The Office of Management and Budget (OMB) Capital Planning Guidance changed how certain IT Investments are categorized. The Agency IT portfolio summary consists of Part 1: IT Investments for Mission Delivery; Part 2: IT investment for Administrative Services and Support Systems, and Part 3: IT Investments for IT infrastructure, IT Security, and IT Management (so called “standard investments”). The guidance no longer requires Part 3 investments to be reported as major or non-major investments. However, the Department of the Treasury’s Capital Investment Plan will continue to report these investments.

Consistent with the corresponding Summary of Capital Investments table, the columns included in the investment tables below are defined as:

- FY 2018: Actual obligations;
- FY 2019: Estimated obligations; and
- FY 2020: Estimated obligations based on the funding requested in the FY 2020 President’s Budget. The amount of new budget authority requested for a given investment can be found in the Summary of Capital Investments table (see “FY 2020 Budget Authority Request” column).

Treasury is committed to working with partners to further improve capital investment reporting and performance management. As a result, plan formatting may continue to evolve. Additional information about Treasury’s capital investments is available at the link below.

Major IT Investments

Order Management System II (OMS-II)

Description:

This initiative supports the United States Mint’s (Mint) numismatic business process and provide customers with an experience that keeps pace with advancements in both technology and business functionality in the retail industry.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	35.00	35.00	35.00	0.00	0.00%
Total Obligations	35.00	35.00	35.00	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The Mint's numismatic retail systems were supported by the Integrated Retail Information System (IRIS). IRIS was comprised of systems, applications, and business processes, all in constant communication to effectively support the Mint's sales function for numismatists and the general public. While the retail sales system was state-of-the-art at the time of implementation in 2001, United States Mint failed to implement vendor-provided upgrades to the application software, resulting in an environment that failed to meet the

Mint’s business needs and presented unacceptable risks. Specifically, the operating system and application software could not be supported through standard service contracts as is was unsupported by their vendors. Additionally, the hardware was no longer manufactured and could not be replaced with new equipment in the event of failure. Some general facts about the Mint numismatic business in FY 2018: 438,231 unique purchasers, with numismatic revenue of \$289.3 million and 3.3 million units sold.

The Mint needed to replace the IRIS environment so it can conduct its business in a productive, reliable and secure manner. The primary purpose of this initiative was to replace the outdated systems and eliminate the risk of IRIS environment failure. The objective was replacing the systems supporting the numismatic business process and to provide Mint customers with an experience that keeps pace with advancements in both technology and business functionality in the retail industry. The OMS II specifically addressed Strategic Goal 3: Responsibly expand the numismatic program. The scope includes:

- Replacing the IRIS environment with state-of-the-art capability. This includes replacement of the OMS e-Commerce Web platform, infrastructure, Warehouse Management System, and Contact Center Operations.
- Integrating the new solution with Mint internal and external systems that provide financial and inventory control and payment processing functions.

IT Investments

MINT IT Security and Compliance

Description:

IT security and compliance systems, infrastructure, and support.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	2.73	2.73	2.73	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	6.08	6.08	6.08	0.00	0.00%
Total Obligations	8.81	8.81	8.81	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

This investment supports the Mint's IT security and compliance activities and associated infrastructure components.

US Mint Data Center and Cloud

Description:

This investment represents the United States Mint’s system servers, including hardware and software operations, licenses, maintenance, back-up, continuity of operations, disaster recovery, virtualization, and data centers.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.45	0.45	0.45	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	9.20	9.20	9.20	0.00	0.00%
Total Obligations	9.65	9.65	9.65	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

- This investment represents the United States Mint system servers, including hardware and software operations, licenses, maintenance, back-up, continuity of operations, disaster recovery, virtualization, and data center consolidation.
- The Mint services approximately 1,600 internal users.

The Mint closed its data center, web operations hosted by a commercial host facility in Sterling, VA; and transitioned support for the servers to the cloud, hosted by the agency's existing IT support provider. Although cost savings are nominal, transitioning to the cloud demonstrates the Mint's ongoing; commitment to streamlining its infrastructure & operations; and adopting cloud services where feasible. The Mint is also conducting a migration to cloud based e-mail and office suites offerings and planning and piloting data management and analytics service activities using Azure platform services. Going forward, the Mint will continue to seek future opportunities to reduce its data center footprint.

US Mint End User

Description:

This investment represents the United States Mint's end user hardware (desktop, laptop, handheld devices), peripherals (local and shared printers), and software (operating systems, office automation suite, enterprise productivity applications licenses. (Formerly ITI EUSS).

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	.53	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	11.00	11.00	11.00	0.00	0.00%
Total Obligations	11.53	11.00	11.00	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

This investment represents the Mint’s end user hardware (desktop, laptop, handheld devices), peripherals (local and shared printers), software (operating systems, office automation suites, messaging and groupware), and help desks. The Mint has help desk services in the Washington, D.C. region; and in Mississippi. The Mint also has a tech support presence in each of the Bureau's field locations in Denver, West Point, Philadelphia, and San Francisco.

By early FY 2019, the Mint achieved two major objectives: 1) Completion of a bureau-wide asset refresh for laptop/desktop equipment; and 2) Migration to Windows 10. Given these recent activities, additional near-term efforts for this investment area are focused on operations and maintenance activities.

US Mint Network

Description:

This investment represents the Mint's data networks and telecommunications hardware and software operations, licenses, maintenance, back-up, continuity of operations, and disaster recovery. Network (TNet) for data and Voice Network. (Formerly TSS investment).

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal Labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	2.40	2.47	2.47	0.00	0.00%
Total Obligations	2.40	2.47	2.47	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

This investment represents the Mint's data networks and telecommunications hardware and software operations, licenses, maintenance, back-up, continuity of operations, and disaster recovery.

- The investment includes a Wide Area Network with more than 2,800 devices on-line.
- It includes Local Area networks.
- It also supports mobile, cellular and video conferencing facilities.

The Mint continues to seek methods to improve the delivery of mobile telecom services to its users. By FY18, the Mint completed standardizing to issue and maintain only Apple OS devices. The Mint implemented VPN and related security technologies that make it easier Mint employees to use their own devices, but the Mint has not implemented an enterprise-wide BYOD program. The Mint also continues to maintain and improve remote access capabilities in support of the agency's flexible workplace/telework program. In FY 2019, the agency will complete market research into an upgrade or replacement of the Mint's VOIP phone system.

Non-IT Investments

Mint Manufacturing Equipment Improvement and Replacement (Denver)

Description:

The manufacturing equipment improvement and replacement capital projects focus on improving and acquiring the necessary equipment at the Denver Mint production facility.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	10.10	7.75	7.75	0.00	0.00%
Total Obligations	10.10	7.75	7.75	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The manufacturing equipment improvement and replacement capital projects focus on maintaining and improving the necessary equipment at Mint facilities. These projects will improve or replace either outdated or damaged equipment that is used during the coin production process. These projects include, but are not limited to, the replacement of circulating and numismatic presses, fork truck replacement, die shop equipment replacement and other equipment essential to the coin production process. The anticipated benefits are: 1) continuity of the production process at all facilities; 2) increased cost savings and efficiencies over time; 3) adequate production of products for the circulating and numismatic programs.

The investment in the Mint's manufacturing equipment improvement and replacement has allowed the Mint to meet demand for circulating coinage and numismatic products and to meet its strategic goals for coin production. The Mint will continue to invest in projects that meet its capital needs and support the coin production process.

Mint Manufacturing Equipment Improvement and Replacement (Philadelphia)

Description:

The manufacturing equipment improvement and replacement capital projects focus on improving and acquiring the necessary equipment at the Philadelphia Mint production facility.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	10.61	7.75	7.75	0.00	0.00%
Total Obligations	10.61	7.75	7.75	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The manufacturing equipment improvement and replacement capital projects focus on maintaining and improving the necessary equipment at the United States Mint facilities. The primary goals of these projects are to improve or replace either outdated or damaged equipment that is used during the coin production process. These projects include but are not limited to the replacement of circulating and numismatic presses, fork truck replacement, die shop equipment replacement and other equipment essential to the coin production process. The anticipated benefits are: 1) continuity of the production process at all facilities; 2) increased cost savings and efficiencies over time; 3) adequate production of products for the circulating and numismatic programs.

The investment in the Mint's manufacturing equipment improvement and replacement has been sufficient to allow the Mint to meet demand for circulating coinage and numismatic products and to meet its strategic goals for coin production. The Mint will continue to invest in projects that meet its capital needs and support the coin production process.

Mint Manufacturing Equipment Improvement and Replacement (San Francisco)

Description:

The manufacturing equipment improvement and replacement capital projects focus on improving and acquiring the necessary equipment at the San Francisco Mint production facility.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	0.79	0.20	0.20	0.00	0.00%
Total Obligations	0.79	0.20	0.20	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The manufacturing equipment improvement and replacement capital projects focus on maintaining and improving the necessary equipment at the Mint facilities. These projects will improve or replace either outdated or damaged equipment that is used during the coin production process. These projects include but are not limited to the replacement of circulating and numismatic presses, fork truck replacement, die

shop equipment replacement and other equipment essential to the coin production process. The anticipated benefits are: 1) continuity of the production process at all facilities; 2) increased cost savings and efficiencies over time; 3) adequate production of products for the circulating and numismatic programs.

The investment in the Mint's manufacturing equipment improvement and replacement will allow the Mint to meet demand for circulating coinage and numismatic products and to meet its strategic goals for coin production. The Mint will continue to invest in projects that meet its capital needs and support the coin production process.

Mint Manufacturing Equipment Improvement and Replacement (West Point)

Description:

The manufacturing equipment improvement and replacement capital projects focus on improving and acquiring the necessary equipment at the West Point Mint production facility.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	0.21	4.83	4.83	0.00	0.00%
Total Obligations	0.21	4.83	4.83	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The manufacturing equipment improvement and replacement capital projects focus on maintaining and improving the necessary equipment at the Mint facilities. The primary goals of these projects are to improve or replace either outdated or damaged equipment that is used during the coin production process. These projects include, but are not limited to, the replacement of circulating and numismatic presses, fork truck replacement, die shop equipment replacement and other equipment essential to the coin production process. The anticipated benefits are 1) continuity of the production process at all facilities; 2) increased cost savings and efficiencies over time; 3) adequate production of products for the circulating and numismatic programs.

The investment in the Mint's manufacturing equipment improvement and will allow the Mint to meet demand for circulating coinage and numismatic products and to meet its strategic goals for coin production. The Mint will continue to invest in projects that meet its capital needs and support the coin production process.

Mint Manufacturing Facilities Improvement and Replacement (Denver)

Description:

The manufacturing facilities improvement capital projects focus on improving the sustainability of the facilities for continuity of the production process at each of the production sites.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	0.00	2.00	2.00	0.00	0.00%
Total Obligations	0.00	2.00	2.00	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The Mint operates four production facilities in Denver, CO; West Point, NY; San Francisco, CA; and Philadelphia, PA. These production facilities are the hub for producing coins and metals necessary for the Mint to achieve its mission. The manufacturing facilities improvement capital projects focus on improving the facilities for continuity of the production process at each of the plant sites and the bullion depository. The benefits include: 1) an efficient production process at all facilities; 2) well maintained facilities that meet environmental and regulatory compliance.

The current projects included in the Mint's investment for facility improvement will allow the Mint to meeting its capital needs and to meet its strategic goals for coin production. The Mint will continue to invest in projects that meet its capital needs and support coin production.

Mint Manufacturing Facilities Improvement and Replacement (Philadelphia)

Description:

The manufacturing facilities improvement capital projects focus on improving the sustainability of the facilities for continuity of the production process at each of the production sites.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	3.38	2.00	2.00	0.00	0.00%
Total Obligations	3.38	2.00	2.00	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The Mint operates four production facilities in Denver, CO; West Point, NY; San Francisco, CA; and Philadelphia, PA. These production facilities are the hub for producing coins and metals necessary for the Mint to achieve its mission. The manufacturing facilities improvement capital projects focus on improving the facilities for continuity of the production process at each of the plant sites and the bullion depository. The benefits include: 1) an efficient production process at all facilities; 2) well maintained facilities that meet environmental and regulatory compliance.

The current projects included in the Mint's investment for facility improvement will allow the Mint to meeting its capital needs and to meet its strategic goals for coin production. The Mint will continue to invest in projects that meet its capital needs and support coin production.

Mint Manufacturing Facilities Improvement and Replacement (San Francisco)

Description:

The manufacturing facilities improvement capital projects focus on improving the sustainability of the facilities for continuity of the production process at each of the production sites.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change

Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	0.03	2.00	2.00	0.00	0.00%
Total Obligations	0.03	2.00	2.00	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The Mint operates four production facilities in Denver, CO; West Point, NY; San Francisco, CA; and Philadelphia, PA. These production facilities are the hub for producing coins and metals necessary for the Mint to achieve its mission. The manufacturing facilities improvement capital projects focus on improving the facilities for continuity of the production process at each of the plant sites and the bullion depository. The benefits include: 1) an efficient production process at all facilities; 2) well maintained facilities that meet environmental and regulatory compliance.

The current projects included in the Mint's investment for facility improvement will allow the Mint to meeting its capital needs and to meet its strategic goals for coin production. The Mint will continue to invest in projects that meet its capital needs and support coin production.

Mint Manufacturing Facilities Improvement and Replacement (West Point)

Description:

The manufacturing facilities improvement capital projects focus on improving the sustainability of the facilities for continuity of the production process at each of the production sites.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	.09	2.00	2.00	0.00	0.00%
Total Obligations	.09	2.00	2.00	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The Mint operates four production facilities in Denver, CO; West Point, NY; San Francisco, CA; and Philadelphia, PA. These production facilities are the hub for producing coins and metals necessary for the Mint to achieve its mission. The manufacturing facilities improvement capital projects focus on improving the facilities for continuity of the production process at each of the plant sites. The benefits include: 1) an efficient production process at all facilities; 2) well maintained facilities that meet environmental and regulatory compliance.

The current projects included in the Mint's investment for facility improvement will allow the Mint to meeting its capital needs and to meet its strategic goals for coin production. The Mint will continue to invest in projects that meet its capital needs and support coin production.

Mint Manufacturing Facilities Safety and Environmental (Denver)

Description:

The facilities safety and environmental capital projects are based on the priority set by the Mint to ensure employee safety in accordance to the standards set by the Occupational Safety and Health Administration (OSHA).

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	0.00	0.50	0.50	0.00	0.00%
Total Obligations	0.00	0.50	0.50	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The facilities safety and environmental capital projects are based on the priority set by the Mint to ensure employee safety in accordance to the standards set by the OSHA. Projects in the manufacturing facilities include the green building initiatives and seismic upgrades in San Francisco; and the waste-water treatment plant replacement in Denver. The benefits include 1) improved workplace safety standards; 2) enhanced integrity of the manufacturing facilities; 3) enhanced working environment for employees.

The current projects included in the Mint's investment in facility safety and environmental will allow the Mint to meet its strategic goals to foster a safe, engaged, and innovative workforce. The Mint continues to invest in projects that meet its safety and environmental goals and support coin production.

Mint Manufacturing Facilities Safety and Environmental (Philadelphia)

Description:

The facilities safety and environmental capital projects are based on the priority set by the Mint to ensure employee safety in accordance to the standards set by the Occupational Safety and Health Administration (OSHA).

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	0.00	0.50	0.50	0.00	0.00%
Total Obligations	0.00	0.50	0.50	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The facilities safety and environmental capital projects are based on the priority set by the Mint to ensure employee safety in accordance to the standards set by the OSHA. Projects in the manufacturing facilities include the green building initiatives and seismic upgrades in San Francisco; and the waste-water treatment plant replacement in Denver. The benefits include 1) improved workplace safety standards; 2) enhanced integrity of the manufacturing facilities; 3) enhanced working environment for employees.

The current projects included in the Mint's investment in facility safety and environmental will allow the Mint to meet its strategic goals to foster a safe, engaged, and innovative workforce. The Mint continues to invest in projects that meet its safety and environmental goals and support coin production.

Mint Manufacturing Facilities Safety and Environmental (San Francisco)

Description:

The facilities safety and environmental capital projects are based on the priority set by the Mint to ensure employee safety in accordance to the standards set by the Occupational Safety and Health Administration (OSHA).

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change

Total Obligations	0.00	0.50	0.50	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The facilities safety and environmental capital projects are based on the priority set by the Mint to ensure employee safety in accordance to the standards set by the OSHA. Projects in the manufacturing facilities include the green building initiatives and seismic upgrades in San Francisco; and the waste-water treatment plant replacement in Denver. The benefits include: 1) improved workplace safety standards; 2) enhanced integrity of the manufacturing facilities; 3) enhanced working environment for employees.

The current projects included in the Mint's investment in facility safety and will allow the Mint to meet its strategic goals to foster a safe, engaged, and innovative workforce. The Mint continues to invest in projects that meet its safety and environmental goals and support coin production.

Mint Protection Equipment Improvement and Replacement (Denver)

Description:

The protection equipment improvement and replacement projects focus on providing security personnel the necessary equipment needed to provide protective services as directed at the Mint's Denver production facility.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	0.25	0.53	0.53	0.00	0.00%
Total Obligations	0.25	0.53	0.53	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The protection equipment improvement and replacement projects focus on providing security personnel the necessary equipment needed to provide protective services as directed. These capital projects focus on replacing items such as alarm upgrades, undercarriage detection systems, and other peripheral equipment for protection personnel at each of the Mint's four production facilities and the Bullion Depository at Fort Knox. These capital projects aid in meeting the protection needs and to ensure a secured Mint.

The current projects included in the Mint's investment in protection equipment improvement and replacement will allow the Mint to meet its strategic goal of meeting the public demand for coinage. The Mint continues to invest in projects that support coin production.

Mint Protection Equipment Improvement and Replacement (Fort Knox)**Description:**

The protection equipment improvement and replacement projects focus on providing security personnel the necessary equipment needed to provide protective services as directed at the Mint's Fort Knox bullion depository facility.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	1.82	0.68	0.68	0.00	0.00%
Total Obligations	1.82	0.68	0.68	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The protection equipment improvement and replacement projects focus on providing security personnel the necessary equipment needed to provide protective services as directed. These capital projects focus on replacing items such as alarm upgrades, undercarriage detection systems, and other peripheral equipment for protection personnel at each of the Mint's four production facilities and the Bullion Depository at Fort Knox. These capital projects aid in meeting the protection needs and to ensure a more secured Mint.

The current projects included in the Mint's investment in protection equipment improvement and replacement will allow the Mint to meet its strategic goal of meeting the public demand for coinage. The Mint continues to invest in projects that support coin production.

Mint Protection Equipment Improvement and Replacement (Philadelphia)

Description:

The protection equipment improvement and replacement projects focus on providing security personnel the necessary equipment needed to provide protective services as directed at the Mint's Philadelphia production facility.

Investment Obligations: (In Millions of \$):

Type	FY 2018	FY 2019	FY 2020	Change in \$	% Change
Sub-Total DME Obligations (Including Internal labor (Govt. FTE))	0.00	0.00	0.00	0.00	0.00%
Sub-Total O&M Obligations (Including Internal Labor (Govt. FTE))	0.44	0.53	0.53	0.00	0.00%
Total Obligations	0.44	0.53	0.53	0.00	0.00%

Purpose, Accomplishments, Future Objectives:

The protection equipment improvement and replacement projects focus on providing security personnel the necessary equipment needed to provide protective services as directed. These capital projects focus on replacing items such as alarm upgrades, undercarriage detection systems, and other peripheral equipment for protection personnel at each of the Mint's four production facilities and the Bullion Depository at Fort Knox. These capital projects aid in meeting the protection needs and to ensure a more secured Mint.

The current projects included in the Mint's investment in protection equipment improvement and replacement will allow the Mint to meet its strategic goal of meeting the public demand for coinage. The Mint continues to invest in projects that support coin production.

Mint Protection Equipment Improvement and Replacement (San Francisco)

Description:
