Section I – Budget Request

A – Mission Statement
To identify risks to the financial stability of the United States, to promote market discipline, and to respond to emerging threats to the stability of the U.S. financial system.

B – Summary of the Request
The Financial Stability Oversight Council (FSOC or Council) is estimating a fiscal year (FY) 2022 funding level of $10.821 million, which is an increase of $0.370 million from the FY 2021 estimated funding level. This request includes $6.520 million for the FSOC Secretariat and the Office of the Independent Member with Insurance Expertise, and $4.301 million to reimburse the Federal Deposit Insurance Corporation (FDIC) for certain expenses as required by law. On March 31, 2021, the Council re-established the Hedge Fund Working Group to share data, identify risks and address potential issues related to hedge funds. The Council also committed to the coordination of regulators’ efforts to improve the measurement and management of climate-related risks in the financial system as the country transitions to a net-zero carbon economy.

1) The FSOC is financed through assessments on certain bank holding companies and nonbank financial companies. See Treasury’s final rule and interim final rule governing the Assessments process: https://www.financialresearch.gov/strategy-budget/files/final_rule_interim_final_rule.pdf
2) The funding for the first six months of operating expenses and 12 months of capital expenses are reflected in Unobligated Balances from Prior Years. This is because the first assessment covering the fiscal year beginning October 1 is collected on September 15 of the prior fiscal year.
3) The amounts of obligations, assessments, interest, and FTEs in the table above differ from the amounts in the 2022 President’s Budget. This difference is primarily due to adjustments for lower interest income and higher-than-anticipated recoveries as well as lags in hiring due to the COVID-19 pandemic and other factors in FY 2020 and FY 2021.

</thead>
<tbody>
<tr>
<td></td>
<td>21</td>
<td>$10,821</td>
</tr>
</tbody>
</table>

Note: The amounts of obligations and FTEs for 2021 in the table above differ from the amounts in the 2022 President’s Budget. This difference is primarily due to adjustments in anticipated spending for FSOC related to lags in hiring due to the COVID-19 pandemic and other factors efforts.

### C – Budget Increases and Decreases Description

**Maintaining Current Levels (MCLs)** $233,000 / +0 FTE
Funds are requested for annualization of the January 2021 1.0% average pay raise.

**Pay Annualization (1.0%)** $9,000 / +0 FTE:
Funds are requested for annualization of the December 2021 1.0% average pay raise.

**Pay Raise (2.7% in 2022)** $72,000 / +0 FTE:
Funds are requested for a 2.7% average pay raise in January 2022.

**FERS Contribution Increase** $14,000 / +0 FTE
Funds are requested for the Federal Employee Retirement System (FERS) contribution rates effective FY 2022.

**Non-Pay** $139,000 / +0 FTE
Funds are requested for non-labor expenses such as travel, contracts, rent, supplies, and equipment.

**Efficiency Savings** $190,000 / +0 FTE
DO will achieve cost savings and efficiencies in contract services through more efficient contract oversight, consolidating contracts where appropriate, and partnering with other agencies and DO components to leverage common technology or administrative support needs.

**Program Decreases** $150,000 / +0 FTE

**FDIC Cost Adjustment** $150,000 / +0 FTE
Cost decrease for FDIC reimbursable expenses. FDIC reimbursable expenses for FY 2022 are estimated at a commensurate level with FY 2019, which reflects a slight decrease from FY 2021.
Program Increases ........................................................................................................+$477,000 / +3 FTE

FTE Adjustment +$477,000 / +3 FTE

The Secretariat expects to hire additional staff in FY 2021, bringing total Secretariat and Office of the Independent Member staff from its FY 2020 level of 15 onboards to 21 onboards.

Total Personnel and Compensation Benefits $3,259 $3,524 $4,160

| 21.0 - Travel and transportation of persons  | 16                         | 55                             | 53                            |
| 25.1 - Advisory and assistance services      | 153                        | 349                            | 336                           |
| 25.2 - Other services from non-Federal sources | 10                        | 19                             | 19                            |
| 25.3 - Other goods and services from Federal sources | 4,498                   | 5,480                          | 5,270                         |
| 26.0 - Supplies and materials                | 245                        | 1,012                          | 973                           |
| 31.0 - Equipment                             | 2                         | 12                             | 11                            |

Total Non-Personnel $4,923 $6,927 $6,661

Total Obligations $8,182 $10,451 $10,821

Full-time Equivalents (FTE) 15 18 21

The amounts of obligations and FTEs for 2021 in the table above differ from the amounts in the 2022 President’s Budget. This difference is primarily due to adjustments in anticipated spending for FSOC related to lags in hiring due to the COVID-19 pandemic and other factors.

D – Appropriations Language and Explanation of Changes

The FSOC receives no annual discretionary appropriations from Congress.

E – Legislative Proposals

The FSOC does not have any legislative proposals at this time.
Section II – Annual Performance Plan and Report

A – Strategic Alignment
In accordance with the Government Performance and Results Act Modernization Act (GPRAMA) of 2010, the Department of the Treasury is currently developing the FY 2022 – 2026 Departmental Strategic Plan. The Strategic Plan is scheduled for publication in 2022. The Annual Performance Plan will be updated in the FY 2023 President’s Budget to reflect new departmental strategic goals and objectives.

The Council is chaired by the Secretary of the Treasury and consists of ten voting members and five nonvoting members who serve in an advisory capacity. The Council brings together the expertise of the federal financial regulators, an insurance expert appointed by the President, and state regulators.

The Council’s three statutory purposes are to:
1) identify risks to the financial stability of the United States that could arise from the material financial distress or failure, or ongoing activities, of large, interconnected bank holding companies or nonbank financial companies, or that could arise outside the financial services marketplace;
2) promote market discipline, by eliminating expectations on the part of shareholders, creditors, and counterparties of such companies that the Government will shield them from losses in the event of failure; and
3) respond to emerging threats to the stability of the U.S. financial system.

The Council has a statutory duty to facilitate information sharing and coordination among the member agencies regarding domestic financial services policy development, rulemaking, examinations, reporting requirements, and enforcement actions.

B – Financial Stability Oversight Council
($6,520,000 from Assessments):
There are no measures specified for managing Council performance. The FSOC’s annual reports and other public documents, as well as individual Council member agencies’ performance documents, provide information to the public relevant to the Council’s performance. Information on the Council is provided on www.treasury.gov, www.fsoc.gov, and member agency websites to provide transparency and accountability.

</tbody>
</table>

The amounts of obligations and FTEs for 2021 in the table above differ from the amounts in the 2022 President’s Budget. This difference is primarily due to adjustments in anticipated spending for FSOC related to slower-than-anticipated hiring efforts.
During 2020 the Council met a total of five times. During the year, member agencies provided updates on the impact of COVID-19 and steps taken by agencies in response to the pandemic.

In March 2020, the Council approved by notational vote the final rule for assessments to fund the Financial Research Fund (FRF). The rule increased the consolidated assets under control for bank holding companies and nonbank financial companies supervised by the Board of Governors of the Federal Reserve System (the Board) to be subject to assessment from $50 billion to $250 billion.

On December 3, 2020, the Council published its annual report. The report analyzed the financial effects of the COVID-19 pandemic and the policy responses taken to mitigate its impact on the economy and the financial system, in addition the annual report described significant financial market and regulatory developments, potential emerging threats to U.S. financial stability, recommendations to promote U.S. financial stability, and the activities of the Council.

C – FDIC Reimbursement
($4,301,000 from Assessments):
Certain FDIC expenses are treated as expenses of the Council. By law, the Council’s expenses include reimbursement of certain reasonable implementation expenses incurred by the FDIC in implementing Orderly Liquidation Authority. The FDIC must periodically submit requests for reimbursement to the Chairperson of the Council, who shall arrange for prompt reimbursement to the FDIC. FDIC expenses are for rule writing and resolution planning.

D – Evidence-Building Activity
To ensure all research, recommendations, and decisions of the Council are evidence-based, the Council routinely uses a variety of data sources. These include commercially available products widely used throughout the financial services and markets, publicly available data from U.S. federal and state agencies, international governments, trade associations, academic and public policy groups, and non-public data from financial regulatory agencies. At the direction of the Council, member agency staff may also produce original research and analysis on specific financial and economic topics.

Additionally, refer to the Executive Summary for a discussion of Treasury-wide evidence-building functions.
Section III – Additional Information

A – Summary of Capital Investments
The FSOC has no capital investments. Capital investments that support the FSOC are included in the Treasury Franchise Fund Plan.

A summary of capital investments, including major information technology and non-technology investments, can be accessed at:
