Title: Doing Business with the Department of Treasury

Description:

Have you ever thought of doing business with the U.S. Department of the Treasury? Did you know that all Treasury bureaus have the potential to outsource tasks? The Treasury manages a wide range of functions, from printing currency and procuring IT solutions to enforcing financial regulations, and they rely on contracting to access specialized skills and resources for specific projects.

Join us for an information session featuring representatives from the Treasury who will talk about departments within the Treasury that are contracting work that may be relevant to your skills or business offerings.

This is your chance to connect with the Treasury Department and unlock new possibilities!
