Third Quarter 2021 Performance Summary

HARDEST HIT FUND QUARTERLY PERFORMANCE SUMMARY

Background and Glossary of Terms

- In 2010, The Hardest Hit Fund (HHF) provided \$7.6 billion to 18 states and the District of Columbia to assist struggling homeowners through locally tailored programs administered by each respective housing finance agency (HFA) in order to help prevent avoidable foreclosures and stabilize housing markets. These areas were designated “hardest hit” because they experienced steep home price declines and/or severe unemployment in the economic downturn.
