SSBCI Quarterly Report through September 30, 2025

OVERVIEW

The State Small Business Credit Initiative (SSBCI) is a nearly \$10 billion program which funds small business financing and technical assistance programs run by state, territory, and Tribal governments.¹ SSBCI- supported programs are expected to catalyze up to \$10 of private investment for every \$1 of SSBCI Capital Program funding, increasing access to capital for small businesses and entrepreneurs that are poised to create and retain jobs across the nation. This report presents cumulative data from capital program quarterly reports submitted by participating jurisdictions from the beginning of the reauthorized SSBCI program through the quarter ending September 30, 2025.

CAPITAL PROGRAM ACTIVITY

Approvals: As of September 30, 2025, Treasury approved 56 states and territories' Capital program applications and 89 Tribal government or joint Tribal applications. Of these, Treasury required 143 jurisdictions to submit quarterly reports for one or more quarters covered by this report, representing over \$8.9 billion in allocations. All jurisdictions required to submit reports did so.

Disbursements: Jurisdictions receive SSBCI funding in three tranches which are disbursed based on previous funds deployed.² Additional funding may be available for jurisdictions that successfully reach underserved businesses.³ As of September 30, 2025, Treasury had disbursed over \$5.0 billion to jurisdictions, representing the first disbursement for 145 jurisdictions, the second disbursement for 47 jurisdictions, and the third disbursement for 8 jurisdictions.

Funds deployed: As of September 30, 2025, 105 jurisdictions reported having deployed (expended, obligated, or transferred, or "EOT") over \$3.3 billion in SSBCI funds through their SSBCI Capital Programs.⁴ This represents a 12% increase in deployment from the previous quarter.

CAPITAL PROGRAM ALLOCATIONS

The 143 jurisdictions reporting for this period operate 335 different credit support and investment programs. They allocated approximately 64% (\$5.7 billion) of their funding to programs that support loans, such as loan guarantees and loan participation programs. They allocated approximately 36% (\$3.2 billion) to equity/venture capital programs including direct investment programs, fund investment programs and debt/equity hybrid programs that spur investment in small businesses. Businesses, lenders, and investors may find additional details on jurisdictions' programs at <https://home.treasury.gov/policy-issues/small-business-programs/state-small-business-credit-initiative-ssbci/capital-program-summaries>.

1 The term "participating jurisdictions" refers to the states, the District of Columbia, territories, and Tribal governments or groups of Tribal governments that are participating in the SSBCI program.

2 For purposes of this report, SSBCI funds deployed are those "expended, obligated, or transferred" or "EOT" (as those terms are defined in section III.b of the Capital Program Policy Guidelines). SSBCI funds "expended" are funds used to support loans or investments or for administrative expenses. SSBCI funds "obligated" are funds committed, pledged, or otherwise promised, in writing, to support loans or investments, including obligations to intermediaries, and for administrative expenses. SSBCI funds "transferred" are funds transferred to a contracting entity as reimbursement of expenses incurred or to fund a loan or investment. Funds "expended, obligated, or transferred" includes obligations to venture capital funds not yet linked to specific small business investments.

3 See SSBCI Capital Program Guidelines, pp 11-12, <https://home.treasury.gov/system/files/136/SSBCI-Capital-Program-Policy-Guidelines.pdf>

4 Data on fund deployment by Participating Jurisdictions throughout this report are as reported by Participating Jurisdictions to Treasury, which include transactions that may be under active review by Treasury or other bodies, have not been verified by Treasury, and may be revised in the future.

TECHNICAL ASSISTANCE PROGRAMS

The SSBCI funds technical assistance to small businesses through grants to jurisdictions via formula allocation and a competitive program. As of September 30, 2025, Treasury had awarded \$75 million in competitive grants to 12 states and two Tribal governments and had approved applications for 101 formula grants representing \$163.3 million in funding.

FEATURED PROGRAMS AND TRANSACTIONS

IOWA'S SSBCI PROGRAM SUPPORTS LENDING AUTOMATION TECH FOR COMMUNITY LENDERS

Based in West Des Moines, Iowa, Coviance utilizes cloud-native lending automation technology for community banks and credit unions, with a focus on home equity and mortgage lending. Founded in 2015, Coviance has provided community lenders with tools to enhance the borrower experience, accelerate loan origination, and streamline operations and compliance management.

Coviance was approved for a \$1 million Innovation Acceleration Expansion Fund loan from the Iowa Economic Development Authority, supported by Iowa's SSBCI Innovation Fund. The funding will enable Coviance to continue expanding its services and enhance the technology solutions it offers to community lenders by investing in intellectual property (IP) development, evaluation, and adding key personnel.

KENTUCKY'S DIRECT INVESTMENT PROGRAM SUPPORTS AN INDOOR WAYFINDING TECHNOLOGY

Louisville, Kentucky-based GoodMaps specializes in indoor digital mapping, high-precision indoor positioning, and accessible wayfinding. In 2024, it applied for SSBCI funding through the Kentucky Small Business Credit Initiative (KSBCI) to enhance its product development and expand its sales and marketing team. At the time of application, GoodMaps had achieved 3X revenue growth over two years and secured contracts with organizations such as the CNIB Foundation and Humanware.

The KSBCI program invested \$550,000 of SSBCI funding in GoodMaps through the Kentucky Science and Technology Corporation alongside nearly \$2.5 million in private capital equity investments. Since receiving funding, GoodMaps has reached significant milestones, including partnering with Intel to support the 2024 Olympics & Paralympics in Paris and launching patented localization technology.

GoodMaps said, "The Kentucky SSBCI investment was a powerful validation of GoodMaps' vision and potential, giving us the momentum to scale globally and attract additional investors. With this support, we expanded our team, launched cutting-edge technology, and seized opportunities on a global scale – culminating in partnerships with industry leaders like Intel, groundbreaking localization advancements, and significant international expansion. This funding wasn't just capital – it's been a catalyst for innovation, growth, and global impact."

FIGURE 2: FUNDS REPORTED DEPLOYED (EOT) BY QUARTER

As of September 30, 2025, jurisdictions reported allocated funds deployed (EOT) totaling over \$3.3 billion, an increase of 12% over the prior quarter ending June 30, 2025.⁶

⁶ The values for each quarter reflect the cumulative amount reported as of that quarter. Jurisdictions submit an initial report after their first full calendar quarter following execution of their allocation agreement. Therefore, initial quarterly reports may contain activity from the prior quarter.

Initial incentive allocation funding is generally disbursed based on the participating jurisdictions’ deployment of funds to support certain underserved businesses.

¹⁰ This table excludes data for Tribal governments and any participating jurisdictions that were not required to report over the period covered by this report.

¹¹ Disbursed Funds Deployed % is calculated by dividing the Allocated Funds Deployed by Funds Disbursed.

¹² Total Allocation Deployed % is calculated by dividing the Allocated Funds Deployed by Total Allocation.
