SSBCI Quarterly Report through March 31, 2026

U.S. Department of the Treasury

June 29, 2026

SSBCI Quarterly Report through March 31, 2026

OVERVIEW

The State Small Business Credit Initiative (SSBCI) is a nearly $10 billion program that funds small business financing and technical assistance programs run by state, territory, and Tribal governments.[1] SSBCI- supported programs are expected to catalyze up to $10 of private investment for every $1 of SSBCI Capital Program funding, increasing access to capital for small businesses and entrepreneurs that are poised to create and retain jobs across the nation. This report presents cumulative data from capital program quarterly reports submitted by participating jurisdictions from the beginning of the reauthorized SSBCI program through the quarter ending March 31, 2026.

CAPITAL PROGRAM ACTIVITY

Approvals: Treasury approved a total of 56 states and territories' applications to participate in the SSBCI Capital program and 89 Tribal government or joint Tribal applications. Treasury required all 145 jurisdictions to submit quarterly reports for one or more quarters covered by this report, representing over $8.9 billion in allocations. All jurisdictions required to submit reports did so.

Disbursements: Jurisdictions receive SSBCI funding in three tranches that are disbursed based on previous funds deployed.[2] Additional funding may be available for jurisdictions that successfully reach underserved businesses.[3] As of March 31, 2026, Treasury has disbursed nearly $5.8 billion to jurisdictions, representing the first disbursement for 145 jurisdictions, the second disbursement for 58 jurisdictions, and the third disbursement for 12 jurisdictions.

Funds deployed: As of March 31, 2026, 109 jurisdictions reported having deployed (expended, obligated, or transferred, or "EOT") over $3.9 billion in SSBCI funds through their SSBCI Capital Programs.[4] This represents a 7% increase in deployment from the previous quarter.

CAPITAL PROGRAM ALLOCATIONS

The 145 jurisdictions reporting for this period operate 335 different credit support and investment programs. Jurisdictions allocated approximately 64% ($5.7 billion) of their funding to programs that support loans, such as loan guarantees and loan participation programs, and approximately 36% ($3.2 billion) to equity/venture capital programs, including direct investment programs, fund investment programs and debt/equity hybrid programs that spur investment in small businesses. Businesses, lenders, and investors may find additional details on jurisdictions' programs at https://home.treasury.gov/policy-issues/small-business-programs/state-small-business-credit-initiative-ssbci/capital-program-summaries.

---

[1] The term "participating jurisdictions" refers to the states, the District of Columbia, territories, and Tribal governments or groups of Tribal governments that are participating in the SSBCI program.

[2] For purposes of this report, SSBCI funds deployed are those "expended, obligated, or transferred" or "EOT" (as those terms are defined in section III.b of the Capital Program Policy Guidelines). SSBCI funds "expended" are funds used to support loans or investments or for administrative expenses. SSBCI funds "obligated" are funds committed, pledged, or otherwise promised, in writing, to support loans or investments, including obligations to intermediaries, and for administrative expenses. SSBCI funds "transferred" are funds transferred to a contracting entity as reimbursement of expenses incurred or to fund a loan or investment. Funds "expended, obligated, or transferred" includes obligations to venture capital funds not yet linked to specific small business investments.

[3] See SSBCI Capital Program Guidelines, pp 11-12, https://home.treasury.gov/system/files/136/SSBCI-Capital-Program-Policy-Guidelines.pdf

[4] Data on fund deployment by Participating Jurisdictions throughout this report are as reported by Participating Jurisdictions to Treasury and include transactions that may be under active review by Treasury or other bodies, have not been verified by Treasury, and may be revised in the future.

TECHNICAL ASSISTANCE PROGRAMS

The SSBCI funds technical assistance to small businesses through grants to jurisdictions via formula allocation and a competitive program. As of March 31, 2026, Treasury awarded $75 million in competitive grants to 14 jurisdictions and $163 million in formula grants to 101 jurisdictions.

FEATURED PROGRAMS AND TRANSACTIONS

ARKANSAS' VENTURE FUNDS PROGRAM HELPS A REGTECH SAAS COMPANY RELOCATE TO LITTLE ROCK

LexAlign is a Little Rock, Arkansas-based regulatory technology (RegTech) software-as-a-service company focused on helping financial institutions maintain fraud mitigation compliance among its high-value clients that originate high-risk ACH, wires and remote deposit transactions ($130 trillion annual volume). Its founder, Trevor Lain, was an attorney for leading financial institutions, with experience working on regulatory compliance, investigations, and related conflict resolution.

The Venture Center Arkansas Fund, a venture capital fund supported by a State Small Business Credit Initiaitve (SSBCI) investment made by the Arkansas Development Finance Authority, provided a $250,000 investment in a $325,000 round to enable LexAlign to expand its marketing and sales capacity prior to the enactment of new mandatory compliance standards covering such clients by the ACH regulatory authority, Nacha, in 2026.

Funding from the most recent raise provided capital to hire a new chief commercial officer and head of sales. Additionally, the capital was a primary reason the company relocated its headquarters to Little Rock from out of state.

"Trevor has positioned LexAlign to be a leading solution in helping banks improve fraud management compliance for remote client operations before new regulations are implemented. We are excited to have invested in him and even more grateful that he is building his business in Little Rock," said Chad Brown, co-managing partner of the fund.

ILLINOIS SUPPORTS A PET GROOMING COMPANY IN EXPANDING SERVICES AND CREATING JOBS

Furology Pet Spa, located in Dixon, Illinois, is a pet grooming business focused on low-stress care and skin and coat health. Founded by Danielle Grennan, the business provides a local grooming option in a community where pet owners previously had to travel 20 to 40 minutes for services.

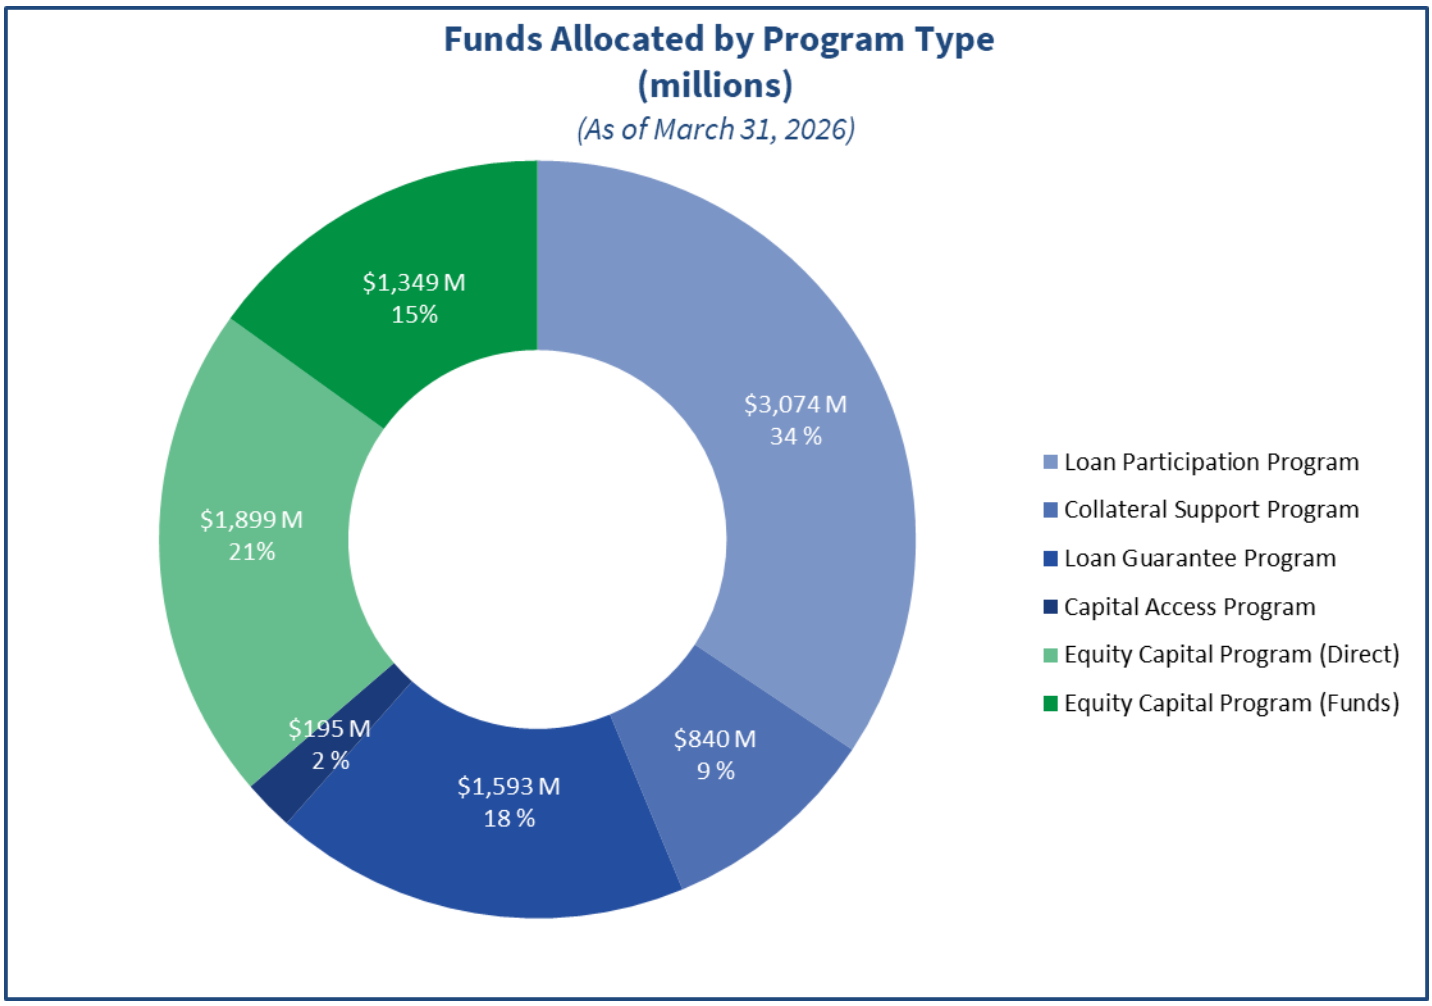
In 2024, Furology Pet Spa received $40,000 in financing, including $20,000 in SSBCI-supported funding through Illinois' Advantage Illinois Loan Program. The loan, recommended by Sauk Valley Bank, refinanced an existing construction loan and provided working capital. The local small business association assisted with business planning and market research to support the transaction.

The funding is being used to strengthen operations, including hiring three groomers and expanding services. Furology Pet Spa has also contributed to the community through school supply and holiday gift drives, as well as support for local animal shelters.

QUARTERLY DATA

FIGURE 1: FUNDS ALLOCATED BY PROGRAM TYPE

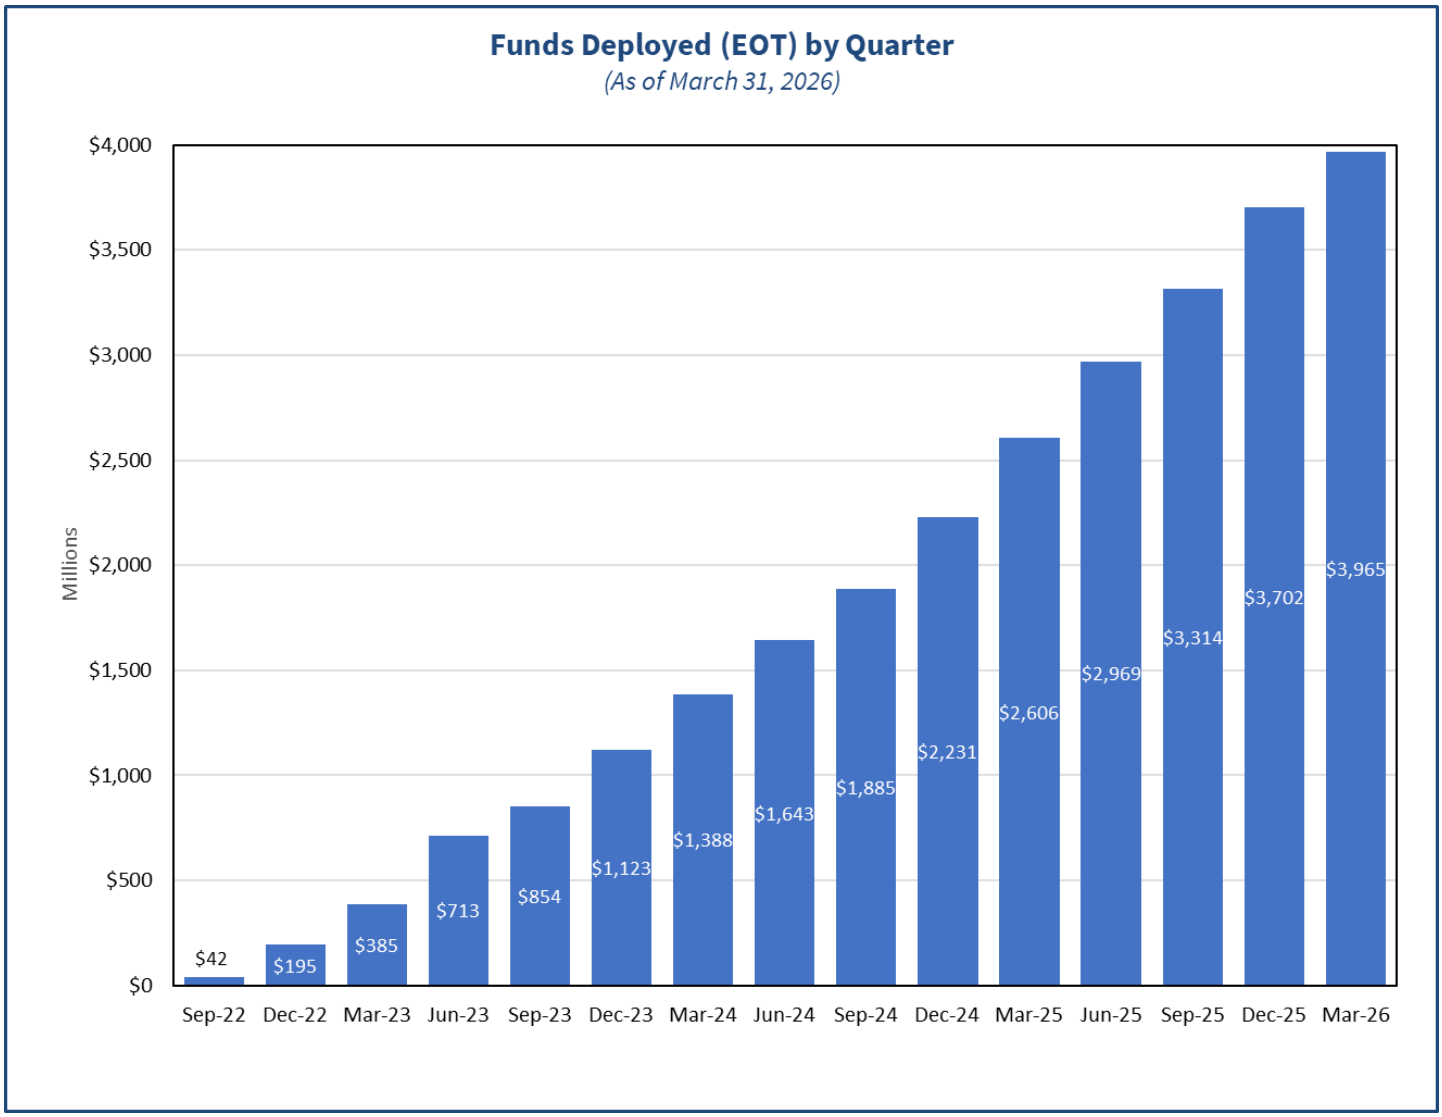
As of March 31, 2026, the 145 reporting jurisdictions reported an allocation of over $8.9 billion to 335 programs. Jurisdictions allocated approximately 64% ($5.7 billion) of their funding to programs that support loans, with the highest percent of total allocation to loan participation programs at 34%. Jurisdictions allocated approximately 36% ($3.2 billion) to investment programs, with the highest percent of total allocation to direct equity capital programs at 21%.[5]



[5] In Figure 1, approved hybrid direct and hybrid fund programs are included within direct and fund programs, respectively.

FIGURE 2: FUNDS REPORTED DEPLOYED (EOT) BY QUARTER

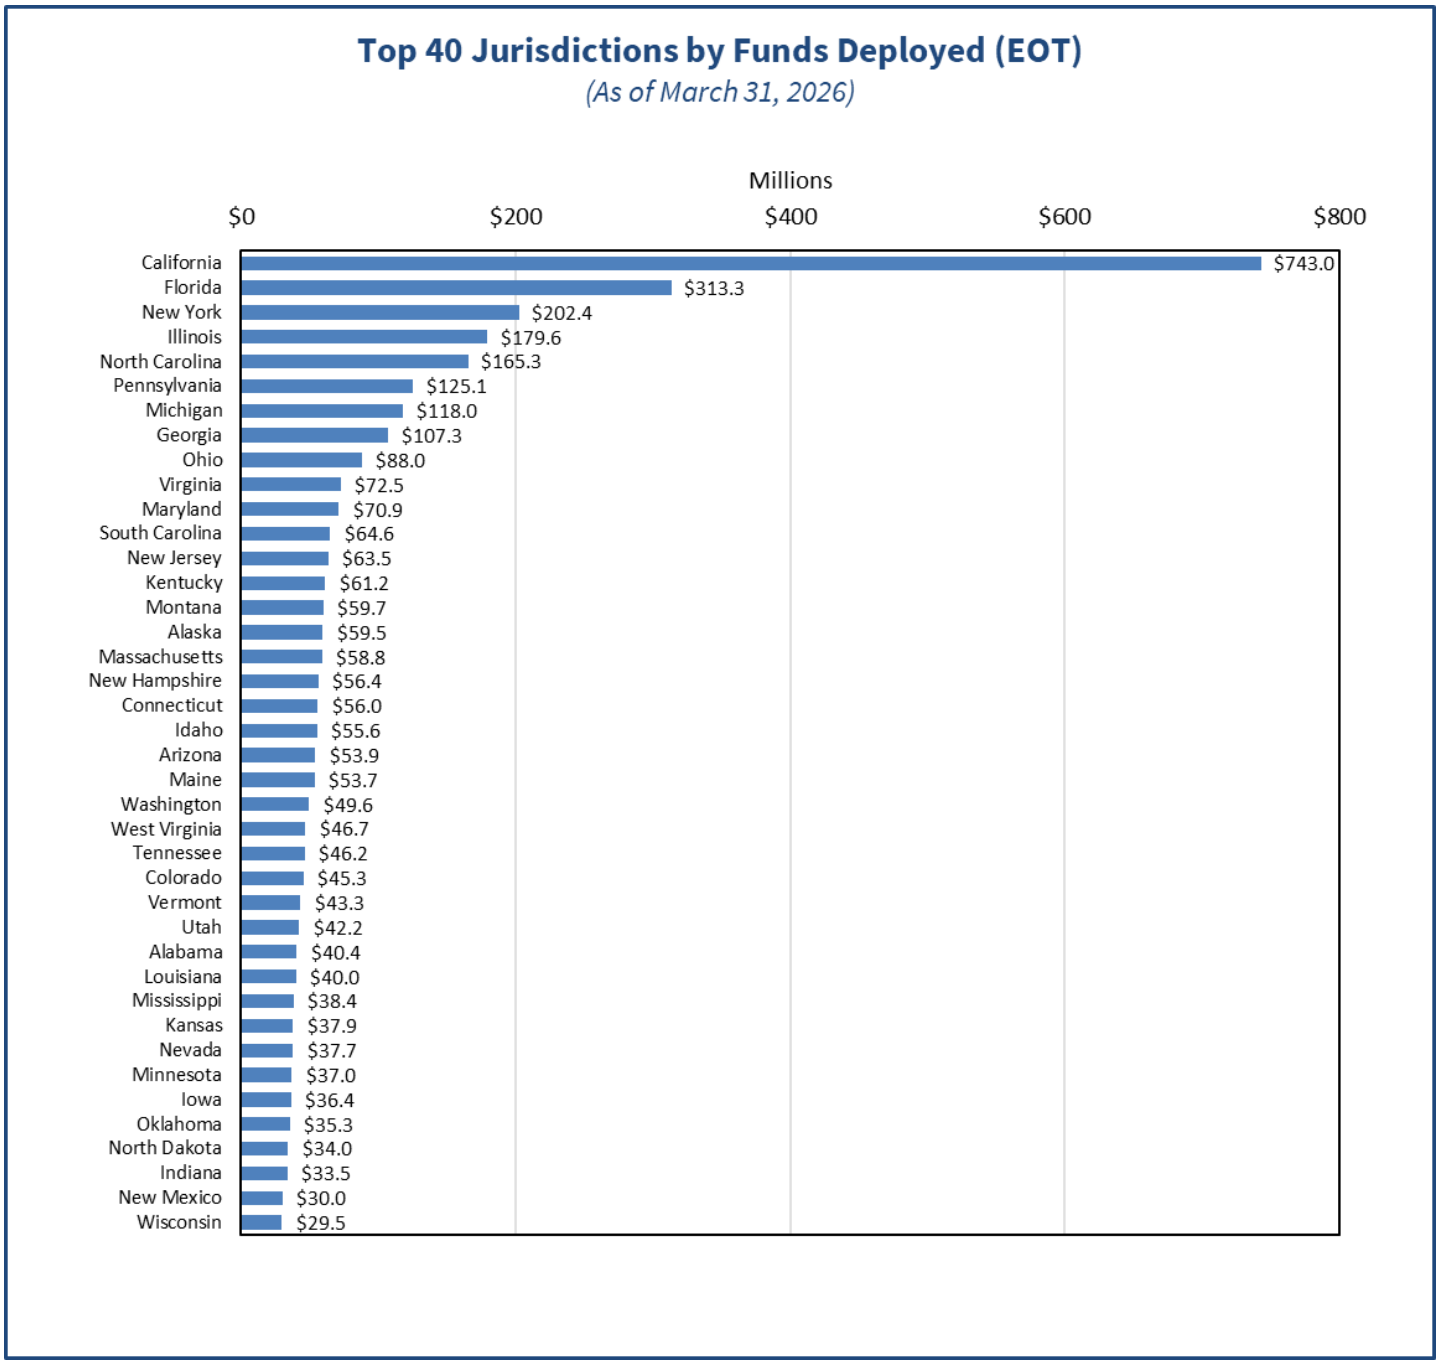
As of March 31, 2026, jurisdictions reported allocated funds deployed (EOT) totaling over $3.9 billion, an increase of 7% over the prior quarter ending December 31, 2025.[6]



[6] The values for each quarter reflect the cumulative amount reported as of that quarter. Jurisdictions submit an initial report after their first full calendar quarter following execution of their allocation agreement. Therefore, initial quarterly reports may contain activity from the prior quarter.

FIGURE 3: TOP 40 JURISDICTIONS BY REPORTED FUNDS DEPLOYED (EOT)[7]

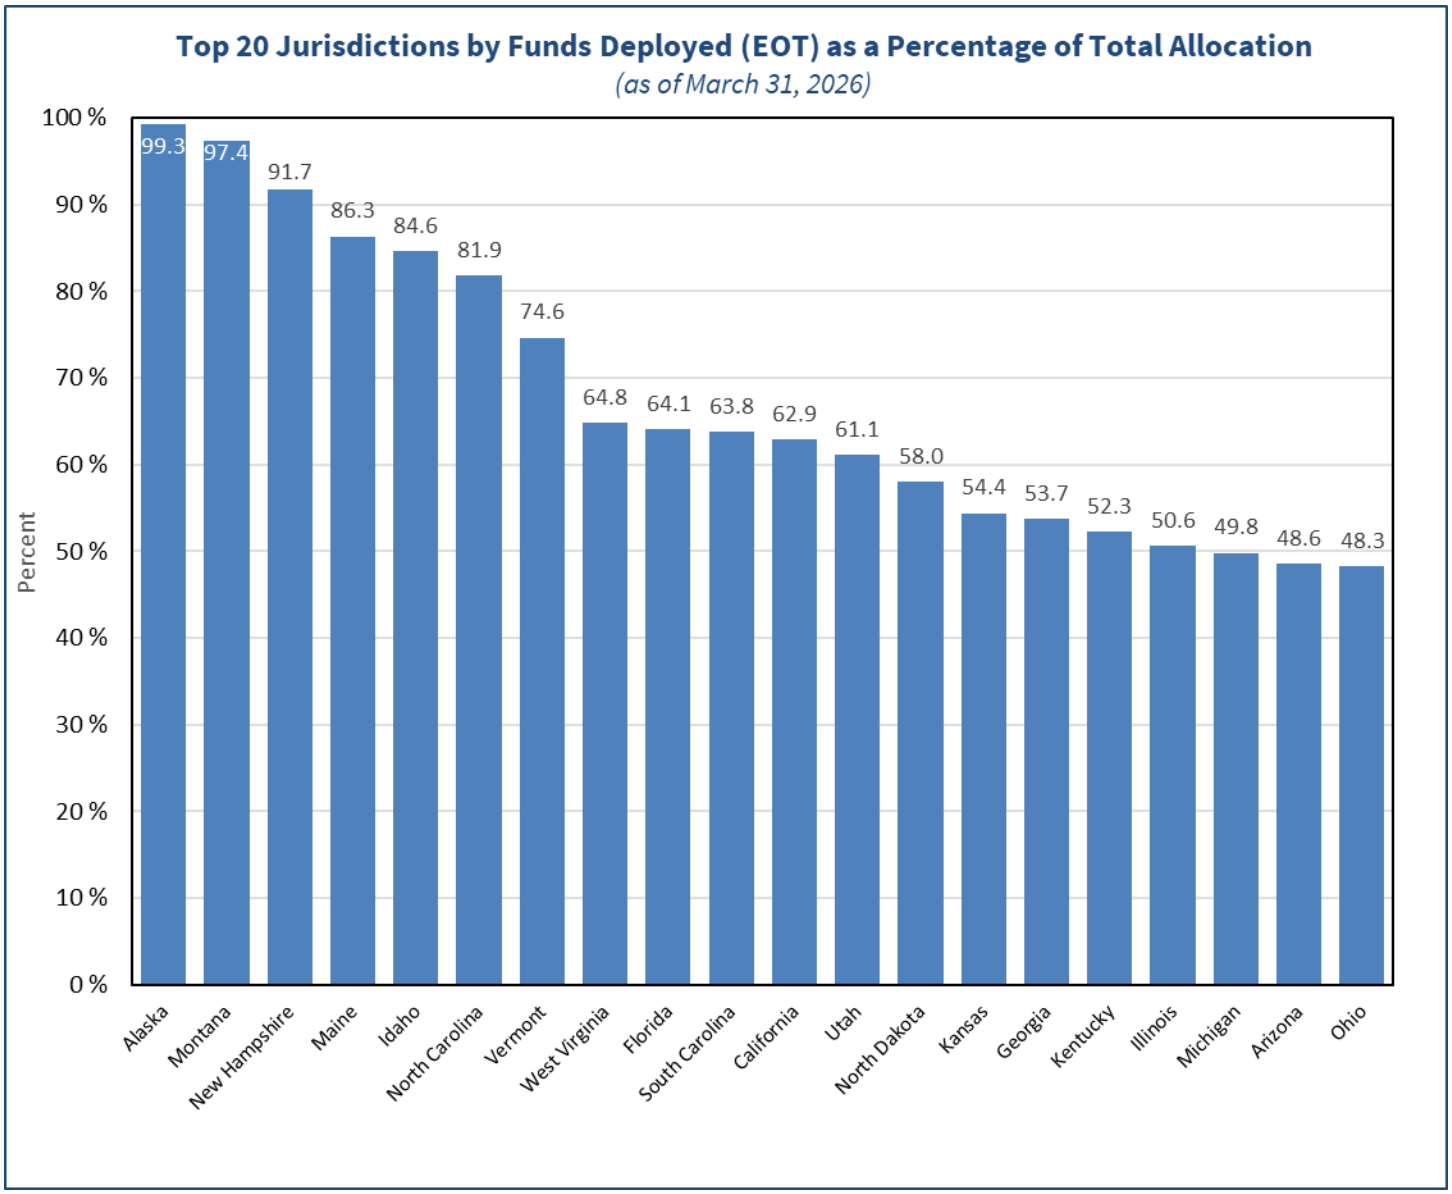
Of the 145 jurisdictions that submitted quarterly reports, 109 reported allocated funds deployed (EOT) of over $3.9 billion, with the highest deployment of funds reported by California at over $743 million.



[7] Figure 3 excludes Tribal governments.

FIGURE 4: TOP 20 JURISDICTIONS BY REPORTED FUNDS DEPLOYED (EOT) AS A PERCENTAGE OF TOTAL ALLOCATION[8]

Of the 145 jurisdictions that submitted quarterly reports, Alaska reported the highest amount of allocated funds deployed (EOT) as a percentage of total allocation at 99.3%, followed by Montana at 97.4%.



[8] Figure 4 excludes Tribal governments.

FIGURE 5: SUMMARY TABLE OF REPORTING JURISDICTIONS BY ALLOCATED FUNDS REPORTED DEPLOYED (EOT) AS A PERCENTAGE OF TOTAL ALLOCATION[9]

	Jurisdiction[10]	Allocation Agreement Date	Total Allocation	Funds Disbursed	Allocated Funds Deployed	Disbursed Funds Deployed %[11]	Total Allocation Deployed %[12]

	Total		$8,378,825,067	$5,565,043,383	$3,858,941,287		

[9] Total allocated funds include initial eligible amounts of incentive allocations for participating jurisdictions that demonstrate "robust support" for underserved businesses, as described in SSBCI guidance. Initial incentive allocation funding is generally disbursed based on the participating jurisdictions' deployment of funds to support certain underserved businesses.

[10] This table excludes data for Tribal governments and any participating jurisdictions that were not required to report over the period covered by this report.

[11] Disbursed Funds Deployed % is calculated by dividing the Allocated Funds Deployed by Funds Disbursed.

[12] Total Allocation Deployed % is calculated by dividing the Allocated Funds Deployed by Total Allocation.
