarly, as the bulk of HAMP modifications has already seasoned beyond four years—an important benchmark in performance analysis of mortgage lending—the Oversight Board believes that further analysis of incremental HAMP interest rate resets and re-default rates at this juncture will yield relatively little additional information on the sustainability of HAMP modifications. Instead, Oversight Board evaluation of the effects of these housing-sector programs will focus on disbursement rates of TARP resources and on homeowner completion of modifications or other respective assistance actions under TARP, for example, as those actions reach the end of their subsidy or TARP program period.

Investment Programs

Repayments and recoupments of financial sector investments have brought the remaining outstanding balances of TARP investment programs to only a small fraction of their peak levels. The Capital Purchase Program (“CPP”) and the Community Development Capital Initiative (“CDCI”) remain the only TARP financial-sector programs that still have outstanding balances. Accordingly, the Oversight Board evaluation of the effects of TARP financial-sector programs focuses on Treasury’s administration of the financial-sector assets Treasury still owns, emphasizing the management of these assets toward exit strategies that protect taxpayers rather than the connection of these assets to overall conditions in financial markets. Evaluations of such efforts are integrated with broader discussion of investment program developments in section III.

As the participation in these programs winds down more than a decade later, it is important to highlight that in past quarterly reports, the Oversight Board indicated that financial-market shocks from the crisis were lessened by Treasury's actions under EESA, and that TARP and other government programs contributed to preventing the adverse effects of the crisis from becoming significantly more severe. The accumulated effects of Treasury's actions under TARP contributed significantly and positively to conditions in many financial markets and increased credit supply to businesses and households during subsequent quarters.

Cost of TARP Programs

Treasury provides updated cost assessments for TARP programs two times per year and prepares financial statements for TARP on an annual basis in the Agency Financial Report. The most recent lifetime cost estimates of TARP that were available during the reporting period were as of September 30, 2020 (figure 1). The TARP programs fall into two categories: Housing Programs and Investment Programs.

According to these estimates, the expected cost for the housing programs is \$32.43 billion.

The expected cost for the investment programs is -\$0.35 billion, broken down as follows:

- Bank Support Programs – expected *return* of \$24.25 billion
- Capital Market Programs – expected *return* of \$3.34 billion
- Other Programs – expected *cost* of \$27.25 billion

The overall estimated cost of TARP will be approximately \$31.88 billion. Using the same assumptions, Treasury also estimated that the combined overall cost of TARP and other Treasury interests in AIG will be approximately \$14.33 billion.

The ultimate cost of TARP remains uncertain and will depend on how financial markets and the economy perform in the future. The individual TARP program lifetime costs are also as of September 30, 2020 (figure 1).

Notes:

¹	For more information, see note 10 to the Monthly TARP Update: http://www.treasury.gov/initiatives/financial-stability/reports/Pages/daily-tarp-reports.aspx
²	Treasury is continuing to disburse funds related to its housing programs, and continuing to recoup its outstanding investments.
³	Updates regarding oversight of TARP programs can be found at https://www.treasury.gov/initiatives/financial-stability/about-tarp/Pages/Oversight-and-
⁴	Estimated lifetime cost figures for investment programs and FHA-Refinance are as of September 30, 2020. Figures include interest on reestimates. Lifetime cost information for Making Home Affordable and Hardest Hit Fund reflect cost estimates based on actual and projected volume as of September 30, 2020.
⁵	The law creating the Small Business Lending Fund (SBLF) provided that banks could refinance securities issued under the CPP and CDCI programs with securities issued under the SBLF. A total of 137 CPP banks refinanced under the SBLF resulting in repayments of \$2.21 billion in CPP investments.
⁶	Estimated lifetime cost for AGP includes \$276 million for the termination fee Bank of America paid Treasury-OFS for the value received from the announcement of the negotiations on the guarantee and share losses on a pool of assets.
⁷	\$411.72 is the actual amount disbursed under the various TARP investment programs as opposed to obligations totaling \$412.08. This is because 28 CPP banks converted from the CPP program to the CDCI program and those conversions, totaling \$363.3 million, are not reflected as new disbursements.
⁸	In December, 2015, Congress passed the Consolidated Appropriations Act, 2016, which gave the Secretary of the Treasury the authority to commit up to \$2 billion in additional TARP funds to current HHF program participants. The additional \$2 billion was obligated by Treasury as of June 2016 and is included in the total amount obligated for HHF.
⁹	In September 2017 the letter of credit was reduced from \$100 million to \$27 million. The figures in this line also include \$18 million obligated for administrative expenses associated with the letter of credit.
¹⁰	As discussed in note 10 to the Monthly TARP Update, Treasury's investment in AIG common shares consisted of shares acquired in exchange for preferred stock purchased with TARP funds (TARP shares) and shares received from the trust created by the FRBNY for the benefit of Treasury as a result of its loan to AIG (non-TARP shares). Treasury managed the TARP shares and non-TARP shares together, and disposed of them pro-rata in proportion to its holdings. Only the TARP shares are included under "Other Programs—AIG" and the lifetime cost estimate shows a loss based on Treasury's cost basis in the TARP shares alone. However, a gain is shown for the non-TARP shares on the line entitled "Additional AIG Common Shares Held by Treasury" because Treasury's cost basis in such shares was deemed to be zero. When the TARP shares and non-TARP shares are considered together, Treasury's cost on a cash basis was \$28.73 per share. TARP estimates include financing costs (borrowing) from the time of initial investment through the close of the program.

III. DISCUSSION OF THE ACTIONS TAKEN BY TREASURY UNDER THE EESA DURING THE QUARTERLY PERIOD

This section provides a detailed update on the various programs, policies, financial commitments, and administrative actions taken by Treasury under EESA during the quarterly period, from January 1 to March 31, 2021, subject to review and oversight of the Oversight Board.

a. Housing Stabilization and Foreclosure Mitigation

During the quarterly period, a quarterly HAMP Performance Summary was released covering program activity during the period January 2021 through March 2021.⁶ A Performance Summary for HHF will also be released covering the first quarter of 2021.⁷ In addition, housing market indicator reports on the health of the nation's housing market produced by HUD were released for each month of the quarter.⁸

i. MHA

MHA programs provide assistance actions through first and second lien permanent modifications under HAMP, Treasury FHA HAMP, RD-HAMP (administered by the Rural Development Division of the Department of Agriculture), Second Lien Modification Program ("2MP"), and other assistance provided through Home Affordable Foreclosure Alternatives ("HAFA") transactions and Home Affordable Unemployment Program ("UP") forbearance plans. For some programs, assistance includes that provided by the Government Sponsored Enterprises ("GSEs").

The Act provided that the MHA Program would terminate on December 31, 2016, except with respect to certain loan modification applications made before such date. As set forth in program guidelines, MHA servicers were required to evaluate applications submitted before the deadline and offer trial modifications to eligible applicants. All MHA trial modification transactions were required to be completed by December 1, 2017.

⁶ The HAMP Performance Summary Report tracks the total number of HAMP permanent modifications ever begun, and their performance by type, with the delinquency percentages of modifications by year.

⁷ HHF Performance Summaries are available at: <https://home.treasury.gov/data/troubled-assets-relief-program/reports/hhf>

⁸ The National Housing Market Indicator Report incorporates key housing market statistics from government and private sector sources and is available at: <https://www.huduser.gov/portal/ushmc/hmi-update.html>.

As of March 31, 2021, Treasury had disbursed \$21.59 billion in incentive payments for MHA, \$0.13 billion of which was disbursed during the first quarter of 2021.⁹ Treasury estimated that \$22.43 billion in incentive payments would ultimately be disbursed in association with all MHA assistance actions, based on actual and projected volume as of March 31, 2021.

a. HAMP

Through December 2017, more than 1.7 million HAMP permanent modifications had been completed since the start of the program. As of December 31, 2017, homeowners that received HAMP permanent modifications saved approximately \$466 per month (median savings), representing a reduction of more than one third from their before-modification mortgage payment. Since HAMP began, homeowners who received permanent modifications had saved an estimated \$55 billion in monthly mortgage payments.¹⁰

ii. HHF

As of March 31, 2021, 14 states and the District of Columbia were operating HHF programs throughout their respective jurisdictions, and collectively had drawn approximately \$9.50 billion (approximately 99.0 percent) of the \$9.60 billion allocated under the program (figure 2). Four states (Florida, California, South Carolina, and Illinois) have closed and completed their final repayments to Treasury. Each of the eligible jurisdictions draws down funds as they are needed. The jurisdictions have until June 30, 2021, to approve assistance actions and must have no more than five percent of their allocation on hand before they can draw down additional funds.

As of March 31, 2021, HHF has disbursed funds on behalf of 91 programs. During the quarter, Treasury approved program changes for Arizona, Michigan, Oregon and Washington, DC. Program changes are outlined each month in the Monthly Report to Congress. At this late stage of the HHF program, many of the HFAs have closed or expect to close their largest programs. Treasury has and will continue its efforts to identify best practices, share lessons learned among programs, and provide robust oversight of HFAs as the program winds down.

⁹ Treasury's Transactions Reports (Housing), available at: <https://home.treasury.gov/data/troubled-assets-relief-program/reports/tarp-housing-transaction-reports>, show the adjusted cap amounts for each servicer, and the total disbursements to each servicer with respect to non-GSE loans. Incentive payments for GSE loans are borne by the GSEs and not Treasury.

¹⁰ Treasury's Quarterly Making Home Affordable Program Performance Reports are available at: <https://home.treasury.gov/data/troubled-assets-relief-program/reports/making-home-affordable-program-performance-report>

Hardest Hit Fund (HHF)

Program Updates in March

- 1 Arizona received approval to reallocate funds from its administrative expense allocation to its program allocation.
- 2 On March 31, 2021, Illinois completed its final repayment to Treasury in accordance with the terms and conditions of the HFA Participation Agreement.

Funds Drawn Down in March

State	Amount (millions)
None	
Total Drawn to Date¹	\$ 9,502

Funds Drawn as of March 31, 2021

b. Capital and Guarantee Programs for Financial Institutions*i. Update on the Capital Purchase Program (“CPP”)*

As of March 31, 2021, one institution remained in the CPP program with total outstanding CPP obligations of \$12.1 million. As of that date, Treasury had received approximately \$208.81 billion in gross proceeds from repayments and auction sales under the CPP, exceeding the \$204.89 billion in total funds initially disbursed.¹¹

These repayments and auction sales, along with dividends, interest, and fee income from participating bank organizations brought the total cash received from the CPP to \$226.8 billion.

No additional CPP institutions filed for bankruptcy or entered receivership during the quarterly period. A total of 34 CPP recipients have been placed in receivership, bankruptcy, or have been written-off since the inception of the program (figure 3), of which 14 have exited the respective process.

¹¹ This amount received includes all proceeds received as of September 30, 2020 from CPP participants, including sales of common and preferred shares; institutions that refinanced to the Small Business Lending Fund (“SBLF”); and exchanges out of the CPP into the CDCI.

	Total	\$ 3,277,609,000.00
*Institution has exited the bankruptcy/receivership process		
**Institution has not entered bankruptcy/receivership but is not collectible		

ii. Update on the Community Development Capital Initiative (“CDCI”)

During the reporting period, one institution repurchased all of Treasury’s outstanding investment in it at par for a total of \$2.5 million. As of March 31, 2021, two CDCI institutions remained in the program for a total outstanding investment of \$1.1 million.

APPENDIX A

Minutes of the Financial Stability Oversight Board Meetings
During the Quarterly Period

**Minutes of the Financial Stability Oversight Board Meeting
January 21, 2021**

A meeting of the Financial Stability Oversight Board (the “Board”) was held at 3:00 p.m. EST on Thursday, January 21, 2021, via teleconference.

**MEMBER REPRESENTATIVES
PARTICIPATING:**

Mr. Lehnert, Division Director,
Federal Reserve Board
(Chairperson)

Mr. Curtis, Principal Deputy General
Counsel, Federal Housing
Finance Agency

Mr. Buda, Deputy Chief of Staff,
Securities and Exchange
Commission

Mr. Usowski, Deputy Assistant
Secretary, Office of Economic
Affairs, Department of Housing
and Urban Development

STAFF PARTICIPATING:

Ms. Mukasa, Executive Director

Mr. Gonzalez, General Counsel and
Secretary

**AGENCY OFFICIALS
PARTICIPATING:**

Mr. Dove, Director of Operations,
Office of Financial Stability,
Department of the Treasury

Mr. Beirne, Senior Counsel, Federal
Reserve Board

The meeting was called to order by Mr. Lehnert at approximately 3:01 p.m. EST.

Upon commencement of the meeting, Representatives discussed draft minutes for the Board’s previous meeting, held on Thursday, December 17, 2020. The minutes for that meeting had been circulated and reviewed by Representatives in advance. Upon a motion duly made and seconded, Representatives voted to approve the minutes of the meeting, subject to such technical revisions by Representatives as deemed necessary.

Treasury officials provided the Representatives with an update on the programs Treasury established under the Troubled Asset Relief Program (“TARP”). The meeting discussion predominantly focused on the Capital Purchase Program (“CPP”); the Community Development Capital Initiative (“CDCI”); and the Making Home Affordable (“MHA”) and Hardest Hit Fund (“HHF”) initiatives. Included in the materials distributed in advance of the meeting was the latest monthly report issued by Treasury under Section 105(a) of the Emergency Economic Stabilization Act (“Monthly Report”), which contained information related to programs established by Treasury under TARP and aggregate information regarding the allocated and disbursed amounts under TARP. Throughout the meeting, Representatives raised and discussed issues relevant to the policies and programs established under TARP.

Referring to prepared materials, Treasury officials provided a report on recent developments in the TARP program. As of

December 31, 2020, Treasury had disbursed a total of \$442.7 billion, including approximately \$411.72 billion under TARP investment programs and approximately \$31 billion under TARP housing-related programs to assist at-risk homeowners. Total receipts on all TARP investment programs were approximately \$443 billion.

Treasury officials provided the Representatives with a status update on TARP investment programs, beginning with CPP. As of January 20, the CPP portfolio stood at 2 institutions, with a total outstanding invested amount of \$17.4 million.

Treasury officials next reported on the status of the CDCI program. As of January 20, the CDCI portfolio stood at 2 institutions, with a total outstanding invested amount of roughly \$1 million.

Treasury officials then reported on MHA. As outlined in the Consolidated Appropriations Act, 2016, the MHA program terminated on December 31, 2016, and servicers were required to complete all MHA transactions by December 1, 2017. As such, there was no change in the number of homeowner assistance actions under MHA for December.

Treasury officials next discussed recent developments in the HHF program. As of December 31, 2020, Housing Finance Agencies in the nineteen eligible jurisdictions had disbursed approximately \$8.6 billion in program funds (\$9.6 billion in total program and administrative funds), and drawn down \$9.5 billion in total

funds. During December, there were no program changes.

Finally, Representatives and staff of the Board discussed upcoming activities of the Board.

The meeting was adjourned at approximately 3:08 p.m. EST.

(signed electronically)

Mr. Gonzalez,
General Counsel and Secretary

**Minutes of the Financial Stability Oversight Board Meeting
February 25, 2021**

A meeting of the Financial Stability Oversight Board (the “Board”) was held at 3:00 p.m. EST on Thursday, February 25, 2021, via teleconference.

Mr. Doerner, Supervisory Economist, Federal Housing Finance Agency

Mr. Beirne, Senior Counsel, Federal Reserve Board

**MEMBER REPRESENTATIVES
PARTICIPATING:**

The meeting was called to order by Mr. Lehnert at approximately 3:01 p.m. EST.

Mr. Lehnert, Division Director,
Federal Reserve Board
(Chairperson)

Upon commencement of the meeting, Representatives discussed draft minutes for the Board’s previous meeting, held on Thursday, January 21, 2021. The minutes for that meeting had been circulated and reviewed by Representatives in advance. Upon a motion duly made and seconded, Representatives voted to approve the minutes of the meeting, subject to such technical revisions by Representatives as deemed necessary.

Ms. Christensen, Acting Director,
Office of Financial Stability,
Department of the Treasury

policies and programs established under TARP.

Referring to prepared materials, Treasury officials provided a report on recent developments in the TARP program. As of January 31, 2021, Treasury had disbursed a total of \$442.7 billion, including approximately \$411.72 billion under TARP investment programs and approximately \$31 billion under TARP housing-related programs to assist at-risk homeowners. Total receipts on all TARP investment programs were approximately \$443 billion.

Treasury officials provided the Representatives with a status update on TARP investment programs, beginning with CPP. During February, Treasury completed the full repurchase of Harbor Bankshares Corporation. One institution remains in the CPP portfolio, with a total outstanding invested amount of \$12.1 million.

Treasury officials next reported on the status of the CDCI program. As of February 24, the CDCI portfolio stood at 2 institutions, with a total outstanding invested amount of roughly \$1 million.

Treasury officials then reported on MHA. As outlined in the Consolidated Appropriations Act, 2016, the MHA program terminated on December 31, 2016, and servicers were required to complete all MHA transactions by December 1, 2017. As such, there was no change in the number of homeowner assistance actions under MHA for January.

Treasury officials next discussed recent developments in the HHF program. As of January 31, 2021, Housing Finance Agencies in the nineteen eligible jurisdictions had disbursed approximately \$8.6 billion in program funds (\$9.6 billion in total program and administrative funds), and drawn down \$9.5 billion in total funds. During January, HHF program changes were approved for the state of Oregon and the District of Columbia.

Finally, Representatives and staff of the Board discussed upcoming activities of the Board.

The meeting was adjourned at approximately 3:11 p.m. EST.

**Minutes of the Financial Stability Oversight Board Meeting
March 25, 2021**

A meeting of the Financial Stability Oversight Board (the “Board”) was held at 3:00 p.m. EDT on Thursday, March 25, 2021, via videoconference.

Mr. Doerner, Supervisory Economist, Federal Housing Finance Agency

Mr. Beirne, Senior Counsel, Federal Reserve Board

**MEMBER REPRESENTATIVES
PARTICIPATING:**

The meeting was called to order by Mr. Lehnert at approximately 3:03 p.m. EDT.

Mr. Lehnert, Division Director,
Federal Reserve Board
(Chairperson)

Upon commencement of the meeting, Representatives discussed draft minutes for the Board’s previous meeting, held on Thursday, February 25, 2021. The minutes for that meeting had been circulated and reviewed by Representatives in advance. Upon a motion duly made and seconded, Representatives voted to approve the minutes of the meeting, subject to such technical revisions by Representatives as deemed necessary.

Mr. Smith, Deputy Assistant
Secretary for Federal Finance,
Department of the Treasury

Mr. Curtis, Principal Deputy General
Counsel, Federal Housing
Finance Agency

Mr. Buda, Deputy Chief of Staff,
Securities and Exchange
Commission

Mr. Usowski, Deputy Assistant
Secretary, Office of Economic
Affairs, Department of Housing
and Urban Development

Treasury officials provided the Representatives with an update on the programs Treasury established under the Troubled Asset Relief Program (“TARP”). The meeting discussion predominantly focused on the Capital Purchase Program (“CPP”); the Community Development Capital Initiative (“CDCI”); and the Making Home Affordable (“MHA”) and Hardest Hit Fund (“HHF”) initiatives. Included in the materials distributed in advance of the meeting was the latest monthly report issued by Treasury under Section 105(a) of the Emergency Economic Stabilization Act (“Monthly Report”), which contained information related to programs established by Treasury under TARP and aggregate information regarding the allocated and disbursed amounts under TARP. Throughout the meeting, Representatives raised and discussed issues relevant to the

Office of Financial Stability,
Department of the Treasury

policies and programs established under TARP.

Referring to prepared materials, Treasury officials provided a report on recent developments in the TARP program. As of February 28, 2021, Treasury had disbursed a total of \$442.8 billion, including approximately \$411.72 billion under TARP investment programs and approximately \$31 billion under TARP housing-related programs to assist at-risk homeowners. Total receipts on all TARP investment programs were approximately \$443 billion.

Treasury officials provided the Representatives with a status update on TARP investment programs, beginning with CPP. As of March 24, one institution remains in the CPP portfolio, with a total outstanding invested amount of \$12.1 million.

Treasury officials next reported on the status of the CDCI program. As of March 24, the CDCI portfolio stood at 2 institutions, with a total outstanding invested amount of roughly \$1 million.

Treasury officials then reported on MHA. As outlined in the Consolidated Appropriations Act, 2016, the MHA program terminated on December 31, 2016, and servicers were required to complete all MHA transactions by December 1, 2017. As such, there was no change in the number of homeowner assistance actions under MHA for February.

Treasury officials next discussed recent developments in the HHF program. As of February 28,

2021, Housing Finance Agencies in the nineteen eligible jurisdictions had disbursed approximately \$8.7 billion in program funds (\$9.6 billion in total program and administrative funds), and drawn down \$9.5 billion in total funds. During February, program changes were approved for the state of Michigan.

Representatives and officials then engaged in a roundtable discussion related to the state of the current housing markets and the ability of the programs established under TARP to provide support to the housing market while assisting at-risk mortgage borrowers. As part of the discussion, FHFA officials provided data related to the housing and mortgage market conditions.

Finally, Representatives and staff of the Board discussed upcoming activities of the Board.

The meeting was adjourned at approximately 3:31 p.m. EDT.
