

BUREAU OF THE FISCAL SERVICE
FY 2019 LAPSE PLAN (Amended)

1. GENERAL

The Bureau of the Fiscal Service (Fiscal Service) is required by the Department of the Treasury to have a lapse plan in the event of a lapse in appropriations. In accordance with the Office of Management and Budget (OMB) and Office of Personnel Management (OPM) guidance, the lapse plan allows for the following:

- continued operation of (1) functions paid for by funding that has not lapsed, as well as (2) functions designated as “excepted”
- an orderly shutdown of specific activities and release of non-excepted employees associated with non-excepted activities. (We estimate that four hours will be needed for the immediate shutdown of operations.)

The foundation of the Fiscal Service lapse plan is communication. Fiscal Service employees at all levels should know:

- when a shutdown of non-excepted or exempt operations is imminent and why
- what activities will be shut down
- their excepted, non-excepted, or exempt status
- their rights as a furloughed employee; and
- how they will be notified to return to work.

Communication of shutdown procedures and diligent dissemination of shutdown information to all Fiscal Service employees are the cornerstones to an orderly shutdown of operations.

During a lapse in appropriation, regardless of the length of time, Fiscal Service will continue to provide resources necessary to support disbursements, including Social Security payments and tax refunds, and maintain certain other accounting and collections activities.

Fiscal Service will also continue Shared Services and Debt Collection Program activities. Fiscal Service’s Shared Services activities are funded by the Treasury Franchise Fund to which customers pay for services received, while Debt Collection Program activities are funded through fee revenues and other reimbursable funding sources; thus both programs are funded by appropriations that have not lapsed.

In addition, in the event of a lapse in Fiscal Service’s annual appropriation, an indefinite appropriation is made available under 31 U.S.C 3129 to fund those Fiscal Service activities and associated expenses related to Treasury’s borrowing responsibilities. Thus, those functions will also continue.

2. ASSUMPTIONS

- A. Official notification for shutdown of operations will occur on the 1st workday after the effective date of the shutdown, prompting a rapid transition from shutdown preparation phase to shutdown implementation.
- B. Official furlough notification will be given to non-excepted employees and is effective on the 1st workday after the effective date of the shutdown. If the shutdown exceeds 30 days, additional furlough notices will be given.
