SSBCI Quarterly Report through June 30, 2026

OVERVIEW

The State Small Business Credit Initiative (SSBCI) is a nearly \$10 billion program that funds small business financing and technical assistance programs run by state, territory, and Tribal governments.¹ SSBCI-supported programs are expected to catalyze up to \$10 of private investment for every \$1 of SSBCI Capital Program funding, increasing access to capital for small businesses and entrepreneurs that are poised to create and retain jobs across the nation. This report presents cumulative data from capital program quarterly reports submitted by participating jurisdictions from the beginning of the reauthorized SSBCI program through the quarter ending June 30, 2026.

CAPITAL PROGRAM ACTIVITY

Approvals: Treasury approved a total of 56 states and territories' applications to participate in the SSBCI Capital program and 89 Tribal government or joint Tribal applications. Treasury required all 145 jurisdictions to submit quarterly reports for one or more quarters covered by this report, representing over \$8.9 billion in allocations. All jurisdictions required to submit reports did so.

Disbursements: Jurisdictions receive SSBCI funding in three tranches that are disbursed based on previous funds deployed.² Additional funding may be available for jurisdictions that successfully reach underserved businesses.³ As of June 30, 2026, Treasury has disbursed over \$6.2 billion to jurisdictions, representing the first disbursement for 145 jurisdictions, the second disbursement for 66 jurisdictions, and the third disbursement for 16 jurisdictions.

Funds deployed: As of June 30, 2026, 111 jurisdictions reported having deployed (expended, obligated, or transferred, or "EOT") over \$4.3 billion in SSBCI funds through their SSBCI Capital Programs.⁴ This represents a 9% increase in deployment from the previous quarter.

CAPITAL PROGRAM ALLOCATIONS

The 145 jurisdictions reporting for this period operate 338 different credit support and investment programs. Jurisdictions allocated approximately 64% (\$5.7 billion) of their funding to programs that support loans, such as loan guarantees and loan participation programs, and approximately 36% (\$3.2 billion) to equity/venture capital programs, including direct investment programs, fund investment programs and debt/equity hybrid programs that spur investment in small businesses. Businesses, lenders, and investors may find additional details on jurisdictions' programs at <https://home.treasury.gov/policy-issues/small-business-programs/state-small-business-credit-initiative-ssbci/capital-program-summaries>.

¹ The term "participating jurisdictions" refers to the states, the District of Columbia, territories, and Tribal governments or groups of Tribal governments that are participating in the SSBCI program.

² For purposes of this report, SSBCI funds deployed are those "expended, obligated, or transferred" or "EOT" (as those terms are defined in section III.b of the Capital Program Policy Guidelines). SSBCI funds "expended" are funds used to support loans or investments or for administrative expenses. SSBCI funds "obligated" are funds committed, pledged, or otherwise promised, in writing, to support loans or investments, including obligations to intermediaries, and for administrative expenses. SSBCI funds "transferred" are funds transferred to a contracting entity as reimbursement of expenses incurred or to fund a loan or investment. Funds "expended, obligated, or transferred" includes obligations to venture capital funds not yet linked to specific small business investments.

³ See SSBCI Capital Program Guidelines, pp 11-12, <https://home.treasury.gov/system/files/136/SSBCI-Capital-Program-Policy-Guidelines.pdf>

⁴ Data on fund deployment by Participating Jurisdictions throughout this report are as reported by Participating Jurisdictions to Treasury and include transactions that may be under active review by Treasury or other bodies, have not been verified by Treasury, and may be revised in the future.

TECHNICAL ASSISTANCE PROGRAMS

The SSBCI funds technical assistance to small businesses through grants to jurisdictions via formula allocation and a competitive program. As of June 30, 2026, Treasury awarded \$75 million in competitive grants to 14 jurisdictions and \$174 million in formula grants to 108 jurisdictions.

FEATURED PROGRAMS AND TRANSACTIONS

AMERICAN SAMOA HELPS LOCAL TAXI COMPANY ADD TWO VEHICLES TO FLEET, CREATING TWO JOBS

Island Taxi has provided transportation services in American Samoa for over 10 years. Operating a fleet of 15 vehicles, the company serves professional workers, healthcare staff, and visitors. The company sought to expand its operations to address the demand for affordable transportation, particularly for less accessible areas on the east side of the island.

Island Taxi secured a \$101,544 loan from the Territorial Bank of American Samoa, with credit support provided by SSBCI – via the American Samoa Business Growth Fund – through the purchase of \$50,772 as a subordinated participation in the loan. The funding supported the acquisition of equipment, specifically the addition of two vehicles to the fleet, and covered associated costs such as customs fees and commercial insurance.

The expansion of the fleet will result in the creation of two new driver positions. By increasing the number of available vehicles, Island Taxi is improving the availability of public transportation for residents and cruise ship passengers while strengthening its service capacity across the island.

PENNSYLVANIA INVESTS IN AN IMMUNOTHERAPY COMPANY FOCUSED ON CANCER TREATMENTS

Based in Philadelphia, Pennsylvania, Vittoria Biotherapeutics is a clinical-stage immunotherapy company that develops therapies to enhance T-cell fitness for oncology and immunology.

The company received capital through investments from Ben Franklin Technology Partners of Southeastern Pennsylvania, supported by SSBCI. In November 2023, the business secured \$375,000 from SSBCI as part of a \$15 million funding round. This was followed by an additional \$100,000 investment from SSBCI in January 2026. Other participants in these funding rounds included Agent Capital, Tellus BioVentures, and the University of Pennsylvania.

These investments have supported the advancement of the company's lead program which, began patient dosing for T-cell lymphoma in December 2024. Interim trial data was subsequently presented at the American Society of Hematology meeting in December 2025. The company is also developing solid tumor programs and protein therapeutic modalities based on its core technology. For its work in life sciences and healthcare, the firm was recognized as the Startup of the Year at the 2025 Penn Center for Innovation Celebration of Innovation.

FIGURE 2: FUNDS REPORTED DEPLOYED (EOT) BY QUARTER

As of June 30, 2026, jurisdictions reported allocated funds deployed (EOT) totaling over \$4.3 billion, an increase of 9% over the prior quarter ending March 31, 2026.⁶

⁶ The values for each quarter reflect the cumulative amount reported as of that quarter. Jurisdictions submit an initial report after their first full calendar quarter following execution of their allocation agreement. Therefore, initial quarterly reports may contain activity from the prior quarter.

⁹ Total allocated funds include all initial eligible amounts, including the incentive allocation for participating jurisdictions that demonstrate “robust support” for underserved businesses, as described in SSBCI guidance. Initial incentive allocation funding is generally disbursed based on the participating jurisdictions’ deployment of funds to support certain underserved businesses.

¹⁰ This table excludes data for Tribal governments.

¹¹ Net current allocation represents total allocation less terminated amounts not transferred.

¹² Disbursed Funds Deployed % is calculated by dividing the Allocated Funds Deployed by Funds Disbursed.

¹³ Total Allocation Deployed % is calculated by dividing the Allocated Funds Deployed by Total Allocation.
