#### INTERNAL REVENUE SERVICE

## Fiscal Year 2026 LAPSED APPROPRIATIONS CONTINGENCY PLAN

This plan will go in effect Oct 8, 2025

### **Table of Contents**

| OVERVIEW   | 6   |
|--|-----|
| PURPOSE  | 7   |
| A. Activities Otherwise Authorized by Law            | 7   |
| B. Activities Necessary for Orderly Agency Shutdown  | 7   |
| DISASTER OR EMERGENCY RESPONSE/RECOVERY              |     |
| EFFECTING THE PLAN                                   |     |
| SHUTDOWN PREPARATION                                 | 10  |
| A. Service Contact                                   |     |
| B. Current List of Functions                         |     |
| C. Non-Excepted Activities                           |     |
| D. Employee Notification Procedures                  | 10  |
| E. Substitution of Personnel in the Contingency Plan |     |
| SHUTDOWN IMPLEMENTATION                              |     |
| A. Shutdown Procedures                               |     |
| REACTIVATION OF FUNCTIONS                            |     |
| APPENDIX A   |     |
| Office of the Commissioner                           |     |
| Chief Operations Office                              |     |
| Chief Risk Office                                    |     |
| Appeals  |     |
| Counsel  |     |
| Chief Financial Officer (CFO)                        |     |
| Communications and Liaison (C&L)                     |     |
| Criminal Investigation (CI)                          |     |
| Facilities Management and Security Services (FMSS)   |     |
| Human Capital Office (HCO)                           |     |
| Information Technology (IT)                          |     |
| Large Business and International Division (LB&I)     | 87  |
| Office of Professional Responsibility (OPR)          | 95  |
| Online Services (OLS)                                |     |
| Privacy, Government Liaison & Disclosure (PGLD)      |     |
| Procurement  |     |
| Research, Applied Analytics, and Statistics (RAAS)   |     |
| Return Preparer Office (RPO)                         |     |
| Small Business/Self-Employed (SBSE)                  |     |
| Tax Compliance Office (TCO)                          |     |
| Tax Exempt Government Entities (TEGE)                |     |
| Taxpayer Advocate Service (TAS)                      |     |
| Taxpayer Service Office(TSO)                         |     |
| Whistleblower Office (WBO)                           |     |
| <u>APPENDIX B</u>                                    | 146 |

#### IRS SERVICEWIDE SUMMARY OF SHUTDOWN IMPACT

This FY2026 IRS Shutdown Contingency Plan reflects the following totals who are designated as "exempt" and would be retained in the case of a lapse shutdown starting October 8, 2025.

10/8/25-4/30/26- **39,870** employees (53.6%) of the total employee population of 74,299 as of 07/24/25

| Lapse Plan Summary Overview   | Filing Season<br>10-08-2025 to<br>04-30-2026 |
|---|--|
| Estimated time (to nearest half day) required to complete shutdown activities:  | Up to half a workday                         |
| Total number of agency employees expected to be on board before implementation of the plan:   | 74,299<br>(as of 07/24/25)                   |
| Total number of employees to be retained under the plan for each of the following   | ng categories:                               |
| Positions will be performing work in the following categories and will be paid with non-expiring funds.   |  |
| A1 - Compensation is financed by a resource other than annual appropriations:   | 39,867                                       |
| <ul> <li>A2 - Necessary to perform activities expressly authorized<br/>by law:</li> </ul>   |  |
| <ul> <li>A3 - Necessary to perform activities necessarily implied by law:</li> <li>Necessary to the discharge of the President's constitutional duties and powers:</li> </ul> | 3  |
| B - Necessary to protect life and property:   |  |
| <ul> <li>C - Employees performing shutdown actives &gt; ½ day</li> </ul>  | 3  |
| Total:  | 39,870                                       |

#### Brief summary of significant agency activities that will continue during a lapse:

#### Category A1:

- U.S. Certification Residency Program to issue Form 6166 to Taxpayers
- Income Verification Express Service (IVES) and Revenue & Income Verification Service (RAIVS) Photocopy Programs.
- Support contract work for Treasury Departmental Offices and Bureau of Engraving and Printing
- Public Law 119-21
- Special Compliance Fund

#### Category A3:

- Maintaining minimum staff necessary to handle budget matters related to the lapse in appropriations.
- Services performed by the IRS that are necessary to the Social Security Administration's carrying out certain functions that would continue despite a lapse in appropriations.
- Services performed by the IRS that are necessary to the Office of Personnel Management's (OPM)
  carrying out certain exempt functions, i.e., processing retirement packages, Selective Service
  verifications, adjudicating background investigations, etc.

#### Category B:

- Completion and testing of the upcoming Filing Year programs.
- Processing Remittances including Payment Perfection
- Processing disaster Relief Transcripts
- Mail Processing (remittances, etc.)
- Continuing the IRS' computer operations to prevent the loss of data.
- Protection of statute expiration, bankruptcy, liens, and seizure cases
- Upcoming Tax Year forms design and printing
- Protecting Federal lands, buildings, and other property owned by the United States
- Minimal building facilities personnel to maintain safe conditions for excepted personnel.
- Maintaining minimum staff necessary to perform accounting functions and to prevent the loss of accounting data.
- Administering contracts related to safety of human life or protection of Government property.
- Maintaining criminal law enforcement and undercover operations
- Maintenance of existing On-line Applicant (OLA) applications and messaging updates

#### **Category C: Shutdown of Operations**

- Shutdown notification activities such as processing furlough/RIF notices.
- Performing payroll functions for the period just prior to the appropriation lapse
- Finalizing "in-process" personnel action requests (PARs)
- Completing inventories of property
- Securing and storing equipment, records, files, and work in progress

#### Brief summary of significant agency activities that will cease during a lapse:

- Processing Non-Disaster Relief transcripts
- Most Headquarters and administrative functions not related to the safety of life and protection of property
- Non-automated collections
- Legal counsel re non-excepted activities
- Taxpayer services such as responding to taxpayer questions (call sites) (during Non-Filing Season)
- Information systems functions (except as necessary to prevent loss of data in process and revenue collections)
- Planning, research, training, and development activities (except as necessary to perform excepted activities, e.g., filing season or needed to perform exempt activities)

#### **OVERVIEW**

The IRS Lapse in Appropriations Contingency Plan describes actions and activities for the first five (5) business days starting October 8, 2025 should a lapse in appropriation occur. The information below reflects the approved number of employees that would continue to work. In the event the lapse last longer than five days, we recognize that additional challenges may arise. To address these concerns, the Chief Operating Officer will host daily calls with the Senior Executive Team to discuss any issues and major challenges related to staffing and operations.

 For a lapse extending through 10/8/25-4/30/26, 39,870 employees (53.6%) of the total workforce would continue to work.

The plan is updated annually in accordance with guidance from the Office of Management and Budget (OMB) and the Department of Treasury. While we do not anticipate using the plan, prudent management requires that agencies prepare for this contingency.

In fiscal year 2026, the IRS does have available multi-year funding and will use that funding for the activities outlined in this plan. This plan identifies those activities that will continue during a lapse of annual appropriations in order to prepare for the Tax Year 2026 filing season, to continue modernization efforts, and to ensure timely implementation of P.L. 119-21.

This IRS Lapse Appropriations Contingency Plan includes:

- Special Activities and Situations Identified activities continuing or that might be activated during the shutdown period such as legislated programs, disasters, or emergencies.
- Shutdown Preparation Specific actions the agency has taken to assure efficient coordination of a shutdown should one occur, i.e., identifying continuing activities and support positions and personnel and documenting steps for implementing activities.
- Shutdown Implementation -The steps and activities IRS will take to initiate a shutdown, during a shutdown, and the communications to employees, managers, Treasury, Congressional staff, the National Treasury Employees Union (NTEU), media, and external stakeholders such as continuing contractors; will include, as appropriate, notification of shutdown, appeals rights, exempt activities and employees, and recall.
- Reactivation of Functions The notification of funding and recall procedures and policies to coordinate employees' return to work and any post-implementation bargaining.

#### **PURPOSE**

This Plan is developed for implementation during a lapse in annual appropriations to comply with the requirements of the Anti-Deficiency Act, 31 U.S.C. §§ 1341 and 1342. The Act prohibits agencies from obligating funds exceeding, or in advance of, appropriations and from employing personnel during a lapse in appropriations except as described below.

#### A. Activities Otherwise Authorized by Law

During a shutdown, agencies may continue performing activities to the extent such activities are (1) supported by funding that does not expire at the end of the fiscal year (e.g., multi-year and no-year appropriations), which do not require enactment of annual appropriations legislation; (2) authorized by statutes that expressly permit obligations in advance of appropriations; and (3) authorized by necessary implication from the specific terms of duties that have been imposed on, or of authorities that have been invested in, the agency. See 43 Op. Attorney Gen. 293, 296-301 (1981). Accordingly, certain agency functions funded through annual appropriations may continue despite a lapse in their appropriations because the lawful continuation of other activities necessarily implies that these functions must continue as well. For instance, the Government funds Social Security payments out of an indefinite appropriation and therefore may continue making these payments during a shutdown, and the employees who support this function continue to do so during a shutdown.

Consequently, IRS employees who support this function may continue doing so during a shutdown, even though their salaries come out of annual appropriations. See *generally* 43 Op. Attorney Gen. at 298.

#### B. Activities Necessary to Safeguard Human Life or Protect Government Property

The second category represents exceptions authorized under 31 U.S.C. § 1342 for emergencies involving the protection of life or property. The Attorney General has described the following rules for interpreting the scope of these exceptions:

- (1) There must be some reasonable and articulable connection between the function to be performed and the safety of human life or protection of property.
- (2) There must be some reasonable likelihood that the safety of human life or the protection of property would be compromised, in some significant degree, by delay in the performance of the function in question.

See Memorandum for the Director of the Office of Management and Budget, *Gov't Operations in the Event of a Lapse in Appropriations*, O.L.C. Opinion (Aug. 16, 1995) (citing 43 Op. Attorney Gen. at 302).

Relevant authority has established that tax revenues constitute Government property which the Service must safeguard during a lapse in appropriations. See Memorandum for Heads of Executive Departments and Agencies, *Agency Operations in the Absence of Appropriations*, Office of Management and Budget (Nov. 17, 1981); and Memorandum for the Assistant Secretary (Administration), *Operating During a Hiatus in Appropriations*, General Counsel of the Treasury 4 (Sept. 2, 1982). The agency's longstanding position is that processing these remittances is necessary to secure and protect them against imminent loss. Accordingly, during a lapse in appropriations, the Service may continue processing tax returns to ensure the protection of those returns that contain remittances. Activities necessary to protect other types of Government property, including computer data and Federal lands and buildings, may continue during a shutdown as well. In its 2019 opinion, GAO agreed that tax revenues are government property but disagreed that processing remittances was necessary to protect against imminent loss. After coordination with Treasury and OMB, the Service will continue to follow its longstanding practice regarding remittances.

#### C. Activities Necessary for Orderly Agency Shutdown

The Attorney General has stated that activities authorized by "necessary implication" from other authorized duties include those associated with "minimal obligations to closing the agency." O.L.C. Opinion (Aug. 16, 1995). Accordingly, consistent practice over time "has provided for the orderly termination of those functions that may not continue during a period of lapsed appropriations." *Id.* During a Government shutdown, the Service may therefore perform those functions necessary to close-down agency functions that may not continue. In cases where these activities require more than a half day to effect, or intermittent completion during the furlough period, the associated positions are identified as Category "C" for purposes of this plan.

#### DISASTER OR EMERGENCY RESPONSE/RECOVERY

In the event a response to a disaster or emergency is required during a Lapse in Appropriations, the IRS will amend this plan to activate Disaster Response/Recovery efforts to support activities in two areas.

- Incident Management/Business Activities Account for People and Property during a disaster; provide guidance/oversight during a disaster impacting IRS facilities.
- Agency Support If a disaster arises during the lapse period, the Chief Operating Officer will coordinate the agency-wide reassessment of continuing activities and adjust exempt and excepted positions accordingly.

These activities if required and authorized would be added under Category A1 activities necessary to safeguard human life or protect government property.

#### Disaster Relief (IRM 25.16.1, Special Topics, Disaster Assistance & Emergency Relief)

The IRS will assist the Federal Emergency Management Agency (FEMA) by responding to disaster assistance calls from victims following a Presidential declaration of a major disaster or emergency.

- Call-Site Services IRS has a Memorandum of Understanding (MOU) with FEMA to provide call site services accepting FEMA tele-registrations from disaster victims. FEMA invokes the MOU under a Mission Assignment following a disaster declaration and reimburses IRS for this service. IRS partners with FEMA to route their calls through the IRS network where calls are answered by telephone assistors in Accounts Management (Atlanta, Buffalo, Dallas, Philadelphia); Submission Processing (Austin, Kansas City); and Automated Collection Services (Atlanta, Austin, Buffalo, Fresno, Kansas City). The support positions for this work may be full- or part-time, depending on need determinations from FEMA. This work if in effect would continue during a shutdown under Category A1.
- Taxpayer Services Toll-free Emergency Hotline Answers emergency and disaster-related questions as
  a normal course of business. This Hotline answers taxpayer inquiries concerning Federally declared
  disasters, while serving in a Combat Zone, or as a victim of terrorist activities. Employees assist anyone
  who has a tax questions, wants to know about available tax relief, or is unable to meet their federal tax
  obligations because of the situation or event. Any business unit determination to continue these services
  during a lapse would be under Category B. However, for purposes of this Plan this service will cease.

Should the Hotline be reactivated in the event of a disaster, activities would be initiated under Category A1

**Disaster Recovery Centers (DRCs)** - The IRS provides local staffing at DRCs on an Ad Hoc basis to provide tax-related assistance and support to disaster victims. Since this is considered IRS work, we are not reimbursed for this service. These activities generally would **not** continue during shutdown. However, if SBSE determines that these services would continue during a lapse, this activity would be under Category A1. There are currently eight North Carolina DRC sites being staffed by 10 employees. There are currently four South Carolina DRC sites being staffed by four employees.

- Joint Field Offices The IRS may also support FEMA and the Small Business Administration under a
  Mission Assignment at Joint Field Offices established to provide walk-in services to disaster victims. The
  IRS is reimbursed for these services and as such they would continue during shutdown if in process or
  would be ramped up if requested during a shutdown. (Category A1)
- Surge Capacity Force (SCF) The IRS supports FEMA and SBA requests for volunteers to disseminate
  information and promote, register, and report on relief programs following a significant disaster (hurricane,
  wildfire, etc.). These activities may remain active in shut down situations. Employee salaries may be
  reimbursed by FEMA and SBA. (Category A1)
- Tax Return Transcripts (SBA) The IRS has an agreement with the Small Business Administration (SBA) to provide expedited tax return account transcripts to disaster victims applying for disaster loans. This service is an IRS legislated mandate, and the function remains active in shut down situations. (Category A1)

#### **EFFECTING THE PLAN**

This plan will become effective after official notification is received from the Department of the Treasury. Such notification may include additional guidance from the Office of Personnel Management and the Office of Management and Budget that a lapse in appropriations is possible or in effect.

The notification process occurs as follows:

- 1) the Department of the Treasury contacts the Chief Operating Officer;
- 2) the Chief Operating Officer will contact Senior Leadership Team
- the Chief Operating Officer will contact the Chief Counsel and Heads of Office to direct shutdown implementation;
- 4) the Human Capital Office-Labor Relations notifies the National President of NTEU; and,
- 5) Continuity Of Operations (CO) begins preparation for an orderly shutdown based on the conditions of the directive(s). The shutdown and reactivation of the IRS are described in the following three sections of the plan:
  - SHUTDOWN PREPARATION
  - SHUTDOWN IMPLEMENTATION
  - REACTIVATION OF FUNCTIONS
  - APPENDIX A LIST OF FUNCTIONS AND EXEMPT ACTIVITIES
  - APPENDIX B IRS EXEMPT EMPLOYEE TOTALS (BY FUNCTION)

#### SHUTDOWN PREPARATION

#### A. Service Contact

The shutdown preparation phase begins when the Department of the Treasury officially advises IRS that a lapse in appropriations is possible. Constant communication between the Department and the IRS is required. To facilitate this activity a "service contact" and an "alternate" have been designated to communicate events as they occur and to answer questions relevant to this process. For these reasons, the following information is provided:

Service Contact: IRS Chief Operating Officer

#### B. Current List of Functions

Business unit managers must review their Functional Activity/Program Office/Positions beginning on page 21 of this document, and, if a furlough occurs, notify their employees as to whether they are designated "Exempt" or "Non-Excepted" based on how their work activities are classified. All activities in the plan are A1/authorized by law and will be funded with non-expiring funds. In the event of a long-term lapse and the exhaustion of these resources, functions will be excepted according to this lapse plan and relevant OMB and OPM guidance.

#### C. Excepted Activities

#### Category A: Authorized by Law and Funded

**Excepted activities** in this category include those authorized by law and those funded by multi-year, no-year, and revolving funds or advance appropriations that would not be affected by a lapse in an annual appropriation. The agency retains the discretion to determine whether employees funded by other than annual appropriations should continue to report to work when other functions funded by annual appropriations will be shut down. Revolving funds that operate almost entirely on offsetting collections from other Federal entities may also be forced to close, unless sufficient retained earnings are available to forestall shutdown. Certain activities could be implicitly authorized because of their connection with other operations that are excepted or for which funds otherwise continue to be available. The following are Plan distinctions under Category A:

- -> Category A1 funding other than annual appropriations is available to continue the function
- → Category A2 funding is available through authorization to obligate in advance of appropriations
- → Category A3 function may continue based on authority necessarily implied by the specific terms of duties that have been imposed on, or of authorities that have been invested in, the agency.

#### Category B: Necessary for the Safety of Human Life or Protection of Government Property

The Budget Enforcement Act of 1990 amended the Anti-Deficiency Act, 31 U.S.C. § 1342, to make clear that "regular, ongoing functions whose suspension would not pose an imminent threat to life and property" would not qualify as excepted activities during a lapse in appropriations. The risk to life or property must be near at hand and demand an immediate response. To ensure that employees only perform functions that meet this requirement, each business unit will conduct regular meetings throughout a lapse in appropriations to identify actual imminent threats and activate excepted personnel only as required to perform related excepted activities.

In addition, administrative, research, and other overhead activities supporting excepted activities should be carefully reviewed to make certain their continuance is essential to carrying out such activities. When possible, essential overhead activities should only be conducted on a limited or intermittent basis

#### Category C: Necessary to Transition the Shutdown of Operations (and Intermittent Excepted Activities)

Agencies are authorized to obligate funds during periods of lapsed appropriations to bring about the orderly closedown of non-excepted activities. Activities of employees during this period must be wholly devoted to close-down the function. Upon completion of these activities, these employees would be released.

#### D. Non-Excepted Activities

**Non-excepted activities** are all activities or programs other than those designated as "exempt" above. Positions in these functions would be furloughed, where "exempt and excepted positions would remain on duty. This could also include positions that may have to be recalled if the furlough continues for more than a week.

#### E. Employee Notification Procedures

When the Chief Operating Officer receives information that a lapse in appropriations is possible or in effect, the following steps will be implemented

**Step 1** – Chief Operating Officer will notify Heads of Office to initiate agency shutdown pre-implementation and/or implementation procedures.

**Step 2** - If permitted by Treasury, the Chief Operating Officer may authorize the release of advance communications and/or notification to all employees (with cc to Chief Counsel) via email:

- providing details about a possible furlough and appeal rights;
- directing employees to visit the <u>IRS Shutdown Recall Information</u> website for furlough information and frequently asked questions and answers; and
- requesting employees to check the IRS Emergency Hotline and the <u>www.irs.gov</u> website for agency status updates.

Campus managers will print the email and distribute hard copies to campus employees who do not have desktop or laptop computers. All managers will use telephone call trees to contact employees who are not on duty (AL, SL, AWOL, and LWOP) or are in travel status regarding the potential shutdown. Chief Counsel will issue a similar message to Counsel employees via their separate email system.

Employees on Weather and Safety leave, and DRP managers will use telephone call trees to contact employees.

In the event of an imminent furlough, further detailed instructions will be issued by HCO.

- **Step 3** The Heads of Office will instruct their managers to notify and remind employees, including those on travel, in training, and on leave, whether they are designated as **exempt** or **non-excepted**. These notifications are initially oral (pre-shutdown), followed by written notification once a lapse is officially declared.
- **Step 4** Managers will instruct all employees who are scheduled for travel or training status as to the requirements of a possible shutdown in advance of travel or training.
- **Step 5 -** Managers will inform employees that no new contracts funded through annual appropriations are to be executed (initiated or signed), no purchase orders are to be issued, etc, unless determination is made to fund the contract with non-expiring funds.
- **Step 6** Managers will remind employees who are retained (exempt) during a shutdown due to a lapse in appropriations that they are responsible for performing duties associated with activities listed in the plan. **In**

addition, managers will continue to keep all employees informed of the current budget status as events change.

**Step 7a** - The IRS Human Capital Office-Labor Relations will notify the NTEU of the possibility of, or a lapse in appropriations. A copy of this Contingency Plan will be shared with NTEU.

The National Agreement contains the procedures which will be followed regarding a shutdown due to a lapse in appropriations/debt ceiling limitation, or failure to extend the debt ceiling. Notification procedures to bargaining unit employees performing exempt functions are covered by these procedures. (The current procedures are set forth in Article 48 of the 2022 National Agreement).

**Step 7b** - The IRS Human Capital Office-Labor Relations will notify PMA and FMA of the possibility of, or a lapse in appropriations.

**Step 8** - Furlough letters will be used to officially notify all employees of the shutdown. The letters will be issued electronically (via email) and AtHOC. Campus managers will provide hard copies to campus employees who do not have access to desktop or laptop computers. Employees on Weather and Safety leave, managers will use telephone call trees to contact employees.

**Step 9** - The IRS Emergency Hotlines (Main and Campus) and the Employee Emergency section of IRS.gov will be utilized to provide employees with updates on the agency's operating status. During the shutdown period, all hotlines will default to a national message rather than offering a local status report. These tools will be updated nationally and locally when necessary to reflect:

- Normal operating status;
- Furlough status; or
- Recall.

#### F. Substitution of Personnel in the Contingency Plan

The head of each business unit is authorized to make substitutions of exempt employees in this Contingency Plan, so long as the substituted personnel are performing authorized activities under the Plan.

#### SHUTDOWN IMPLEMENTATION

The shutdown phase begins when bureaus are notified that appropriations have lapsed and that a shutdown is to be initiated.

#### A. Shutdown Procedures

- 1. When a lapse occurs, except as identified, all normal operations will cease, and all further efforts will be devoted solely to close-down operations, perform exempt activities outlined in the plan.
- 2. Routine operations already in process at the time the lapse begins should be carried forward to completion or to a point where they can safely be interrupted to avoid losing the investment in the work which has already started. The invested work is a form of government property which should be protected from loss.
- 3. Employees in a travel status will be notified by management whether to return home or to continue with their off-site business.
- 4. Managers will advise employees who are scheduled to be on annual, sick, court, or military leave that, if a lapse in appropriations occurs while they are on leave, their leave will be canceled, and they will be placed in a furlough status. According to 5 CFR § 752.402, a furlough means "the placing of an employee in a temporary status without duties and pay because of lack of work or funds or other non-disciplinary reasons."
- 5. As stated in "1" above, when a lapse in appropriations occurs, activities for outside agencies whose operations must continue are allowable. For example:
  - Those services performed by the IRS that are necessary to the Social Security Administration's and Office of Personnel Management's carrying out certain functions that would continue despite a lapse in appropriations.
- 6. When a funding lapse becomes imminent, the IRS will implement furlough procedures. The procedures take into consideration the various categories of employees (managerial, bargaining unit, temporary, etc.). Continuing corporate support activities during furlough have been identified and procedures put in place to accommodate various sets of circumstances. In addition, each Functional Activity/Program Office has developed internal procedures to assure efficient shutdown implementation, operations during furlough and recall.
- Continuing contracts have been identified by the Business Units for continuing operations based upon the
  criteria established by law. A list of IRS and DO contracts identified as continuing will be posted on
  IRS.gov.

Prime vendors will be notified by email to visit the IRS website to learn if their contract is continuing. Questions concerning their contract's status will be directed to the Procurement Lapse email account. The Contracting Officer contact for questions is Proc.Lapse@IRS.gov.

- The Chief Procurement Officer will issue an all-Procurement employee email to include contracting matters upon notice to begin the shutdown process.
- Contract restoration notifications will be published on the IRS website www.IRS.gov.

In the event of a lapse in appropriations, all vendors and business units requiring Procurement support will be advised to contact the Procurement Lapse email account, <a href="mailto:Proc.Lapse@IRS.gov">Proc.Lapse@IRS.gov</a>.

The processes described above will be utilized for all acquisitions awarded and/or maintained by the Office of Procurement for IRS and Treasury Departmental Offices customers.

- 8. Actions necessary to transfer real and personal property will require some coordination within the IRS and with other agencies supporting the IRS. In some instances, because of a significant connection with other agencies, activities may be continued according to law.
- 9. Functional Activities/Program Offices categorized as "non-excepted" have indicated that there are **no exceptions** from the total dismissal in shutdown situations.

#### REACTIVATION OF FUNCTIONS

Reactivation of functions (resumption of normal operations) is effected when funds are appropriated for the IRS to continue its mission. Upon this event, all furloughed employees can return to work. Senior Operations Representative-Continuity of Operations (SOR-CO) initiates the IRS reactivation by providing IRS Communications and Liaison (C&L), Senior Continuity Representative- Continuity of Operations (SOR-CO) and Taxpayer Services (TS) Communications with current, updated information. C&L, SOR-CO and TS communications will update the IRS Emergency Information Hotlines and the Employee Emergency section of IRS.gov, and Campus news sites Telephone systems are accessible for employees who are deaf or hard of hearing. If telephone services are not available, a central point of contact will be established where employees may obtain information. A message from the Chief, Business Continuity Operations Officer is pushed from the \*IRS Human Capital Office mailbox notifying all employees of initiation of Reactivation procedures and an AtHOC alert will be issued.

Following issuance of the Reactivation message, the business unit Call Tree process will notify employees that agency funding has been authorized, that the IRS is operational and recall employees back to work.

C&L Media Relations will provide news media notification to help facilitate news coverage of reopening as necessary. Employees are expected to ensure management has their contact information for recall, and to listen to radio and/or television broadcasts to learn when an appropriation or continuing resolution has been signed or to confirm the agency's operating status using either the IRS Emergency Information Hotline or IRS.gov.

Employees are expected to report to work no later than four (4) hours following notification by management if it occurs on a scheduled workday, or report on their next regularly scheduled workday. If the notification contains more specific instructions on when to report to work, employees are to follow those instructions. A liberal leave policy will be in effect on the day employees are to return to work. Managers are encouraged to allow unscheduled telework for employees with an approved telework agreement.

If there is an unanticipated change in the terms and conditions of employment of bargaining unit employees because of the implementation of this Contingency Plan, the IRS shall provide NTEU notice.

The Chief Financial Officer (CFO) will provide funding in the Integrated Financial System (IFS) based on the 30-day automatic apportionment that was approved by the Office of Management and Budget (OMB) at the end of the Shutdown. The CFO monitors the execution of funds on a regular basis to ensure funding usage remains within authorized levels, including the labor that has not yet posted but needs to be accrued. This process will be maintained until full year enacted level apportionments are approved by OMB.

The CFO submits the Operating Plan to the House and Senate Budget Committee in accordance with the timeline specified in the enacted bill. The IFS systemic controls ensure that obligations remain within appropriated levels by account. The CFO also regularly monitors usage of funds to ensure compliance with OMB Circular No. A-11, Preparation, Submission and Execution of the Budget anti-deficiency guidance and internal management requirements.

# APPENDIX A LIST OF FUNCTIONS AND EXEMPT ACTIVITIES

Chief Counsel manages pending litigation that includes time-sensitive filing of motions, briefs, answers, and other pleadings related to the protection of the government's material interests. Due to Counsel's separate litigation function, the number of Counsel positions will not align with activities authorized in other IRS business units. Counsel's plan assumes that the Federal and District Courts will be open, and that litigation will continue uninterrupted. The plan excepts, on an as needed basis, those personnel assigned to litigation that is scheduled for trial or where there is a court-imposed deadline within the plan timeframes.

The Communications and Liaison Office requires personnel to sustain necessary information flow to all Service personnel regarding the shutdown, furlough status and recall. In addition, C&L will need to handle communications with the taxpaying public, Congress, practitioner groups and other key stakeholders. C&L employees will be exempt as needed for these functions.

Criminal Investigation works directly on investigations and associated law enforcement duties as the criminal law enforcement arm of the IRS. There are approximately 2,683 active criminal investigations and 3,541 investigations in the adjudication phase (pre-indictment, indictment, trial and post-trial) in 94 judicial districts. As part of these 6,224 investigations, special agents are actively gathering evidence, conducting critical interviews, testifying in court proceedings, executing search warrants and conducting arrests. All these activities require our investigative support staff be available to acquire, analyze and preserve existing and emerging evidence and failure to timely act could jeopardize an investigation. In addition, special agents are assigned to respond to imminent threats of violence against IRS employees and provide executive protection to the IRS Senior Leadership. The CI Senior Leadership has direct oversight of criminal investigations and protection details are essential to continue these law enforcement functions.

\*\*Notes: FY26: 1,039 Exempt Employees. LB&I positions have all been designated as exempt for, the Plan Co-Executives, Director of Program and Business Solutions, Director, Resource Solutions and Director, Technology and Program Solutions. Managers will utilize the "call tree" procedures if any of these positions will be required to report. In addition to one position on the Director, Resource Solutions Staff that would be responsible for ALL SETR and PAR Actions related to shutdown preparation activities, LB&I activities surround the protection of statutes, Filing Season, and timekeeping during a shutdown. Timekeeping and mail processing responsibilities have been included. Timekeeping Input and centralized approval would only be necessary if a shutdown would go beyond the end of a pay period. CALL TREES will be utilized in LB&I for recall purposes.
