SSBCI Quarterly Report through September 30, 2024

OVERVIEW

Reauthorized and expanded by the American Rescue Plan Act, the State Small Business Credit Initiative (SSBCI) is a nearly \$10 billion program which funds participating jurisdictions¹ programs that spur lending and investing in small businesses and provide technical assistance to small businesses. The SSBCI incentivizes participating jurisdictions to enable financing for businesses in historically underserved communities and for entrepreneurs who may have otherwise lacked access to capital. This report presents cumulative data from capital program quarterly reports submitted by participating jurisdictions from the beginning of the reauthorized SSBCI program through the quarter ending September 30, 2024.

CAPITAL PROGRAM ACTIVITY

Approvals: As of September 30, 2024, Treasury approved 56 states and territories' Capital program applications and 68 Tribal government or joint Tribal applications. Of these, Treasury required 106 jurisdictions to submit quarterly reports for one or more quarters covered by this report, representing almost \$8.6 billion in allocations. All jurisdictions required to submit reports did so.

Disbursements: Jurisdictions receive SSBCI funding in three tranches which are disbursed based on previous funds deployed.² Additional funding may be available for jurisdictions that successfully reach underserved businesses.³ As of September 30, 2024, Treasury disbursed almost \$3.1 billion to jurisdictions, representing the first disbursement for 119 jurisdictions, the second disbursement for 13 jurisdictions, and the third disbursement for 4 jurisdictions.

Funds deployed: As of September 30, 2024, 80 jurisdictions reported having deployed (expended, obligated, or transferred, or "EOT") almost \$1.9 billion in SSBCI funds through their SSBCI Capital Programs.⁴ This represents a 15% increase in deployment from the previous quarter.

CAPITAL PROGRAM ALLOCATIONS

The 106 jurisdictions reporting for this period operate 282 different credit support and investment programs. They allocated approximately 64% (\$5.5 billion) of their funding to programs that support loans, such as loan guarantees and loan participation programs. They allocated approximately 36% (\$3.1 billion) to equity/venture capital programs including direct investment programs, fund investment programs and debt/equity hybrid programs that spur investment in small businesses. Businesses, lenders, and investors may find additional details on jurisdictions' programs at <https://home.treasury.gov/policy-issues/small-business-programs/state-small-business-credit-initiative-ssbci/capital-program-summaries>.

- 1 The term "participating jurisdictions" refers to the states, the District of Columbia, territories, and Tribal governments or groups of Tribal governments that are participating in the SSBCI program.
- 2 For purposes of this report, SSBCI funds deployed are those "expended, obligated, or transferred" or "EOT" (as those terms are defined in section III.b of the Capital Program Policy Guidelines). SSBCI funds "expended" are funds used to support loans or investments or for administrative expenses. SSBCI funds "obligated" are funds committed, pledged, or otherwise promised, in writing, to support loans or investments, including obligations to intermediaries, and for administrative expenses. SSBCI funds "transferred" are funds transferred to a contracting entity as reimbursement of expenses incurred or to fund a loan or investment. Funds "expended, obligated, or transferred" includes obligations to venture capital funds not yet linked to specific small business investments.
- 3 See SSBCI Capital Program Guidelines, pp 11-12, <https://home.treasury.gov/system/files/136/SSBCI-Capital-Program-Policy-Guidelines.pdf>
- 4 Data on fund deployment by Participating Jurisdictions throughout this report are as reported by Participating Jurisdictions to Treasury, which include transactions that may be under active review by Treasury or other bodies, have not been verified by Treasury, and may be revised in the future.

TECHNICAL ASSISTANCE PROGRAMS

The SSBCI funds technical assistance to small businesses through grants to jurisdictions and by funding the Minority Business Development Agency's Capital Readiness Program (CRP). As of September 30, 2024, Treasury approved 63 of 125 applications by states, territories and Tribal governments for technical assistance programs, and as of September 2023, the MBDA had announced all 43 recommended awardees. For more information on the CRP, see <https://www.mbda.gov/crp>.

FEATURED PROGRAMS AND TRANSACTIONS

GEORGIA EQUITY DIRECT PROGRAM CATALYZES PRIVATE INVESTMENT IN JOHNSON ENERGY STORAGE

Based in Atlanta, Georgia, Johnson Energy Storage (JES) is developing All-Solid-State Batteries – an evolution of traditional lithium-ion batteries intended to improve energy density, efficiency, and safety. The company aims to create long-lasting energy storage systems with the potential to improve electric vehicle batteries, along with other industrial and commercial applications. Founder Dr. Lonnie Johnson invented the glass electrolyte separator that is at the core of the JES product.

In 2024, the company was in a period of rapid development and kicked off fundraising to support its planned expansion of facilities. Through the SSBCI-supported Georgia Equity Direct Program, the Georgia Department of Community Affairs / Invest Georgia provided an early investment to support JES – catalyzing significant private investment in the company. With an initial SSBCI-supported investment of \$500,000, the company has since raised over \$15 million based on interest from private investors – far surpassing its initial goal for a \$5 million round.

Since the start of the raise, JES has brought on new CEO - Brandon Martin, a Marine Corp Veteran with 12 years of experience in the renewable energy sector - and doubled its staff, and plans to build a new 40,000-square-foot headquarters with expanded laboratory facilities. With this investment, Johnson Energy Storage plans to advance its research and development efforts, participating in the evolution of clean energy technology.

PENNSYLVANIA'S SSBCI REVOLVING LOAN FUND PROGRAM INVESTS IN WOMEN-OWNED HOME HEATING FUEL COMPANY

Oakland Fuel Oil is a family-owned supplier of home heating oil, propane, and diesel fuel, based in Mifflintown, PA since 1999. In addition, the company is a Small Business Administration-certified women-owned small business. In late 2023, the company sought to upgrade outdated equipment and improve efficiency. To achieve that goal, Oakland Fuel Oil would need to replace underground heating oil tanks with modern, safer equipment and upgrade its fuel pumps.

The company was able to qualify for \$945,000 in total financing – with Kish Bank approving \$545,000 with a \$400,000 participation by the SEDA Council of Government (SEDA-COG), a nonprofit lender enrolled in Pennsylvania's SSBCI Revolving Loan Fund program. Pennsylvania's program allows enrolled lenders, like SEDA-COG, to use SSBCI funds to provide credit enhancements that support small business borrowers in qualifying for private financing.

“It's been extremely rewarding helping Oakland Fuel transition to meet growing demand under the skilled leadership of owner Linda Kint.” said John Reichard, SEDA-COG's business finance relationship manager. “We thank our lending partners like Kish Bank for making projects like this possible for small businesses in our communities.”

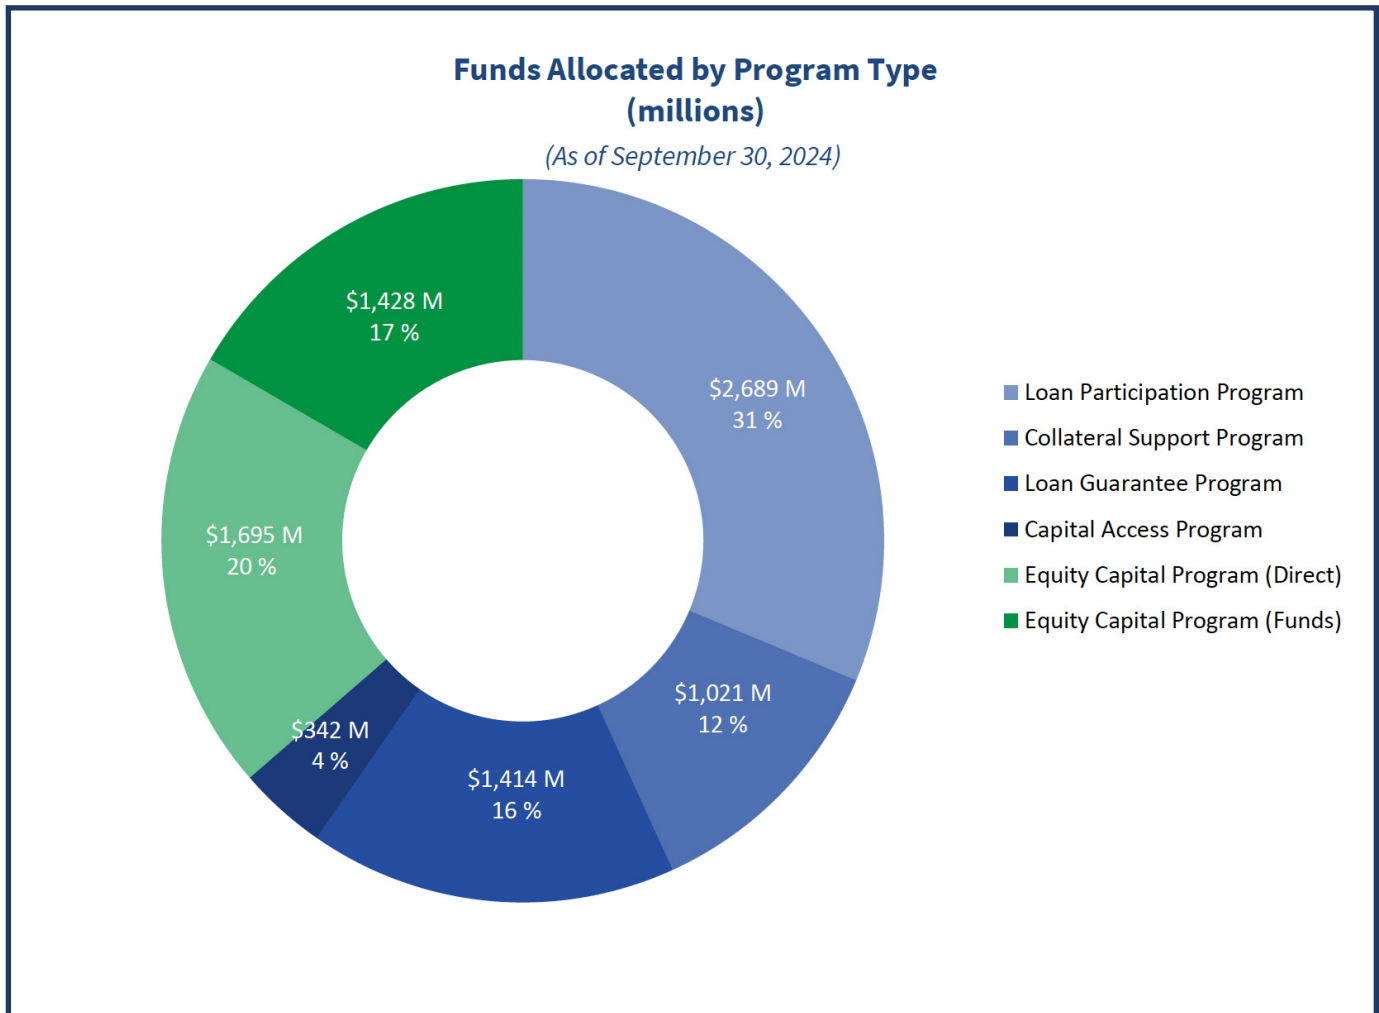

Linda Kint added: “The financing through SEDA-COG and Kish Bank has been a huge help for my business to expand to bigger and better things. I was able to add self-serve fuel pumps, which has dramatically increased my On-Road Diesel and Off-Road Diesel sales.

Caleb Shertzer from Kish Bank said “Linda took on new challenges in these projects. In the end, they will be very valuable to her and the company. The best part about my job is working with great people and helping them grow and improve their businesses.”

QUARTERLY DATA

Figure 1: Funds Allocated by Program Type

As of September 30, 2024, the 106 reporting jurisdictions reported an allocation of almost \$8.6 billion to 282 programs. Jurisdictions allocated approximately 64% (\$5.5 billion) of their funding to programs that support loans, with the highest percent of total allocation to loan participation programs at 31%. Jurisdictions allocated approximately 36% (\$3.1 billion) to investment programs, with the highest percent of total allocation to direct equity capital programs at 20%.⁵

⁵ In Figure 1, approved hybrid direct and hybrid fund programs are included within direct and fund programs, respectively.

FIGURE 2: FUNDS REPORTED DEPLOYED (EOT) BY QUARTER

As of September 30, 2024, jurisdictions reported funds deployed (EOT) totaling almost \$1.9 billion, an increase of 15% over the prior quarter ending June 30, 2024.⁶

⁶ The values for each quarter reflect the cumulative amount reported as of that quarter. Jurisdictions submit an initial report after their first full calendar quarter following execution of their allocation agreement. Therefore, initial quarterly reports may contain activity from the prior quarter.

FIGURE 3: TOP 40 JURISDICTIONS BY REPORTED FUNDS DEPLOYED (EOT)⁷

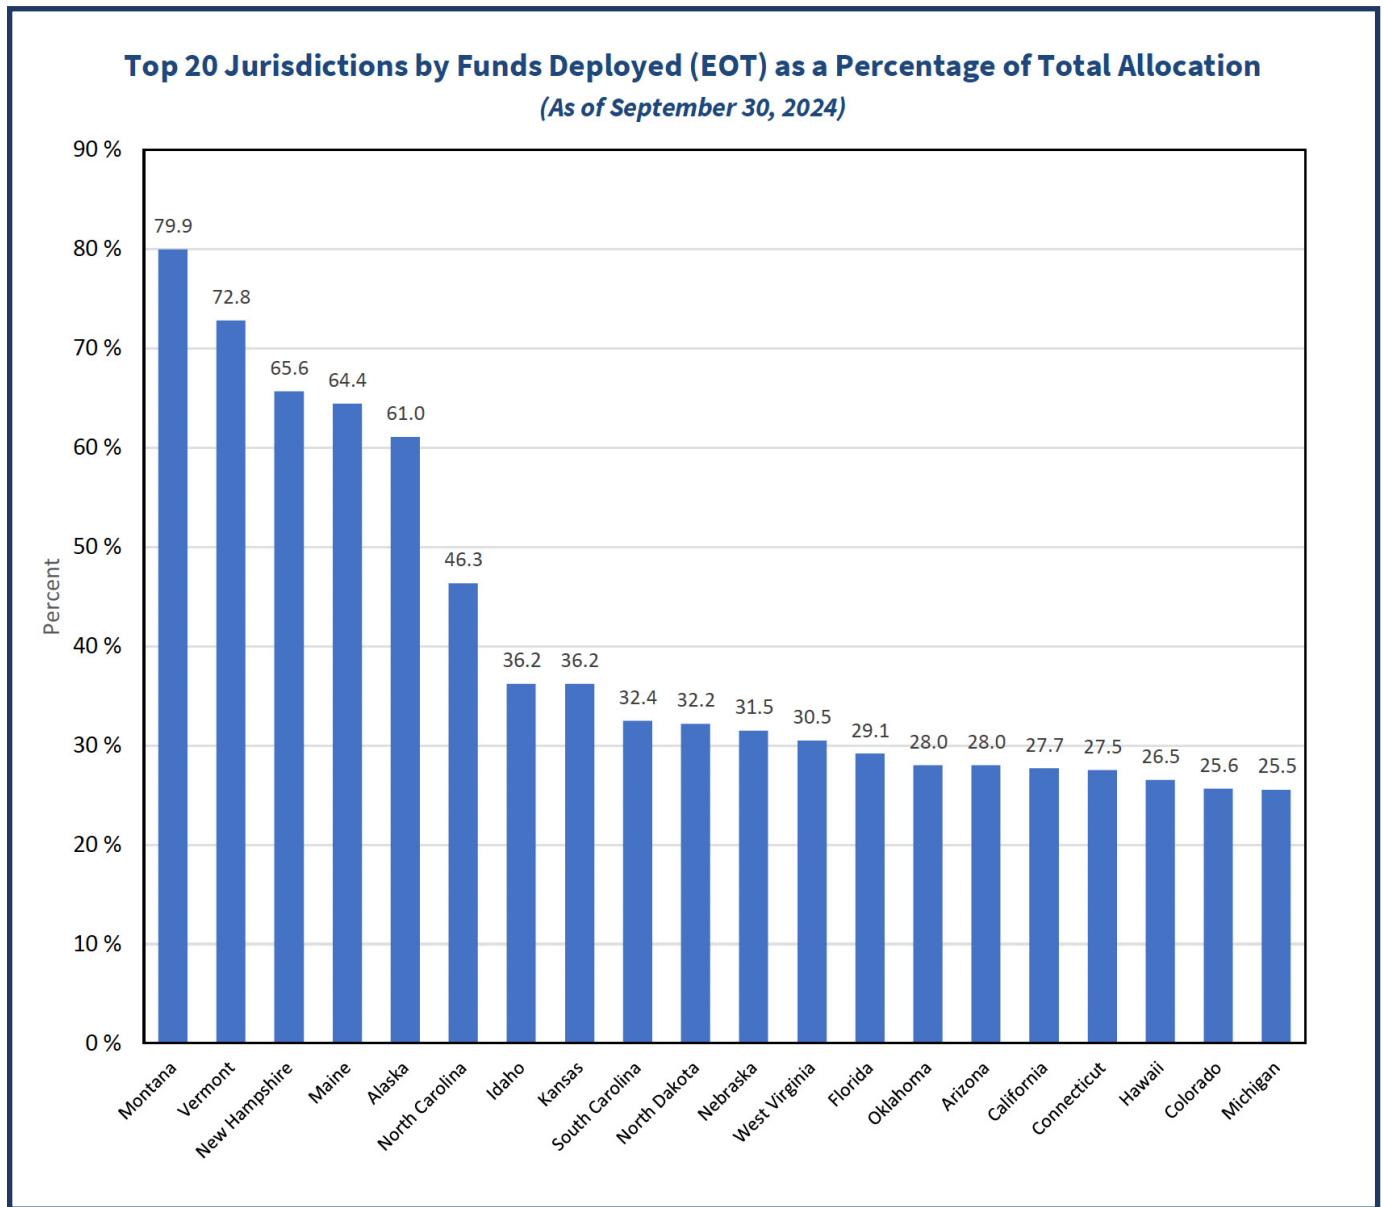

Of the 106 jurisdictions that submitted quarterly reports, 80 reported total funds deployed (EOT) of almost \$1.9 billion, with the highest deployment of funds reported by California at almost \$327 million.

⁷ Figure 3 excludes Tribal governments.

FIGURE 4: TOP 20 JURISDICTIONS BY REPORTED FUNDS DEPLOYED (EOT) AS A PERCENTAGE OF TOTAL ALLOCATION⁸

Of the 106 jurisdictions that submitted quarterly reports, Montana reported the highest amount of funds deployed (EOT) as a percentage of total allocation at 79.9%, followed by Vermont at 72.8%.

9 Total allocated funds include initial eligible amounts of incentive allocations for participating jurisdictions that demonstrate “robust support” for underserved businesses, as described in SSBCI guidance. Initial incentive allocation funding is generally disbursed based on the participating jurisdictions’ deployment of funds to support certain underserved businesses.

10 This table excludes data for Tribal governments and any participating jurisdictions that were not required to report over the period covered by this report.

11 Disbursed Funds Deployed % is calculated by dividing the Allocated Funds Deployed by Funds Disbursed.

12 Total Allocation Deployed % is calculated by dividing the Allocated Funds Deployed by Total Allocation.
