SSBCI Quarterly Report through June 30, 2025

OVERVIEW

The State Small Business Credit Initiative (SSBCI) is a nearly \$10 billion program which funds small business financing and technical assistance programs run by state, territory, and Tribal governments. SSBCI- supported programs are expected to catalyze up to \$10 of private investment for every \$1 of SSBCI Capital Program funding, increasing access to capital for small businesses and entrepreneurs that are poised to create and retain jobs across the nation. This report presents cumulative data from capital program quarterly reports submitted by participating jurisdictions from the beginning of the reauthorized SSBCI program through the quarter ending June 30, 2025.¹

CAPITAL PROGRAM ACTIVITY

Approvals: As of June 30, 2025, Treasury approved 56 states and territories' Capital program applications and 89 Tribal government or joint Tribal applications. Of these, Treasury required 131 jurisdictions to submit quarterly reports for one or more quarters covered by this report, representing over \$8.9 billion in allocations. All jurisdictions required to submit reports did so.

Disbursements: Jurisdictions receive SSBCI funding in three tranches which are disbursed based on previous funds deployed.² Additional funding may be available for jurisdictions that successfully reach underserved businesses.³ As of June 30, 2025, Treasury disbursed over \$4.9 billion to jurisdictions, representing the first disbursement for 142 jurisdictions, the second disbursement for 45 jurisdictions, and the third disbursement for 8 jurisdictions.

Funds deployed: As of June 30, 2025, 99 jurisdictions reported having deployed (expended, obligated, or transferred, or "EOT") nearly \$3.0 billion in SSBCI funds through their SSBCI Capital Programs.⁴ This represents a 14% increase in deployment from the previous quarter.

CAPITAL PROGRAM ALLOCATIONS

The 131 jurisdictions reporting for this period operate 319 different credit support and investment programs. They allocated approximately 64% (\$5.7 billion) of their funding to programs that support loans, such as loan guarantees and loan participation programs. They allocated approximately 36% (\$3.2 billion) to equity/venture capital programs including direct investment programs, fund investment programs and debt/equity hybrid programs that spur investment in small businesses. Businesses, lenders, and investors may find additional details on jurisdictions' programs at <https://home.treasury.gov/policy-issues/small-business-programs/state-small-business-credit-initiative-ssbci/capital-program-summaries>.

1 The term "participating jurisdictions" refers to the states, the District of Columbia, territories, and Tribal governments or groups of Tribal governments that are participating in the SSBCI program.

2 For purposes of this report, SSBCI funds deployed are those "expended, obligated, or transferred" or "EOT" (as those terms are defined in section III.b of the Capital Program Policy Guidelines). SSBCI funds "expended" are funds used to support loans or investments or for administrative expenses. SSBCI funds "obligated" are funds committed, pledged, or otherwise promised, in writing, to support loans or investments, including obligations to intermediaries, and for administrative expenses. SSBCI funds "transferred" are funds transferred to a contracting entity as reimbursement of expenses incurred or to fund a loan or investment. Funds "expended, obligated, or transferred" includes obligations to venture capital funds not yet linked to specific small business investments.

3 See SSBCI Capital Program Guidelines, pp 11-12, <https://home.treasury.gov/system/files/136/SSBCI-Capital-Program-Policy-Guidelines.pdf>

4 Data on fund deployment by Participating Jurisdictions throughout this report are as reported by Participating Jurisdictions to Treasury, which include transactions that may be under active review by Treasury or other bodies, have not been verified by Treasury, and may be revised in the future.

TECHNICAL ASSISTANCE PROGRAMS

The SSBCI funds technical assistance to small businesses through grants to jurisdictions via formula allocation and a competitive program. As of June 30, 2025, Treasury had awarded \$75 million in competitive grants to 12 states and 2 Tribal governments and had approved applications for 100 formula grants representing \$163.2 million in funding.

FIGURE 2: FUNDS REPORTED DEPLOYED (EOT) BY QUARTER

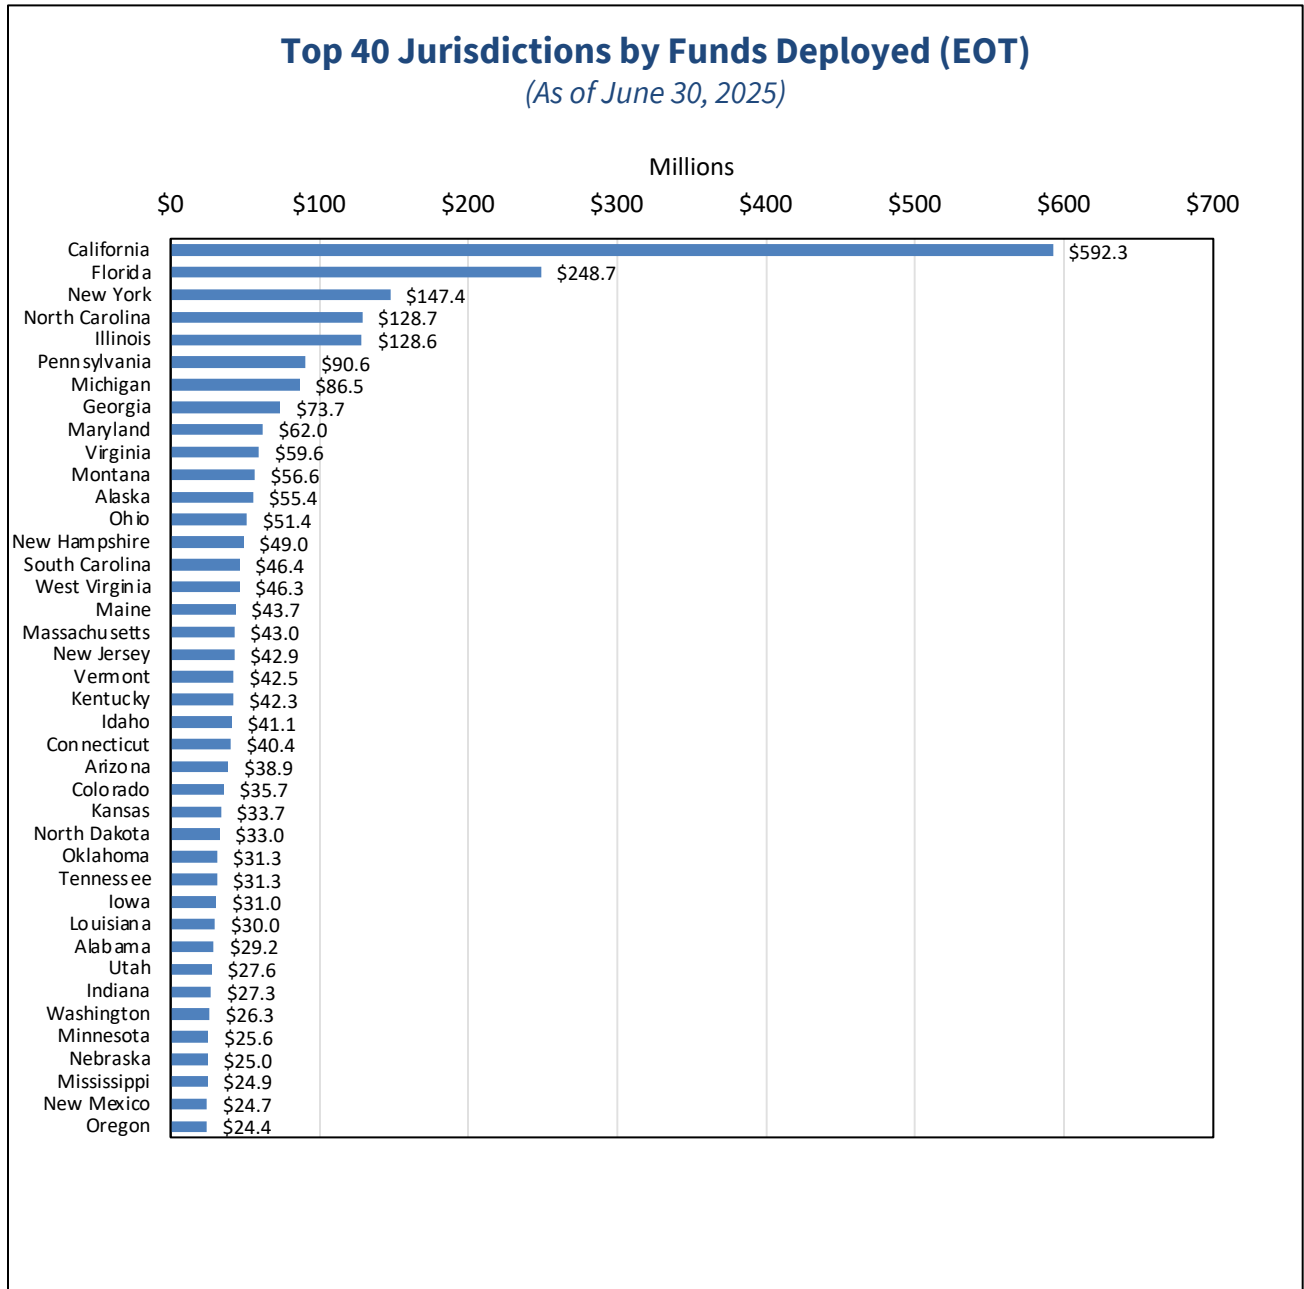

As of June 30, 2025, jurisdictions reported allocated funds deployed (EOT) totaling nearly \$3.0 billion, an increase of 14% over the prior quarter ending March 31, 2025.⁶

⁶ The values for each quarter reflect the cumulative amount reported as of that quarter. Jurisdictions submit an initial report after their first full calendar quarter following execution of their allocation agreement. Therefore, initial quarterly reports may contain activity from the prior quarter.

Initial incentive allocation funding is generally disbursed based on the participating jurisdictions’ deployment of funds to support certain underserved businesses.

¹⁰ This table excludes data for Tribal governments and any participating jurisdictions that were not required to report over the period covered by this report.

¹¹ Disbursed Funds Deployed % is calculated by dividing the Allocated Funds Deployed by Funds Disbursed.

¹² Total Allocation Deployed % is calculated by dividing the Allocated Funds Deployed by Total Allocation.
