The meeting was called to order by
Mr. Lehnert at approximately 3:02 p.m. EDT.

Upon commencement of the meeting, Representatives discussed draft minutes for the Board’s previous meeting, held on Thursday, June 16, 2022. The minutes for that meeting had been circulated and reviewed by Representatives in advance. Upon a motion duly made and seconded, Representatives voted to approve the minutes of the meeting, subject to such technical revisions by Representatives as deemed necessary.

Treasury officials provided the Representatives with an update on the programs Treasury established under the Troubled Asset Relief Program (“TARP”). The meeting discussion predominantly focused on the Capital Purchase Program (“CPP”); the Community Development Capital Initiative (“CDCI”); and the Making Home Affordable (“MHA”) and Hardest Hit Fund (“HHF”) initiatives. Included in the materials distributed in advance of the meeting was the latest monthly report issued by Treasury under Section 105(a) of the Emergency Economic Stabilization Act (“Monthly Report”), which contained information related to programs established by Treasury under TARP and aggregate information regarding the allocated and disbursed amounts under TARP. Throughout the meeting, Representatives raised and discussed issues relevant to the

policies and programs established under TARP.

Referring to prepared materials, Treasury officials provided a report on recent developments in the TARP program. As of June, 2022, Treasury had disbursed a total of \$443.19 billion, including approximately \$411.72 billion under TARP investment programs and approximately \$31.4 billion under TARP housing-related programs to assist at-risk homeowners. Total receipts on all TARP investment programs were approximately \$443 billion.

Treasury officials provided the Representatives with a status update on TARP investment programs, beginning with CPP. As of July 20, one institution remains in the CPP portfolio, with a total outstanding invested amount of \$12.1 million.

Treasury officials next reported on the status of the CDCI program. As of July 20, the CDCI portfolio stood at 2 institutions, with a total outstanding invested amount of roughly \$1 million.

Treasury officials then reported on MHA. As outlined in the Consolidated Appropriations Act, 2016, the MHA program terminated on December 31, 2016, and servicers were required to complete all MHA transactions by December 1, 2017. As such, there was no change in the number of homeowner assistance actions under MHA for June.

Treasury officials next discussed recent developments in the HHF program. As of March 31, the

HHF program completed and all eligible entities have finalized their compliance reports and have repaid unused funds to Treasury. As such, there was no change in the HHF program for June.

Finally, Representatives and staff of the Board discussed upcoming activities of the Board.

The meeting was adjourned at approximately 3:15 p.m. EDT.

General Counsel and Secretary
